Assessments prior to release also assist to determine risks of reoffending and supervision services.

Early reunification and reintegration into the community through extended furloughs or Jumpstart require visitations, spot checks, etc. by DYA staff to gauge compliance and progress as well as exit interviews to rate personnel performance, programs and services, address issues or concerns, etc.

Within the Community, DYA established Youth Resource Centers in Dededo, Mangilao, and Agat to offer programs and services for children, youth, and families, including youth in the juvenile justice system. In efforts to support court-involved youth released from DYA, the Aftercare Program was established to help prevent them from returning to the YCF or Cottage Homes.

FORECAST

In 2016, Chuukese made up the largest single ethnic group at 18.31% followed by Chamorros at 13.66% of 475 admissions in DYA. Filipino and Palauan populations have remained low in admission numbers and extremely under represented.

	2014	2015		2016	
Total Admissions	476	396		475	
Chamorros	229	Chamorros	193	Chuukes	87
Chuukese	199	Chuukese	168	Chamorro	65
Palauan	18	Palauan	23	Filipino	3
Filipino	12	Filipino	13	Palauan	2

DYA’s focus continues to be on Chamorros and Chuukese youth during weekly case reviews to address treatment/rehabilitative programs and individualized care by clinical staff, correctional staff, social workers, and an education representative; yet each case varies in complexity, as these ethnic groups are involved in the juvenile and criminal justice systems. Some of the major issues are mental health, neglect, drug and alcohol abuse, and poverty.

Government leaders are implementing initiatives such as affordable housing available and improving the education environment for the youth, to include making pre-school and pre-K education free and compulsory, but the problems remain so much more complex.

OTHER PROJECTS:
