(A COMPONENT UNIT OF THE
GOVERNMENT OF GUAM)**

**FINANCIAL STATEMENTS,
ADDITIONAL INFORMATION AND
INDEPENDENT AUDITORS' REPORT**

YEARS ENDED SEPTEMBER 30, 2020 AND 2019

INDEPENDENT AUDITORS' REPORT

Commissioners
Consolidated Commission on Utilities:

Report on Financial Statements

We have audited the accompanying financial statements of Guam Power Authority (GPA), a component unit of the Government of Guam, which comprise the statements of net position as of September 30, 2020 and 2019, and the related statements of revenues, expenses and changes in net position and of cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Guam Power Authority as of September 30, 2020 and 2019, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note 12 to the financial statements, GPA determined that the COVID-19 pandemic may have negatively impacted its business, results of operations and net position. However, due to uncertainty surrounding the duration of the COVID-19 pandemic, GPA is unable to reasonably estimate its ultimate financial impact. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 1 through 9 as well as the Schedule of Proportional Share of the Net Pension Liability on pages 55 through 57, the Schedule of Pension Contributions on page 58, the Schedule of Changes in the Proportional Share of the Total OPEB Liability and Related Ratios on page 59, the Schedule of Proportional Share of the Total OPEB Liability on page 60, and the Schedule of OPEB Contributions on page 61 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Financial Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedules of Sales of Electricity, Operating and Maintenance Expenses and Salaries and Wages on pages 62 through 65 are presented for purposes of additional analysis and are not a required part of the financial statements.

The Schedules of Sales of Electricity, Operating and Maintenance Expenses and Salaries and Wages are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules of Sales of Electricity, Operating and Maintenance Expenses and Salaries and Wages are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Matters, Continued

Other Financial Information, Continued

The Schedule of Employees by Department on page 66 has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 24, 2021 on our consideration of GPA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of GPA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering GPA's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Deloitte + Touche LLP". The signature is written in a cursive, flowing style.

March 24, 2021

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Management's Discussion and Analysis
Years Ended September 30, 2020 and 2019

This Management's Discussion and Analysis should be read in conjunction with the Guam Power Authority's September 30, 2020 audited financial statements and accompanying notes.

OVERVIEW

The Guam Power Authority (GPA or the Authority) was created in 1968 as a public corporation and autonomous instrumentality of the Government of Guam. Since that time, the Authority has maintained and expanded the island wide power system on Guam. The Authority has 420 megawatts (MW) of generation capacity, 663 miles of transmission and distribution lines, 29 substations, \$958 million in assets, and \$336 million in annual revenues. GPA currently serves approximately 51,000 customers with the U.S. Navy being the largest representing about 16% of revenues.

In 2002, the Consolidated Commission on Utilities (CCU) was established as the board of directors for both the Guam Power Authority and the Guam Waterworks Authority. The CCU is made up of five elected members and is vested with the same powers exercised by the previous board of directors. In addition, it retains contracting authority, establishes policies and controls over the selection of the top management of the Authority. GPA also continued its existence as a public corporation.

The Authority is regulated by the Guam Public Utilities Commission (PUC) – a rate setting body made up of Commissioners appointed by the Governor of Guam. The PUC has established rules of operation that are similar to those of other jurisdictions within the United States. The PUC has broad regulatory authority over GPA including approval of any contracts that might have an impact on GPA's rates.

GPA'S STRATEGY

GPA is committed to providing outstanding energy solutions to our island community by focusing on capital discipline and operational excellence. Key components of GPA's strategy include:

- Achieve Superior Customer Service – GPA is continuously reaching for ways to better serve our customers through accountability, efficiency and reliability.
- Optimize Energy Production Cost – Focus on driving down cost and on improved productivity.
- Achieve Energy Diversification – GPA implemented an Integrated Resource Plan which includes renewable energy resources such as solar and wind power generating 25 megawatts. An additional 120 megawatts of solar renewable generation have been contracted and approved by the CCU and PUC.
- Become Financially Sound and Stable – Improve credit rating and debt service coverage.

Promote Energy Innovation

GPA has been operating the smart grid for the past eight years. The smart grid includes the smart meters for all customers, substation automation, AMI technology and high broadband communication. The smart meters give customers greater control over their energy use and costs by allowing them to monitor their energy consumption online and determine which activities are contributing to the fluctuations in their bills.

In conjunction with the smart grid, GPA has been using Customer Care and Billing from Oracle, a billing system which enables GPA to improve the billing process, customer service, and credit management. In addition, it enables GPA to integrate to online bill payment, mobile payment application for Android and Apple, and 24/7 pay-by-phone where account balance and payment posting are real time.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Management's Discussion and Analysis
Years Ended September 30, 2020 and 2019

These systems enabled the roll out of prepay electricity services and e-billing. Prepay electricity service enables consumers to monitor and control what they spend on their energy consumption and manage their budget. E-billing, through paygpa.com, has been rolled out enabling customers to view their statements online.

Customers can visit myenergyguam.com, which enables customers to see their current usage and past history allowing them to take actions to mitigate their consumption before being charged in their bill. Information also helps customers decide on which energy efficient appliances to purchase.

Lastly, GPA energy statement provides immediate information on energy usage, a historical consumption graphic, a "Tips" section on energy services, rebate program or reminder notices and much more that will enable the consumers to manage their energy usage.

New Generation

In 2016, GPA filed its updated integrated resource plan (IRP) with the CCU and PUC. The IRP included the plan to install 180MW of dual-fired combined-cycle generation units, retirement of Cabras 1 & 2, expansion of the renewable energy portfolio, and installation of energy storage. The PUC approved GPA's generation plan in October 2016 and procurement was completed in 2019.

The new generation was awarded to Korea Electric Power Corporation (KEPCO) as build-operate-transfer contract and is planned to be commissioned by April 2024. For GPA, combined-cycle generation has several benefits such as better fuel efficiency, lower capital cost compared to installing emission control system to its existing generation plants, promotes fuel diversity and compliance with USEPA requirements.

United States Environmental Protection Agency

The United States of America, on behalf of the United States Environmental Protection Agency (EPA) filed its complaint under the Clean Air Act. The United States' complaint sought injunctive relief and civil penalties for the alleged violations of the emission limits and performance testing requirements in the National Emission Standard for Hazardous Air Pollutants (NESHAP) regulations that govern the operation of stationary reciprocating internal combustion engines and electric utility steam generating units at GPA's Cabras and Piti power plants.

In early 2020, GPA, EPA, and the United States Justice Department finalized a settlement to resolve the alleged violations. The parties subsequently lodged a consent decree with the United States District Court in Guam which approved the Consent Decree in April of 2020.

Under the terms of the settlement, GPA will build and operate a new power plant burning ultra-low sulfur diesel (ULSD), which is also capable of burning liquefied natural gas (LNG), convert fuel delivery system from residual fuel oil to ULSD, build 100MW of solar power, install and operate a new energy storage system, and pay a civil penalty of \$400,000 to resolve the United States' allegations. The civil penalty was settled in May 2020.

Management's Discussion and Analysis
Years Ended September 30, 2020 and 2019

FINANCIAL HIGHLIGHTS

The table below highlights the financial comparison from fiscal year 2018 through 2020. In 2018, the Authority adopted GASB Statement No.75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. The implementation of this statement had material effect on the accompanying financial statements resulting in the restatement of the Authority's fiscal year 2017 to reflect the reporting of post-employment benefits other than pension liabilities, deferred inflows of resources and deferred outflows of resources for health insurance in accordance with the provisions of GASB Statement No. 75.

(in millions)	<u>2020</u>	<u>2019</u>	<u>2018</u>
Assets			
Current assets	\$ 335.5	\$ 328.6	\$ 338.6
Non-current investments	30.3	25.2	10.6
Other non-current assets	24.6	31.4	52.4
Utility plant	<u>478.1</u>	<u>489.2</u>	<u>493.8</u>
	868.5	874.4	895.4
Deferred outflows of resources	<u>89.4</u>	<u>67.1</u>	<u>58.7</u>
	\$ <u>957.9</u>	\$ <u>941.5</u>	\$ <u>954.1</u>
Liabilities			
Current liabilities	\$ 80.8	\$ 80.4	\$ 91.9
Non-current liabilities	<u>834.2</u>	<u>811.5</u>	<u>860.5</u>
	915.0	891.9	952.4
Deferred inflows of resources	41.3	52.8	20.0
Net position			
Net investment in capital assets	(12.1)	(20.5)	(11.9)
Restricted	29.9	23.3	19.8
Unrestricted	<u>(16.2)</u>	<u>(6.0)</u>	<u>(26.2)</u>
	<u>1.6</u>	<u>(3.2)</u>	<u>(18.3)</u>
	\$ <u>957.9</u>	\$ <u>941.5</u>	\$ <u>954.1</u>

The increase in current assets in 2020 is attributable to the replenishment of working capital due to the reduction of unrecovered fuel costs. Due to global decrease in fuel prices, fuel inventory was lower in 2020 compared to 2019.

The decrease in the current assets in 2019 compared to 2018 is due to decrease in global fuel prices and lower fuel inventory; however, accounts receivable increased from \$37.8 million in 2018 to \$42.5 million in 2019.

The current liabilities in 2020 is similar to 2019.

The decrease in the current liabilities in 2019 compared to 2018 due to decrease in fuel cost and completion of capital lease payment of MEC 8 & 9.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Management's Discussion and Analysis
Years Ended September 30, 2020 and 2019

Financial results summary:

- 2020 has an income of \$4.7 million compared to income of \$15.2 million in 2019.
- 2019 has an income of \$15.2 million compared to income of \$10.4 million in 2018.

The table below details certain items from GPA's Statements of Revenues, Expenses and Changes in Net Position from 2018 through 2020.

(in '000)	<u>2020</u>	<u>2019</u>	<u>2018</u>
Sales of Electricity, net	\$ 332,476	\$ 399,318	\$ 377,651
Other	<u>3,067</u>	<u>3,219</u>	<u>2,217</u>
Total operating revenues	<u>335,543</u>	<u>402,537</u>	<u>379,868</u>
Production Fuel	176,992	238,870	217,567
Operating and maintenance	93,203	87,615	86,953
Depreciation	<u>37,645</u>	<u>36,999</u>	<u>37,184</u>
Total operating expenses	<u>307,840</u>	<u>363,484</u>	<u>341,704</u>
Operating Income	<u>27,703</u>	<u>39,053</u>	<u>38,164</u>
Interest income	3,142	5,003	3,260
Interest expense	(26,635)	(27,955)	(33,167)
Allowance for funds used during construction	2,011	-	1,686
Other expense, net	(1,513)	(934)	(1,472)
Extraordinary item	<u>-</u>	<u>-</u>	<u>1,920</u>
Net income	<u>\$ 4,708</u>	<u>\$ 15,167</u>	<u>\$ 10,391</u>

Operating Revenues

Operating revenue decreased by \$67 million or 16.6% in 2020 compared to 2019. This decrease is mostly due to global decline in fuel prices.

Operating revenue increased by \$22.7 million or 6% in 2019 compared to 2018. This increase is due maintenance of steady LEAC rate and recovery of unrecovered fuel costs.

Electric Sales Information

	2015	2016	2017	2018	2019	2020
Peak Demand (MW)	255	258	261	254	255	247
Total Electric Sales (MWh)	1,539,587	1,574,000	1,610,093	1,567,052	1,568,286	1,523,579
Sales Growth (%)	0.4	2.2	2.29	(2.7)	0.1	(2.9)
Total Customers	49,530	50,207	51,114	51,372	51,977	51,771

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Management's Discussion and Analysis
Years Ended September 30, 2020 and 2019

Guam confirmed its first case of the Covid-19 pandemic on March 15, 2020. The energy sales declined by 2.9% due to the pandemic.

The energy sales remained flat in 2019 compared to 2018. Energy sales were challenged by increase in Net Energy Metering (NEM) and increase in popularity in Demand Side Management (DSM) sponsored and promoted by GPA. Flat energy sales were also seen in the industry.

Operating and Maintenance

GPA's operating and maintenance expenses increased mainly due to GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefit's Other Than Pensions*, in 2020 compared to 2019.

GPA's operating and maintenance expenses increased mainly due to GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefit's Other Than Pensions*, in 2019 compared to 2018. GPA reduced its operating cost of generating plant, Piti 8 & 9, when its lease ended on January 2019 and the plant was transferred to GPA.

GPA's headcount decreased to 443 from 454 in 2020 compared to 2019. The decrease is largely due to employee retirement. Due to Covid-19 in 2020, additional expenses like safety measures and personal protection equipment were incurred to safeguard the employees at the workplace.

GPA's headcount decreased to 454 from 464 in 2019 compared to 2018. The decrease is largely due to employee retirement. In 2019, GPA incurred \$1.3 million of overtime assisting Saipan recover from Super Typhoon Yutu. The expenditures incurred to assist the recovery were reimbursed by Commonwealth Utilities Corporation.

Station use in 2020 of 65,487 mWh decreased in comparison to 2019 station use of 66,890 mWh. Station use in 2019 of 66,890 mWh increased in comparison to 2018 station use of 62,716 mWh.

Transmission and distribution (T&D) line loss increased to 93,613 mWh in 2020 from 88,398 mWh in 2019 and T&D line loss increased to 88,398 mWh in 2019 from 84,855 mWh in 2018.

Depreciation and Amortization

Depreciation and amortization expense for 2020, 2019, and 2018 remained steadily the same.

Utility Cost Recovery Activities

Production Fuel

GPA's cost of electricity includes the costs of fuel used in its own generation facilities, and fuel supplied to other facilities under power purchase agreements, cost of fuel handling, and the cost of power purchased from third parties.

In line with GPA IRP to increase its renewable resources, GPA procured a power purchase agreement for a utility scale solar farm of 25MW with NRG Energy, located in southern Guam and the system became available to the grid in August 2015. The project performed as expected and it is producing approximately 4,300 MWH of emission free energy each month.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Management's Discussion and Analysis
Years Ended September 30, 2020 and 2019

In addition, GPA commissioned 275kW wind project which became operational in March 2016. The \$2 million wind project was funded by a USDOJ Grant and providing available experience and data on the potential of wind renewable projects.

GPA completed its bid process of acquiring an additional 120 MW of utility scale solar farm under Phase II renewal project. This project includes batteries to mitigate the sudden drop or increase in production due to electrical or atmospheric conditions like rain. GPA signed the contract in 2018 and the construction started in 2020.

For the Phase III renewable project where GPA will be utilizing 30-year lease of Navy property for 35MW solar PV, the bidding is underway as of the report date.

Interest Income, Interest Expense, and Other Income and Expenses

Interest income decreased in 2020 compared to 2019 due to decline in interest rates in the market.

Interest income increased in 2019 compared to 2018 due to better interest rates in the market.

Interest expense decreased in 2020 compared to 2019 due to reduction of capital leases.

Interest expense decreased in 2019 compared to 2018 due to GPA's lease with independent power producer, Marinas Energy Company, LLC (MEC), ending in January 2019 and refinancing of the 2010 Revenue bond in 2018.

Operating Activities

GPA's cash flows from operating activities primarily consist of receipts from customers less payments of operating expenses.

GPA's cash flows from operating activities from 2018 to 2020 are as follows:

(in millions)	2020	2019	2018
Cash received from customers	\$ 342.6	\$ 398.5	\$ 377.1
Cash payments to suppliers	(203.1)	(278.3)	(287.9)
Cash payments to employees for services	(40.6)	(38.9)	(37.2)
Cash payments to retiree benefits	(4.2)	(4.2)	(4.3)
Net cash provided by operating activities	\$ 94.7	\$ 77.1	\$ 47.7

Capital Activities

GPA's capital activities primarily consist of new construction and replacement of facilities necessary to deliver safe and reliable power to its customers.

The largest capital cost incurred in 2020 were a generation overhaul (\$4.6M), bucket trucks and fleet (\$2M), tank farm pipeline upgrades (\$1M), portable generators for water wells (\$0.8M), and distribution plant (\$0.7M).

The largest capital cost incurred in 2019 were energy storage system (\$12M), transmission improvements (\$2.5M), distribution plant (\$1.9M).

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Management's Discussion and Analysis
Years Ended September 30, 2020 and 2019

Cash used in capital activities includes proceeds from bonds and from revenue funds. Please refer to Note 13 to the financial statements for details of GPA's capital activities.

Investing Activities

GPA's cash flows from investing activities from 2018 to 2020 are as follows (in millions):

	<u>2020</u>	<u>2019</u>	<u>2018</u>
Net cash provided by (used in) investing activities	\$ 2.5	\$ 33.6	\$ (15.0)

Borrowing Activities

No new borrowing was done in 2018, 2019 and 2020. Please refer to Note 7 to the financial statements for details of GPA's borrowing activities.

GPA's cash flows from capital and non-capital financing activities from 2018 to 2020 are as follows (in millions):

	<u>2020</u>	<u>2019</u>	<u>2018</u>
Net cash (used in) provided by non-capital financing activities	\$ (0.4)	\$ 0.2	\$ 43.8
Net cash used in capital and related financing activities	\$ (77.2)	\$ (76.7)	\$ (91.1)

Credit Ratings

GPA's credit rating relates to the Authority's cost of funds and liquidity. In particular, GPA's ability to access and engage in certain activities on a cost-effective basis is primarily dependent upon maintaining a strong credit rating.

GPA's long-term senior debt ratings are as follows:

Long-Term Senior Debt	Rating	Long-Term Outlook
Standard & Poor's	BBB	Stable
Moody's Rating	Baa2	Negative
Fitch Rating	BBB	Stable

Future Capital Activities

GPA is committed to renewal energy and the reduction of greenhouse gas emissions. GPA invested in an industry scale solar farm of 25MW which became operational in 2015. GPA will be adding 120MW of solar PV as part of a phase II renewable project and anticipates the system to be online by 2022. Phase III project is underway and is expected to add 35MW of renewable energy with an energy storage system (ESS); shifting 100% of the energy to evening load.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

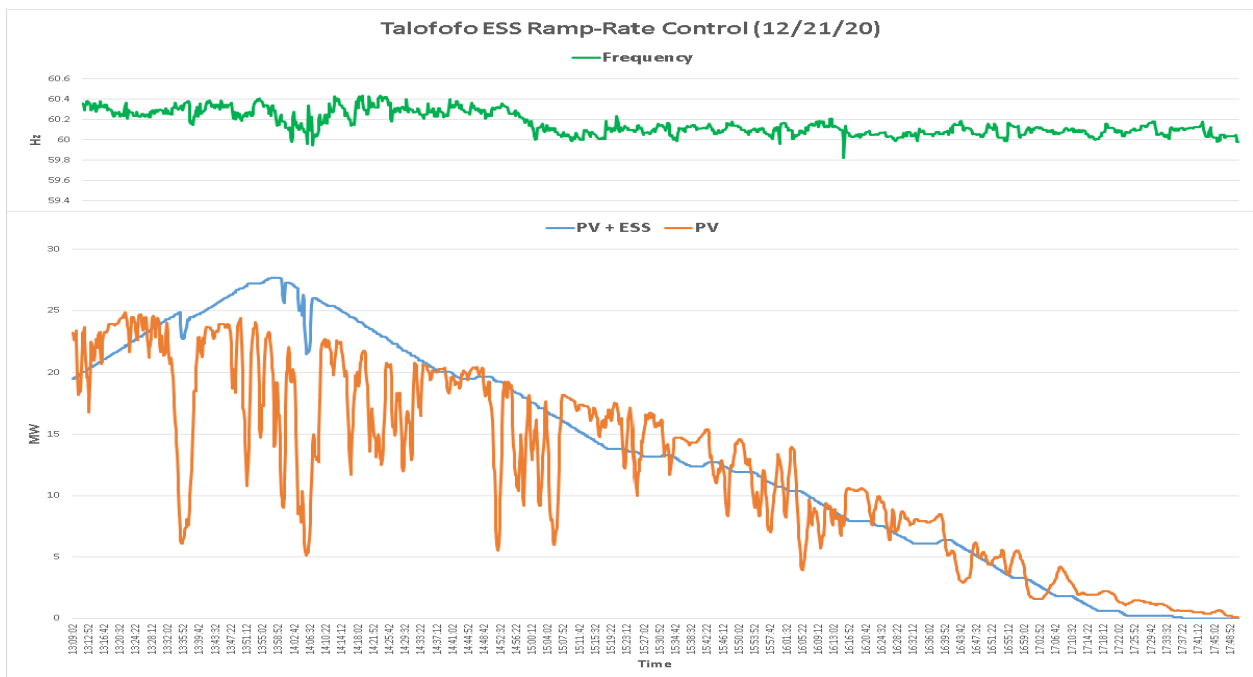

Management’s Discussion and Analysis
Years Ended September 30, 2020 and 2019

The investment in solar farms and increase in net metering customers (NEM) has led to a grid that is becoming physically and operationally very different from historical patterns. The energy received from the solar farm in Dandan and net metering customers are “must take” contracts, meaning their energy goes into the grid whenever they can generate. The Power System Control Center must now monitor and respond to dramatic changes in system frequencies during certain times of the day. These fast changes are known as ramping events. Historically, the need for fast ramping was in response to load changes, but now is also due to generation output from non-GPA sources.

GPA is required to absorb all the power fluctuation emitted by the solar farm and NEM. On any given day, the solar farm can fluctuate as much as 15MW in an hour. Below is a sample reading for a day on December 10, 2020.

To mitigate the sudden drop in power generation by solar PV, GPA procured energy storage solution (ESS) to cut the shortfall and inject power to the system to prevent an outage. The ESS system has been installed. Below is a sample of ESS frequency regulation performance on December 21, 2020.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Management's Discussion and Analysis
Years Ended September 30, 2020 and 2019

In 2016, CCU and PUC approved to proceed with the procurement of 180MW dual fire combined cycle combustion turbine. The project is planned to be operational in April 2024. The project was delayed due to Covid-19 pandemic.

Future Borrowing

Despite the advancement of renewable energy generation and storage, the traditional power generation is still required. In 2016, GPA filed an integrated resource plan (IRP) to the CCU and the PUC for the construction of combined cycle combustion turbine plants. An approval was given by the CCU and the PUC to authorize GPA to proceed with the procurement up to 180MW. The plan for the procurement model was independent power purchase agreement (IPP) where the IPP finances the construction of the plant.

On November 5, 2019, GPA entered into an energy conversion agreement with Guam Ukudu Power, LLC for the new generation. The agreed capacity was 198 MW using Ultra Low Sulfur Diesel and eventually moving to Liquefied Natural Gas (LNG).

Contacting GPA's Financial Management

The Management Discussion and Analysis report is intended to provide information concerning known facts and conditions affecting GPA's operations. This financial report is designed to provide a general overview of GPA's finances and to demonstrate GPA's accountability for the funds it receives and expends.

Management's Discussion and Analysis for the years ended September 30, 2019 and 2018 is set forth in GPA's report on the audit of financial statements which is dated April 21, 2020. That Discussion and Analysis explains in more detail major factors impacting the 2019 and 2018 financial statements. A copy of that report can be obtained by contacting the CFO office at (671) 648-3066 or from GPA's website at the addresses noted below.

For additional information about this report, please contact Mr. John J.E. Kim, Chief Financial Officer, Guam Power Authority, P.O. Box 2977, Hagåtña, Guam 96932-2977 or visit the website at www.guampowerauthority.com.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(1) Organization and Summary of Significant Accounting Policies

Organization

Guam Power Authority (GPA) is a component unit of the Government of Guam (GovGuam). GPA provides electrical services on Guam to residential, commercial and GovGuam customers, and to the United States (U.S.) Navy under a Utility Services Contract (USC). GPA is governed by the Consolidated Commission on Utilities (CCU), an elected five-member board. GPA is subject to the regulations of the Public Utilities Commission of Guam (PUC) and has adopted the Uniform System of Accounts prescribed by the Federal Energy Regulatory Commission. Because of the rate-making process, certain differences arise in the application of accounting principles generally accepted in the United States of America between regulated and non-regulated businesses. Such differences mainly concern the time at which various items enter into the determination of net earnings in order to follow the principle of matching costs and revenues.

Basis of Accounting

The accounting policies of GPA conform to accounting principles generally accepted in the United States of America, as applicable to governmental entities, specifically proprietary funds. GPA utilizes the flow of economic resources measurement focus. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Taxes

As an instrumentality of GovGuam, GPA and all property acquired by or for GPA, and all revenues and income therefrom are exempt from taxation by GovGuam or by any political subdivision or public corporation thereof and from all taxes imposed under the authority of the Guam Legislature, or with respect to which the Guam Legislature is authorized to grant exemption.

Cash, Cash Equivalents and Investments

Cash and cash equivalents classified as current assets include cash on hand, cash in banks, money market accounts, certificates of deposit, and U.S. treasury bills with original maturities of three months or less in the interest and principal funds for debt repayment, the bond indenture funds, the bond reserve fund, the energy sense fund and the self-insurance fund.

Cash and cash equivalents restricted for the acquisition or construction of capital assets are classified as noncurrent assets.

GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)

Notes to Financial Statements
September 30, 2020 and 2019

(1) Organization and Summary of Significant Accounting Policies, Continued

Cash, Cash Equivalents and Investments, Continued

Investments in short-term, highly liquid debt instruments, including commercial paper, banker's acceptances, and U.S. Treasury and agency obligations are recorded at amortized cost. Investment in a guaranteed investment certificate is measured at cost.

All other investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the date as of which the fair value of an asset or liability is determined.

The deposit and investment policies of GPA are governed by 5 GCA 21, *Investments and Deposits*, in conjunction with applicable bond indentures. Authorized investments include obligations issued or guaranteed by the U.S. government or agencies of the U.S. government; bonds, notes or other indebtedness rated in the highest rating by Moody's Investors Service (Moody's) or Standard & Poor's Corporation (S&P); obligations issued by the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation with remaining maturities of not more than three years; any bonds or other obligations of any state of the U.S. or any agency, instrumentality or local government unit of such state which are rated in the highest rating category of either Moody's or S&P; demand and time deposits in certificates of deposit or bankers acceptances with U.S. domestic banks which have a rating of their short term certificates of deposit of A-1 or better by S&P and P-1 by Moody's and mature no more than 360 days after purchase; commercial paper which has a rating in the highest classification by S&P and Moody's; and money market funds rated AAAm or better by S&P.

Allowance for Doubtful Receivables

The allowance for doubtful receivables is stated at an amount which management believes will be adequate to absorb possible losses on accounts receivable that may become uncollectible based on evaluations of the collectability of these accounts and prior collection experience. The allowance is established through a provision for bad debts charged to expense. Uncollectible accounts are written off against the allowance or are charged to expense in the period GPA deems the accounts to be uncollectible but with prior approval of the CCU.

Inventory Valuation

Materials and supplies inventories and fuel inventories are stated at cost (using the weighted average and the first-in, first-out method, respectively).

Allowance for inventory obsolescence is provided for inventory items with no movement for a period of five years and over and for parts and supplies for equipment no longer in use. Allowance for inventory obsolescence was \$935,304 and \$1,631,035 as of September 30, 2020 and 2019, respectively.

GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)

Notes to Financial Statements
September 30, 2020 and 2019

(1) Organization and Summary of Significant Accounting Policies, Continued

Utility Plant

Utility plant purchased or constructed is stated at cost. Cost includes an allowance on certain projects for funds used during construction of specific power generation plants based on the net cost of borrowed funds used for construction purposes. Donated utility is recorded at fair market value at the date of donation or at the donating entity's basis in the asset if donated by GovGuam or a GovGuam agency. Current policy is to capitalize utility plant with a cost of \$1,000 or more.

Depreciation

Depreciation is computed under the straight-line method over the estimated useful lives of the respective assets.

Compensated Absences

Vesting annual leave is accrued and reported as an expense and a liability in the period earned. No liability is accrued for non-vesting sick leave benefits. Annual leave expected to be paid out within the next fiscal year is accrued and is included in current liabilities. The maximum accumulation of annual leave convertible to pay upon termination of employment is limited to 320 hours. Pursuant to Public Law 27-106, employees who have accumulated annual leave in excess of three hundred twenty (320) hours as of February 28, 2003, may carry over their excess and shall use the excess amount of leave prior to retirement or termination from service. Any unused leave over 320 hours shall be lost upon retirement.

Public Law 26-86 allows members of the Defined Contribution Retirement System (DCRS) to receive a lump sum payment of one-half of their accumulated sick leave upon retirement. A liability is accrued for estimated sick leave to be paid out to DCRS members upon retirement.

Pensions

Pensions are required to be recognized and disclosed using the accrual basis of accounting. GPA recognizes a net pension liability for the defined benefit pension plan in which it participates, which represents GPA's proportional share of excess total pension liability over the pension plan assets – actuarially calculated – of a single employer defined benefit plan, measured one year prior to fiscal year-end and rolled forward. The total pension liability also includes GPA's proportionate share of the liability for ad hoc cost-of-living adjustments (COLA) and supplemental annuity payments that are anticipated to be made to defined benefit plan members and for anticipated future COLA to DCRS members. Changes in the net pension liability are recorded as pension expense, or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the qualified pension plan and recorded as a component of pension expense beginning with the period in which they are incurred. Projected earnings on qualified pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and are amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(1) Organization and Summary of Significant Accounting Policies, Continued

Other Post-Employment Benefits (OPEB)

OPEB is required to be recognized and disclosed using the accrual basis of accounting. OPEB offered to GPA retirees includes health and life insurance. GPA recognizes OPEB liability for the defined benefit OPEB plan in which it participates, which represents GPA's proportional share of total OPEB liability - actuarially calculated - of a single employer defined benefit plan, measured one year prior to fiscal year-end and rolled forward. An OPEB trust has not been established; thus, the OPEB plan does not presently report OPEB plan fiduciary net position. Instead, the OPEB plan is financed on a substantially "pay-as-you-go" basis.

Changes in the OPEB liability during the period are recorded as OPEB expense, or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change, in the period incurred. Those changes in the OPEB liability that are recorded as deferred inflows of resources or deferred outflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the qualified OPEB plan and recorded as a component of OPEB expense beginning with the period in which they are incurred.

Forward Delivery Contract Costs and Revenues

The forward delivery contract costs and revenues arose as a result of the Bond Reserve Fund Forward Delivery Agreements entered into in September 2000. The unamortized forward delivery contract costs represent termination fees and closing costs while the unearned forward delivery contract revenues represent the gross proceeds. The costs and revenues are amortized on a straight line basis until 2034.

Unamortized Debt Issuance Costs

Unamortized debt issuance costs mainly include insurance costs related to the issuance of the Series 2012 and 2014 bonds. These costs are being amortized using the effective interest method over the life of the applicable debt.

Net Position

Net position represents the residual interest in GPA's assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted and consist of four sections:

Net investment in capital assets - include capital assets, restricted and unrestricted, net of accumulated depreciation, reduced by outstanding debt net of debt service reserve.

Restricted expendable - net position whose use is subject to externally imposed stipulations that can be fulfilled by actions of GPA pursuant to those stipulations or that expire with the passage of time.

Restricted nonexpendable - net position subject to externally imposed stipulations that require GPA to maintain them permanently.

GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)

Notes to Financial Statements
September 30, 2020 and 2019

(1) Organization and Summary of Significant Accounting Policies, Continued

Net Position, Continued

Unrestricted - net position that is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by management or the CCU or may otherwise be limited by contractual agreements with outside parties.

All of GPA's restricted net position is expendable.

Sales of Electricity

Sales of electricity are recorded as billed to customers on a monthly cycle billing basis. At the end of each month, unbilled revenues are accrued for each cycle based on the unbilled actual usage at month end.

Operating and Non-Operating Revenue and Expenses

Operating revenues and expenses generally result directly from the operation and maintenance of systems to provide electrical services to the island of Guam. Non-operating revenues and expenses result from capital and financing activities, costs and related recoveries from natural disasters, and certain other non-recurring income and costs.

Deferred Outflows of Resources

Deferred outflows of resources represent consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until that future time.

Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

Levelized Energy Adjustment Clause

Fuel oil costs increase or decrease billings to customers based on increases or decreases in the price of fuel oil purchased by GPA. Under or over recoveries of fuel oil costs including the fair value of outstanding commodity swap agreements (if any) are recorded as unrecovered fuel cost or unearned fuel revenue, respectively, in the accompanying statements of net position, and are recovered or deducted in future billings to customers based on the Levelized Energy Adjustment Clause (LEAC) approved by the PUC in January of 1996. The LEAC results in the conversion of the monthly fuel charge to a levelized fuel charge, which is reviewed and adjusted by the PUC on a bi-annual basis. GPA is only permitted to recover its actual fuel and related costs. At September 30, 2020 and 2019, GPA has an under recovery of fuel costs of \$5,137,018 and \$9,943,732, respectively.

GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)

Notes to Financial Statements
September 30, 2020 and 2019

(1) Organization and Summary of Significant Accounting Policies, Continued

Derivative Instruments

GPA is exposed to market price fluctuations on its purchases of fuel oil. GPA uses derivatives such as commodity swaps to protect itself from increases in market prices. GPA records commodity swap agreements associated with its fuel oil hedging activities at fair value with gains and losses recognized in operations in the statement of revenues, expenses and changes in net position. The fair value of outstanding commodity swaps at year-end is included as a component of the LEAC and is recorded as part of unrecovered fuel cost or unearned fuel revenue in the accompanying statements of net position. GPA did not have outstanding commodity swap agreements at September 30, 2020 and 2019.

GPA's power purchase agreements are considered "normal purchases and normal sales" and accordingly, the operations and maintenance portions of GPA's energy conversion agreements are not recognized in the statements of net position. Operations and maintenance costs associated with the power purchase agreements are expensed as incurred with the independent power producers.

Allowance for Funds Used During Construction

The allowance for funds used during construction (AFUDC) is provided only for construction projects of more than \$50,000, which require a minimum of 90 days to complete. AFUDC is computed using the interest expense on directly assignable borrowings to finance the projects less interest income on the related unused borrowings which have been invested. AFUDC is provided only during the period in which such projects are undergoing activities to prepare them for their intended use and is capitalized as part of the cost of the applicable projects. AFUDC of \$2,010,587 was recognized during the year ended September 30, 2020. No AFUDC was recognized during the year ended September 30, 2019.

Reclassifications

Certain reclassifications have been made to the 2019 financial statements to correspond with the 2020 financial statement presentation.

New Accounting Standards

During the year ended September 30, 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which postpones the effective dates of GASB Statement No.'s 84, 89, 90, 91, 92 and 93 by one year and GASB Statement No. 87 by 18 months; however, earlier application of the provisions addressed in GASB Statement No. 95 is encouraged and is permitted to the extent specified in each pronouncement as originally issued. In accordance with GASB Statement No. 95, management has elected to postpone implementation of these statements.

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. This Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of this Statement will enhance consistency and comparability by (1) establishing specific criteria for identifying activities that should be reported as fiduciary activities and (2) clarifying whether and how business-type activities should report their fiduciary activities. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 84 will be effective for fiscal year ending September 30, 2021.

GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)

Notes to Financial Statements
September 30, 2020 and 2019

(1) Organization and Summary of Significant Accounting Policies, Continued

New Accounting Standards, Continued

In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. Management believes that this statement, upon implementation, will have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 87 will be effective for fiscal year ending September 30, 2022.

In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 89 will be effective for fiscal year ending September 30, 2022.

In March 2018, GASB issued Statement No. 90, *Majority Equity Interests - An Amendment of GASB Statement Nos. 14 and 61*. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 90 will be effective for fiscal year ending September 30, 2021.

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 91 will be effective for fiscal year ending September 30, 2023.

GUAM POWER AUTHORITY

Notes to Financial Statements
September 30, 2020 and 2019

(1) Organization and Summary of Significant Accounting Policies, Continued

New Accounting Standards, Continued

In January 2020, GASB issued Statement No. 92, *Omnibus 2020*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the effective date of Statement No. 87, *Leases*, and Implementation Guide No. 2019-3, *Leases*, for interim financial reports, the terminology used to refer to derivative instruments and the applicability of certain requirements of Statement No. 84, *Fiduciary Activities*, to postemployment benefits. The requirements related to the effective date of GASB Statement No. 87 and Implementation Guide 2019-3, reissuance recoveries and terminology used to refer to derivative instruments are effective upon issuance. The remaining requirements of GASB Statement No. 92 is effective for the fiscal year ending September 30, 2022.

In March 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates (IBOR)*. The primary objective of this Statement is to address those and other accounting and financial reporting implications of the replacement of an IBOR. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 93 will be effective for fiscal year ending September 30, 2022.

In March 2020, GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements. This statement also provides guidance for accounting and financial reporting for availability payment arrangements. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. GASB Statement No. 94 will be effective for fiscal year ending September 30, 2023.

In May 2020, GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. GASB Statement No. 96 will be effective for fiscal year ending September 30, 2023.

In June 2020, GASB issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. GASB Statement No. 97 will be effective for fiscal year ending September 30, 2022.

Notes to Financial Statements
September 30, 2020 and 2019

(2) Cash, Cash Equivalents and Investments

The bond indenture agreements for the 2012, 2014 and 2017 series revenue bonds (note 7) require the establishment of special funds to be held and administered by trustees and by GPA. In addition, proceeds from borrowings to finance generation and transmission facility construction are maintained by GPA in construction accounts. Funds in these accounts are required by loan agreement or public law to be used for generation and transmission facility construction. Also, certain other funds are restricted by rate orders of the PUC.

At September 30, 2020 and 2019, cash and cash equivalents, certificates of deposit and investments held by trustees and by GPA in these funds and accounts were as follows:

	2020						
	Cash and Cash Equivalents and Certificates of Deposit				Investments

The operating funds include the remaining insurance monies of \$74,161,533 and \$73,597,984 as of September 30, 2020 and 2019, respectively, recovered by GPA from the Cabras 3 and 4 explosion and fire insurance claims.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(2) Cash, Cash Equivalents and Investments, Continued

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, addresses common deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. As an element of interest rate risk, disclosure is required of investments that have fair values that are highly sensitive to changes in interest rates. GASB Statement No. 40 also requires disclosure of formal policies related to deposit and investment risks.

A. Cash and Cash Equivalents

Custodial credit risk is the risk that in the event of a bank failure, GPA's deposits may not be returned to it. Such deposits are not covered by depository insurance and are either uncollateralized, or collateralized with securities held by the pledging financial institution or held by the pledging financial institution but not in the depositor-government's name. GPA does not have a deposit policy for custodial credit risk.

As of September 30, 2020 and 2019, the carrying amount of GPA's total cash and cash equivalents and certificates of deposit was \$255,331,525 and \$235,748,960, respectively, and the corresponding bank balances were \$255,395,539 and \$235,259,333, respectively. Of the bank balance amount as of September 30, 2020 and 2019, \$99,257,412 and \$92,323,132, respectively, was maintained in financial institutions subject to Federal Deposit Insurance Corporation (FDIC) insurance. As of September 30, 2020 and 2019, bank deposits in the amount of \$1,056,659 and \$1,027,698, respectively, were FDIC insured. GPA does not require collateralization of its cash deposits; therefore, deposit levels in excess of FDIC insurance coverage are uncollateralized. At September 30, 2020 and 2019, \$98,894,055 and \$91,785,060, respectively, of cash and cash equivalents and certificates of deposit were subject to custodial credit risk. GPA has not experienced any losses in such accounts and management believes it is not exposed to any significant credit risk on its deposits. Bank balances as of September 30, 2020 and 2019, also include \$156,078,966 and \$142,897,599, respectively, representing cash and cash equivalents and certificates of deposit held and administered by GPA's trustees in GPA's name in accordance with various trust agreements and bond indentures.

B. Investments

As of September 30, 2020, GPA's investments were as follows:

	<u>Amount</u>	<u>Maturity</u>	<u>S&P or Moody's Rating</u>
<i>Current:</i>			
Investments held by trustee – restricted:			
Bond Reserve Fund:			
Santander UK PL (commercial paper)	\$ 13,742,000	Less than 1 year	P-1
Bond Fund:			
Federated Government Ultrashort Duration Fund (mutual fund)	<u>4,880,060</u>	Less than 1 year	Not rated
	<u>\$ 18,622,060</u>		
<i>Noncurrent:</i>			
Investments held by trustee - restricted:			
Bond Fund:			
Bayerische Landesbank Guaranteed Investment Certificate (GIC)	\$ <u>30,269,878</u>	More than 10 years	Aa3

Notes to Financial Statements
September 30, 2020 and 2019

(2) Cash, Cash Equivalents and Investments, Continued

B. Investments, Continued

As of September 30, 2019, GPA's investments were as follows:

	<u>Amount</u>	<u>Maturity</u>	<u>S&P or Moody's Rating</u>
<i>Current:</i>			
Investments held by trustee – restricted:			
Bond Reserve Fund:			
Santander UK PL (commercial paper)	\$ 13,742,000	Less than 1 year	P-1
Bond Fund:			
Federated Government Ultrashort Duration Fund (mutual fund)	<u>4,845,762</u>	Less than 1 year	Not rated
	<u>18,587,762</u>		
Investments held by GPA - unrestricted:			
Operating Fund:			
U.S. Treasury Note	<u>4,996,550</u>	Less than 1 year	Aaa
	<u>\$ 23,584,312</u>		
<i>Noncurrent:</i>			
Investments held by trustee - restricted:			
Bond Fund:			
Bayerische Landesbank Guaranteed Investment Certificate (GIC)	\$ <u>25,233,865</u>	More than 10 years	Aa3

Custodial credit risk for investments is the risk that in the event of the failure of the counterparty to a transaction, GPA will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. GPA's investments are held and administered by trustees in accordance with various trust agreements and bond indentures.

Credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

Concentration of credit risk for investments is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. GASB Statement No. 40 requires disclosure by issuer and amount of investment in any one issuer that represents five percent (5%) or more of total investments. As of September 30, 2020 and 2019, each of GPA's investments exceeded 5% of total investments.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of debt instruments. Maturities of investments in certain funds are limited to five years to limit interest rate risk. Maturities of investments in all funds may not be later than the dates that such moneys are expected to be required by the trustees.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(2) Cash, Cash Equivalents and Investments, Continued

B. Investments, Continued

Investments Measured at Fair Value

GPA categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As of September 30, 2020 and 2019, investments in Federated Government Ultrashort Duration Fund (mutual fund) are valued using Level 1 inputs.

(3) Receivables

Accounts receivable at September 30, 2020 and 2019, were summarized as follows:

	<u>2020</u>	<u>2019</u>
Customers:		
Private	\$ 26,453,653	\$ 28,990,779
Government	<u>5,842,048</u>	<u>6,351,446</u>
	32,295,701	35,342,225
U.S. Government - Navy (note 8)	4,823,970	6,997,846
U.S. Government - grants	2,487,944	2,407,879
Others	<u>688,025</u>	<u>1,378,316</u>
	40,295,640	46,126,266
Less allowance for doubtful receivables	<u>(4,883,744)</u>	<u>(3,575,815)</u>
	\$ <u>35,411,896</u>	\$ <u>42,550,451</u>

Unbilled accounts receivable included in the accounts receivable – private customers amounted to \$6,245,596 and \$8,605,878 at September 30, 2020 and 2019, respectively.

Substantially all of GPA's customer accounts receivable are from individuals, companies and government agencies based in Guam. Concentrations largely result from accounts receivable from GovGuam agencies and the U.S. Navy. Management assesses the risk of loss and provides for an allowance for doubtful accounts to compensate for known and estimated credit risks.

(4) Obligations Under Capital Leases

In September 1996, GPA entered into energy conversion agreements to purchase electricity produced by generating plants constructed and operated by two companies. The agreements were determined to be capital leases and the generating plants costs were recorded as production plant under capital lease. The agreements have twenty-year terms. In December 2017, one energy conversion agreement expired and the other one expired in January 2019. Ownership of the plants was transferred to GPA upon expiration.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(4) Obligations Under Capital Leases, Continued

In December 2015, GPA entered into a contract for temporary power services to provide 40 megawatts (MW) of generation. The contract was for one year effective January 2016 with an option to extend. In January 2017, GPA extended the contract for four years which includes payments for the acquisition of the underlying power plant. The contract was determined to be a capital lease and the generating plant cost was recorded as production plant under capital lease. Under the contract, GPA pays capacity and operation and maintenance costs and purchases fuel for the plants. The operations and maintenance payments are reflected as energy conversion costs under operation and maintenance expenses. The lease has an effective interest rate of 5.0%. Future capacity payments under the contract are as follows:

<u>Year Ending September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ <u>2,226,222</u>	\$ <u>18,578</u>	\$ <u>2,244,800</u>

At September 30, 2020 and 2019, the cost of plant and plant improvements under capital lease was \$32,466,516 and accumulated depreciation was \$7,607,897 and \$5,443,463, respectively, which are presented as part of depreciable utility plant in the accompanying statements of net position.

(5) Pensions

GPA is statutorily responsible for providing pension benefits for GPA employees through the GovGuam Retirement Fund (GGRF).

A. General Information About the Pension Plans

Plan Description: GGRF administers the GovGuam Defined Benefit (DB) Plan, a single-employer defined benefit pension plan, and the Defined Contribution Retirement System (DCRS) Plan. The DB Plan provides retirement, disability, and survivor benefits to plan members who enrolled in the plan prior to October 1, 1995. Article 1 of 4 GCA 8, Section 8105, requires that all employees of GovGuam, regardless of age or length of service, become members of the DB Plan prior to the operative date. Employees of public corporations of GovGuam, which include GPA, have the option of becoming members of the DB Plan prior to the operative date. All employees of GovGuam, including employees of GovGuam public corporations, whose employment commences on or after October 1, 1995, and prior to January 1, 2018, are required to participate in the DCRS Plan. Hence, the DB Plan became a closed group.

Members of the DB Plan who retired prior to October 1, 1995, or their survivors, are eligible to receive annual supplemental annuity payments. In addition, retirees under the DB Plan and DCRS Plans who retired prior to September 30, 2019 are eligible to receive an annual ad hoc cost of living allowance (COLA).

A single actuarial valuation is performed annually covering all plan members and the same contribution rate applies to each employer. GGRF issues a publicly available financial report that includes financial statements and required supplementary information for the DB Plan. That report may be obtained by writing to the Government of Guam Retirement Fund, 424 A Route 8, Maite, Guam 96910, or by visiting GGRF's website – www.ggrf.com.

Plan Membership: As of September 30, 2019 (the measurement date), plan membership consisted of the following:

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(5) Pensions, Continued

A. General Information About the Pension Plans, Continued:

DB members:	
Inactive employees or beneficiaries currently receiving benefits	7,360
Inactive employees entitled to but not yet receiving benefits	3,162
Active employees	<u>4,850</u>
	15,372
DCRS members:	
Active employees	<u>6,286</u>
	<u>21,658</u>

Benefits Provided: The DB Plan provides pension benefits to retired employees generally based on age and/or years of credited service and an average of the three highest annual salaries received by a member during years of credited service, or \$6,000, whichever is greater. Members who joined the DB Plan prior to October 1, 1981 may retire with 10 years of service at age 60 (age 55 for uniformed personnel); or with 20 to 24 years of service regardless of age with a reduced benefit if the member is under age 60; or upon completion of 25 years of service at any age. Members who joined the DB Plan on or after October 1, 1981 and prior to August 22, 1984 may retire with 15 years of service at age 60 (age 55 for uniformed personnel); or with 25 to 29 years of service regardless of age with a reduced benefit if the member is under age 60; or upon completion of 30 years of service at any age.

Members who joined the DB Plan after August 22, 1984 and prior to October 1, 1995 may retire with 15 years of service at age 65 (age 60 for uniformed personnel); or with 25 to 29 years of service regardless of age with a reduced benefit if the member is under age 65; or upon completion of 30 years of service at any age. Upon termination of employment before attaining at least 25 years of total service, a member is entitled to receive a refund of total contributions including interest. A member who terminates after completing at least 5 years of service has the option of leaving contributions in the GGRF and receiving a service retirement benefit upon attainment of the age of 60 years. In the event of disability during employment, members under the age of 65 with six or more years of credited service who are not entitled to receive disability payments from the United States Government are eligible to receive sixty-six and two-thirds of the average of their three highest annual salaries received during years of credited service. The DB Plan also provides death benefits.

Supplemental annuity benefit payments are provided to DB retirees in the amount of \$4,238 per year, but not to exceed \$40,000 per year when combined with their regular annual retirement annuity. Annual COLA payments are provided to DB and DCRS retirees in a lump sum amount of \$2,000. Both supplemental annuity benefit payments and COLA payments are made at the discretion of the Guam Legislature, but are funded on a “pay-as-you-go” basis so there is no plan trust. It is anticipated that ad hoc COLA and supplemental annuity payments will continue to be made for future years at the same level currently being paid.

On September 20, 2016, the Guam Legislature enacted Public Law 33-186, which created two new government retirement plans; the DB 1.75 Plan and the Guam Retirement Security Plan (GRSP). On February 4, 2020, the Guam Legislature terminated the GRSP. Commencing April 1, 2017, eligible employees elected, during the “election window”, to participate in the DB 1.75 Plan with an effective date of January 1, 2018.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(5) Pensions, Continued

A. General Information About the Pension Plans, Continued:

The DB 1.75 Plan is open for participation by certain existing employees, new employees, and reemployed employees who would otherwise participate in the DC Plan and who make election on a voluntary basis to participate in the DB 1.75 Plan by December 31, 2017. Employee contributions are made by mandatory pre-tax payroll deduction at the rate of 9.5% of the employee's base salary while employer contributions are actuarially determined. Members of the DB 1.75 Plan automatically participate in the GovGuam deferred compensation plan, pursuant to which employees are required to contribute 1% of base salary as a pre-tax mandatory contribution. Benefits are fully vested upon attaining 5 years of credited service.

Members of the DB 1.75 Plan may retire at age 62 with 5 years of credited service, or at age 60 with 5 years of credited service without survivor benefits, or at age 55 with 25 years of credited service but the retirement annuity shall be reduced ½ of 1% for each month that the age of the member is less than 62 years (6% per year). Credited service is earned for each year of actual employment by the member as an employee. Upon retirement, a retired member is entitled to a basic retirement annuity equal to an annual payment of 1.75% of average annual salary multiplied by years of credited service. Average annual salary means the average of annual base salary for the three years of service that produce the highest average.

Contributions and Funding Policy: Contribution requirements of participating employers and active members to the DB Plan are determined in accordance with Guam law. Employer contributions are actuarially determined under the One-Year Lag Methodology. Under this methodology, the actuarial valuation date is used for calculating the employer contributions for the second following fiscal year. For example, the September 30, 2018 actuarial valuation was used for determining the year ended September 30, 2020 statutory contributions. Member contributions are required at 9.52% of base pay.

As a result of actuarial valuations performed as of September 30, 2018, 2017 and 2016, contribution rates required to fully fund the Retirement Fund liability, as required by Guam law, for the years ended September 30, 2020, 2019 and 2018, respectively, have been determined as follows:

	<u>2020</u>	<u>2019</u>	<u>2018</u>
Normal costs (% of DB Plan payroll)	13.86%	13.54%	15.97%
Employee contributions (DB Plan employees)	<u>9.52%</u>	<u>9.52%</u>	<u>9.55%</u>
Employer portion of normal costs (% of DB Plan payroll)	<u>4.34%</u>	<u>4.02%</u>	<u>6.42%</u>
Employer portion of normal costs (% of total payroll)	2.39%	2.29%	1.60%
Unfunded liability cost (% of total payroll)	<u>20.70%</u>	<u>21.29%</u>	<u>22.12%</u>
Government contribution as a % of total payroll	<u>23.09%</u>	<u>23.58%</u>	<u>23.72%</u>
Statutory contribution rates as a % of DB Plan payroll:			
Employer	<u>26.28%</u>	<u>26.56%</u>	<u>27.83%</u>
Employee	<u>9.52%</u>	<u>9.52%</u>	<u>9.55%</u>

GPA's contributions to the DB Plan for the years ended September 30, 2020, 2019 and 2018 were \$4,882,056, \$5,147,076 and \$4,631,209, respectively, which were equal to the statutorily required contributions for the respective years then ended.

(5) Pensions, Continued

A. General Information About the Pension Plans, Continued:

GPA's contributions to the supplemental annuity benefit payments and the COLA payments for the years ended September 30, 2020, 2019 and 2018 were \$1,262,068, \$1,286,610 and \$1,295,324, respectively, which were equal to the statutorily required contributions for the respective years then ended.

Members of the DCRS plan, who have completed five years of government service, have a vested balance of 100% of both member and employer contributions plus any earnings thereon.

Contributions into the DCRS plan by members are based on an automatic deduction of 5% of the member's regular base pay, which increased to 6.2% effective January 1, 2018. The contribution is periodically deposited into an individual annuity account within the DCRS. Employees are afforded the opportunity to select from different annuity accounts available under the DCRS.

Statutory employer contributions for the DCRS plan for the years ended September 30, 2020 and 2019 are determined using the same rates as the DB Plan. Of the amount contributed by the employer, only 5% of the member's regular pay is deposited into the DCRS, which increased to 6.2% effective January 1, 2018. The remaining amount is contributed towards the unfunded liability of the defined benefit plan.

GPA's contributions to the DCRS Plan for the years ended September 30, 2020, 2019 and 2018 were \$2,312,780, \$2,264,343 and \$3,035,381, respectively, which were equal to the required contributions for the respective years then ended. Of these amounts, \$1,767,360, \$1,735,770 and \$2,416,600 were or will be contributed toward the unfunded liability of the DB Plan for the years ended September 30, 2020, 2019 and 2018, respectively.

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

Pension Liability: At September 30, 2020 and 2019, GPA reported a net pension liability for its proportionate share of the net pension liabilities measured as of September 30, 2019 and 2018, respectively, which is comprised of the following:

	<u>2020</u>	<u>2019</u>
Defined Benefit Plan	\$ 69,262,940	\$ 64,825,399
Ad Hoc COLA/supplemental annuity Plan for DB retirees	16,449,816	14,132,063
Ad Hoc COLA Plan for DCRS retirees	<u>3,507,330</u>	<u>2,843,640</u>
	<u>\$ 89,220,086</u>	<u>\$ 81,801,102</u>

GPA's proportion of the GovGuam net pension liabilities was based on GPA's expected plan contributions relative to the total expected contributions received by the respective pension plans for GovGuam and GovGuam's component units. At September 30, 2020 and 2019, GPA's proportionate shares of the GovGuam net pension liabilities were as follows:

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(5) Pensions, Continued

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, Continued:

	<u>2020</u>	<u>2019</u>
Defined Benefit Plan	5.70%	5.50%
Ad Hoc COLA/supplemental annuity Plan for DB retirees	5.07%	4.88%
Ad Hoc COLA Plan for DCRS retirees	5.86%	5.76%

Pension Expense (Benefit): For the years ended September 30, 2020 and 2019, GPA recognized pension expense (benefit) for its proportionate share of plan pension expense from the above pension plans as follows:

	<u>2020</u>	<u>2019</u>
Defined Benefit Plan	\$ 8,088,965	\$ 8,622,820
Ad Hoc COLA/supplemental annuity Plan for DB retirees	1,527,615	1,545,402
Ad Hoc COLA Plan for DCRS retirees	<u>280,153</u>	<u>(754,179)</u>
	<u>\$ 9,896,733</u>	<u>\$ 9,414,043</u>

Deferred Outflows and Inflows of Resources: At September 30, 2020 and 2019, GPA reported total deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	2020					
	Defined Benefit Plan		Ad Hoc COLA/ Supplemental Annuity Plan for DB Retirees		Ad Hoc COLA Plan for DCRS Retirees	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 99,416	\$ 613,992	\$ 113,988	\$ 50,582	\$ 369,379	\$ 101,872
Net difference between projected and actual earnings on pension plan investments	2,435,506	-	-	-	-	-
Changes of assumptions	-	-	1,476,893	255,717	844,399	340,261
Contributions subsequent to the measurement date	6,649,416	-	1,142,068	-	120,000	-
Changes in proportion and difference between GPA contributions and proportionate share of contributions	<u>3,185,239</u>	<u>-</u>	<u>430,769</u>	<u>-</u>	<u>138,234</u>	<u>301,076</u>
	<u>\$ 12,369,577</u>	<u>\$ 613,992</u>	<u>\$ 3,163,718</u>	<u>\$ 306,299</u>	<u>\$ 1,472,012</u>	<u>\$ 743,209</u>

Deferred outflows resulting from contributions subsequent to measurement date will be recognized as reduction of the net pension liability in the following year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions at September 30, 2020 will be recognized in pension expense as follows:

Year Ending September 30	Defined Benefit Plan	Ad Hoc COLA/ Supplemental Annuity Plan for DB Retirees	Ad Hoc COLA Plan for DCRS Retirees
2021	\$ 1,806,359	\$ 685,612	\$ 52,997
2022	963,108	783,903	52,997
2023	1,398,930	245,836	52,997
2024	937,772	-	52,997
2025	-	-	52,997
Thereafter	<u>-</u>	<u>-</u>	<u>343,818</u>
	<u>\$ 5,106,169</u>	<u>\$ 1,715,351</u>	<u>\$ 608,803</u>

Actuarial Assumptions: Actuarially determined contribution rates for the DB Plan are calculated as of September 30, two years prior to the end of the fiscal year in which contributions are reported. The methods and assumptions used to determine contribution rates are as follows:

Valuation Date:	September 30, 2018
Actuarial Cost Method:	Entry age normal
Amortization Method:	Level percentage of payroll, closed
Remaining Amortization Period:	May 1, 2033 (14.58 years remaining as of September 30, 2018)

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(5) Pensions, Continued

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, Continued:

Asset valuation method:	3-year smoothed market value (effective September 30, 2009)
Inflation:	2.50% per year
Total payroll growth:	2.75% per year
Salary increases:	4% to 7.5%
Retirement age:	50% probability of retirement upon first eligibility for unreduced retirement. Thereafter, the probability of retirement is 20% for each year until age 75, and increases to 100% at age 75.
Mortality:	RP-2000 healthy mortality table (males +3, females +2). Mortality for disabled lives is the RP 2000 disability mortality (males +6, females +4). Both tables are projected generationally from 2016 using 30% of Scale BB.

The actuarial assumptions used in the September 30, 2018 valuation were based on the results of an actuarial experience study for the period October 1, 2011 to September 30, 2015. The rationale for each significant assumption is provided in the experience study. To the extent that actual experience differs from the assumptions, future pension costs will differ. The next experience study for the period October 1, 2015 to September 30, 2019 is scheduled to be performed prior to the next year's valuation.

The investment return rate assumption as of September 30, 2018 was 7%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of the expected nominal return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Nominal Return</u>
U.S. Equities (large cap)	26.0%	6.81%
U.S. Equities (small cap)	4.0%	8.12%
Non-U.S. Equities	17.0%	8.33%
Non-U.S. Equities (emerging markets)	3.0%	10.28%
U.S. Fixed Income (aggregate)	24.0%	3.87%
Risk Parity	8.0%	5.56%
High Yield Bonds	8.0%	5.45%
Global Real Estate (REITs)	5.0%	8.01%
Master Limited Partnerships	5.0%	7.44%

Notes to Financial Statements
September 30, 2020 and 2019

(5) Pensions, Continued

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, Continued:

Discount Rate: The discount rate used to measure the total pension liability for the DB Plan as of September 30, 2019 and 2018 was 7.0%, which is equal to the expected investment rate of return. The expected investment rate of return applies to benefit payments that are funded by plan assets (including future contributions), which includes all plan benefits except supplemental annuity payments to DB retirees and ad hoc COLA to both DB and DCRS retirees. The discount rate used to measure the total pension liability for the supplemental annuity and ad hoc COLA payments as of September 30, 2019 was 2.66% (4.18% as of September 30, 2018), which is equal to the rate of return of a high quality bond index.

Discount Rate Sensitivity Analysis: The following presents the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to GPA's proportionate share of the net pension liability if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

Defined Benefit Plan:

	1% Decrease in Discount Rate <u>6.0%</u>	Current Discount Rate <u>7.0%</u>	1% Increase in Discount Rate <u>8.0%</u>
Net Pension Liability	\$ <u>87,441,048</u>	\$ <u>69,262,940</u>	\$ <u>53,620,261</u>

Ad Hoc COLA/Supplemental Annuity Plan for DB Retirees:

	1% Decrease in Discount Rate <u>1.66%</u>	Current Discount Rate <u>2.66%</u>	1% Increase in Discount Rate <u>3.66%</u>
Net Pension Liability	\$ <u>18,148,408</u>	\$ <u>16,449,816</u>	\$ <u>15,001,629</u>

Ad Hoc COLA Plan for DCRS Retirees:

	1% Decrease in Discount Rate <u>1.66%</u>	Current Discount Rate <u>2.66%</u>	1% Increase in Discount Rate <u>3.66%</u>
Net Pension Liability	\$ <u>3,974,481</u>	\$ <u>3,507,330</u>	\$ <u>3,107,449</u>

C. Payables to the Pension Plans:

As of September 30, 2020 and 2019, GPA recorded payables to GGRF of \$479,147 and \$391,703, respectively, representing statutorily required contributions unremitted as of the respective year-ends.

(6) Other Post-Employment Benefits (OPEB)

GPA participates in the retiree health care benefits program. GovGuam's Department of Administration is responsible for administering the GovGuam Group Health Insurance Program, which provides medical, dental, and life insurance benefits to retirees, spouses, children and survivors. Active employees and retirees who waive medical and dental coverage are considered eligible for the life insurance benefit only. The program covers retirees and is considered an OPEB plan.

Notes to Financial Statements
September 30, 2020 and 2019

(6) Other Post-Employment Benefits (OPEB), Continued

A. General Information About the OPEB Plan

Plan Description: The OPEB plan is a single-employer defined benefit plan that provides healthcare benefits to eligible employees and retirees who are members of the GovGuam Retirement Fund. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Governor’s recommended budget and the annual General Appropriations Act enacted by the Guam Legislature provide for a premium level necessary for funding the program each year on a “pay-as-you-go” basis. Because the OPEB Plan consists solely of GovGuam’s firm commitment to provide OPEB through the payment of premiums to insurance companies on behalf of its eligible retirees, no stand-alone financial report is either available or generated.

Plan Membership: As of September 30, 2019 and 2018 (the respective measurement dates), OPEB plan membership consisted of the following as of September 30, 2018 (the actuarial valuation dates for both years):

	<u>2019</u>	<u>2018</u>
Inactive plan members or beneficiaries currently receiving benefits	7,462	7,930
Active plan members	<u>10,832</u>	<u>10,136</u>
Total members	<u>18,294</u>	<u>18,066</u>

Benefits Provided: The OPEB Plan provides post-employment medical, dental and life insurance benefits to GPA retirees, spouses, children and survivors, which are the same benefits as provided to active employees. Active employees and retirees who waive medical and dental coverage are considered eligible for the life insurance benefit only. GPA contributes a portion of the medical and dental premiums, based on a schedule of semi-monthly rates, and reimburses certain Medicare premiums to eligible retirees. Retirees are also required to pay a portion of the medical and dental insurance premiums. Three types of health plans are offered to eligible participants.

- Standard islandwide Preferred Provider Organization (PPO) Plan
- High Deductible (Health Savings Account - HSA) PPO Plan
- Retiree Supplement Plan (RSP)

The PPO and HSA Plans apply to both active employees and retirees and work with set deductible amounts whereas the RSP Plan is an added option for retirees only.

Contributions: No employer contributions are assumed to be made since an OPEB trust has not been established. Instead, the OPEB Plan is financed on a substantially “pay-as-you-go” basis whereby contributions to the plan are generally made at about the same time and in about the same amount as benefit payments and expenses becoming due.

For the years ended September 30, 2020, 2019 and 2018, GPA reimbursed GovGuam \$2,851,021, \$2,820,691 and \$2,945,357, respectively, for its share of the costs of the above mentioned Plan, which were equal to the statutorily required contributions.

(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(6) Other Post-Employment Benefits (OPEB), Continued

B. Total OPEB Liability

As of September 30, 2020 and 2019, GPA reported a total OPEB liability of \$161,936,073 and \$120,278,683, respectively, for its proportionate share of the GovGuam total OPEB liability measured as of September 30, 2019 and 2018. The following presents GPA's change in proportionate share since the prior measurement date:

Proportion at prior measurement date, September 30, 2018	6.41 %
Proportion at measurement date, September 30, 2019	<u>6.34 %</u>
Decrease in proportion	<u>(0.07)%</u>

Actuarial Assumptions: The total OPEB liability for the OPEB Plan was determined by an actuarial valuation as of September 30, 2019 (the measurement date) using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	2.75%.
Amortization method:	Level dollar amount over 30 years on an open amortization period for pay-as-you-go funding.
Salary increases:	7.5% per year for the first 5 years of service, 6% for 6-10 years, 5% for 11-15 years and 4% for service over 15 years.
Healthcare cost trend rates:	For 2019, Non-Medicare 13.5%; Medicare -25%; and Part B 5.33%. For the second year, 6.75% then reducing 0.25% annually to an ultimate rate of 4.25% for 2029 and later years. Health care trend assumptions begin at current levels and grade down over a period of years to a lower level equal to some real rate plus inflation. The principal components of health trend are medical inflation, deductible erosion, cost shifting, utilization, technology and catastrophic claims. The overall effect of these components are expected to decline year by year. Medical trend rates are applied to retiree contributions, Medicare Part B and Medicare Part D premium reimbursements.
Dental trend rates:	3.8% in year one, 3.75% per year thereafter, based on a blend of historical retiree premium rate increases as well as observed U.S. national trends.
Medicare enrollment:	15% of current and future retirees are assumed to enroll in Medicare and will enroll in a Retiree Supplemental Plan upon attainment of age 65. All employees retired prior to September 30, 2008 are assumed ineligible for Medicare upon attainment of age 65 and therefore will not enroll in a Medicare Supplemental Plan.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(6) Other Post-Employment Benefits (OPEB), Continued

B. Total OPEB Liability, Continued:

Participation rates:	Medical - 100% of active employees covered under a GovGuam medical plan will elect to participate at retirement. Dental - 100% of active employees under a GovGuam dental plan will elect to participate at retirement. Life - 100% of eligible retirees will elect to participate at retirement. Current retirees will continue in the GovGuam plan as provided in the data, and upon attainment of age 65, will remain in that plan or enroll in a Retiree Supplemental Plan per Medicare Enrollment assumption below.
Dependent status:	Male spouses are assumed to be three years older and female spouses are assumed to be three years younger than the retired employee. Medical - 100% of spouses of active employees covered under a GovGuam medical plan will elect to participate at the active employee's retirement. Dental - 100% of spouses of active employees covered under a GovGuam dental plan will elect to participate at the active employee's retirement. Life - 100% of spouses of active employees will elect to participate at the active employee's retirement. For current retired employees, the actual census information is used.
Actuarial cost method:	Entry Age Normal. The costs of each employee's post-employment benefits are allocated as a level basis over the earnings of the employee between the employee's date of hire and the assumed exit ages.
Healthy retiree mortality rate:	RP-2000 Combined Healthy Mortality Table, set forward 3 years and 2 years for males and females, respectively, projected generationally using 30% of Scale BB.
Disabled retiree mortality rates:	RP-2000 Disabled Mortality Table, set forward 6 years and 4 years for males and females, respectively, projected generationally using 30% of Scale BB.
Withdrawal rates:	15% for less than 1 year of service, decreasing 1% for each additional year of service up to 10 years, further decreasing 0.5% for each additional year of service up to 15 years, and 2% for service over 15 years.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(6) Other Post-Employment Benefits (OPEB), Continued

B. Total OPEB Liability, Continued:

Disability rates: 1974-78 SOA LTD Non-Jumbo, with rates reduced by 50% for males and 75% for females as follows: 0.05% for males aged 20-39 years (0.03% for females); 0.10% - 0.18% for males aged 40-49 years (0.05% - 0.09% for females); 0.32% - 0.53% for males aged 50-59 years (0.16% - 0.27% for females); and 0.76% for males aged 60-64 years (0.38% for females).

Retirement rates: 50% of employees are assumed to retire at first eligibility for unreduced benefits under the GovGuam Retirement Fund, 20% per year thereafter until age 75, and 100% at age 75.

OPEB Plan Fiduciary Net Position: An OPEB trust has not been established thus the OPEB Plan does not presently report OPEB plan fiduciary net position.

Discount rate: The discount rate used to measure the total OPEB liability was 2.66% as of September 30, 2019 (4.18% as of September 30, 2018). The projection of cash flows used to determine the discount rate assumed that contributions from GovGuam will be made in accordance with the plan's funding policy. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be insufficient to make all projected benefit payments of current plan members. Therefore, the 2.66% municipal bond rate as of September 30, 2019 (4.18% as of September 30, 2018) was applied to all periods to determine the total OPEB liability.

C. Changes in the Total OPEB Liability

Changes in GPA's proportionate share of the total OPEB liability for the years ended September 30, 2020 and 2019 are as follows:

	<u>2020</u>	<u>2019</u>
At October 1	\$ <u>120,278,683</u>	\$ <u>145,955,861</u>
Changes for the year:		
Service cost	3,108,876	3,637,954
Interest	5,104,601	5,383,112
Change in proportionate share	(22,527)	13,530,834
Differences between expected and actual experience	-	(33,509,074)
Change of assumptions	36,002,259	(12,122,578)
Benefit payments	<u>(2,535,819)</u>	<u>(2,597,426)</u>
Net change	<u>41,657,390</u>	<u>(25,677,178)</u>
At September 30	\$ <u>161,936,073</u>	\$ <u>120,278,683</u>

Notes to Financial Statements
September 30, 2020 and 2019

(7) Noncurrent Liabilities, Continued

A. Long-term Debt, Continued

	<u>2020</u>	<u>2019</u>
Total long-term debt	\$ 545,430,000	\$ 561,560,000
Less current maturities	<u>(20,515,000)</u>	<u>(16,130,000)</u>
	524,915,000	545,430,000
Add premium on bonds	<u>35,684,190</u>	<u>39,462,990</u>
Total bonds	\$ <u>560,599,190</u>	\$ <u>584,892,990</u>

Proceeds of the 2012 Series Revenue Bonds were used to refund GPA's 1993 and 1999 Senior Bonds, make a deposit to the Senior Bond Reserve Fund to increase the amount on deposit therein to the Bond Reserve Fund Requirement, and pay costs of issuance.

Proceeds of the 2014 Series Revenue Bonds were used to finance a variety of generation, transmission and distribution improvements and systems and information technology upgrades, make a deposit to the Senior Bond Reserve Fund, provide capitalized interest through September 30, 2017, and pay costs of issuance.

Proceeds of the 2017 Series Revenue Refunding Bonds were used to refund GPA's 2010 Series Senior Revenue Bonds and to pay costs of issuance. The 2010 Series Senior Revenue Bonds were used to finance capital projects, generally consisting of a new administration building and various generation, transmission and distribution facilities, make a deposit to the Bond Reserve Fund, provide capitalized interest, and pay costs of issuance.

All gross revenues have been pledged to repay the bonds principal and interest. For the years ended September 30, 2020 and 2019, the debt service for the series bonds was \$43,754,528 and \$29,696,939, respectively, or approximately 13% and 7%, respectively, of pledged gross revenues.

Premium associated with the bonds at September 30, 2020 and 2019 are being amortized on the effective interest method over the life of the applicable debt.

As of September 30, 2020, future maturities of long-term debt are as follows:

<u>Year Ending September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2021	\$ 20,515,000	\$ 26,708,625	\$ 47,223,625

A. Long-term Debt, Continued

Debt Refunding

In October 2012, GPA refunded its 1993 and 1999 Series bonds through the issuance of the 2012 Series bonds. At the time of refunding, the 1993 and 1999 Series bonds had principal balances outstanding of \$56,370,000 and \$299,680,000, respectively. The proceeds for the refunding were transferred to an escrow agent who used the proceeds to purchase non-callable and non-prepayable obligations of the United States of America or held as cash and are to be held in an irrevocable trust to be used for the payment of the principal of and interest on the 1993 and 1999 Series bonds. The advance refunding met the requirements of an in-substance defeasance and the 1993 and 1999 bonds were removed from GPA's financial statements. The advance refunding resulted in a loss on defeasance totaling \$17,283,801 representing the difference between the reacquisition price and the carrying amount of the 1993 and 1999 bonds. Although the advance refunding resulted in the recognition of an accounting loss, GPA in effect reduced its aggregate debt service payments by \$16,506,398 over the next twenty years and obtained an economic gain (difference between the present values of the old debt and the new debt service payments) of \$27,940,966.

In December 2017, GPA refunded its 2010 Series bonds through the issuance of the 2017 Series bonds. At the time of refunding, the 2010 Series bonds had a principal balance outstanding of \$150,440,000. The proceeds for the refunding were transferred to an escrow agent who used the proceeds to purchase non-callable and non-prepayable obligations of the United States of America or held uninvested as cash and are to be held in an irrevocable trust to be used for the payment of the principal of and interest on the 2010 Series bonds. The advance refunding met the requirements of an in-substance defeasance and the 2010 bonds were removed from GPA's financial statements. The advance refunding resulted in a loss on defeasance totaling \$18,390,430 representing the difference between the reacquisition price and the carrying amount of the 2010 bonds. Although the advance refunding resulted in the recognition of an accounting loss, GPA in effect reduced its aggregate debt service payments by \$11,528,439 over the next twenty-two years and obtained an economic gain (difference between the present values of the old debt and the new debt service payments) of \$7,773,490.

The loss on refunding of the bonds is being amortized using the effective interest method over the average remaining life of the old bonds which approximated the average life of the new bonds. The unamortized balance of the loss on refunding of the 1993 and 1999 Series bonds is \$7,421,196 and \$8,594,851 as of September 30, 2020 and 2019, respectively. The unamortized balance of the loss on refunding of the 2010 Series bonds is \$15,031,648 and \$16,138,253 as of September 30, 2020 and 2019, respectively.

At September 30, 2020 and 2019, bonds outstanding of \$414,765,000 is considered defeased.

All of GPA's outstanding bonds are public offerings sold through competitive sale. GPA has no direct borrowings.

Bond Covenants

The Indenture, dated December 1, 1992, as subsequently amended and supplemented by Supplemental Indentures, sets forth the establishment of accounts, the application of revenues, and certain other covenants to ensure payment of debt service. Management believes GPA was in compliance with all bond covenants as of and for the years ended September 30, 2020 and 2019. The primary requirements of the Indenture are summarized below:

Rate Covenant - GPA has covenanted to at all times to establish, fix, prescribe and collect rates and charges for the sale or use of electric energy produced, transmitted, distributed or furnished from the system so as to yield, with respect to the then immediately following twelve months, net revenues equal to at least 1.30 times of the annual debt service. Net revenues are defined as all revenues received during the period less maintenance and operation expenses incurred during such period.

Revenue Fund – The Indenture requires GPA to deposit all revenues upon receipt in the revenue fund. Amounts in the revenue fund are to be used to pay budgeted maintenance and operation expenses and transfer the remaining moneys to different fund accounts.

Working Capital Requirement – Working capital refers to the amount of cash GPA maintains at any given time to pay for its operations. GPA must maintain a balance in such account equal to one-twelfth of the budgeted maintenance and operation expenses for the then current fiscal year.

(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(7) Noncurrent Liabilities, Continued

A. Long-term Debt, Continued

Bond Covenants, Continued

Bond Fund - the Indenture created the Bond Fund solely for the purposes of: (1) paying interest on the Senior Bonds when due and payable; (2) paying principal of the Serial Senior Bonds when due and payable; and (3) purchasing and redeeming or paying at maturity the Term Senior Bonds.

Bond Reserve Fund - the Indenture created a Bond Reserve Fund available for the purpose of paying debt service on Bonds in the event of a deficiency in the Bond Fund. GPA is required to maintain an amount within the Bond Reserve Fund equal to the maximum annual debt service for the then current or future fiscal year on all outstanding bonds.

Events of default with finance related consequences - the Indenture specifies a number of Events of Default and related remedies. In the event that the amount in any Fund or Account is insufficient for the purposes for which such Fund or Account was established, the Trustee shall transfer such amount as is necessary to satisfy such deficiency. If an event of default continues, the Trustee is entitled, and if requested to do so by the Bondholders, to declare the principal and accrued interest to be due and payable immediately upon notice in writing to GPA.

Acceleration - the remedies granted to the Trustee and the Bondholders under the Indenture do not include any right to accelerate the payment of the outstanding bonds. The Trustee is authorized to take certain actions upon the occurrence of an event of default, including proceedings to enforce the rights of Bondholders as outlined in the Indenture.

Forward Delivery Contract

On September 28, 2000, GPA entered into Bond Reserve Fund Forward Delivery Agreements (the agreements) with Lehman Brothers and Bank of America. In connection with the agreements, GPA received cash of \$13.5 million in October 2000, representing the present value of interest income on certain invested bond proceeds. Based on the terms of the agreements, gross proceeds totaled \$17,521,029 while GPA incurred termination fees and closing costs totaling \$3,530,000 and \$1,250,000 respectively. The \$13.5 million in net proceeds included \$759,500 of interest income earned as of the closing dates of the agreements.

The gross proceeds, termination fees and closing costs have been deferred and amortized on a straight line basis over the average remaining life of the 1993 and 1999 bonds. The gross proceeds, net of amortization, are reflected as unearned forward delivery contract revenue in the accompanying statements of net position. The termination fees and closing costs are reflected as unamortized forward delivery contract costs in the accompanying statements of net position. The amortization of forward delivery contract revenues and costs is reflected as components of interest income and interest expense, respectively, in the accompanying statements of revenues, expenses and changes in net position.

(8) Agreements with the U.S. Navy

On September 15, 1996, a lease agreement was entered into between GPA and the U.S. Navy (Navy) to transfer to GPA the operations, maintenance, and custody of certain Navy-owned electrical transmission and distribution lines, electric power generation facilities, related structures and equipment, together with the associated land interest. The facilities are leased to GPA at no cost for a period of 50 years.

(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(8) Agreements with the U.S. Navy, Continued

On August 1, 2012, GPA and the Navy entered into a Utility Services Contract (USC) for a period of ten years, unless terminated early at the option of the Navy, with no option for extension. Key features of the USC include transfer of certain Navy facilities to GPA at no charge, calculation of power rates charged to the Navy in accordance with the methodology approved by the PUC, GPA's continued use of the Navy's assets and associated real estate assets at no charge, compensation by GPA to the Navy for energy supplied to GPA's customers from Navy dedicated facilities, weekly fuel payments by the Navy, supply of water to Guam Waterworks Authority (GWA) by the Navy for power generation facilities, maintenance of a minimum contract demand with no maximum demand provision, and payment within fifteen days of electric billing by the Navy, subject to late payment charges. During the years ended September 30, 2020 and 2019, GPA billed the Navy \$52,851,527 and \$65,706,812, respectively, for sales of electricity under the USC. Receivables from the Navy were \$4,776,855 and \$6,997,846 at September 30, 2020 and 2019, respectively.

On August 31, 2015, GPA and the Navy entered into a Basic Ordering Agreement (BOA) which enumerates task items that are to be contracted to identify, develop and/or implement work on Navy facilities and utility systems. The tasks are generally related to energy services including renewable energy and energy efficiency. The period during which the orders may be placed against the BOA may not exceed five years. On August 26, 2020, GPA and the Navy executed their first task under the BOA. However, no expenses have been incurred as of September 30, 2020.

On September 12, 2016, GPA and the Navy entered into a lease agreement to lease a portion of the land controlled by the Navy to construct and operate a renewable energy plant. The lease will not be effective until GPA secures the renewable energy contract. No lease payment is due or accruing until then.

(9) Commitments and Contingencies

Fuel Purchase Contracts

In November 2019, GPA entered into diesel fuel supply contracts with IP&E Guam, Inc. and Mobil Oil Guam, Inc. The agreements are for two years beginning January 1, 2020 with an option to extend for three years, renewable annually.

In September 2020, GPA entered into residual fuel oil (RFO) supply contract with Hyundai Corporation. The agreement is for three years commencing on or about September 1, 2020 until August 31, 2023 with the options to extend for two (2) additional one (1) year terms, upon mutual agreement of both parties. The minimum purchase under the contract is estimated at 1,000,000 barrels per year with a maximum purchase of 2,000,000 barrels per year of combined quantities.

Performance Management Contracts

GPA entered into a Performance Management Contract (PMC) for the operation and maintenance of the Cabras 1 and 2 generators, which became effective on October 1, 2010. The PMC is for a period of five years with an option to extend for another five-year term. The fees are subject to certain incentives and penalties, as agreed by both parties. The extension was exercised and the PMC expired on September 30, 2020. In November 2019, GPA initiated the procurement process for the expiring contract. In July 30, 2020, the Guam PUC approved GPA's petition to award the bid to Taiwan Electrical and Mechanical Engineering Services, Inc. (TEMES) for \$9,969,188 for the contract base period of three years.

GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)

Notes to Financial Statements
September 30, 2020 and 2019

(9) Commitments and Contingencies, Continued

Performance Management Contracts, Continued

GPA entered into a PMC for the Dededo, Macheche and Yigo combustion turbine power plants for a period of five years commencing on March 1, 2016 with options to extend for one additional three-year term and one additional two-year term. The fees are subject to certain incentives and penalties, as agreed by both parties.

At September 30, 2020, the minimum future fixed management fees are as follows:

<u>Year Ending September 30,</u>	<u>Amount</u>
2021	\$ 2,208,240
2022	1,972,488
2023	<u>2,031,663</u>
	\$ <u>6,212,391</u>

Fuel Bulk Storage Facility Contract

In September 2017, GPA entered into an agreement for the management and operations of its fuel bulk storage facility. The agreement is for two years ending September 30, 2019 with an option to extend the contract for three additional one-year terms. The initial extension has been exercised and the agreement expired on September 30, 2020. In January 2020, CCU approved to exercise the second and third year extensions of the contract. In the following month, the PUC approved the petition to exercise the two one-year options to extend. At September 30, 2020, the minimum future management fees for the years ending September 30, 2021 and 2022 are \$885,109 and \$911,662, respectively.

Operating Leases

GPA entered into a sublease agreement for vehicle, equipment, and material storage and for a power substation beginning November 1, 2002 with annual rental of \$61,261 through October 31, 2012, which was extended for ten years.

GPA entered into a lease agreement for fuel storage tanks effective September 1, 2013. The contract includes fixed annual fees escalating 4% every year until August 31, 2022.

GPA entered into a commercial space lease beginning July 1, 2010, with monthly rentals of \$4,495 through June 30, 2015, which was extended for five years. The procurement for a commercial space was delayed due to the pandemic. GPA is currently in a month to month lease pending the result of the procurement process.

At September 30, 2020, future minimum lease payments for operating leases are as follows:

<u>Year Ending September 30,</u>	<u>Amount</u>
2021	\$ 1,926,902
2022	1,833,929
2023	<u>5,105</u>
	\$ <u>3,765,936</u>

Rent expense under the aforementioned agreements totaled \$1,895,598 and \$1,840,086 during the years ended September 30, 2020 and 2019, respectively.

(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(9) Commitments and Contingencies, Continued

Renewable Energy Contracts

GPA entered into two renewable energy purchase agreements to purchase 20 MW and 5.65 MW of solar renewable energy. The commercial operation date of the two solar plants was October 30, 2015. The agreements include escalating contract prices per MW hour until 2041 and 90% minimum production which is the minimum requirement per contract year that is to be met to avoid production shortfall penalties. The total minimum renewable energy purchase commitment is 1.1 million MW hours.

At September 30, 2020, the minimum future renewable energy purchases are as follows:

<u>Year Ending September 30,</u>	<u>Amount</u>
2021	\$ 9,171,682
2022	9,200,983
2023	9,196,204
2024	9,163,847
2025	9,209,954
2026 through 2030	46,144,678
2031 through 2035	46,327,914
2036 through 2040	46,882,941
2041	<u>783,348</u>
	<u>\$ 186,081,551</u>

In August 2018, GPA executed three renewable energy purchase agreements to purchase a total of 120 MW of solar renewable energy. The commercial operation dates of the solar plants are not yet established.

Energy Conversion Agreement

In January 2019, ownership of a power plant under an energy conversion agreement was transferred to GPA (see note 4). GPA entered into an agreement with the same company to continue to manage and operate the power plant for a period of five years. The operation and maintenance fees are calculated based on factors stated in the agreement and paid on monthly basis. Total operation and maintenance fees paid during the year ended September 30, 2019 approximated \$5.9 million. GPA also pays a monthly recapitalization fee of \$305,265 consisting of payments for capital and performance improvement projects, operations and maintenance fees, 4% cost of money and 10% contingency. The total recapitalization fee paid during the years ended September 30, 2020 and 2019 were \$3,663,180 and \$2,442,120, respectively, of which \$796,000 and \$998,000, respectively, were prepaid. Of the total amount, \$3,865,510 and \$1,444,179, respectively, was for capital projects which were recorded in utility plant assets for the years ended September 30, 2020 and 2019. The remaining amount was unspent and is included in prepaid expenses and other current assets in the accompanying statements of net position as of September 30, 2020.

At September 30, 2020, the future recapitalization fees are as follows:

2021	\$ 3,663,180
2022	3,663,180
2023	3,663,180
2024	<u>1,221,060</u>
	<u>\$ 12,210,600</u>

Notes to Financial Statements
September 30, 2020 and 2019

(9) Commitments and Contingencies, Continued

Capital Commitments

As of September 30, 2020, GPA has various on-going construction contracts with a total contract price of \$58 million, of which \$25 million is recorded in construction work in progress.

Letters of Credit

As of September 30, 2020, GPA has a \$35 million uncollateralized revolving documentary letter of credit for purchases of fuel. There was no outstanding commitment under the standby letter of credit at September 30, 2020. In light of the new Residual Fuel Oil contract with Hyundai Corporation, this letter of credit facility was cancelled on December 24, 2020. Hyundai has extended to GPA a provision net 30-day option for payments.

As of September 30, 2020, GPA has a \$1.8 million standby letter of credit, collateralized by a certificate of deposit of the same amount, to guarantee any payments due under the temporary power services contract. This standby letter of credit was extended until April 30, 2021 in anticipation of a delay in the turnover of the management for the Yigo diesel unit.

Self-Insurance

GPA self-insures its transmission and distribution (T&D) plant, because no insurance is available at reasonable rates.

As the result of a PUC Order, GPA adds an insurance charge of \$0.00290 per kWh for civilian ratepayers and from \$0.00035 per kWh to \$0.00070 per kWh for the Navy until a self-insurance fund balance of \$20 million is achieved. Insurance charge proceeds are transferred to the restricted self-insurance fund to be used to cover losses that would normally be covered by insurance. GPA is not prohibited from petitioning PUC for approval to use the self-insurance fund for additional purposes to the extent that such losses are not covered by insurance.

In 2015, GPA reached the \$20 million self-insurance cap and the insurance surcharge was discontinued. The insurance surcharge will be reactivated after the fund balance falls to less than \$18 million.

The self-insurance fund, included in restricted cash and cash equivalents held by GPA, was \$19,469,799 and \$19,383,963 at September 30, 2020 and 2019, respectively.

Litigation

GPA has several asserted and unasserted claims outstanding as of September 30, 2020. It is not possible for the management of GPA to estimate the ultimate resolution of these matters and therefore, no provision for any liability that may result from these claims has been made in the accompanying financial statements.

(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(9) Commitments and Contingencies, Continued

U.S. Environmental Protection Agency

On May 24, 1986, the administrator of the U.S. Environmental Protection Agency (EPA) granted a continuing exemption to GPA under the provisions of Section 325(b) of the Clean Air Act, as amended. The terms of the exemption require monitoring by EPA, certain commitments by GPA regarding fuel stocks, and reporting and delineation of grounds for revocation of the exemption.

In February 2011, EPA, under the Clean Air Act, established new rules under National Emission Standards for Hazardous Air Pollutants for Reciprocating Internal Combustion Engine Maximum Achievable Control Technology (RICE MACT). These rules require stack emissions control and continuous monitoring system equipment to be installed on all GPA peaking and baseload diesel generators including its Cabras 3 and 4 and MEC 8 and 9 slow speed diesel units. Compliance under the diesel MACT was due May 3, 2013. Non-compliance under the diesel MACT could result in penalty fees of \$37,500 per unit per day. GPA applied for and received a one-year extension for complying with the rules with respect to its small diesel peaking units. The required stack emission equipment was installed within the extension period. The Cabras 3 and 4 power plants are no longer subject to compliance due to an explosion and fire in August 2015.

EPA also established rules for Electric Generating Unit Maximum Achievable Control Technology (EGU MACT) which applies to Cabras 1 and 2 and Tanguisson steam boiler units. Compliance under the EGU MACT was required by April 2015. Non-compliance could result in penalty fees of \$37,500 per unit per day. GPA obtained PUC approval to early terminate the associated energy conversion agreement of the Tanguisson unit. By deactivating the Tanguisson unit, GPA did not incur compliance costs for this unit.

As to compliance with the other units subjected to RICE MACT and EGU MACT, GPA and EPA entered into a consent decree allowing time for GPA to comply with the regulations and allowing potential fines and penalties for non-compliance to be used for compliance with regulations. In early February 2020, EPA and GPA signed the consent decree. Some of the objectives by the consent decree follow:

- a. permanently retire Cabras 1 and 2 units by October 31, 2022
- b. bring the MEC 8 and 9 units into compliance by switching from residual fuel oil to ultra-low sulfur diesel oil and installing oxidation catalysts by December 31, 2021
- c. construct a new power plant that will comply with the requirements of Clean Air Act to be activated by October 1, 2022
- d. pay a sum of \$400,000 as a civil penalty. This penalty was settled on May 1, 2020.

The consent decree requires monetary penalties for not accomplishing the various objectives by the required dates.

The US District Court approved the consent decree on April 20, 2020 and this approval shall constitute the final judgement to GPA. Management is in the process of working through the objectives and requirements set forth by the consent decree. Because of the COVID-19 pandemic in fiscal year 2020 (note 12), GPA has encountered delays in completing some of the objectives set forth in the consent decree. GPA is in the process of negotiating extensions to some of the consent decree requirements, citing the force majeure clause in the agreement.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(9) Commitments and Contingencies, Continued

Hazardous Waste Assessment

Guam Public Law 20-110 requires certain entities to remit payments to a hazardous substance expense fund. There are questions as to the enforceability of the law; accordingly, no provision has been made in the accompanying financial statements for payments to be made under this law. GPA is covered by its self-insurance and worker's compensation insurance in case of accidents due to hazardous substances.

Autonomous Agency Collections Fund

On March 31, 2011, GPA received an invoice from the Government of Guam Department of Administration (GovGuam DOA) of \$12,250,000 representing an annual assessment of \$875,000 for each of the fiscal years 1998 to 2011 pursuant to 5 GCA Chapter 22 Section 22421, *Transfer of Autonomous Agency Revenues To Autonomous Agency Collections Fund*. In September 2013, GPA received another invoice for \$875,000 from the Chamorro Land Trust Commission referring to the same annual assessment aforementioned. There were no invoices received for the years ended September 30, 2020 and 2019. GPA obtained approval from the CCU to offer GovGuam DOA a settlement amount of \$2.6 million. However, such settlement offer is conditional on the approval by the PUC of a surcharge to recover the assessment from ratepayers. The PUC has not approved the surcharge as of September 30, 2020 and therefore, no liability or other impact has been recognized in the accompanying financial statements.

Merit System

In 1991, Public Law 21-59 was enacted to establish a bonus system for employees of GovGuam, autonomous and semi-autonomous agencies, public corporations and other public instrumentalities of GovGuam who earn a superior performance grade. The bonus is calculated at 3.5% of the employee's base salary beginning 1991 but was suspended by law for the years 1996, 2002, 2003 and 2004. Between 1991 and 2008, GPA did not calculate or pay any bonuses. In 2010, the Guam Legislature authorized GPA to implement a Pay for Performance program, similar to the GovGuam unified pay systems for certified, technical and professional positions, covering the evaluation period of 2009. As of September 30, 2020 and 2019, the CCU determined that there was no liability for employees covered in the new pay system. Therefore, no liability has been recognized in the accompanying financial statements.

Integrated Resource Plan

In 2012, GPA developed its Integrated Resource Plan (IRP). The objectives of the IRP are primarily to identify the timing, size, technology of future power generating units, and to address issues such as fuel diversification and the renewable energy portfolio standards. Specifically, the IRP recommendations include the replacement of older generation equipment with combined cycle combustion turbine generators which can utilize either Liquefied Natural Gas (LNG) or Ultra-Low Sulfur (ULS) diesel fuel; adding 40-45 MW of generation from renewable energy sources; and diversification of its fuel source to LNG and ULS diesel fuel.

GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)

Notes to Financial Statements
September 30, 2020 and 2019

(9) Commitments and Contingencies, Continued

Integrated Resource Plan, Continued

In August 2015, GPA lost 78 MW of base load capacity and experienced insufficient generation reserve after the explosion and fire at the Cabras 4 Power Plant. The PUC ordered GPA to update the IRP in consideration of this event. The results of the updated IRP indicated that GPA should procure up to 180 MW of combined cycle units. In October 2016, the PUC authorized GPA to proceed with procurement and in October 2019, the PUC approved the energy conversion agreement for a 198 MW power plant build, own/operate and transfer contract. The PUC Order, however, does not include the authorization or approval for any use of LNG as a fuel source for the new plant.

Asset Retirement Obligation

GPA has power plants that were identified to be retired in the future. Upon retirement, GPA may incur costs to dismantle and clean-up the power plants. As of September 30, 2020, GPA has no legal or contractual obligation to perform these actions when they retire their assets; therefore, no provision for this potential cost has been recorded in the accompanying financial statements.

(10) Related Party Transactions and Balances

During the years ended September 30, 2020 and 2019, GPA billed GovGuam agencies \$48,784,993 and \$57,823,299, respectively, for sales of electricity. Receivables from GovGuam agencies were \$5,842,048 and \$6,351,446 at September 30, 2020 and 2019, respectively (see note 3).

GPA provides electrical and administrative services to GWA, a component unit of the GovGuam, which is also governed by the CCU. Electricity sales to GWA for the years ended September 30, 2020 and 2019 were \$14,093,569 and \$16,062,334, respectively. Outstanding receivables were \$983,112 and \$1,397,945 at September 30, 2020 and 2019, respectively, which are included in the GovGuam agencies receivable mentioned above.

On June 23, 2009, GPA and GWA entered into a Memorandum of Understanding (MOU) where each agency agrees to provide administrative, operational, maintenance, repair and other specified services on behalf of the other agency and each will reimburse the other for their actual costs for providing said services. Total billings by GPA to GWA for administrative expenses and cost reimbursements were \$162,298 and \$32,732 for the years ended September 30, 2020 and 2019, respectively. Outstanding receivables totaled \$0 and \$60,509 at September 30, 2020 and 2019, respectively, and were included in other receivables (see note 3).

Effective October 1, 2015, GPA and GWA implemented an agreement to share in the costs of the office building commonly occupied by them for an annual cost of \$269,170 due from GWA to GPA. GWA also shares in the actual costs incurred for security, janitorial services, building insurance and other maintenance costs. Total billings by GPA to GWA for its share in the costs of the office building were \$408,976 and \$388,427 for the years ended September 30, 2020 and 2019, respectively. Outstanding receivables were \$77,201 and \$79,592 at September 30, 2020 and 2019, respectively, and were included in other receivables (see note 3).

GWA billed GPA for water and sewer charges totaling \$1,750,242 and \$2,379,002 for the years ended September 30, 2020 and 2019, respectively. The amount due to GWA at September 30, 2020 and 2019 was \$192,654 and \$294,409, respectively, which was included in accounts payable - operations in the accompanying statements of net position.

**GUAM POWER AUTHORITY
(A COMPONENT UNIT OF THE GOVERNMENT OF GUAM)**

Notes to Financial Statements
September 30, 2020 and 2019

(10) Related Party Transactions and Balances, Continued

In October 2011, U.S. Federal Emergency Management Agency (FEMA) reimbursed GPA for certain typhoon related costs incurred in 2002 of approximately \$1,800,000. The reimbursement was received by GovGuam DOA which plans to offset such amount against billings to GPA related to the Autonomous Agency Collections Fund (see note 9). Due to uncertainty of receipt, GPA has not recorded the reimbursement in the accompanying financial statements.

(11) Restricted Net Position

At September 30, 2020 and 2019, net position was restricted for the following purposes:

	<u>2020</u>	<u>2019</u>
Debt service	\$ 24,448,777	\$ 19,039,882
Budgeted maintenance and operating expenses	5,148,569	3,955,940
Demand Side Management Program and projects	<u>261,171</u>	<u>333,528</u>
	<u>\$ 29,858,517</u>	<u>\$ 23,329,350</u>

(12) COVID-19 Pandemic

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. On March 13, 2020, President Donald J. Trump declared a national emergency within the United States. In response to the national emergency declared by the U.S. President, on March 14, 2020, Governor Lourdes A. Leon Guerrero issued Executive Order 2020-03 declaring a state of emergency in response to COVID-19. Further, Executive Order 2020-04 ordered the closure of all non-essential Government of Guam offices, prohibited large gatherings, and restricted entry into Guam from countries with confirmed COVID-19 cases. As a result, schools and non-essential government agencies and businesses have closed. GPA has closed its offices to the public and has required all non-essential employees to work from home. While the disruption is currently expected to be temporary, there is uncertainty around the duration. While this matter is negatively impacting GPA's business, results of operations and financial position, the ultimate financial impact cannot be reasonably estimated at this time.

		40,091,847	37,755,784	(27,949,656)	49,897,975
		\$ 493,787,337	\$ 154,313,818	\$ (158,864,865)	\$ 489,236,290

GPA reassessed the estimated useful life of Cabras 1 and 2 based on the expected retirement of these plants when the new power plant becomes operational (see note 9). GPA recorded additional depreciation expense of approximately \$3.7 million during the years ended September 30, 2020 and 2019 due to the revised estimated useful life of these power plants.

Required Supplemental Information (Unaudited)
Schedule of OPEB Contributions
Last 10 Fiscal Years*

	2020	2019	2018	2017
Actuarially determined contribution	\$ 10,346,390	\$ 11,836,895	\$ 4,181,160	\$ 10,762,017
Contributions in relation to the actuarially determined contribution	<u>2,535,819</u>	<u>2,597,426</u>	<u>2,337,202</u>	<u>2,337,202</u>
Contribution deficiency	<u>\$ 7,810,571</u>	<u>\$ 9,239,469</u>	<u>\$ 1,843,958</u>	<u>\$ 8,424,815</u>
Covered-employee payroll as of valuation date	\$ 31,141,489	\$ 29,507,688	\$ 25,806,659	\$ 25,806,659
Contributions as a percentage of covered-employee payroll	8.14%	8.80%	9.06%	9.06%

Notes to schedule:

Valuation date:

Actuarially determined contributions rates are calculated as of September 30, 2019.

Method and assumptions used to determine contributions rates:

Actuarial cost method:	Entry age normal.
Amortization method:	Level dollar amount on an open amortization period for pay-as-you-go funding.
Amortization period:	30 years
Inflation:	2.75%
Healthcare cost trend rates:	Non-medicare 13.5%; Medicare -25%; and Part B 5.33%. For the second year, 6.75% then reducing 0.25% annually to an ultimate rate of 4.25% for 2029 and later years.
Salary increase:	4.0% to 7.5%
Mortality (Healthy Retiree):	RP-2000 Combined Healthy Mortality Table, set forward 3 years and 2 years for males and females, respectively, projected generationally using 30% of Scale BB
Mortality (Disabled Retiree):	RP-2000 Disabled Mortality Table, set forward 6 years and 4 years for males and females, respectively, projected generationally using 30% of Scale BB

* This data is presented for those years for which information is available.

See Accompanying Independent Auditors' Report.
