# REGIONAL & NATIONAL SUPPORT

The Guam Preservation Trust has made strides in developing partnerships with technical and professional resources in the preservation arena. These resources are invaluable and contribute to the capacity building of our community in advancing preservation on Guam.

The following are preservation partners in the region and the nation:

National Preservation Institute (NPI); Asian and Pacific Islanders American for Historic Preservation (APIAHiP); National History Day, Inc. (NHD); The National Trust for Historic Preservation (NTHP); National Park Service (NPS); Association for Preservation Technology International (APT); U.S. Department of Interior (DOI/TAP); The Nature Conservancy (TNC); National Oceanographic & Atmospheric Agency (NOAA); Rota Mayor's Office, CNMI Public School Systems, and Rota Historic Preservation Office.

## REVENUE & EXPENDITURES

The Guam Preservation Trust receives most of its revenues from the Building Permit Fees administered by the Guam Department of Public Works. For FY 2018 a total of \$611,435 was collected from the building permit fees, a decrease by \$64,747 or -9.58% from FY 2017 total of \$676,182. The decrease in revenue is attributed to the decrease in construction activity due in part to the drastic decrease in H-2 Worker approval by the U.S. Immigration Agency. Interest Income on investments decreased by 14.29% between FY 2018 and FY 2017. In FY 2018, \$26,199 was earned on interest income compared to \$22,923 in FY 2017. The increase is largely attributed in part to the decrease in drawdowns in FY 2018 for capital improvement projects.

## CHALLENGES AHEAD

**FUNDING** for rehabilitation and restoration work will be GPT’s greatest challenge in the year ahead. Recent passage of PL33-66 reduced GPT’s revenue source (DPW permit fees) by 50%. By this action GPT will be faced with limited funding for grants and projects. Projects currently in queue include the rehabilitation of the FQ Sanchez facility, the repairs of Agana Cathedral Basilica Bell Tower, Rehabilitation of the George Flores House in the Historic District of Inalahan, Reconstruction of the Rosario House in Hagatna, Reconstruction of the Benny San Nicolas House in Inalahan, and the Jose Lujan House Repairs
