Progress in Fiscal Year 2013

Guam is experiencing a renaissance of arts and culture in which CAHA is an active proponent of and actively engaged participant. Despite having a small staff of five and limited resources, the Guam Council on the Arts and Humanities Agency has been able to maintain a presence in the community. Whether it is through CAHA initiatives or through its collaborations with the public or private sector of the community, the arts and culture are thriving in Guam. Government agencies, schools, banks, shopping centers, hotels and other businesses are impacted by the arts through presentations, workshops, conferences, displays and shows. CAHA builds capacity in our community in the area of cultural preservation and promotion of the arts.

Annual Grants-in-Aid Program

CAHA awarded 27 grants totaling \$152,300 to individuals and organizations for projects in various artistic disciplines encompassing folk arts, media arts, performing arts, special projects, and visual arts with emphasis placed on arts-in-education and programs that benefit the underserved community. Grant and fellowship awards supported traditional arts apprenticeships, art instruction and presentations in schools, musical and theatre productions, music recordings and video documentation, literary works and publications, cultural and art events and contemporary and traditional art exhibitions.

CAHA Art Bank

CAHA's art bank program plays a major role in supporting and promoting visual artists: traditional and contemporary through the purchase and exhibition of their art work which increases the public's awareness and appreciation for the arts. CAHA has over 300 art pieces in its collection in various mediums: acrylic, watercolors, oil, batik, woodcarvings, ceramics in two and three dimensional works. These pieces are loaned to government agencies on an annual rotating basis for display and exhibition in their respective facilities.

Public & Private Partnerships

CAHA continues to partner with government entities such as the Guam Visitors Bureau, Department of Education, University of Guam, Guam International Airport, as well as, village mayors, nonprofit organizations and the Office of Congresswoman Madeleine Bordallo to ensure that all citizens have the opportunity to participate and experience activities that incorporate art within their events. In addition, CAHA's continues to partner with businesses such as the financial institution and hotels to showcase "Color Your World" traveling exhibitions in their facilities.

Art in Public Places Program a.k.a. Percent for the Arts

Enacted in 1979 through Public Law 15-50, the *Art in Public* was strengthened through amendments made in 1989 through 31-118. Guam's Percent for the Arts Program targets both Public either federal or Government of Guam funds administered entities, loans guarantees, bond financing or other subsidy arrangement-non-public buildings where total cost of construction, remodeling

The purpose of the program is to foster culture, arts and the priorities for capital expenditures be set aside for the acquisition facilities. Public Law 31-118 expanded the program to include the arts.

CAHA established the rules and regulation for the selection of any art contract and the disposition of funds meet the purpose of artists, children and the community; and identifies public build-established rules and regulations.

12th Festival of Pacific Arts

In 2016, Guam will host the 12th Festival of Pacific Arts. The Festival of Pacific Arts a.k.a. Festpac or FOPA is called the "Olympics of Cultural Events", the "United Nations Gathering of Pacific Islands" and the "Greatest Assembly of Culture, Heritage and Human Spirit" that has been bringing artists and cultural performers together from around the Pacific region since 1972. Held once every 4 year, the Festival of Pacific Arts is the perpetuation of culture and traditions through the sharing and exchanging of practices and performances from arts and crafts to dance and song to cuisine and dress. It's the celebration of what we all have in common and what makes us unique. Not a competition, the Festival of Pacific Arts is a cultural exchange that reunites people from Melanesia, Polynesia and Micronesia and reinforces regional identity and mutual appreciation of Pacific-wide culture.

Through Public Law 30-83, the Guam Council on the Arts and Humanities Agency a.k.a. CAHA, along with other members of the 12th Festival of Pacific Arts Coordinating Committee is responsible for: 1) The organization of committee and subcommittees for the implementation of programs and other work deemed necessary for the successful conduct of the 12th Festival; 2) The preparation and execution of plans, programs and budgets requisite for the preparation for and successful conduct of the 12th Festival; and the management of funds, equipment and other properties, appropriated loaned, contributed to and raised for the purpose of preparing and conducting the 12th Festival of Pacific Arts in Guam in 2016. Guam will host the festival and will also be an active participant in all programming events. CAHA's primary responsibility for the 12th Festival of Pacific Arts is two-fold: 1) to plan, develop and execute the programming for the event; and 2) to oversee Guam's official delegation participation at the festival. CAHA has been holding programming meeting every other month beginning November 2012.
