E-Filing: OPA-PA-24-001; Guam Solid Waste Authority Procurement Record

GSWA Admin <admin@gswa.guam.gov>

Mon, May 6, 2024 at 3:39 PM

To: Jerrick Hernandez <jhernandez@guamopa.com>

Cc: Irvin Slike <irvin.slike@gswa.guam.gov>, shannon@camachotaitano.law

Hafa adai,

GSWA is re-submitting the Procurement Record for Invitation for Bid # GSWA-004-24. We have identified an error in the original submission, specifically Tab 2, pages 7-40 of the procurement record. We have made the corrections and are hereby submitting the corrected file attached.

Please let me know if there's any further action required.

Thank you.

CERTIFICATION of COMPLETED PROCUREMENT RECORD

Instructions: After ascertaining the statement's accuracy and truthfulness, the agency's procurement officer (director or head of agency) must sign the Certification below to indicate that the agency has kept a complete procurement record of all documents required by law. The checklist below is provided to ensure that the record is complete, and must be filled out by the procurement officer or administrator. The checklist is comprised of every item that is required by law for an invitation for bid (IFB) or a request for proposal (RFP), and therefore every item, except as noted below, must be checked for the resulting contract to be considered legally sufficient. Please assemble the procurement record in the order stated below and place it in a three-ring binder, with visible tabs for each of the items below appearing in numerical order.

IFB/RFP No: GSWA-004-24 Contractor: PAR EAST EQUIPMENT COMPANY, LLC

COMPACT WHEEL LOADER W/ ATTACHMENTS

- 1. Published notice in newspaper of general circulation
- 2. Procurement package (IFB or RFP) issued to bidders or offerors
- 3. Log of distribution of procurement package
- 4. Amendments to IFB or RFP, if any were issued
- 5. Logs of distribution of amendments to IFB or RFP, but only if amendments were issued
- N/A 6. Minutes or summary of pre-submission conferences, but only if conferences were held
- N/A 7. Logs of attendees of pre-submission conferences, but only if conferences were held
- 8. Written questions from bidders or offerors, but only if any questions were received
- 9. Written answers, but only if any questions were received
- 10. Proof that written answers were provided to all potential bidders or offerors, but only if any questions were received
- 11. Log of bids or registry of proposals received
- 12. Each bid or proposal received
- 13. Evaluation of proposals or analysis of bids (bids are not required by law to be analyzed, but may be)
- 14. Tabulation of evaluations or analysis (tabulations are not required by law but recommended)
- 15. Letters to bidders concerning outcome of bid; for offerors, letters informing them of ranking and letter to best qualified offeror inviting negotiations
- N/A 16. Memorandum of evaluations and negotiations (only required for RFP's)
- 17. Notice of intent to award
- 18. Any and all communications from or to anyone concerning any part of IFB or RFP
- 19. Contract, including all draft versions
- 20. Bid protests, if any, and responses thereto
- 21. Any determination required by law as may fit the circumstances

CERTIFICATION: Pursuant to 5 G.C.A. §5250, I hereby certify under penalty of perjury that I am the procurement officer responsible for administering the solicitation of the acquisition referenced above, and that I have caused to be prepared and now maintain a full and complete record of the procurement as required by law.

 ISLAND OF GUAM)

Preface. As a condition of submitting a Bid/Offer/Proposal or responding to any method of source selection under Guam’s Procurement Law for the purpose of entering into a contract with the government of Guam, this Affidavit requires all Bidders/Offerors/Prospective Contractors to make disclosures of ownership, influence, commissions, gratuities, kickbacks, and conflicts of interest occurring **during the 365 calendar days preceding the publication of this solicitation and until award of a contract**. This includes the duty to disclose **any changes** to the facts disclosed herein throughout the solicitation process; and if the entity submitting this Affidavit is awarded a contract, the duty to disclose **any changes** to the facts disclosed herein **continues throughout the life of the contract, including any extensions or renewals**.

A. I, the undersigned, being first duly sworn, depose and say that I am an authorized representative of the Bidder/Offeror/Prospective Contractor and that (please check and fill out all that apply):

The Bidder/Offeror/Prospective Contractor is an individual with a business license, and all decisions are by, and all profit is for, that same individual, with principal place of business street address being: _____

The Bidder/Offeror/Prospective Contractor is a business or artificial person (as defined in 1 GCA § 715 or 5 GCA §§ 5030(n) or 5233(b)), and is a sole proprietorship owned entirely (100%) by _____, with principal place of business street address being: _____

The Bidder/Offeror/Prospective Contractor is a business or artificial person (as defined in 1 GCA § 715 or 5 GCA §§ 5030(n) or 5233(b)), and is owned by the following multiple individuals. Note: owners of more than 10% are statutorily required to be listed below, but other owners of smaller percentage are encouraged to be listed as well.

Name of Owner	Principal Place of Business Street Address	% of Interest
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

Affidavit Disclosing Ownership, Influence,
 Commissions and Conflicts of Interest
 AG Procurement Form 002 (Rev. 11/17/2021)

[] One or more of the more-than-10% owners listed above is a business or artificial person. Any more-than-25% owners of such a business or artificial person are listed below per 5 GCA § 5233. Note: any less-than-25% owners of such a business or artificial person is encouraged to also be listed below.

Name of >10% Owner Business or Artificial Person:

--

Names of owners of the >10% Owner Business or Artificial Person (“Second Tier Owner”)	Owner’s Principal Place of Business Street Address	% of Interest

Name of other >10% Owner Business or Artificial Person:

--

Names of owners of the >10% Owner Business or Artificial Person (“Second Tier Owner”)	Owner’s Principal Place of Business Street Address	% of Interest

B. If any Second Tier Owner identified above is an artificial person, the natural or artificial owners of such Second Tier Owner who have held more than 49% of the shares or interest in the Bidder/Offeror/Prospective Contractor (Third Tier Owners) are as follows [if none, please so state]:

Second Tier Owner Name _____

Name of Third Tier Owner	Principal Place of Business Street Address	% of Interest
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

Affidavit Disclosing Ownership, Influence,
 Commissions and Conflicts of Interest
 AG Procurement Form 002 (Rev. 11/17/2021)

C. If the name of no natural person has been identified as an owner, or a Second or Third Tier Owner of the Bidder/Offeror/Prospective Contractor, please identify the name, position, address, and contact information of the natural person having the authority and responsibility for the Bid/Offer/Proposal/Prospective Contract, and the name of any natural person who has the authority and power to remove and replace the designated responsible person:

Name of Natural Person	Position	Street Address of Principal Place of Business	Phone Number, Email Address, and other Contact Information

D. Further, I say that the persons who have received or are entitled to receive a commission, gratuity, contingent fee or other compensation to solicit, secure, or assist in obtaining business related to the Bid/Offer/Proposal/Prospective Contract for which this Affidavit is submitted are as follows (if none, please so state):

Name	Principal Place of Business Street Address	Amount of Compensation
_____	_____	_____
_____	_____	_____

E. Further, I say that the persons who have directly or indirectly participated in this solicitation and who are also employees of the government of Guam or the government of the United States, if federal funds are to be used in the payment of the contract related to the Bid/Offer/Proposal/Prospective Contract for which this Affidavit is submitted, are as follows (if none, please so state):

Name	Principal Place of Business Street Address
_____	_____
_____	_____

F. Regardless of any ownership interest, the following individuals have the power to control the performance of the contract or to control the Bidder/Offeror/Prospective Contractor, directly or indirectly:

Name	Principal Place of Business Street Address
_____	_____
_____	_____

DECLARATION RE COMPLIANCE WITH U.S. DOL WAGE DETERMINATION

Procurement No.: _____

Name of Offeror Company: _____

I, _____ hereby **certify under penalty of perjury:**

(1) That I am _____ [*please select one: the offeror, a partner of the offeror, an officer of the offeror*] making the bid or proposal in the foregoing identified procurement;

(2) That I have read and understand the provisions of 5 GCA § 5801 and § 5802 which read:

§ 5801. Wage Determination Established.

In such cases where the government of Guam enters into contractual arrangements with a sole proprietorship, a partnership or a corporation ("contractor") for the provision of a service to the government of Guam, and in such cases where the contractor employs a person(s) whose purpose, in whole or in part, is the direct delivery of service contracted by the government of Guam, then the contractor shall pay such employee(s) in accordance with the Wage Determination for Guam and the Northern Mariana Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct delivery of contract deliverables to the government of Guam.

The Wage Determination most recently issued by the U.S. Department of Labor at the time a contract is awarded to a contractor by the government of Guam shall be used to determine wages, which shall be paid to employees pursuant to this Article. Should any contract contain a renewal clause, then at the time of renewal adjustments, there shall be made stipulations contained in that contract for applying the Wage Determination, as required by this Article, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply.

§ 5802. Benefits.

In addition to the Wage Determination detailed in this Article, any contract to which this Article applies shall also contain provisions mandating health and similar benefits for employees covered by this Article, such benefits having a minimum value as detailed in the Wage Determination issued and promulgated by the U.S. Department of Labor, and shall contain provisions guaranteeing a minimum of ten (10) paid holidays per annum per employee.

(3) That the offeror is in full compliance with 5 GCA § 5801 and § 5802, as may be applicable to the procurement referenced herein;

(4) That I have attached the most recent wage determination applicable to Guam issued by the U.S. Department of Labor. [*INSTRUCTIONS - Please attach!*]

"REGISTER OF WAGE DETERMINATIONS UNDER THE SERVICE CONTRACT ACT By direction of the Secretary of Labor	U.S. DEPARTMENT OF LABOR EMPLOYMENT STANDARDS ADMINISTRATION WAGE AND HOUR DIVISION WASHINGTON D.C. 20210 Wage Determination No.: 2015-5693 Revision No.: 19 Date Of Last Revision: 07/17/2023
Daniel W. Simms Director	Division of Wage Determinations

Note: Contracts subject to the Service Contract Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026.

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	Executive Order 14026 generally applies to the contract. The contractor must pay all covered workers at least \$16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023.
---	--

The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the Executive Orders is available at www.dol.gov/whd/govcontracts.

***Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$16.20 per hour). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to contracts or contract-like instruments entered into with the federal government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on federal lands.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.98 per hour, up to 40 hours per week, or \$199.20 per week or \$863.20 per month

HEALTH & WELFARE EO 13706: \$4.57 per hour, up to 40 hours per week, or \$182.80 per week, or \$792.13 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

CERTIFICATION OF NON-EMPLOYMENT OF CONVICTED SEXUAL OFFENDERS

Pursuant to Guam Public Law 28-24, as amended by Guam Public Law 28-98, if a contract for services is awarded to an Offeror, then the service provider must warrant that no person in its employment who has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of the Guam Code Annotated or of an offense defined in Article 2 of Chapter 28 of Title 9 of the Guam Code Annotated, or who has been convicted in any other jurisdiction of an offense with the same elements as heretofore defined, or who is listed on the Sex Offender Registry, shall provide services on behalf of the service provider while on government of Guam property, with the exception of public highways. If any employee of a service provider is providing services on government property and is convicted subsequent to an award of a contract, then the service provider warrants that it will notify the GSWA of the conviction within twenty-four hours of the conviction and will immediately remove such convicted person from providing services on government of Guam property. If the service provider is found to be in violation of any of the provisions of this paragraph, then the GSWA will give notice to the service provider to take corrective action. The service provider shall take corrective action within twenty-four hours of notice from the GSWA, and the service provider shall notify the GSWA when action has been taken. If the service provider fails to take corrective steps within twenty-four hours of notice from the GSWA, then the GSWA in its sole discretion may suspend temporarily any contract for services.

I, _____ being a duly authorized representative of the Offeror,
 (print name)

acknowledge the requirements described above, have ensured that the Proposal as submitted addresses these requirements, and certify that if awarded the contract, the Offeror will follow these mandates.

SEE INSTRUCTIONS IN BACK PAGE FOR SUPPORTING DOCUMENTS REQUIRED.

INSTRUCTION TO PROVIDERS:

NOTICE to all Insurance and Bonding Institutions:

The Bond requires the signatures of the Vendor, two (2) major Officers of the Surety and Resident General Agent, if the Surety is a foreigner or alien surety.

When the form is submitted to the Guam Solid Waste Authority, it should be accompanied with copies of the following:

1. Current Certificate of Authority to do business on Guam Issued by the Department of Revenue and Taxation.
2. Power Of Attorney issued by the Surety to the Resident General Agent.
3. Power of Attorney issued by two (2) major officers of the Surety to whoever is signing on their behalf.

Bonds, submitted as Bid Guarantee, without signatures and supporting documents are invalid and Bids will be rejected.

GOVERNMENT OF GUAM

GENERAL TERMS AND CONDITIONS

SEALED BID SOLICITATION AND AWARD

ONLY THOSE BOXES CHECKED BELOW ARE APPLICABLE TO THIS BID

1. **AUTHORITY:**

This solicitation is issued subject to all the provisions of the Guam Procurement Act (5GCA, Chapter 5) and the Guam Procurement Regulations (copies of both are available at the Office of the Complier of laws, Department of Law, copies available for inspection at the Guam Solid Waste Authority). It requires all parties involved in the Preparation, negotiation, performance, or administration of contracts to act in good faith.

2. **GENERAL INTENTION:** Unless otherwise specified, these General Terms and conditions are intended for the bidder to provide the Government of Guam (Government) with specified services or with materials, supplies or equipment completely assembled and ready for use.

3. **TAXES:** Bidders are cautioned that they are subject to Guam Income Taxes as well as all other taxes on Guam transactions. Specific information on taxes may be obtained from the Director of Revenue and Taxation.

4. **LICENSING:** Bidders are cautioned that the Government will not consider for award any offer submitted by a bidder who has not complied with the Guam Licensing law. Specific information on licenses may be obtained from the Director of Revenue and Taxation.

5. **LOCAL PROCUREMENT PREFERENCE:** All procurement of supplies and services where possible, will be made from among businesses licensed to do business on Guam in accordance with section 5008 of the Guam Procurement Act (5GCA, Chapter 5) and Section 1104 of the Guam Procurement Regulations.

6. **COMPLIANCE WITH SPECIFICATIONS AND OTHER SOLICITATION REQUIREMENTS:** Bidders shall comply with all specifications and other requirements of the Solicitation.

7. **“ALL OR NONE” BIDS:** Unless otherwise allowed under this Solicitation, “all or none” bids may be deemed to be non-responsive. If the bid is so limited, the Government may reject part of such proposal and award on the remainder.

NOTE: By checking this item, The Government is requesting all of the bid items to be items to be bided or none at all. **The Government will not award on an itemized basis.** Reference 3-101.06 of the Guam Procurement Regulations.

8. **INDEPENDENT PRICE DETERMINATION:** The bidder, upon signing the Invitation for Bid, certifies that the prices in his bid were derived without collusion, and acknowledges that collusion and anti-competitive practices are prohibited by law. Violations will be subject to the provision of Section 5651 of that of the Guam Procurement Act. Other existing civil, criminal or administrative remedies are not impaired and may be in addition to the remedies in Section 5651 of the Government code. By submitting a bid, the bidder certifies that its price was independently arrived at without collusion.

9. **BIDDER’S PRICE:** The Government will consider not more than two (2) (basic and Alternate) item prices and the bidder shall explain fully each price if supplies, materials, equipment, and/or specified services offered comply with specifications and the products origin. Where basic or alternate bid meets the minimum required specification, cost and other factors will be considered. Failure to explain this requirement will result in rejection of the bid.

10. **BID ENVELOPE:** Envelope shall be sealed and marked with the Bidder’s name, Bid number, time, date and place of Bid opening.

11. **BID GUARANTEE REQUIREMENT:** Bidder is required to submit a Bid Guarantee Bond or standby irrevocable Letter of Credit or Certified Check or Cashier’s Check in the same bid envelope to be held by the Government pending delivery of items being procured. The Bid Guarantee Bond, Letter of Credit, Certified Check or cashier’s check must be issued by any local surety or banking institution licensed to do business on Guam and made payable to the Guam Solid Waste Authority in the amount of fifteen percent (15%) of the total bid offer. The Bid Bond must be submitted on Government Standard Form BB-1 (copy enclosed). Personal Checks will not be accepted as Bid Guarantee. If a successful Bidder (contractor) withdraws from the bid or fails to enter into contract within the prescribed time, such Bid guarantee will be forfeited to the Government of Guam. Bids will be disqualified if not accompanied by Bid Bond, Letter of Credit, Certified Check or Cashier’s Check. Bidder must include in his/her bid, valid copies of a Power of Attorney from the Surety and a Certificate of Authority from the Government of Guam to show proof that the surety company named on the bond instrument is authorized by the Government of Guam to be qualified to do business on Guam. For detailed information on bonding matters, contact the Department of Revenue and Taxation. Failure to submit a valid Power of Attorney and Certificate of Authority on the surety is cause for rejection of bid. (GPR Section 3109(c)(3)) **Pursuant to 5 GCA Section 5212, all competitive sealed bidding for the procurement of supplies or services exceeding \$25,000 must be accompanied by bid security in the amount of 15% of the total bid price.**

12. **PERFORMANCE GUARANTEE:** Bidders, who are awarded a contract under this solicitation, guarantee that goods will be delivered or required services performed within the time specified. Failure to perform the contract in a satisfactory manner may be cause for suspension or debarment from doing business with the Government and for enforcement of Section 23 of these General terms and Conditions. In addition, the Government will hold the Vendor liable and will enforce the requirements as set forth in Section 41 of these General Terms and Conditions.

13. **SURETY BONDS:** Bid and Performance Bonds coverage must be signed or countersigned in Guam by a foreign or alien surety’s resident general agent. The Surety must be an Insurance Company, authorized by the Government of Guam and qualified to do business in Guam. Bids will be disqualified if the Surety Company does not have a valid Certificate of Authority from the Government of Guam to conduct business in Guam.

14. **COMPETENCY OF BIDDERS:** Bids will be considered only from the such bidders who, in the opinion of the Government, can show evidence of their ability, experience, equipment, and facilities to render satisfactory service.

15. **DETERMINATION OF RESPONSIBILITY OF BIDDERS:** The Guam Solid Waste Authority reserves the right for securing from bidders information to determine whether or not they are responsible and to inspect plant site, place of business; and supplies and services as necessary to determine their responsibility in accordance with Section 15 of these General Terms and Conditions (GPR Section 3-401).

16. **STANDARD FOR DETERMINATION OF LOWEST RESPONSIBLE BIDDER:** In determining the lowest responsible offer, the Guam Solid Waste Authority shall be guided by the following:

- a) Price of items offered.
- b) The ability, capacity, and skill of the Bidder to perform.
- c) Whether the bidder can perform promptly within the specified time.
- d) The quality of performance of the Bidder with regards to awards previously made to him.
- e) The previous and existing compliance by the Bidder with laws and regulations relative to procurement.
- f) The sufficiency of the financial resources and ability of the Bidder to perform.
- g) The ability of the bidder to provide future maintenance and services for the subject of the award.
- h) The compliance with all of the conditions to the Solicitation.

17. **TIE BIDS:** If the bids are for the same unit price or total amount in the whole or in part, the Chief Procurement Officer will determine award based on 2 GAR, Div. 4, § 3109(o) (2) or to reject all such bids.

18. **BRAND NAMES:** Any reference in the Solicitation to manufacturer's Brand Names and number is due to lack of a satisfactory specification of commodity description. Such preference is intended to be descriptive, but not restrictive and for the sole purpose of indicating to prospective bidders a description of the article or services that will be satisfactory. Bids on comparable items will be considered provided the bidder clearly states in his bid the exact articles he is offering and how it differs from the original specification.

19. **CONTRACT AWARD:** In accordance with 5 GCA § 5211(g) and 2 GARR § 3109(n), after bids are publicly opened, an award will be made with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the Invitation for Bids. The award will be made by

- Purchase Order
- Standard Form Contract

20. **DESCRIPTIVE LITERATURE:** Descriptive literature(s) as specified in this solicitation must be furnished as a part of the bid and must be received at the date and time set for the opening Bids. The literature furnished must clearly identify the item(s) in the Bid. The descriptive literature is required to establish for the purpose of evaluation and award details of the product(s) the bidder proposes to furnish including design, materials, components, performance characteristics, methods of manufacture, construction, assembly or other characteristics which are considered appropriate. Rejection of the Bid will be required if the descriptive literature(s) do not show that the product(s) offered conform(s) to the specifications and other requirements of this solicitation. Failure to furnish the descriptive literature(s) by the time specified in the Solicitation will require rejection of the bid.

21. **SAMPLES:** Sample(s) of the item(s) specified in this solicitation must be furnished as a part of the bid and must be received at the date and time set for opening Bids. The sample(s) should represent exactly what the bidder proposes to furnish and will be used to determine if the item(s) offered complies with the specifications. Rejection of the Bid will be required if the sample(s) do not show that the product(s) offered conform(s) to the specifications and other requirements of this solicitation. Failure to furnish the sample(s) by the time specified in the Solicitation will require rejection of the Bid.

22. **LABORATORY TEST:** Successful bidder is required to accompany delivery of his good with a Laboratory Test Report indicating that the product he is furnishing the Government meets with the specifications. This report is on the bidder's account and must be from a certified Testing Association.

23. **AWARD, CANCELLATION, & REJECTION:** Award shall be made to the lowest responsible bidder, whose bid is determined to be the most advantageous to the Government, taking into consideration the evaluation factors set forth in this solicitation. No other factors or criteria shall be used in the evaluation. The right is reserved as the interest of the Government may require to waive any minor irregularity in bid received. The Guam Solid Waste Authority shall have the authority to award, cancel, or reject bids, in whole or in part for any one or more items if he determines it is in the public interest. In case of an error in the extension of prices, unit price will govern. It is the policy of the Government to award contracts to qualified local bidders. The Government reserves the right to increase or decrease the quantity of the items for award and make additional awards for the same type of items and the vendor agrees to such modifications and additional awards based on the bid prices for a period of thirty (30) days after original award. No award shall be made under this solicitation which shall require advance payment or irrevocable letter of credit from the government (GPR Section 3-202.14.1)

24. **MARKING:** Each outside container shall be marked with the Purchase Order number, item number, brief item description and quantity. Letter marking shall not be less than ¾" In height.

25. **SCHEDULE FOR DELIVERY:** Successful bidder shall notify the Guam Solid Waste Authority, Telephone No. 647-4312 at least twenty-four (24) hours before delivery of any item under this solicitation.

26. **BILL OF SALE:** Successful supplier shall render Bills of Sale for each item delivered under this contract. Failure to comply with this requirement will result in rejection of delivery. The Bill of Sale must accompany the items delivered but will not be considered as an invoice for payment. Supplier shall bill the Government in accordance with billing instructions as indicated on the Purchase Order.

27. **MANUFACTURER'S CERTIFICATE:** Successful bidder is required, upon delivery of any item under this solicitation, to furnish a certificate from the manufacturer indicating that the goods meet the specifications. Failure to comply with this request will result in rejection of delivery or payment. Supplier shall bill the Government in accordance with billing instructions as indicated on the Purchase Order.

28. **INSPECTION:** All supplies, materials, equipment, or services delivered under this contract shall be subject to the inspection and/or test conducted by the Government at destination. If in any case the supplies, materials, equipment, or services are found to be

defective in material, workmanship, performance, or otherwise do not conform with the specifications, the Government shall have the right to reject the items or require that they be corrected. The number of days required for correction will be determined by the Government.

29. **MOTOR VEHICLE SAFETY REQUIREMENTS:** The Government will only consider Bids on motor vehicles which comply with the requirements of the National Traffic and Motor Vehicle safety Act of 1966 (Public Law 89-563) and Clean Air Act as amended (Public Law 88-206), that are applicable to Guam. Bidders shall state if the equipment offered comply with these aforementioned Federal Laws.

30. **SAFETY INSPECTIONS:** All motor vehicles delivered under this contract must pass the Government of Guam Vehicle Inspection before delivery at destination.

31. **GUARANTEE:**

a) **Guarantee of Vehicle Type of Equipment**

The successful bidder shall guarantee vehicular type of equipment offered against defective parts, workmanship, and performance, for a period of not less than one (1) year after date of receipt of equipment. Bidder shall also provide service to the equipment for at least one (1) year. Service to be provided shall include, but will not be limited to tune ups (change of spark plugs, contact points and condensers) and lubrication (change of engine and transmission oil). All parts and labor shall be at the expense of the bidder. All parts found defective and not caused by misuse, negligence or accident within the guarantee period shall be repaired, replaced, or adjusted within six (6) working days after notice from the Government and without cost to the Government. Vehicular type of equipment as used in this context shall include equipment used for transportation as differentiated from tractors, backhoes, etc.

b) **Guarantee of Other Type of Equipment:**

The successful bidder shall guarantee all other types of equipment offered, except those mentioned in 31a, above, against defective parts, workmanship, and performance for a period of not less than three (3) months after date of receipt of equipment. Bidder shall also provide service to the equipment for at least three (3) months. All parts found within that period shall be repaired or replaced by the Contractor without cost to the Government. Repairs, adjustments or replacements of defective parts shall be completed by the contractor within six (6) working days after notice from the Government.

(c) **Compliance with this Section is a condition of this Bid.**

32. **REPRESENTATION REGARDING ETHICS IN PUBLIC PROCUREMENT:** The bidder or contractor represents that it has not knowingly influenced and promises that will not knowingly influence a Government employee to breach any of the ethical standards and represents that it has not violated, is not violating, and promises that it will not violate the prohibition against gratuities and kickbacks set forth on Chapter 11 (Ethics in Public Contracting) of the Guam Procurement Act and in Chapter 11 of the Guam Procurement Regulations.

33. **REPRESENTATION REGARDING CONTINGENT FEES:** The contractor represents that it has not retained a person to solicit or secure a Government contract upon and agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees of bona fide established commercial selling agencies for the purpose of securing business (GPR Section 11-207).

34. **EQUAL EMPLOYMENT OPPORTUNITY:** Contractors shall not discriminate against any employee or applicant of employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that employees are treated equally during employment without regards to their race, color, religion, sex, or national origin.

35. **COMPLIANCE WITH LAWS:** Bidders awarded a contract under this Solicitation shall comply with the applicable standard, provisions, and stipulations of all pertinent Federal and/or local laws, rules, and regulations relative to the performance of this contract and the furnishing of goods.

36. **CHANGE ORDER:** Any order issued relative to awards made under this solicitation will be subject to and in accordance with the provisions of Section 6-101-03.1 of the Guam Procurement Regulations.

37. **STOP WORK ORDER:** Any stop work order issued relative to awards made under this solicitation will be subject to and in accordance with the provisions of Section 6-101-04.1 of the Guam Procurement Regulations.

38. **CANCELLATION OF INVITATION FOR BIDS OR REQUEST FOR PROPOSALS:** Any Invitation for Bid may be cancelled, or any or all bids or proposals may be rejected in whole or in part as may be specified in the solicitation, when it is in the best interests of the Territory in accordance with regulations promulgated by the Policy Office. The reasons therefor shall be made part of the contract file.

39. **TIME FOR COMPLETION:** It is hereby understood and mutually agreed by and between the contractor and the Government that the time for delivery to final destination or the timely performance of certain services is an essential condition of this contract. If the contractor refuses or fails to perform any of the provisions of this contract within the time specified in the Purchase Order (from the date Purchase Order is acknowledged by the vendor), then the contractor is in default. Defaults will be treated subject to and in accordance with the provisions of Section 6-101-08 of the Guam Procurement Regulations.

40. **JUSTIFICATION OF DELAY:** Bidders who are awarded contracts under this Solicitation, guarantee that the goods will be delivered to their destination or required services rendered within the time specified. If the bidder is not able to meet the specified delivery date, he is required to notify the Guam Solid Waste Authority of such delay. Notification shall be in writing and shall be received by the Guam Solid Waste Authority at least twenty-four (24) hours before the specified delivery date. Notification of delay shall include an explanation of the causes and reasons for the delay including statement(s) from supplier or shipping company causing the delay. The Government reserves the right to reject delay justification if, in the opinion of the Chief Procurement Officer, such justification is not adequate.

41. **SERVICE-DISABLED VETERAN OWNED BUSINESS PREFERENCE:** Bidding is subject to the policy in favor of Service-Disabled Veteran Owned Business as defined in 5 GCA sections 5011 and 5012.

42. **LIQUIDATED DAMAGES:** When the contractor is given notice of delay or nonperformance as specified in Paragraph 1 (Default) of the Termination for Default Clause of this contract and fails to cure in the time specified, the contractor shall be liable for

damages for delay in the amount of one-fourth of one percent (1%) of outstanding order per calendar day from date set for cure until either the territory reasonable obtains similar supplies or services if the contractor is terminated for default, or until the contractor provides the supplies or services if the contractor is not terminated for default. To the extent that the contractor's delay or non-performance is excused under Paragraph 15 (Excuse for Nonperformance or Delayed Performance) of the Termination for Default Clause of this contract, liquidated damages shall not be due the territory. The contractor remains liable for damages caused other than by delay. 2 GAR, Div. 4 §6101(d).

[x] 43. **PHYSICAL LIABILITY:** If it becomes necessary for the Vendor, either as principal, agent or employee, to enter upon the premises or property of the Government of Guam in order to construct, erect, inspect, make delivery or remove property hereunder, the Vendor hereby covenants and agrees to take, use, provide and make all proper, necessary and sufficient precautions, safeguards and protections against occurrence of any accidents, injuries or damages to any person or property during the progress of the work herein covered, and to be responsible for, and to indemnify and save harmless the Government of Guam from the payment of all sums of money by reason of all or any such accidents, injuries, or damages that may occur upon or about such work, and fines, penalties and loss incurred for or by reasons of the violations of any territorial ordinance, regulations, or the laws of Guam or the United States, while the work is in progress. Contractor will carry insurance to indemnify the Government of Guam against any claim for loss, damage or injury to property or persons arising out of the performance of the Contractor or its employees and agents of the services covered by the contract and the use, misuse or failure of any equipment used by the contractor or his employees or agents, and shall provide certificates of such insurance to the Government of Guam when required.

[x] 44. Contract will be cancelled if funds not appropriated or insufficient, and that government will timely inform contractor. 2 GAR, Div.4 §3121(e) (1) (C) and 2 GAR, Div. 4 §3121 (e)(1)(D).

[x] 45. **CONTACT FOR CONTRACT ADMINISTRATION:** If your firm receives a contract as a result of this Solicitation, Please designate a person whom we may contact for prompt administration.

SEALED BID SOLICITATION INSTRUCTIONS

1. **BID FORMS:** Each bidder shall be provided with two (2) sets of Solicitation forms. Additional copies may be provided upon request. Bidders requesting additional copies of said forms will be charged per page in accordance with Section 6114 of the Government Code of Guam. All payments for this purpose shall be by cash, certified check or money order and shall be made payable to the Guam Solid Waste Authority.
2. **PREPARATIONS OF BIDS:**
 - a. Bidders are required to examine the drawings, specifications, schedule, and all instructions. Failure to do so will be at bidder's risk.
 - b. Each bidder shall furnish the information required by the Solicitation. The bidder shall sign the solicitation and print or type his name on the Schedule. Erasures or other changes must be initialed by the person signing the bid. Bids signed by an agent are to be accompanied by evidence of this authority unless such evidence has been previously furnished to the issuing office.
 - c. Unit price for each unit offered shall be shown and such price shall include packing unless otherwise specified. A total shall be entered in the amount column of the Schedule for each item offered. In case of discrepancies between a unit price and extended price, the unit price will be presumed to be correct.
 - d. Bids for supplies or services other than those specified will not be considered. Time, if stated as a number of days, means calendar days and will include Saturdays, Sundays, and holidays beginning the day after the issuance of a Notice to Proceed. Time stated ending on Saturday, Sunday or Government of Guam legal holiday will end at the close of the next business day.
 - e. No Entitlement to Preparation Costs – the bidder expressly waives any right it may have against the government for any expenses incurred in connection with the preparation of its bid.
3. **EXPLANATION TO BIDDERS:** Any explanation desired by a bidder regarding the meaning or interpretation of the Solicitation, drawings, specifications, etc., must be submitted in writing and with sufficient time allowed for a written reply to reach all bidders before the submission of their bids. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective bidder concerning a Solicitation will be furnished to all prospective bidders in writing as an amendment to the Solicitation if such information would be prejudicial to uninformed bidders.
4. **ACKNOWLEDGEMENT OF AMENDMENTS TO SOLICITATIONS:** Receipt of an amendment to a Solicitation by a bidder must be acknowledged by signing an acknowledgement of receipt of the amendment. Such acknowledgement must be received prior to the hour and date specified for receipt of bids.
5. **SUBMISSION OF BIDS:**
 - a. Bids and modifications thereof shall be enclosed in sealed envelopes and addressed to the office specified in the Solicitation. The bidder shall show the hour and date specified in the Solicitation for receipt, the Solicitation number, and the name and address of the bidder on the face of the envelope.
 - b. Electronic bids will not be considered unless authorized by the Solicitation. However, bids may be modified or withdrawn by written or electronic notice, provided such notice is received prior to the hour and date specified for receipt (see paragraph 6 of these instructions).
 - c. Samples of items, when required, must be submitted within the time specified, unless otherwise specified by the Government, at no expense to the Government. If not destroyed by testing, samples will be returned at bidder's request and expense, unless otherwise specified by the Solicitation.
 - d. Samples or descriptive literature should not be submitted unless it is required by this solicitation. Regardless of any attempt by a bidder to condition the bid, unsolicited samples or descriptive literature will not be examined or tested at the bidder's risk, and will not be deemed to vary any of the provisions of this Solicitation.
6. **FAILURE TO SUBMIT BID:** If no bid is to be submitted, do not return the solicitation documents unless otherwise specified. A letter or postcard shall be sent to the issuing office advising whether future Solicitations for the type of supplies or services covered by this Solicitation are desired.
7. **LATE BID, LATE WITHDRAWALS, AND LATE MODIFICATIONS:**
 - a. Definition: Any bid received after the time and date set for receipt of bids is late. Any withdrawal or modification of a bid received after the time and date set for opening of bids at the place designated for opening is late (Guam Procurement Regulations Section 3-202)
 - b. Treatment: No late bid, late modification, or late withdrawal will be considered unless received before contract award, and the bid, modification, or withdrawal would have been timely but for the action or inaction of territorial personnel directly serving the procurement activity.
9. **GOVERNMENT FURNISHED PROPERTY:** No material, labor or facilities will be furnished by the Government unless otherwise provided for in the Solicitation.
10. **CANCELLATION OR REVISION OF BID:** This IFB may be canceled, or any and all bids may be rejected in whole or in part as may be pursuant to GAR § 3115, when it is in the best interest of the Government. Additionally, in accordance with GAR § 9105, if prior to award it is determined that a solicitation or proposed award of a contract is in violation of the law, then the solicitation or proposed award shall be canceled or revised to comply with the law. The reasons therefore shall be made part of the contract file.
11. **REJECTION OF BIDS:** Any bidder submitted in response to this IFB may be rejected in whole or in part with it is in the best interest of the Government, in accordance with GAR § 3115(e). Reasons for rejecting bids include but are not limited to: (1) The business that submitted the bid is non-responsive as determined under GAR § 3116; (2) The bid ultimately fails to meet the announced requirements of the Government in some material respect; or (3) The bid price is clearly unreasonable. Upon request, successful bidders shall be advised of the reasons for rejection.

When bids are rejected, or a solicitation canceled after bids are received, the bids which have been opened shall be retained in the procurement file, or if unopened, returned to the bidders upon request, or otherwise disposed of pursuant to GAR § 3115(g).

- 12. TERMINATION OF CONTRACT: 1. TERMINATION OF CONVENIENCE PURSUANT TO GAR § 6101(10)**
- (a) **Termination:** The Government, when the interest of the Government so requires, may terminate this contract in whole or in part, for the Convenience of the Government. The Purchasing Agency shall give written notice of the termination to the contractor specifying the part of the contract terminated when termination becomes effective.
 - (b) **Contractor's Obligations:** The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified.
 - (c) **Condition of Termination:** Notwithstanding the foregoing, the cessation of services for people requiring services shall be contingent upon the Government obtaining a substitute provider for the services and the contractor shall cooperate by taking all reasonable and necessary steps to ensure that services are not interrupted and transferred to the succeeding provider. The contractor shall issue a written memorandum detailing the status of the contractor's ongoing services initiating termination or any fault of either party.
- 13. SELLER'S INVOICES:** Invoices shall be prepared and submitted in quadruplicate (one copy shall be marked "original") unless otherwise specified. Invoices shall be "certified true and correct" and shall contain the following information: Contract and order number (if any), item numbers, description of supplies or services, sizes, quantities, unit prices, and extended total. Bill of lading number and weight of shipment will be shown for shipments made on Government bills of lading.
- 14. RECEIPT, OPENING AND RECORDING OF BIDS:** Bids and modifications shall be publicly opened in the presence of one or more witnesses, at the time, date, and place designated in the Invitation for Bids. The name of each bidder, the bid price, and such other information as is deemed appropriate by the Procurement Officer, shall be read aloud and recorded, or otherwise made available. The names and addresses of required witnesses shall be recorded at the opening. The opened bids shall be available for public inspection except to the extent the bidder designates trade secrets or other proprietary data to be confidential as set forth in accordance with Section 12, below. Material so designated shall accompany the bid and shall be readily separable from the bid in order to facilitate public inspection of the non-confidential portion of the bid. Prices, makes and models or catalogue numbers of the items offered, deliveries, and terms of payment shall be publicly available at the time of bid opening regardless of any designation to the contrary (Guam Procurement Regulations Section 3-202.12.2).
- 15. CONFIDENTIAL DATA:** The Procurement Officer shall examine the bids to determine the validity of any requests for nondisclosure of trade secrets and other proprietary data.
- 16. PROHIBITION AGAINST GRATUITIES AND KICKBACKS:** With respect to this procurement and any other contract that bidder may have or wish to enter into with the Government, the bidder represents that he/she has not violated, is not violating, and promises that he will not violate the prohibition against gratuities and kickbacks set forth in the Guam Procurement Regulations – GAR § 11170(e)
- 17. STATEMENT OF QUALIFICATIONS** The ability capacity and skill of the Bidders to perform; Whether the bidder can perform promptly or within the specified time; The quality of performance of the Bidder with regards to awards previously made to him; The sufficiency of the financial resources and ability of the bidders to perform; And the compliance with all of the conditions to the solicitation.
- 18. WAGE AND BENEFIT COMPLIANCE-CONTRACTORS PROVIDING SERVICES:**
- (a) Contractor with regard to all person its employs whose purpose in whole or in part is the direct delivery of services contracted for with the Government of Guam in this procurement, shall pay such employees in accordance with the Wage Determination for Guam and the Northern Marianas Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct deliverance of deliverables to the government of Guam. 5 GCA § 5801 Contractor shall be responsible for flowing down this obligation to its subcontractors.
 - (b) The Wage Determination most recently issued by the U.S. Department of Labor at the time this Agreement was awarded to Contractor shall be used to determine wages and benefits which shall be paid to employees pursuant to this clause. 5 GCA § 5801
 - (c) Should any contract contain a renewal clause, then at the time of renewal adjustments there shall be stipulations contained in that contract for applying the Wage Determination, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply. 5 GCA § 5801
 - (d) In addition to the Wage Determination detailed above, health and similar benefits for employees having a minimum value as detailed in the wage Determination issued and promulgated by the U.S. Department of labor shall apply. Contractor shall pay a minimum of ten (10) paid holidays per annum per employee. 5 GCA § 5802
 - (e) Any violation of Contractor or its subcontractors obligations of this section shall be investigated by the Guam Department of Labor and may include a monetary penalty assessment by the Guam Department of Labor of no less that One Hundred Dollars (\$100.00) per day, and no more than One Thousand Dollars (\$1,000.00) per day, until such time as a violation has been corrected, as well as the payment of all black wages and benefits due. 5 GCA § 5803
 - (f) In addition to any and all other breach of contract actions the Government of Guam may have under this procurement, in the event there is a violation in the process set forth in subsection (e) above, Contractor may be placed on probationary status by the Chief Procurement Officer of the General Service Agency, or its successor, for a period of one (1) year.
During the probationary status, a Contractor shall not be awarded any contract by any instrumentality of the Government of Guam. A Contractor who has been on probationary status, or has been assessed a monetary

penalty pursuant to 5 GCA Article 13 Title 5 may appeal such penalty of probationary status to the Superior Court of Guam. 5 GCA § 5804

- (g) Contractor along with all proposed offerors and submitter under this procurement were required to submit a Declaration of Compliance with Wage Determination laws as part of this procurement with a copy of the most recent Wage Determination for Guam and the Northern Marianas Islands issued and promulgated by the U.S. Department of Labor. 5 GCA § 5805
- (h) The applicable USDOL Wage Determination Rate Revision (as defined by subsections (b) and (c) is to this Agreement. Contractor agrees to provide upon written request by the Government of Guam written certification of its compliance with its obligations as part of each invoice, along with the names of any employees, their positions, and detailed wage and benefits paid in keeping with this section. Additionally upon request by Government of Guam the Contractor shall submit source documents as to those individuals provide direct services in part or whole under this Agreement and its payments to them of such wages and benefits.

19. **ETHICAL STANDARDS:** With respect to this procurement and any other contract that the Contractor may have, or wish to enter into, with any Government of Guam agency, the Contractor represents that it has not knowingly influenced, and promises that it will not knowingly influence, any government employee to breach any of the ethical standards set forth in the Guam Procurement Law and in any of the Guam Procurement Regulations. – GAR § 11103 (b).
20. **PROHIBITION AGAINST CONTINGENT FEES:** The Contractor represents that he has not retained any person or agency upon an Agreement or Understanding for a percentage, commission, brokerage, or other contingent arrangement, except for retention of bona fide employees or bona fide established commercial selling agencies, to solicit or secure this Agreement or any contract with the government of Guam or its agencies. GAR § 11108(f)
21. **CONTRACTOR'S WARRANTY AS TO EMPLOYEES AND SEX OFFENSES. Reference 5 GCA 5253(b):** : Contractor warrants that no person providing services on behalf of the Contractor has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of GCA or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry.
- Contractor warrants that if any person providing services on behalf of Contractor is convicted of a sex offense under the provisions of Chapter 25 of Title 9 GCA, or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry, that such person will be immediately removed from working at said agency and that the administrator of said agency be informed of such within twenty-four (24) hours of such conviction. Any contractor found in violation of this section, after notice from the Government of Guam, after notice from the contracting authority of such violation, shall within twenty-four (24) hours, take corrective action and shall report such action to the contracting authority. Failure to take corrective action with the stipulated period may result in the temporary suspension of the contract at the discretion of the Government of Guam.
22. **POLICY IN FAVOR OF SERVICE-DISABLED VETERAN OWNED BUSINESSES:** P.L. 31-115 (September 20, 2011) 5 GCA § 5011 and § 5012 In the procurement of any supply or service, (except for professional services), if such supply or service is offered by a Service Disabled Veteran Owned Business "SDVOB", as defined in 5 GCA § 5012, that is at least fifty one percent (51%) owned by service-disabled veteran(s), and if the supply or service is available within the period that is required for the procurement, and the price for the supply or service does not exceed one hundred five percent (105%) of the lowest bidder price, a preference shall be given to that SDVOB by the Government of Guam, and the supply or service shall be purchased from said SDVOB. This shall be in addition to any other procurement benefit the SDVOB may qualify for under Guam law. A business concern is a qualified SDVOB if: (a) the business concern is licensed to do business on 7Guam; (b) the business concern maintains its headquarters on Guam; (c) the business concern is at least fifty-one (51%) owned by a service-disabled veteran(s) who served in the active U.S. military service, was discharged or released under honorable conditions and whose disability is service-connected as demonstrated by a DD214, and certified by an award letter from the U.S. Department of Veterans Affairs; the DD214 and Disability award letter from U.S. Department of Veterans Affairs are submitted to the Government of Guam procuring agency for every service offered; and the service disabled veteran(s) owner(s) of the business concern has filed individual tax returns on Guam for a period of at least three (3) consecutive years.
23. **CERTIFICATION OF INDEPENDENT PRICE DETERMINATION:** The undersigned Bidder certifies that the bid price submitted was Independently arrived at without collusion — GAR § 3126
24. **LICENSING OR CERTIFICATE(S) OF EXEMPTIONS:** Bidders are cautioned that the Government will not consider for award any offer submitted by a bidder who cannot comply with the Guam Licensing Law. Specific information on license or exemptions may be obtained from the Director of Revenue and Taxation.
25. **EQUAL EMPLOYMENT OPPORTUNITY:** Bidder shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that employees are treated equally during employment without regards to their race, color, religion, sex, or national origin.
26. **DISCLOSURES OF MAJOR SHAREHOLDERS:** (5 GCA § 5233) As a condition of submitted a bid, any partnership, sole proprietorship or corporation doing business with the Government of Guam shall submit an affidavit executed under oath that lists the name and address of any person who has held more than ten percent (10%) of the outstanding interest or shares in said month period immediately preceding submission of proposal.

ITEM NO.	DESCRIPTION	QTY	UOM	UNIT PRICE	PRICE EXTENSION
1.0	Compact Wheel Loader w/ Attachments	1	EA	\$ _____	\$ _____

SPECIFICATIONS:

Indicate on each line of the technical specifications whether or not each item complies with the specification or an exception is being taken. If additional space is required to fully explain bid exceptions, attach additional typed page(s) to the bid submittal indicating the section number and subsection that has the exception, and provide explanation.

COMPLY / NON-COMPLIANCE

Engine:

Gross HP at 2400 RPM: 73 HP minimum

Peak Torque at 1560 RPM: 206 foot lbs. minimum

Emissions: Compliant with EPA Final Tier 4/EU Stage V

Four cylinders

Powertrain:

Hydrostatic with infinitely variable speed control over full range of operating speeds. 2 speed ranges, joystick mounted F-N-R, acceleration pedal.

Axles: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle

Max rise and fall single wheel: 15 inches maximum, 14 inch minimum

Hydraulically activated, self-adjusting internal wet disc brakes and driveline drum brake

Cooling:

Hydraulically driven, proportionally controlled fan

Articulation Angle: 30 degrees each direction

Cylinders: Heat treated chrome plated polished cylinder rods, hardened steel, replaceable bushings and pivot pins

Hydraulics:

Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option.

Quick Coupling: Conforms with ISO 16028 quick coupling for all attachments

Electrical:

Voltage: 12-volt

One (1) battery

Battery capacity: 925 CCA

Cab:

Seat: Air ride high back with head rest and dual lumbar support

Noise: Operator ear 70 dBA, Bystander 101 dBA

ITEM NO.	DESCRIPTION	QTY	UOM	UNIT PRICE	PRICE EXTENSION
1.0	Compact Wheel Loader w/ Attachments	1	EA	\$ _____	\$ _____

SPECIFICATIONS:

Indicate on each line of the technical specifications whether or not each item complies with the specification or an exception is being taken. If additional space is required to fully explain bid exceptions, attach additional typed page(s) to the bid submittal indicating the section number and subsection that has the exception, and provide explanation.

COMPLY / NON-COMPLIANCE

Engine:

Gross HP at 2400 RPM: 73 HP minimum

Peak Torque at 1560 RPM: 206 foot lbs. minimum

Emissions: Compliant with EPA Final Tier 4/ EU Stage V

Four cylinders

Powertrain:

Hydrostatic with infinitely variable speed control over full range of operating speeds. 2 speed ranges, joystick mounted F-N-R, acceleration pedal.

Axes: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle or oscillating rear axle

Max rise and fall single wheel: 15 inches maximum, 14 inch minimum

Hydraulically activated, self-adjusting internal wet disc brakes and driveline drum brake

Cooling:

Hydraulically driven, proportionally controlled fan or belt-driven fan

Articulation Angle: 30 degrees each direction

Cylinders: Heat treated chrome plated polished cylinder rods, hardened steel, replaceable bushings and pivot pins

Hydraulics:

Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option.

Quick Coupling: Conforms with ISO 16028 quick coupling for all attachments

Air conditioning

Steering: Dual tilt and telescoping steering column

Performance: Conforms with SAE J1040, SAE J231, ISO 3471 and ISO 3449 ROPS/FOPS

Operating Weight:

ISO quick coupler and 1CY general purpose bucket / bolt on edge 12,250 lbs. minimum

1.4 CY multi-purpose bucket: 12,800 lbs. maximum

Wheelbase: 7 feet minimum

Dump clearance: 40-degree full height - 8 feet 3 inches

Reach: 40-degree full height - 32 inches

Fork height fully raised: 10 feet minimum

Fork tipping load straight: 7000 lb. maximum

Attachments:

ISO quick coupling mechanism: Conforms with ISO 16028

One (1) additional 1.4 CY bucket with bolt on edge

One (1) Tink claw bucket model 520 or equal

One (1) 60-inch pick-up broom: 800 lb. minimum; 900 lb. max

One (1) Fork: 48 inches minimum

Equipment Warranty:

The Bidder guarantees to the Purchaser that the equipment, upon delivery, will be brand new and will have been constructed using entirely new components. Furthermore, the Bidder assures that any new equipment provided shall be free from any defects in manufacturing workmanship and materials for a duration of 24 months or 2,000 hours, whichever occurs first, commencing from the date of equipment delivery. This warranty encompasses any necessary repairs or replacements without any additional cost to the Purchaser.

Miscellaneous Items:

One (1) operator's manual hardcopy

Hafa Adai GSWA Procurement:

Please see below questions for the bid in subject.

1. In the specs under **Powertrain** the spec reads "Max rise and fall single wheel: 15 inch maximum, 14 inch minimum."
- Will 10 inches be acceptable?
2. In the specs under **Cooling** the spec reads "Hydraulically driven, proportionally controlled fan".
- Will direct driven be acceptable?
3. In the specs under **Hydraulics** the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option".
- Will a max rated flow 21.13 GPM @ 1,000 PSI be acceptable?
- Can you clarify why there is a request for high flow option when the requested attachments do not require high flow hydraulics?
4. In the specs under **Electrical** the spec reads "Battery capacity: 925 CCA"
- Will 830 CCA be acceptable?

Hafa Adai GSWA Procurement:

Please see attached signed and acknowledged Q&A Response. Please see additional inquiries below.

1. In regards to the high-flow hydraulics requirement for the broom attachment, John Deere's broom attachment does "NOT" require high-flow. Will high-flow still be required?
2. What Make and Model machine was used to form the specs of this bid?

Best regards,
Ryne

MORRICO EQUIPMENT QUESTIONS

Irvin Slike
General Manager
Guam Solid Waste Authority
546 North Marine Corps Drive
Tamuning, Guam 96913

Re: Guam Solid Waste Authority Invitation for Bid GSWA-004-24 Compact Wheel Loader with Attachment

Dear Sir,
Morrico Equipment LLC submits the below questions in regards to Invitation for Bid No. GSWA-004-24 Compact Wheel Loader with Attachments Bid.

Specifications

1. Axles: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle.

Question # 1. Is an oscillating rear axle acceptable?

2. Max rise and fall single wheel: 15 inches maximum, 14 inch minimum.

Question # 2. Please clarify what is required by the term listed above.

3. Hydraulically Driven, proportionally controlled fan.

Question # 3. Will a belt driven fan be acceptable?

4. Voltage: 12 Volt

Question # 4. Will a 24 Volt Electrical System be Acceptable?

5. One (1) Battery

Question # 5. Will two 12 Volt Batteries be acceptable?

Re: Guam Solid Waste Authority Invitation for Bid GSWA-004-24 Compact Wheel Loader with Attachment

6. Battery Capacity: 925 CCA

Question # 6. Will two Batteries with 900 CCA be acceptable?

7. Seat: Air Ride high back with head rest and dual lumbar support

Question # 7. Will a mechanical suspension seat be acceptable?

8. 1.4 CY Bucket: 12,800 lbs. Maximum

Question # 8. Please confirm if this bucket request is for a multipurpose bucket.

9. One (1) 1.4 CY Bucket with Bolt on Cutting Edge

Question # 9. Please confirm if this bucket request is for a Multipurpose Bucket. Please confirm if this bucket request is additional to Question 8 bucket request or the same request.

GSWA Procurement <procurement@gswa.guam.gov>

Tink Claw Bucket - GSWA-004-24

Ryne Santos <rsantos@fareastequipment.com>
To: GSWA Procurement <procurement@gswa.guam.gov>
Cc: John Limtiaco <jlimtiaco@fareastequipment.com>

17 November 2023 at 12:46

Hafa Adai GSWA Procurement:

The manufacturer of the Tink Claw bucket does not recommend the C720 (2.7CYD) model for this size machine. They recommend the C520 (1.2 CYD) model for a machine of this size. With this information, does GSWA want to proceed with a C720 model bucket though it may pose a tipping hazard?

November 13, 2023

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Far East Equipment Co. On November 9, 2023

1. In the specs under Powertrain, the spec reads "Max rise and fall single wheel: 15 inch maximum, 14 inch minimum." Will 10 inches be acceptable?

Response: No, specs remain the same.

2. In the specs under Cooling, the spec reads "Hydraulically driven, proportionally controlled fan." Will direct driven be acceptable?

Response: No, specs remain the same.

3. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Will a max rated flow 21.13 GPM @ 1,000 PSI be acceptable?

Response: No, specs remain the same.

4. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Can you clarify why there is a request for high flow option when the requested documents do not require high flow hydraulics?

Response: The pick-up broom specified requires the flow specified.

5. In the specs under Electrical, the spec reads "Battery capacity: 925 CCA." Will 830 CCA be acceptable?

Response: No, specs remain the same.

November 20, 2023

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Morrico Equipment on November 15, 2023

1. Axles: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle. Is an oscillating rear axle acceptable?

Response: Yes, refer to Amendment No. 2.

2. Max rise and fall single wheel: 15 inches maximum, 14 inches minimum. Please clarify what is required by the term listed above.

Response: The term "Max rise and fall single wheel: 15 inches maximum, 14 inches minimum" pertains to the vertical movement capability of a single wheel on the compact wheel loader. Here's a breakdown of the requirement:

- **Max Rise:** This refers to the maximum vertical distance the center of a single wheel is allowed to move upward from its resting position. In this context, the specified maximum rise is 15 inches.
- **Min Fall:** Conversely, the minimum fall denotes the minimum vertical distance the center of a single wheel is permitted to move downward from its resting position. For this specification, the minimum fall is 14 inches.

These parameters are crucial for ensuring that the compact wheel loader can effectively navigate varied terrains, accommodate different load sizes, and maintain stability during operation.

3. Hydraulically Driven, proportionally controlled fan. Will a belt driven fan be acceptable?

Response: Yes, refer to Amendment No. 2.

4. Voltage: 12-volt. Will a 24 Volt Electrical System be acceptable?

Response: Yes, refer to Amendment No. 2.

5. One (1) Battery. Will two 12-volt batteries be acceptable?

Response: Yes, refer to Amendment No. 2.

6. Battery Capacity: 925 CCA. Will two batteries with 900 CCA be acceptable?

Response: Yes, refer to Amendment No. 2.

GUAM SOLID WASTE AUTHORITY

LOURDES A. LEON GUERRERO
Governor of Guam

JOSHUA F. TENORIO
Lt. Governor of Guam

IRVIN L. SLIKE
General Manager

7. Seat: Air Ride high back with head rest and dual lumbar support. Will a mechanical suspension seat be acceptable?

Response: Yes, refer to Amendment No. 2.

8. 1.4 CY Bucket: 12,800 lbs. Maximum. Please confirm if this bucket request is for a multipurpose bucket.

Response: Refer to Amendment No. 2.

9. One (1) 1.4 CY Bucket with Bolt on Cutting Edge. Please confirm if this bucket request is for a Multipurpose Bucket. Please confirm if this is bucket request is additional to Question 8 bucket request or the same request.

Response: Refer to Amendment No. 2.

Questions and Concerns received from Far East Equipment Co. on November 17, 2023

10. The manufacturer of the Tink Claw bucket does not recommend the C720 (2.7CYD) model for this size machine. They recommend the C520 (1.2CYD) model for a machine of this size. With this information, does GSWA want to proceed with a C720 model bucket though it may pose a tipping hazard?

Response: No, refer to Amendment No. 2.

Irvin L. Slike,
General Manager

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Far East Equipment Co. On November 9, 2023

1. In the specs under Powertrain, the spec reads "Max rise and fall single wheel: 15 inch maximum, 14 inch minimum." Will 10 inches be acceptable?

Response: No, specs remain the same.

2. In the specs under Cooling, the spec reads "Hydraulically driven, proportionally controlled fan." Will direct driven be acceptable?

Response: No, specs remain the same.

3. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Will a max rated flow 21.13 GPM @ 1,000 PSI be acceptable?

Response: No, specs remain the same.

4. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Can you clarify why there is a request for high flow option when the requested documents do not require high flow hydraulics?

Response: The pick-up broom specified requires the flow specified.

5. In the specs under Electrical, the spec reads "Battery capacity: 925 CCA." Will 830 CCA be acceptable?

Response: No, specs remain the same.

Irvin L. Slike,
General Manager

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Far East Equipment Co. On November 13, 2023

1. In regards to the high-flow hydraulics requirement for the broom attachment, John Deere's broom attachment does "NOT" require high flow. Will high-flow still be required?

Response: The hydraulic flow range is typical for brooms.

2. What make and model machine was used to form the specs of this bid?

Response: John Deere model 244P.

DESCRIPTION: COMPACT WHEEL LOADER W/ ATTACHMENTS

SPECIAL REMINDER TO PROSPECTIVE BIDDERS

ORIGINAL

Bidders are reminded to read the Sealed Bid Solicitation and Instructions, and General Terms and Conditions attached to the IFB to ascertain that all of the following requirements checked below are submitted in the bid envelope, in duplicate, and the date and time for bid opening.

- (X) **BID GUARANTEE (15% of Bid Amount) May be in the form of;**
Reference #11 on the General Terms and Conditions
 - a. Cashier's Check or Certified Check
 - b. Letter of Credit
 - c. Surety Bond – Valid only if accompanied by:
 - 1. Current Certificate of Authority issued by the Insurance Commissioner;
 - 2. Power of Attorney issued by the Surety to the Resident General Agent;
 - 3. Power of Attorney issued by two (2) major officers of the Surety to whoever is signing on their behalf.

- (X) **BROCHURES/DESCRIPTIVE LITERATURE;**

- (X) **AFFIDAVIT DISCLOSING OWNERSHIP, INFLUENCE, COMMISSION, & CONFLICT OF INTEREST**
 - a. Date of signature of the person authorize to sign the bid and the notary date must be the same.

- (X) **OTHER REQUIREMENTS:**

AFFIDAVIT DISCLOSING OWNERSHIP, INFLUENCE, COMMISSIONS AND CONFLICTS OF INTEREST

(Required by 5 GCA § 5233 as amended by P.L. 36-13 (4/9/2021))

CITY OF Tamuning)
) ss.
 ISLAND OF GUAM)

Preface. As a condition of submitting a Bid/Offer/Proposal or responding to any method of source selection under Guam's Procurement Law for the purpose of entering into a contract with the government of Guam, this Affidavit requires all Bidders/Offerors/Prospective Contractors to make disclosures of ownership, influence, commissions, gratuities, kickbacks, and conflicts of interest occurring **during the 365 calendar days preceding the publication of this solicitation and until award of a contract**. This includes the duty to disclose **any changes** to the facts disclosed herein throughout the solicitation process; and if the entity submitting this Affidavit is awarded a contract, the duty to disclose **any changes** to the facts disclosed herein **continues throughout the life of the contract, including any extensions or renewals**.

A I, the undersigned, being first duly sworn, depose and say that I am an authorized representative of the Bidder/Offeror/Prospective Contractor and that (please check and fill out all that apply):

The Bidder/Offeror/Prospective Contractor is an individual with a business license, and all decisions are by, and all profit is for, that same individual, with principal place of business street address being _____

The Bidder/Offeror/Prospective Contractor is a business or artificial person (as defined in 1 GCA § 715 or 5 GCA §§ 5030(n) or 5233(b)), and is a sole proprietorship owned entirely (100%) by _____, with principal place of business street address being _____

The Bidder/Offeror/Prospective Contractor is a business or artificial person (as defined in 1 GCA § 715 or 5 GCA §§ 5030(n) or 5233(b)), and is owned by the following multiple individuals. Note: owners of more than 10% are statutorily required to be listed below, but other owners of smaller percentage are encouraged to be listed as well.

Name of Owner	Principal Place of Business Street Address	% of Interest
<u>Atkin Kroll Inc.</u>	<u>443 South Marine Corps Drive, Tamuning, Guam 96913</u>	<u>100%</u>
_____	_____	_____
_____	_____	_____

Affidavit Disclosing Ownership, Influence,
Commissions and Conflicts of Interest
AG Procurement Form 002 (Rev. 11/17/2021)

- One or more of the more-than-10% owners listed above is a business or artificial person. Any more-than-25% owners of such a business or artificial person are listed below per 5 GCA § 5233. Note: any less-than-25% owners of such a business or artificial person is encouraged to also be listed below.

Name of >10% Owner Business or Artificial Person:

--

Names of owners of the >10% Owner Business or Artificial Person ("Second Tier Owner")	Owner's Principal Place of Business Street Address	% of Interest
Morrigo Equipment Holdings Inc.	197 Ypao Road, Tamuning Guam 96913	100%

Name of other >10% Owner Business or Artificial Person:

--

Names of owners of the >10% Owner Business or Artificial Person ("Second Tier Owner")	Owner's Principal Place of Business Street Address	% of Interest

- B If any Second Tier Owner identified above is an artificial person, the natural or artificial owners of such Second Tier Owner who have held more than 49% of the shares or interest in the Bidder/Offeror/Prospective Contractor (Third Tier Owners) are as follows [if none, please so state]:

Second Tier Owner Name _____

Name of Third Tier Owner	Principal Place of Business Street Address	% of Interest
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

Affidavit Disclosing Ownership, Influence,
Commissions and Conflicts of Interest
AG Procurement Form #02 (Rev. 11-17-2021)

C. If the name of no natural person has been identified as an owner, or a Second or Third Tier Owner of the Bidder/Offeror/Prospective Contractor, please identify the name, position, address, and contact information of the natural person having the authority and responsibility for the Bid/Offer/Proposal/Prospective Contract, and the name of any natural person who has the authority and power to remove and replace the designated responsible person.

Name of Natural Person	Position	Street Address of Principal Place of Business	Phone Number, Email Address, and other Contact Information
Jesse Munoz	Sales Manager	197 Ypao Road, Tamuning Guam 96913	Jesse.Munoz@morricequipment.com

D. Further, I say that the persons who have received or are entitled to receive a commission, gratuity, contingent fee or other compensation to solicit, secure, or assist in obtaining business related to the Bid/Offer/Proposal/Prospective Contract for which this Affidavit is submitted are as follows (if none, please so state):

Name	Principal Place of Business Street Address	Amount of Compensation
_____	_____	_____
_____	_____	_____

E. Further, I say that the persons who have directly or indirectly participated in this solicitation and who are also employees of the government of Guam or the government of the United States, if federal funds are to be used in the payment of the contract related to the Bid/Offer/Proposal/Prospective Contract for which this Affidavit is submitted, are as follows (if none, please so state):

Name	Principal Place of Business Street Address
_____	_____
_____	_____

F. Regardless of any ownership interest, the following individuals have the power to control the performance of the contract or to control the Bidder/Offeror/Prospective Contractor, directly or indirectly:

Name	Principal Place of Business Street Address
_____	_____
_____	_____

Affidavit Disclosing Ownership, Influence,
Commissions and Conflicts of Interest
AG Procurement Form 002 (Rev. 11-17-2021)

G. Until award of the contract, and throughout the term of any contract awarded to the Bidder/Offeror/Prospective Contractor represented herein, I agree to promptly make any disclosures not made previously and update changes in ownership, identities of owners and other required information, interests, compensation or conflicts of the persons required to be disclosed. I understand that failure to comply with this requirement shall constitute a material breach of contract.

H. I hereby declare under penalty of perjury under the laws of Guam that the foregoing is true and correct.

DECLARATION RE COMPLIANCE WITH U.S. DOL WAGE DETERMINATION

Procurement No.: GSWA-004-24

Name of Offeror Company: Morrco Equipment LLC

I, Jesse Munoz hereby certify under penalty of perjury:

(1) That I am an Officer of the offeror [please select one: the offeror, a partner of the offeror, an officer of the offeror] making the bid or proposal in the foregoing identified procurement.

(2) That I have read and understand the provisions of 5 GCA § 5801 and § 5802 which read:

§ 5801. Wage Determination Established.

In such cases where the government of Guam enters into contractual arrangements with a sole proprietorship, a partnership or a corporation ("contractor") for the provision of a service to the government of Guam, and in such cases where the contractor employs a person(s) whose purpose, in whole or in part, is the direct delivery of service contracted by the government of Guam, then the contractor shall pay such employee(s) in accordance with the Wage Determination for Guam and the Northern Mariana Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct delivery of contract deliverables to the government of Guam.

The Wage Determination most recently issued by the U.S. Department of Labor at the time a contract is awarded to a contractor by the government of Guam shall be used to determine wages, which shall be paid to employees pursuant to this Article. Should any contract contain a renewal clause, then at the time of renewal adjustments, there shall be made stipulations contained in that contract for applying the Wage Determination, as required by this Article, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply.

§ 5802. Benefits.

In addition to the Wage Determination detailed in this Article, any contract to which this Article applies shall also contain provisions mandating health and similar benefits for employees covered by this Article, such benefits having a minimum value as detailed in the Wage Determination issued and promulgated by the U.S. Department of Labor, and shall contain provisions guaranteeing a minimum of ten (10) paid holidays per annum per employee.

(3) That the offeror is in full compliance with 5 GCA § 5801 and § 5802, as may be applicable to the procurement referenced herein.

(4) That I have attached the most recent wage determination applicable to Guam issued by the U.S. Department of Labor. [INSTRUCTIONS - Please attach!]

*REGISTER OF WAGE DETERMINATIONS UNDER THE SERVICE CONTRACT ACT By direction of the Secretary of Labor	U.S. DEPARTMENT OF LABOR EMPLOYMENT STANDARDS ADMINISTRATION WAGE AND HOUR DIVISION WASHINGTON D.C. 20210
--	--

Daniel W. Simms Director	Division of Wage Determinations	Wage Determination No.: 2015-5693 Revision No.: 19 Date Of Last Revision: 07/17/2023
-----------------------------	------------------------------------	--

Note: Contracts subject to the Service Contract Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026.

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	Executive Order 14026 generally applies to the contract. The contractor must pay all covered workers at least \$16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023.
---	--

The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the Executive Orders is available at www.dol.gov/whd/govcontracts.

***Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$16.20 per hour). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to contracts or contract-like instruments entered into with the federal government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on federal lands.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.98 per hour, up to 40 hours per week, or \$199.20 per week or \$863.20 per month

HEALTH & WELFARE EO 13706: \$4.57 per hour, up to 40 hours per week, or \$182.80 per week, or \$792.13 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, drying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

AFFIDAVIT re CONTINGENT FEES

CITY OF Tamuning)
) ss.
ISLAND OF GUAM)

Jesse Munoz [state name of affiant signing below], being first duly sworn, deposes and says that:

1. The name of the offering company or individual is [state name of company] Morco Equipment LLC

2. As a part of the offering company's bid or proposal, to the best of my knowledge, the offering company has not retained any person or agency on a percentage, commission, or other contingent arrangement to secure this contract. This statement is made pursuant to 2 GAR Division 4 11108(f).

3. As a part of the offering company's bid or proposal, to the best of my knowledge, the offering company has not retained a person to solicit or secure a contract with the government of Guam upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies for the purpose of securing business. This statement is made pursuant to 2 GAR Division 4 11108(h)

4. I make these statements on behalf of myself as a representative of the offeror, and on behalf of the offeror's officers, representatives, agents, subcontractors, and employees

AG Procurement Form 007 (Jul 15, 2010)

CERTIFICATION OF NON-EMPLOYMENT OF CONVICTED SEXUAL OFFENDERS

Pursuant to Guam Public Law 28-24, as amended by Guam Public Law 28-98, if a contract for services is awarded to an Offeror, then the service provider must warrant that no person in its employment who has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of the Guam Code Annotated or of an offense defined in Article 2 of Chapter 28 of Title 9 of the Guam Code Annotated, or who has been convicted in any other jurisdiction of an offense with the same elements as heretofore defined, or who is listed on the Sex Offender Registry, shall provide services on behalf of the service provider while on government of Guam property, with the exception of public highways. If any employee of a service provider is providing services on government property and is convicted subsequent to an award of a contract, then the service provider warrants that it will notify the GSWA of the conviction within twenty-four hours of the conviction and will immediately remove such convicted person from providing services on government of Guam property. If the service provider is found to be in violation of any of the provisions of this paragraph, then the GSWA will give notice to the service provider to take corrective action. The service provider shall take corrective action within twenty-four hours of notice from the GSWA, and the service provider shall notify the GSWA when action has been taken. If the service provider fails to take corrective steps within twenty-four hours of notice from the GSWA, then the GSWA in its sole discretion may suspend temporarily any contract for services.

I, Jesse Munoz being a duly authorized representative of the Offeror,
(print name)

acknowledge the requirements described above, have ensured that the Proposal as submitted addresses these requirements, and certify that if awarded the contract, the Offeror will follow these mandates.

BID BOND

NO. _____

KNOW ALL MEN BY THESE PRESENTS that _____, as Principal Hereinafter called the Principal, and (Bonding Company), _____ A duly admitted insurer under the laws of the Territory of Guam, Surety, hereinafter called the Surety are held firmly bound unto the Territory of Guam for the sum of _____ Dollars (\$ _____), for Payment of which sum will and truly to be made, the said Principal and the said Surety bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, the Principal has submitted a bid for (identify project by number and brief description)

NOW, THEREFORE, if the Territory of Guam shall accept the bid of the Principal and the Principal shall enter into a contract with the Territory of Guam in accordance with the terms of such bid, and give such bond or bonds as may be specified in bidding or Contract Documents with good and sufficient surety for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof, or in the event of the failure of the Principal to enter such Contract and give such bond or bonds, if the Principal shall pay to the Territory of Guam the difference not to exceed the penalty hereof between the amounts specified in said bid and such larger amount for which the Territory of Guam may in good faith contract with another part to perform work covered by said bid or an appropriate liquidated amount as specified in the Invitation for Bids then this obligation shall be null and void, otherwise to remain full force and effect.

GOVERNMENT OF GUAM

GENERAL TERMS AND CONDITIONS

SEALED BID SOLICITATION AND AWARD

ONLY THOSE BOXES CHECKED BELOW ARE APPLICABLE TO THIS BID

1. **AUTHORITY:**

This solicitation is issued subject to all the provisions of the Guam Procurement Act (5GCA, Chapter 5) and the Guam Procurement Regulations (copies of both are available at the Office of the Comptroller of Laws, Department of Law, copies available for inspection at the Guam Solid Waste Authority). It requires all parties involved in the Preparation, negotiation, performance, or administration of contracts to act in good faith.

2. **GENERAL INTENTION:** Unless otherwise specified, these General Terms and conditions are intended for the bidder to provide the Government of Guam (Government) with specified services or with materials, supplies or equipment completely assembled and ready for use.

3. **TAXES:** Bidders are cautioned that they are subject to Guam Income Taxes as well as all other taxes on Guam transactions. Specific information on taxes may be obtained from the Director of Revenue and Taxation.

4. **LICENSING:** Bidders are cautioned that the Government will not consider for award any offer submitted by a bidder who has not complied with the Guam Licensing law. Specific information on licenses may be obtained from the Director of Revenue and Taxation.

5. **LOCAL PROCUREMENT PREFERENCE:** All procurement of supplies and services where possible, will be made from among businesses licensed to do business on Guam in accordance with section 5008 of the Guam Procurement Act (5GCA, Chapter 5) and Section 1104 of the Guam Procurement Regulations.

6. **COMPLIANCE WITH SPECIFICATIONS AND OTHER SOLICITATION REQUIREMENTS:** Bidders shall comply with all specifications and other requirements of the Solicitation.

7. **"ALL OR NONE" BIDS:** Unless otherwise allowed under this Solicitation, "all or none" bids may be deemed to be non-responsive. If the bid is so limited, the Government may reject part of such proposal and award on the remainder.

NOTE: By checking this item, The Government is requesting all of the bid items to be items to be bid or none at all. **The Government will not award on an itemized basis.** Reference 3-101.06 of the Guam Procurement Regulations.

8. **INDEPENDENT PRICE DETERMINATION:** The bidder, upon signing the Invitation for Bid, certifies that the prices in his bid were derived without collusion, and acknowledges that collusion and anti-competitive practices are prohibited by law. Violations will be subject to the provision of Section 5651 of that of the Guam Procurement Act. Other existing civil, criminal or administrative remedies are not impaired and may be in addition to the remedies in Section 5651 of the Government code. By submitting a bid, the bidder certifies that its price was independently arrived at without collusion.

9. **BIDDER'S PRICE:** The Government will consider not more than two (2) (basic and Alternate) item prices and the bidder shall explain fully each price if supplies, materials, equipment, and/or specified services offered comply with specifications and the products origin. Where basic or alternate bid meets the minimum required specification, cost and other factors will be considered. Failure to explain this requirement will result in rejection of the bid.

10. **BID ENVELOPE:** Envelope shall be sealed and marked with the Bidder's name, Bid number, time, date and place of Bid opening.

11. **BID GUARANTEE REQUIREMENT:** Bidder is required to submit a Bid Guarantee Bond or standby irrevocable Letter of Credit or Certified Check or Cashier's Check in the same bid envelope to be held by the Government pending delivery of items being procured. The Bid Guarantee Bond, Letter of Credit, Certified Check or cashier's check must be issued by any local surety or banking institution licensed to do business on Guam and made payable to the Guam Solid Waste Authority in the amount of fifteen percent (15%) of the total bid offer. The Bid Bond must be submitted on Government Standard Form BB-1 (copy enclosed). Personal Checks will not be accepted as Bid Guarantee. If a successful Bidder (contractor) withdraws from the bid or fails to enter into contract within the prescribed time, such Bid guarantee will be forfeited to the Government of Guam. Bids will be disqualified if not accompanied by Bid Bond, Letter of Credit, Certified Check or Cashier's Check. Bidder must include in his/her bid, valid copies of a Power of Attorney from the Surety and a Certificate of Authority from the Government of Guam to show proof that the surety company named on the bond instrument is authorized by the Government of Guam to be qualified to do business on Guam. For detailed information on bonding matters, contact the Department of Revenue and Taxation. Failure to submit a valid Power of Attorney and Certificate of Authority on the surety is cause for rejection of bid. (GPR Section 3109(c)(3)) Pursuant to 5 GCA Section 5212, all competitive sealed bidding for the procurement of supplies or services exceeding \$25,000 must be accompanied by bid security in the amount of 15% of the total bid price.

12. **PERFORMANCE GUARANTEE:** Bidders, who are awarded a contract under this solicitation, guarantee that goods will be delivered or required services performed within the time specified. Failure to perform the contract in a satisfactory manner may be cause for suspension or debarment from doing business with the Government and for enforcement of Section 23 of these General Terms and Conditions. In addition, the Government will hold the Vendor liable and will enforce the requirements as set forth in Section 41 of these General Terms and Conditions.

13. **SURETY BONDS:** Bid and Performance Bonds coverage must be signed or countersigned in Guam by a foreign or alien surety's resident general agent. The Surety must be an Insurance Company, authorized by the Government of Guam and qualified to do business in Guam. Bids will be disqualified if the Surety Company does not have a valid Certificate of Authority from the Government of Guam to conduct business in Guam.

14. **COMPETENCY OF BIDDERS:** Bids will be considered only from the such bidders who, in the opinion of the Government, can show evidence of their ability, experience, equipment, and facilities to render satisfactory service.

15. **DETERMINATION OF RESPONSIBILITY OF BIDDERS:** The Guam Solid Waste Authority reserves the right for securing from bidders information to determine whether or not they are responsible and to inspect plant site, place of business, and supplies and services as necessary to determine their responsibility in accordance with Section 15 of these General Terms and Conditions (GPR Section 3-401).

16. **STANDARD FOR DETERMINATION OF LOWEST RESPONSIBLE BIDDER:** In determining the lowest responsible offer, the Guam Solid Waste Authority shall be guided by the following:

- a) Price of items offered.
- b) The ability, capacity, and skill of the Bidder to perform.
- c) Whether the bidder can perform promptly within the specified time.
- d) The quality of performance of the Bidder with regards to awards previously made to him.
- e) The previous and existing compliance by the Bidder with laws and regulations relative to procurement.
- f) The sufficiency of the financial resources and ability of the Bidder to perform.
- g) The ability of the bidder to provide future maintenance and services for the subject of the award.
- h) The compliance with all of the conditions to the Solicitation.

17. **TIE BIDS:** If the bids are for the same unit price or total amount in the whole or in part, the Chief Procurement Officer will determine award based on 2 GAR, Div. 4, § 3109(o) (2) or to reject all such bids.

18. **BRAND NAMES:** Any reference in the Solicitation to manufacturer's Brand Names and number is due to lack of a satisfactory specification of commodity description. Such preference is intended to be descriptive, but not restrictive and for the sole purpose of indicating to prospective bidders a description of the article or services that will be satisfactory. Bids on comparable items will be considered provided the bidder clearly states in his bid the exact articles he is offering and how it differs from the original specification.

19. **CONTRACT AWARD:** In accordance with 5 GCA § 5211(g) and 2 GARR § 3109(n), after bids are publicly opened, an award will be made with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the Invitation for Bids. The award will be made by

- Purchase Order
- Standard Form Contract

20. **DESCRIPTIVE LITERATURE:** Descriptive literature(s) as specified in this solicitation must be furnished as a part of the bid and must be received at the date and time set for the opening Bids. The literature furnished must clearly identify the item(s) in the Bid. The descriptive literature is required to establish for the purpose of evaluation and award details of the product(s) the bidder proposes to furnish including design, materials, components, performance characteristics, methods of manufacture, construction, assembly or other characteristics which are considered appropriate. Rejection of the Bid will be required if the descriptive literature(s) do not show that the product(s) offered conform(s) to the specifications and other requirements of this solicitation. Failure to furnish the descriptive literature(s) by the time specified in the Solicitation will require rejection of the bid.

21. **SAMPLES:** Sample(s) of the item(s) specified in this solicitation must be furnished as a part of the bid and must be received at the date and time set for opening Bids. The sample(s) should represent exactly what the bidder proposes to furnish and will be used to determine if the item(s) offered complies with the specifications. Rejection of the Bid will be required if the sample(s) do not show that the product(s) offered conform(s) to the specifications and other requirements of this solicitation. Failure to furnish the sample(s) by the time specified in the Solicitation will require rejection of the Bid.

22. **LABORATORY TEST:** Successful bidder is required to accompany delivery of his good with a Laboratory Test Report indicating that the product he is furnishing the Government meets with the specifications. This report is on the bidder's account and must be from a certified Testing Association.

23. **AWARD, CANCELLATION, & REJECTION:** Award shall be made to the lowest responsible bidder, whose bid is determined to be the most advantageous to the Government, taking into consideration the evaluation factors set forth in this solicitation. No other factors or criteria shall be used in the evaluation. The right is reserved as the interest of the Government may require to waive any minor irregularity in bid received. The Guam Solid Waste Authority shall have the authority to award, cancel, or reject bids, in whole or in part for any one or more items if he determines it is in the public interest. In case of an error in the extension of prices, unit price will govern. It is the policy of the Government to award contracts to qualified local bidders. The Government reserves the right to increase or decrease the quantity of the items for award and make additional awards for the same type of items and the vendor agrees to such modifications and additional awards based on the bid prices for a period of thirty (30) days after original award. No award shall be made under this solicitation which shall require advance payment or irrevocable letter of credit from the government (GPR Section 3-202.14.1)

24. **MARKING:** Each outside container shall be marked with the Purchase Order number, item number, brief item description and quantity. Letter marking shall not be less than ¾" in height.

25. **SCHEDULE FOR DELIVERY:** Successful bidder shall notify the Guam Solid Waste Authority, Telephone No. 647-4312 at least twenty-four (24) hours before delivery of any item under this solicitation.

26. **BILL OF SALE:** Successful supplier shall render Bills of Sale for each item delivered under this contract. Failure to comply with this requirement will result in rejection of delivery. The Bill of Sale must accompany the items delivered but will not be considered as an invoice for payment. Supplier shall bill the Government in accordance with billing instructions as indicated on the Purchase Order.

27. **MANUFACTURER'S CERTIFICATE:** Successful bidder is required, upon delivery of any item under this solicitation, to furnish a certificate from the manufacturer indicating that the goods meet the specifications. Failure to comply with this request will result in rejection of delivery or payment. Supplier shall bill the Government in accordance with billing instructions as indicated on the Purchase Order.

28. **INSPECTION:** All supplies, materials, equipment, or services delivered under this contract shall be subject to the inspection and/or test conducted by the Government at destination. If in any case the supplies, materials, equipment, or services are found to be

defective in material, workmanship, performance, or otherwise do not conform with the specifications, the Government shall have the right to reject the items or require that they be corrected. The number of days required for correction will be determined by the Government.

29. **MOTOR VEHICLE SAFETY REQUIREMENTS:** The Government will only consider Bids on motor vehicles which comply with the requirements of the National Traffic and Motor Vehicle safety Act of 1966 (Public Law 89-563) and Clean Air Act as amended (Public Law 88-206), that are applicable to Guam. Bidders shall state if the equipment offered comply with these aforementioned Federal Laws.

30. **SAFETY INSPECTIONS:** All motor vehicles delivered under this contract must pass the Government of Guam Vehicle Inspection before delivery at destination.

31. **GUARANTEE:**

a) **Guarantee of Vehicle Type of Equipment**

The successful bidder shall guarantee vehicular type of equipment offered against defective parts, workmanship, and performance, for a period of not less than one (1) year after date of receipt of equipment. Bidder shall also provide service to the equipment for at least one (1) year. Service to be provided shall include, but will not be limited to tune ups (change of spark plugs, contact points and condensers) and lubrication (change of engine and transmission oil). All parts and labor shall be at the expense of the bidder. All parts found defective and not caused by misuse, negligence or accident within the guarantee period shall be repaired, replaced, or adjusted within six (6) working days after notice from the Government and without cost to the Government. Vehicular type of equipment as used in this context shall include equipment used for transportation as differentiated from tractors, backhoes, etc.

b) **Guarantee of Other Type of Equipment:**

The successful bidder shall guarantee all other types of equipment offered, except those mentioned in 31a, above, against defective parts, workmanship, and performance for a period of not less than three (3) months after date of receipt of equipment. Bidder shall also provide service to the equipment for at least three (3) months. All parts found within that period shall be repaired or replaced by the Contractor without cost to the Government. Repairs, adjustments or replacements of defective parts shall be completed by the contractor within six (6) working days after notice from the Government.

(c) **Compliance with this Section is a condition of this Bid.**

32. **REPRESENTATION REGARDING ETHICS IN PUBLIC PROCUREMENT:** The bidder or contractor represents that it has not knowingly influenced and promises that will not knowingly influence a Government employee to breach any of the ethical standards and represents that it has not violated, is not violating, and promises that it will not violate the prohibition against gratuities and kickbacks set forth on Chapter 11 (Ethics in Public Contracting) of the Guam Procurement Act and in Chapter 11 of the Guam Procurement Regulations.

33. **REPRESENTATION REGARDING CONTINGENT FEES:** The contractor represents that it has not retained a person to solicit or secure a Government contract upon and agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees of bona fide established commercial selling agencies for the purpose of securing business (GPR Section 11-207).

34. **EQUAL EMPLOYMENT OPPORTUNITY:** Contractors shall not discriminate against any employee or applicant of employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that employees are treated equally during employment without regards to their race, color, religion, sex, or national origin.

35. **COMPLIANCE WITH LAWS:** Bidders awarded a contract under this Solicitation shall comply with the applicable standard, provisions, and stipulations of all pertinent Federal and/or local laws, rules, and regulations relative to the performance of this contract and the furnishing of goods.

36. **CHANGE ORDER:** Any order issued relative to awards made under this solicitation will be subject to and in accordance with the provisions of Section 6-101-03.1 of the Guam Procurement Regulations.

37. **STOP WORK ORDER:** Any stop work order issued relative to awards made under this solicitation will be subject to and in accordance with the provisions of Section 6-101-04.1 of the Guam Procurement Regulations.

38. **CANCELLATION OF INVITATION FOR BIDS OR REQUEST FOR PROPOSALS:** Any Invitation for Bid may be cancelled, or any or all bids or proposals may be rejected in whole or in part as may be specified in the solicitation, when it is in the best interests of the Territory in accordance with regulations promulgated by the Policy Office. The reasons therefor shall be made part of the contract file.

39. **TIME FOR COMPLETION:** It is hereby understood and mutually agreed by and between the contractor and the Government that the time for delivery to final destination or the timely performance of certain services is an essential condition of this contract. If the contractor refuses or fails to perform any of the provisions of this contract within the time specified in the Purchase Order (from the date Purchase Order is acknowledged by the vendor), then the contractor is in default. Defaults will be treated subject to and in accordance with the provisions of Section 6-101-08 of the Guam Procurement Regulations.

40. **JUSTIFICATION OF DELAY:** Bidders who are awarded contracts under this Solicitation, guarantee that the goods will be delivered to their destination or required services rendered within the time specified. If the bidder is not able to meet the specified delivery date, he is required to notify the Guam Solid Waste Authority of such delay. Notification shall be in writing and shall be received by the Guam Solid Waste Authority at least twenty-four (24) hours before the specified delivery date. Notification of delay shall include an explanation of the causes and reasons for the delay including statement(s) from supplier or shipping company causing the delay. The Government reserves the right to reject delay justification if, in the opinion of the Chief Procurement Officer, such justification is not adequate.

41. **SERVICE-DISABLED VETERAN OWNED BUSINESS PREFERENCE:** Bidding is subject to the policy in favor of Service-Disabled Veteran Owned Business as defined in 5 GCA sections 5011 and 5012.

42. **LIQUIDATED DAMAGES:** When the contractor is given notice of delay or nonperformance as specified in Paragraph 1 (Default) of the Termination for Default Clause of this contract and fails to cure in the time specified, the contractor shall be liable for

damages for delay in the amount of one-fourth of one percent (1%) of outstanding order per calendar day from date set for cure until either the territory reasonable obtains similar supplies or services if the contractor is terminated for default, or until the contractor provides the supplies or services if the contractor is not terminated for default. To the extent that the contractor's delay or non-performance is excused under Paragraph 15 (Excuse for Nonperformance or Delayed Performance) of the Termination for Default Clause of this contract, liquidated damages shall not be due the territory. The contractor remains liable for damages caused other than by delay. 2 GAR, Div. 4 §6101(d).

[x] 43. **PHYSICAL LIABILITY:** If it becomes necessary for the Vendor, either as principal, agent or employee, to enter upon the premises or property of the Government of Guam in order to construct, erect, inspect, make delivery or remove property hereunder, the Vendor hereby covenants and agrees to take, use, provide and make all proper, necessary and sufficient precautions, safeguards and protections against occurrence of any accidents, injuries or damages to any person or property during the progress of the work herein covered, and to be responsible for, and to indemnify and save harmless the Government of Guam from the payment of all sums of money by reason of all or any such accidents, injuries, or damages that may occur upon or about such work, and fines, penalties and loss incurred for or by reasons of the violations of any territorial ordinance, regulations, or the laws of Guam or the United States, while the work is in progress. Contractor will carry insurance to indemnify the Government of Guam against any claim for loss, damage or injury to property or persons arising out of the performance of the Contractor or its employees and agents of the services covered by the contract and the use, misuse or failure of any equipment used by the contractor or his employees or agents, and shall provide certificates of such insurance to the Government of Guam when required.

[x] 44. Contract will be cancelled if funds not appropriated or insufficient, and that government will timely inform contractor. 2 GAR, Div.4 §3121(e) (1) (C) and 2 GAR, Div. 4 §3121 (e)(1)(D).

[x] 45. **CONTACT FOR CONTRACT ADMINISTRATION:** If your firm receives a contract as a result of this Solicitation, Please designate a person whom we may contact for prompt administration.

GOVERNMENT OF GUAM

SEALED BID SOLICITATION INSTRUCTIONS

1. **BID FORMS:** Each bidder shall be provided with two (2) sets of Solicitation forms. Additional copies may be provided upon request. Bidders requesting additional copies of said forms will be charged per page in accordance with Section 6114 of the Government Code of Guam. All payments for this purpose shall be by cash, certified check or money order and shall be made payable to the Guam Solid Waste Authority.
2. **PREPARATIONS OF BIDS:**
 - a. Bidders are required to examine the drawings, specifications, schedule, and all instructions. Failure to do so will be at bidder's risk.
 - b. Each bidder shall furnish the information required by the Solicitation. The bidder shall sign the solicitation and print or type his name on the Schedule. Erasures or other changes must be initialed by the person signing the bid. Bids signed by an agent are to be accompanied by evidence of this authority unless such evidence has been previously furnished to the issuing office.
 - c. Unit price for each unit offered shall be shown and such price shall include packing unless otherwise specified. A total shall be entered in the amount column of the Schedule for each item offered. In case of discrepancies between a unit price and extended price, the unit price will be presumed to be correct.
 - d. Bids for supplies or services other than those specified will not be considered. Time, if stated as a number of days, means calendar days and will include Saturdays, Sundays, and holidays beginning the day after the issuance of a Notice to Proceed. Time stated ending on Saturday, Sunday or Government of Guam legal holiday will end at the close of the next business day.
 - e. No Entitlement to Preparation Costs – the bidder expressly waives any right it may have against the government for any expenses incurred in connection with the preparation of its bid.
3. **EXPLANATION TO BIDDERS:** Any explanation desired by a bidder regarding the meaning or interpretation of the Solicitation, drawings, specifications, etc., must be submitted in writing and with sufficient time allowed for a written reply to reach all bidders before the submission of their bids. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective bidder concerning a Solicitation will be furnished to all prospective bidders in writing as an amendment to the Solicitation if such information would be prejudicial to uninformed bidders.
4. **ACKNOWLEDGEMENT OF AMENDMENTS TO SOLICITATIONS:** Receipt of an amendment to a Solicitation by a bidder must be acknowledged by signing an acknowledgement of receipt of the amendment. Such acknowledgement must be received prior to the hour and date specified for receipt of bids.
5. **SUBMISSION OF BIDS:**
 - a. Bids and modifications thereof shall be enclosed in sealed envelopes and addressed to the office specified in the Solicitation. The bidder shall show the hour and date specified in the Solicitation for receipt, the Solicitation number, and the name and address of the bidder on the face of the envelope.
 - b. Electronic bids will not be considered unless authorized by the Solicitation. However, bids may be modified or withdrawn by written or electronic notice, provided such notice is received prior to the hour and date specified for receipt (see paragraph 6 of these instructions).
 - c. Samples of items, when required, must be submitted within the time specified, unless otherwise specified by the Government, at no expense to the Government. If not destroyed by testing, samples will be returned at bidder's request and expense, unless otherwise specified by the Solicitation.
 - d. Samples or descriptive literature should not be submitted unless it is required by this solicitation. Regardless of any attempt by a bidder to condition the bid, unsolicited samples or descriptive literature will not be examined or tested at the bidder's risk, and will not be deemed to vary any of the provisions of this Solicitation.
6. **FAILURE TO SUBMIT BID:** If no bid is to be submitted, do not return the solicitation documents unless otherwise specified. A letter or postcard shall be sent to the issuing office advising whether future Solicitations for the type of supplies or services covered by this Solicitation are desired.
7. **LATE BID, LATE WITHDRAWALS, AND LATE MODIFICATIONS:**
 - a. Definition: Any bid received after the time and date set for receipt of bids is late. Any withdrawal or modification of a bid received after the time and date set for opening of bids at the place designated for opening is late (Guam Procurement Regulations Section 3-202)
 - b. Treatment: No late bid, late modification, or late withdrawal will be considered unless received before contract award, and the bid, modification, or withdrawal would have been timely but for the action or inaction of territorial personnel directly serving the procurement activity.
9. **GOVERNMENT FURNISHED PROPERTY:** No material, labor or facilities will be furnished by the Government unless otherwise provided for in the Solicitation.
10. **CANCELLATION OR REVISION OF BID:** This IFB may be canceled, or any and all bids may be rejected in whole or in part as may be pursuant to GAR § 3115, when it is in the best interest of the Government. Additionally, in accordance with GAR § 9105, if prior to award it is determined that a solicitation or proposed award of a contract is in violation of the law, then the solicitation or proposed award shall be canceled or revised to comply with the law. The reasons therefore shall be made part of the contract file.
11. **REJECTION OF BIDS:** Any bidder submitted in response to this IFB may be rejected in whole or in part with it is in the best interest of the Government, in accordance with GAR § 3115(e). Reasons for rejecting bids include but are not limited to: (1) The business that submitted the bid is non-responsive as determined under GAR § 3116; (2) The bid ultimately fails to meet the announced requirements of the Government in some material respect; or (3) The bid price is clearly unreasonable. Upon request, successful bidders shall be advised of the reasons for rejection.

When bids are rejected, or a solicitation canceled after bids are received, the bids which have been opened shall be retained in the procurement file, or if unopened, returned to the bidders upon request, or otherwise disposed of pursuant to GAR § 3115(g).

- 12. TERMINATION OF CONTRACT: 1. TERMINATION OF CONVENIENCE PURSUANT TO GAR § 6101(10)**
- (a) **Termination:** The Government, when the interest of the Government so requires, may terminate this contract in whole or in part, for the Convenience of the Government. The Purchasing Agency shall give written notice of the termination to the contractor specifying the part of the contract terminated when termination becomes effective.
 - (b) **Contractor's Obligations:** The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified.
 - (c) **Condition of Termination:** Notwithstanding the foregoing, the cessation of services for people requiring services shall be contingent upon the Government obtaining a substitute provider for the services and the contractor shall cooperate by taking all reasonable and necessary steps to ensure that services are not interrupted and transferred to the succeeding provider. The contractor shall issue a written memorandum detailing the status of the contractor's ongoing services initiating termination or any fault of either party.
- 13. SELLER'S INVOICES:** Invoices shall be prepared and submitted in quadruplicate (one copy shall be marked "original") unless otherwise specified. Invoices shall be "certified true and correct" and shall contain the following information: Contract and order number (if any), item numbers, description of supplies or services, sizes, quantities, unit prices, and extended total. Bill of lading number and weight of shipment will be shown for shipments made on Government bills of lading.
- 14. RECEIPT, OPENING AND RECORDING OF BIDS:** Bids and modifications shall be publicly opened in the presence of one or more witnesses, at the time, date, and place designated in the Invitation for Bids. The name of each bidder, the bid price, and such other information as is deemed appropriate by the Procurement Officer, shall be read aloud and recorded, or otherwise made available. The names and addresses of required witnesses shall be recorded at the opening. The opened bids shall be available for public inspection except to the extent the bidder designates trade secrets or other proprietary data to be confidential as set forth in accordance with Section 12, below. Material so designated shall accompany the bid and shall be readily separable from the bid in order to facilitate public inspection of the non-confidential portion of the bid. Prices, makes and models or catalogue numbers of the items offered, deliveries, and terms of payment shall be publicly available at the time of bid opening regardless of any designation to the contrary (Guam Procurement Regulations Section 3-202.12.2).
- 15. CONFIDENTIAL DATA:** The Procurement Officer shall examine the bids to determine the validity of any requests for nondisclosure of trade secrets and other proprietary data.
- 16. PROHIBITION AGAINST GRATUITIES AND KICKBACKS:** With respect to this procurement and any other contract that bidder may have or wish to enter into with the Government, the bidder represents that he/she has not violated, is not violating, and promises that he will not violate the prohibition against gratuities and kickbacks set forth in the Guam Procurement Regulations – GAR § 11170(e)
- 17. STATEMENT OF QUALIFICATIONS** The ability capacity and skill of the Bidders to perform; Whether the bidder can perform promptly or within the specified time; The quality of performance of the Bidder with regards to awards previously made to him; The sufficiency of the financial resources and ability of the bidders to perform; And the compliance with all of the conditions to the solicitation.
- 18. WAGE AND BENEFIT COMPLIANCE-CONTRACTORS PROVIDING SERVICES:**
- (a) Contractor with regard to all person its employs whose purpose in whole or in part is the direct delivery of services contracted for with the Government of Guam in this procurement, shall pay such employees in accordance with the Wage Determination for Guam and the Northern Marianas Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct deliverance of deliverables to the government of Guam. 5 GCA § 5801 Contractor shall be responsible for flowing down this obligation to its subcontractors.
 - (b) The Wage Determination most recently issued by the U.S. Department of Labor at the time this Agreement was awarded to Contractor shall be used to determine wages and benefits which shall be paid to employees pursuant to this clause. 5 GCA § 5801
 - (c) Should any contract contain a renewal clause, then at the time of renewal adjustments there shall be stipulations contained in that contract for applying the Wage Determination, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply. 5 GCA § 5801
 - (d) In addition to the Wage Determination detailed above, health and similar benefits for employees having a minimum value as detailed in the wage Determination issued and promulgated by the U.S. Department of labor shall apply. Contractor shall pay a minimum of ten (10) paid holidays per annum per employee. 5 GCA § 5802
 - (e) Any violation of Contractor or its subcontractors obligations of this section shall be investigated by the Guam Department of Labor and may include a monetary penalty assessment by the Guam Department of Labor of no less that One Hundred Dollars (\$100.00) per day, and no more than One Thousand Dollars (\$1,000.00) per day, until such time as a violation has been corrected, as well as the payment of all back wages and benefits due. 5 GCA § 5803
 - (f) In addition to any and all other breach of contract actions the Government of Guam may have under this procurement, in the event there is a violation in the process set forth in subsection (e) above, Contractor may be placed on probationary status by the Chief Procurement Officer of the General Service Agency, or its successor, for a period of one (1) year.
During the probationary status, a Contractor shall not be awarded any contract by any instrumentality of the Government of Guam. A Contractor who has been on probationary status, or has been assessed a monetary

penalty pursuant to 5 GCA Article 13 Title 5 may appeal such penalty of probationary status to the Superior Court of Guam. 5 GCA § 5804

- (g) Contractor along with all proposed offerors and submitter under this procurement were required to submit a Declaration of Compliance with Wage Determination laws as part of this procurement with a copy of the most recent Wage Determination for Guam and the Northern Marianas Islands issued and promulgated by the U.S. Department of Labor. 5 GCA § 5805
 - (h) The applicable USDOL Wage Determination Rate Revision (as defined by subsections (b) and (c) is to this Agreement. Contractor agrees to provide upon written request by the Government of Guam written certification of its compliance with its obligations as part of each invoice, along with the names of any employees, their positions, and detailed wage and benefits paid in keeping with this section. Additionally upon request by Government of Guam the Contractor shall submit source documents as to those individuals provide direct services in part or whole under this Agreement and its payments to them of such wages and benefits.
19. **ETHICAL STANDARDS:** With respect to this procurement and any other contract that the Contractor may have, or wish to enter into, with any Government of Guam agency, the Contractor represents that it has not knowingly influenced, and promises that it will not knowingly influence, any government employee to breach any of the ethical standards set forth in the Guam Procurement Law and in any of the Guam Procurement Regulations. – GAR § 11103 (b).
20. **PROHIBITION AGAINST CONTINGENT FEES:** The Contractor represents that he has not retained any person or agency upon an Agreement or Understanding for a percentage, commission, brokerage, or other contingent arrangement, except for retention of bona fide employees or bona fide established commercial selling agencies, to solicit or secure this Agreement or any contract with the government of Guam or its agencies. GAR § 11108(f)
21. **CONTRACTOR'S WARRANTY AS TO EMPLOYEES AND SEX OFFENSES. Reference 5 GCA 5253(b):** : Contractor warrants that no person providing services on behalf of the Contractor has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of GCA or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry.
- Contractor warrants that if any person providing services on behalf of Contractor is convicted of a sex offense under the provisions of Chapter 25 of Title 9 GCA, or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry, that such person will be immediately removed from working at said agency and that the administrator of said agency be informed of such within twenty-four (24) hours of such conviction. Any contractor found in violation of this section, after notice from the Government of Guam, after notice from the contracting authority of such violation, shall within twenty-four (24) hours, take corrective action and shall report such action to the contracting authority. Failure to take corrective action with the stipulated period may result in the temporary suspension of the contract at the discretion of the Government of Guam.
22. **POLICY IN FAVOR OF SERVICE-DISABLED VETERAN OWNED BUSINESSES:** P.L. 31-115 (September 20, 2011) 5 GCA § 5011 and § 5012 In the procurement of any supply or service, (except for professional services), if such supply or service is offered by a Service Disabled Veteran Owned Business "SDVOB", as defined in 5 GCA § 5012, that is at least fifty one percent (51%) owned by service-disabled veteran(s), and if the supply or service is available within the period that is required for the procurement, and the price for the supply or service does not exceed one hundred five percent (105%) of the lowest bidder price, a preference shall be given to that SDVOB by the Government of Guam, and the supply or service shall be purchased from said SDVOB. This shall be in addition to any other procurement benefit the SDVOB may qualify for under Guam law. A business concern is a qualified SDVOB if: (a) the business concern is licensed to do business on Guam; (b) the business concern maintains its headquarters on Guam; (c) the business concern is at least fifty-one (51%) owned by a service-disabled veteran(s) who served in the active U.S. military service, was discharged or released under honorable conditions and whose disability is service-connected as demonstrated by a DD214, and certified by an award letter from the U.S. Department of Veterans Affairs; the DD214 and Disability award letter from U.S. Department of Veterans Affairs are submitted to the Government of Guam procuring agency for every service offered; and the service disabled veteran(s) owner(s) of the business concern has filed individual tax returns on Guam for a period of at least three (3) consecutive years.
23. **CERTIFICATION OF INDEPENDENT PRICE DETERMINATION:** The undersigned Bidder certifies that the bid price submitted was Independently arrived at without collusion — GAR § 3126
24. **LICENSING OR CERTIFICATE(S) OF EXEMPTIONS:** Bidders are cautioned that the Government will not consider for award any offer submitted by a bidder who cannot comply with the Guam Licensing Law. Specific information on license or exemptions may be obtained from the Director of Revenue and Taxation.
25. **EQUAL EMPLOYMENT OPPORTUNITY:** Bidder shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that employees are treated equally during employment without regards to their race, color, religion, sex, or national origin.
26. **DISCLOSURES OF MAJOR SHAREHOLDERS:** (5 GCA § 5233) As a condition of submitted a bid, any partnership, sole proprietorship or corporation doing business with the Government of Guam shall submit an affidavit executed under oath that lists the name and address of any person who has held more than ten percent (10%) of the outstanding interest or shares in said month period immediately preceding submission of proposal.

Tamuning, Guam 96913

Re: Guam Solid Waste Authority Invitation for Bid GSWA-004-24 Compact Wheel Loader with Attachment

Dear Sir,
Morrico Equipment LLC submits the below questions in regards to Invitation for Bid No. GSWA-004-24 Compact Wheel Loader with Attachments Bid.

Specifications

1. Axles: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle.

Question # 1. Is an oscillating rear axle acceptable?

2. Max rise and fall single wheel: 15 inches maximum, 14 inch minimum.

Question # 2. Please clarify what is required by the term listed above.

3. Hydraulically Driven, proportionally controlled fan.

Question # 3. Will a belt driven fan be acceptable?

4. Voltage: 12 Volt

Question # 4. Will a 24 Volt Electrical System be Acceptable?

5. One (1) Battery

Question # 5. Will two 12 Volt Batteries be acceptable?

Re: Guam Solid Waste Authority Invitation for Bid GSWA-004-24 Compact Wheel Loader with Attachment

6. Battery Capacity: 925 CCA

Question # 6. Will two Batteries with 900 CCA be acceptable?

7. Seat: Air Ride high back with head rest and dual lumbar support

Question # 7. Will a mechanical suspension seat be acceptable?

8. 1.4 CY Bucket: 12,800 lbs. Maximum

Question # 8. Please confirm if this bucket request is for a multipurpose bucket.

9. One (1) 1.4 CY Bucket with Bolt on Cutting Edge

Question # 9. Please confirm if this bucket request is for a Multipurpose Bucket.
Please confirm if this is bucket request is additional to Question 8 bucket request or the same request.

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Far East Equipment Co. On November 9, 2023

1. In the specs under Powertrain, the spec reads "Max rise and fall single wheel: 15 inch maximum, 14 inch minimum." Will 10 inches be acceptable?

Response: No, specs remain the same.

2. In the specs under Cooling, the spec reads "Hydraulically driven, proportionally controlled fan." Will direct driven be acceptable?

Response: No, specs remain the same.

3. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Will a max rated flow 21.13 GPM @ 1,000 PSI be acceptable?

Response: No, specs remain the same.

4. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Can you clarify why there is a request for high flow option when the requested documents do not require high flow hydraulics?

Response: The pick-up broom specified requires the flow specified.

5. In the specs under Electrical, the spec reads "Battery capacity: 925 CCA." Will 830 CCA be acceptable?

Response: No, specs remain the same.

Irvin L. Slike,
General Manager

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Far East Equipment Co. On November 13, 2023

1. In regards to the high-flow hydraulics requirement for the broom attachment, John Deere's broom attachment does "NOT" require high-flow. Will high-flow still be required?

Response: The hydraulic flow range is typical for brooms.

2. What make and model machine was used to form the specs of this bid?

Response: John Deere model 244P.

Irvin L. Slike,
General Manager

November 20, 2023

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Morrico Equipment on November 15, 2023

1. Axles: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle. Is an oscillating rear axle acceptable?

Response: Yes, refer to Amendment No. 2.

2. Max rise and fall single wheel: 15 inches maximum, 14 inches minimum. Please clarify what is required by the term listed above.

Response: The term "Max rise and fall single wheel: 15 inches maximum, 14 inches minimum" pertains to the vertical movement capability of a single wheel on the compact wheel loader. Here's a breakdown of the requirement:

- **Max Rise:** This refers to the maximum vertical distance the center of a single wheel is allowed to move upward from its resting position. In this context, the specified maximum rise is 15 inches.
- **Min Fall:** Conversely, the minimum fall denotes the minimum vertical distance the center of a single wheel is permitted to move downward from its resting position. For this specification, the minimum fall is 14 inches.

These parameters are crucial for ensuring that the compact wheel loader can effectively navigate varied terrains, accommodate different load sizes, and maintain stability during operation.

3. Hydraulically Driven, proportionally controlled fan. Will a belt driven fan be acceptable?

Response: Yes, refer to Amendment No. 2.

4. Voltage: 12-volt. Will a 24 Volt Electrical System be acceptable?

Response: Yes, refer to Amendment No. 2.

5. One (1) Battery. Will two 12-volt batteries be acceptable?

Response: Yes, refer to Amendment No. 2.

6. Battery Capacity: 925 CCA. Will two batteries with 900 CCA be acceptable?

Response: Yes, refer to Amendment No. 2.

GUAM SOLID WASTE AUTHORITY

7. Seat: Air Ride high back with head rest and dual lumbar support. Will a mechanical suspension seat be acceptable?

Response: Yes, refer to Amendment No. 2.

8. 1.4 CY Bucket: 12,800 lbs. Maximum. Please confirm if this bucket request is for a multipurpose bucket.

Response: Refer to Amendment No. 2.

9. One (1) 1.4 CY Bucket with Bolt on Cutting Edge. Please confirm if this bucket request is for a Multipurpose Bucket. Please confirm if this is bucket request is additional to Question 8 bucket request or the same request.

Response: Refer to Amendment No. 2.

Questions and Concerns received from Far East Equipment Co. on November 17, 2023

10. The manufacturer of the Tink Claw bucket does not recommend the C720 (2.7CYD) model for this size machine. They recommend the C520 (1.2CYD) model for a machine of this size. With this information, does GSWA want to proceed with a C720 model bucket though it may pose a tipping hazard?

Response: No, refer to Amendment No. 2.

Irvin L. Slike,
General Manager

COMPACT WHEEL LOADER
TIER 4 FINAL CERTIFIED

CASE

CONSTRUCTION

ENGINE

Model	FPT F5H FL463 A
Emissions Certification	Tier 4 Final
Type	4-stroke
Cylinders	4
Bore/Stroke	3.9 x 4.3 in (99 x 110 mm)
Displacement	207 in ³ (3.4 L)
Fuel injection	High pressure, common rail injection
Fuel	Diesel
Fuel filter	Spin on, Beta (4) = 20
Air filter	Dry type element w/ warning restriction indicator
Exhaust aftertreatment:	Cooled Exhaust Gas Recirculation (CEGR) w/ Diesel Oxidation Catalyst (DOC)
Radiator:	
Core type	All aluminum
Fan:	
Style	Direct drive
Lubrication/cooling oil pump:	
Stvie	Integral
Engine oil:	
Pump:	Rotor Pump w/ deep sump pan, plate cooled & pressurized under piston nozzles
Pump operating angle ratings:	
Side-to-side	Rated 35°
Fore and aft	Rated 35°
Oil filtration	Spin on, full flow
Engine speeds	RPM
Rated - full load	2500
Low idle	950
High idle - no load	2500
Horsepower @ 2500 RPM:	
Gross	74 hp (55 kW)
Net	70 hp (52 kW)
Peak torque @ 1400 RPM:	
Gross	232 lb-ft (314 N-m)
Net	227 lb ft (308 N-m)

NOTE: Gross horsepower and torque per SAE J1349
Net horsepower and torque per SAE J1349

DRIVETRAIN

Transmission	Hydrostatic transmission	
Pump relief	6,092 psi (42 000 kPa)	
Pump flow @ 2500 RPM	37.0 gpm (140 L/min)

2nd High	11.4 (18.3)	11.4 (18.3)
Travel speeds - HS	Forward	Reverse
	mph (kph)	mph (kph)
1st Low	3.0 (4.8)	3.0 (4.8)
2nd High	8.1 (13.0)	8.1 (13.0)
3rd High	18.6 (30.0)	18.6 (30.0)

NOTE: Travel speeds at full engine throttle
w/ 365/80 R18 tires

ELECTRICAL

Voltage	12 Volts
Alternator	120 amp
Batteries	95 AHR, 900 CCA

OPERATOR ENVIRONMENT

ROPS: ISO 3471; 2,008 lb (6 800 kg); Base and Deluxe Cab w/ heater and A/C; Key start; Articulated power steering w/ tilt column; Full adjustable, cloth suspension seat; Foot throttle; Single joystick w/ electronic speed shift control F/N/R switch and proportional loader control; Cup holder; Retractable seat belt; Storage tray on Deluxe Cab; Sun screen - front; Opening side window; Dome light; Wipers - front and rear; 12-volt auxiliary power; Lighter cigar and ashtray; Pocket cellular phone; Coat hook; External rearview mirrors; Loader control lockout.

Electronic information center

Displays/Gauges:
Vehicle speed; Hourmeter; Floating functionality on; High flow functionality on; Clock; Vehicle directions; Gear number engaged; PM Catalyst icons.

Indicator lights:

Diff. lock; Main hydraulic enabled; Turn light - left and right; Rear work lamps; Work lamps; Main high beam; Side lights; Stop; Warning signal; Rabbit; Hand brake; Brake fluid level. Quick coupler on; Ride Control on; Creep speed; PM Catalyst; Low fuel level; Clogging air filter; Engine oil pressure; Glow plug; Alternator changing.

Audible alarms:

Caution alarm; Critical alarm, Backup alarm.

Horn

NOTE: If equipped w/ option.

OPERATING WEIGHT

Z-Bar:

Unit equipped w/ ROPS/FOPS cab w/ heater, standard counterweight, 365/70 R18 Dunlop Tires, front and rear fenders, 1.2 vd³ (0.9 m³) general purpose bucket w/ edge, full fuel, 165 lb (75 kg) operator:
12,547 lb (5 691 kg)

HYDRAULICS

Pump - steering/implement:

Open-centered pressure/flow compensated

Fixed gear type:

Standard flow:

Max. 22.5 gpm @ 3,336 psi
(Max. 85 L/min @ 230 bar)

Optional high flow:

Max. 34.3 gpm @ 2,901 psi
(Max. 130 L/min @ 230 bar)

Loader control valve:

Open-center, Hydraulic Loader Control w/ single lever includes: Forward/Neutral/Reverse switch, Floating switch, Low/High Travel mode switch, Auxiliary Function Roller

Loader auxiliary steering

Hydraulic orbital center-pivot articulating w/ on-demand oil flow

Main relief pressure 3,336 psi (23 000 kPa)

Filtration:

15-micron, full flow replaceable cartridges on return line

SERVICE CAPACITIES

Fuel tank	22.7 gal (86.0 L)
Hydraulic system:	
Reservoir	10.6 gal (40.0 L)
Total	14.0 gal (53.0 L)
Front and rear axle:	
Front axle	2.3 gal (8.7 L)
Rear axle	2.6 gal (10.0 L)
Rear axle HS	2.5 gal (9.45 L)
Engine oil w/ filter	1.8 gal (7.0 L)
Cooling*	3.4 gal (13.0 L)

NOTE: *1.72 gal (6.5 L) antifreeze + 1.72 gal (6.5 L) water.

OTHER SPECIFICATIONS

Lift cylinders	Two (2)
Bore diameter	3.25 in (82.5 mm)
Rod diameter	1.97 in (50.0 mm)
Stroke	29.57 in (751.0 mm)
Tilt cylinder:	
Bore diameter	3.49 in (88.7 mm)
Rod diameter	2.25 in (57.1 mm)
Stroke	19.96 in (507.0 mm)

Loader:
 Z-Bar:
 Z-Bar loader linkage
 Single control for lift and tilt
 Positive hold float
 Hydraulic attachment coupler:
 Skid steer compatible/horizontal pin compatible

Cycle time:
 Z-Bar:

Raise w/ rated bucket load	5.8 sec
Dump w/ rated bucket load	1.7 sec
Lower - empty	3.8 sec

Line drawings are for illustrative purpose only and may not be exact representation of unit.

DIMENSIONS

A. Height to top of ROPS cab	103.4 in (2 627 mm)
B. Wheelbase	87.6 in (2 225 mm)
C. Ground clearance under shaft	17.3 in (440 mm)
Ground clearance under axles	12.5 in (317 mm)
D. Angle of departure	27°
Width:	
E. Overall without bucket	73.2 in (1 860 mm)
F. Centerline tread	59.1 in (1 500 mm)
Turning radius - outside	157.0 in (3 987 mm)
Turning angle:	
From center	40°
Total angle	80°
Rear axle oscillation - total	20°

TINK, INC.

TITLE 520 Claw

DESIGN FEATURES

Tink 520 Claw

A special loader bucket that scoops leaves and loose garden waste out of the gutter and into disposal trucks at lower costs. The Claw can be mounted on most $\frac{3}{4}$ to $1\frac{1}{2}$ yard wheel loaders.

The **Pincer Jaw Assembly** is constructed of structural steel tubing welded together to form rigid rectangular frames. The framework is covered and strengthened with steel side panels. The serrated front edges assist in grasping and pinching materials.

Wear Provisions The underside of the Claw, which makes frequent contact with asphalt and other hard surfaces, is equipped with replaceable tungsten carbide wear shoes and hard steel blades that absorb a majority of the abrasion and wear. Tungsten carbide is an extremely hard material that is incorporated into the wear shoes to combine the highest wear and abrasion resistance possible with strength and impact resistance.

Piano-Hinge Construction The pincer jaw assembly is attached to the main frame with a 3 inch diameter piano-hinge that features a $1\frac{1}{2}$ inch pin that won't shear on impact. More importantly the large diameter provides a vast amount of wear surface to promote long lasting life. The hinges include greasable hardened bushing inserts.

Hydraulic System The rebuildable twin cylinders that open and close the Claw are capable of developing pinch force necessary to grasp and hold materials too long or bulky to fit within the pincer bucket. The cylinders have a 3 inch bore, an 8 inch stroke and a $\frac{1}{4}$ inch chrome hardened rod. Mechanical stops prevent cylinder damage by not allowing the cylinders to over extend during the Claw's duty cycle.

When the pincer jaws make contact with an immovable object the hydraulic cross over relief valve senses the obstruction a diverts the fluid away from the cylinders. This automatic action minimizes cylinder damage and premature hydraulic system failure.

The flow divider distributes an equal amount of hydraulic fluid to each cylinder ensuring that the pincer jaws operate evenly and simultaneously.

The 520 Claw hydraulic system is designed for machines having 8 to 50 gpm and 1500 to 3800 psi.

Prices and specifications are subject to change without notice.

1. Bucket Broom suitable for Case Wheel Loader 221F equipped with Skid Steer Loader Mount

MORRIS
EQUIPMENT
Sales, Rental, Parts and Service
197 Ypao Road, Tamuning, Guam 96913
www.morrisequipment.com
Tel: 671-649-1946

Specifications / Features

- Handles light and heavy-duty clean-up in construction, municipal, and industrial applications
- Bi-directional broom sweeps forward to pick up dirt; reverses to collect asphalt millings, rock, and construction debris
- To dump, just lift and tilt; no chains are required
- No front caster wheel; works easily next to walls, curbs and obstacles
- Replaceable bolt-on cutting edge on bucket
- Mounts to skid-steer quick-attach
- Mechanical stops to adjust depth of the brush

2. Pallet Forks suitable for Case Wheel Loader 221F equipped with Skid Steer Loader Mount

MORRIS
EQUIPMENT
Sales, Rental, Parts and Service
197 Y.ao Road, Tamuning, Guam
www.morrisequipment.com
Tel: 671-649-1946

Specifications / Features

- CNHi's Pallet Forks are designed with a high strength lightweight frame.
- The Forks are equipped with guard for excellent visibility.
- The lifting capacity of the complete attachment is governed by the operating capacity of the host machine

MULTI-PURPOSE QUADRA-BUCKET

RECOMMENDED APPLICATIONS:

The Werk-Brau Multi-purpose Quadra-Bucket is specifically designed to add versatility to a standard loader bucket. Can be used for dozing, grappling, material handling, light grading, back dragging, back filling, land clearing, high dumping and much more. With vast variety of applications this bucket can perform deems bucket one of the most versatile attachment on any job site. Not designed to be used in heavy rock applications.

QUALITY CONSTRUCTION:

High strength, wear resistant steel is used in cutting edges. High quality cylinders are utilized in all models. All pivot points are greasable and lined with hardened bushings. Each bucket is engineered with tapered side plates to reduce wear on the buckets sides, and to allow for easier dumping.

TOOTH EQUIPMENT OPTIONS:

Cutting edge can be drilled to accept bolt-on teeth or a replaceable bolt-on edge.

STANDARD SIZES AVAILABLE:

Specific widths and capacities made to meet customer requirements.

ADDITIONAL FEATURES:

All models fitted with attaching ears that meet all pertinent OEM specifications. Dozer edge is equipped with replaceable bolt on edge.

GENERAL PURPOSE HIGH PERFORMANCE BUCKET

RECOMMENDED APPLICATIONS:

The Werk-Brau General Purpose High Performance Bucket has an enhanced high-performance profile. This bucket holds approximately 5% more than our General Purpose Bucket. Specifically designed to dig in virgin soil and re-handle materials up to 3,200 lbs/cubic yard in density.

QUALITY CONSTRUCTION:

High-strength, abrasion-resistant steel is utilized in all critical components. All seams are welded solid for extra durability. Each bucket is engineered with tapered side plates to reduce wear on the buckets sides, and to allow for easier dumping. It also has curved side plates for maximum material retention. An inclined bottom reduces loading force and an increased roll back angle for material retention. The beveled design also allows for a higher material retention.

TOOTH EQUIPMENT OPTIONS:

Auxiliary edge and teeth are available upon request.

STANDARD SIZES AVAILABLE:

2.0 cu. yd. to 9.0 cu. yd. of various widths are available. Special designs and capacities available upon request.

ADDITIONAL FEATURES:

Bucket design incorporates an inclined bottom to reduce loading forces. Strong top design withstands high-digging forces exerted by today's machines, and curved side wall to allow to a higher yield in capacity.

(Required by 5 GCA § 5233 as amended by P.L. 36-13 (4/9/2021))

CITY OF Hagatna)
) ss.
 ISLAND OF GUAM)

Preface. As a condition of submitting a Bid/Offer/Proposal or responding to any method of source selection under Guam’s Procurement Law for the purpose of entering into a contract with the government of Guam, this Affidavit requires all Bidders/Offerors/Prospective Contractors to make disclosures of ownership, influence, commissions, gratuities, kickbacks, and conflicts of interest occurring **during the 365 calendar days preceding the publication of this solicitation and until award of a contract.** This includes the duty to disclose **any changes** to the facts disclosed herein throughout the solicitation process; and if the entity submitting this Affidavit is awarded a contract, the duty to disclose **any changes** to the facts disclosed herein **continues throughout the life of the contract, including any extensions or renewals.**

A. I, the undersigned, being first duly sworn, depose and say that I am an authorized representative of the Bidder/Offeror/Prospective Contractor and that (please check and fill out all that apply):

The Bidder/Offeror/Prospective Contractor is an individual with a business license, and all decisions are by, and all profit is for, that same individual, with principal place of business street address being: _____

The Bidder/Offeror/Prospective Contractor is a business or artificial person (as defined in 1 GCA § 715 or 5 GCA §§ 5030(n) or 5233(b)), and is a sole proprietorship owned entirely (100%) by _____, with principal place of business street address being: _____

The Bidder/Offeror/Prospective Contractor is a business or artificial person (as defined in 1 GCA § 715 or 5 GCA §§ 5030(n) or 5233(b)), and is owned by the following multiple individuals. Note: owners of more than 10% are statutorily required to be listed below, but other owners of smaller percentage are encouraged to be listed as well.

Name of Owner	Principal Place of Business Street Address	% of Interest
<u>Pacific Unlimited Inc.</u>	<u>P.O. Box 10838 Tamuning, GU 96931</u>	<u>100%</u>
_____	_____	_____
_____	_____	_____
_____	_____	_____

Affidavit Disclosing Ownership, Influence,
Commissions and Conflicts of Interest
AG Procurement Form 002 (Rev. 11/17/2021)

One or more of the more-than-10% owners listed above is a business or artificial person. Any more-than-25% owners of such a business or artificial person are listed below per 5 GCA § 5233. Note: any less-than-25% owners of such a business or artificial person is encouraged to also be listed below.

Name of >10% Owner Business or Artificial Person:

Pacific Unlimited Inc.	100%
------------------------	------

Names of owners of the >10% Owner Business or Artificial Person ("Second Tier Owner")	Owner's Principal Place of Business Street Address	% of Interest
John A. Limtiaco	P.O. Box 10838 Tamuning, GU 96931	52%
Lawrence V. Limtiaco	P.O. Box 10838 Tamuning, GU 96931	22.5%
Selita L. Limtiaco	P.O. Box 10838 Tamuning, GU 96931	15.5%
Michael T. Limtiaco	P.O. Box 10838 Tamuning, GU 96931	10%

Name of other >10% Owner Business or Artificial Person:

--

Names of owners of the >10% Owner Business or Artificial Person ("Second Tier Owner")	Owner's Principal Place of Business Street Address	% of Interest

B. If any Second Tier Owner identified above is an artificial person, the natural or artificial owners of such Second Tier Owner who have held more than 49% of the shares or interest in the Bidder/Offeror/Prospective Contractor (Third Tier Owners) are as follows [if none, please so state]:

Second Tier Owner Name _____

Name of Third Tier Owner	Principal Place of Business Street Address	% of Interest

Affidavit Disclosing Ownership, Influence,
Commissions and Conflicts of Interest
AG Procurement Form 002 (Rev. 11/17/2021)

C. If the name of no natural person has been identified as an owner, or a Second or Third Tier Owner of the Bidder/Offeror/Prospective Contractor, please identify the name, position, address, and contact information of the natural person having the authority and responsibility for the Bid/Offer/Proposal/Prospective Contract, and the name of any natural person who has the authority and power to remove and replace the designated responsible person:

Name of Natural Person	Position	Street Address of Principal Place of Business	Phone Number, Email Address, and other Contact Information
John Alexius Limtiaco Jr.	President	P.O. Box 10838 Tamuning, GU 96931	671-888-6270

D. Further, I say that the persons who have received or are entitled to receive a commission, gratuity, contingent fee or other compensation to solicit, secure, or assist in obtaining business related to the Bid/Offer/Proposal/Prospective Contract for which this Affidavit is submitted are as follows (if none, please so state):

Name	Principal Place of Business Street Address	Amount of Compensation
N/A	N/A	N/A

E. Further, I say that the persons who have directly or indirectly participated in this solicitation and who are also employees of the government of Guam or the government of the United States, if federal funds are to be used in the payment of the contract related to the Bid/Offer/Proposal/Prospective Contract for which this Affidavit is submitted, are as follows (if none, please so state):

Name	Principal Place of Business Street Address
N/A	N/A

F. Regardless of any ownership interest, the following individuals have the power to control the performance of the contract or to control the Bidder/Offeror/Prospective Contractor, directly or indirectly:

Name	Principal Place of Business Street Address
N/A	N/A

///
///

Affidavit Disclosing Ownership, Influence,
Commissions and Conflicts of Interest
AG Procurement Form 002 (Rev. 11/17/2021)

G. Until award of the contract, and throughout the term of any contract awarded to the Bidder/Offeror/Prospective Contractor represented herein, I agree to promptly make any disclosures not made previously and update changes in ownership, identities of owners and other required information, interests, compensation or conflicts of the persons required to be disclosed. I understand that failure to comply with this requirement shall constitute a material breach of contract.

H. I hereby declare under penalty of perjury under the laws of Guam that the foregoing is true and correct.

DECLARATION RE COMPLIANCE WITH U.S. DOI WAGE DETERMINATION

Procurement No.: GSWA-004-24

Name of Offeror Company Far East Equipment Company, LLC

I, John Alexius Limtiaco Jr. hereby certify under penalty of perjury:

(1) That I am President [please select one: the offeror, a partner of the offeror, an officer of the offeror] making the bid or proposal in the foregoing identified procurement;

(2) That I have read and understand the provisions of 5 GCA § 5801 and § 5802 which read:

§ 5801. Wage Determination Established.

In such cases where the government of Guam enters into contractual arrangements with a sole proprietorship, a partnership or a corporation ("contractor") for the provision of a service to the government of Guam, and in such cases where the contractor employs a person(s) whose purpose, in whole or in part, is the direct delivery of service contracted by the government of Guam, then the contractor shall pay such employee(s) in accordance with the Wage Determination for Guam and the Northern Mariana Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct delivery of contract deliverables to the government of Guam.

The Wage Determination most recently issued by the U.S. Department of Labor at the time a contract is awarded to a contractor by the government of Guam shall be used to determine wages, which shall be paid to employees pursuant to this Article. Should any contract contain a renewal clause, then at the time of renewal adjustments, there shall be made stipulations contained in that contract for applying the Wage Determination, as required by this Article, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply.

§ 5802. Benefits.

In addition to the Wage Determination detailed in this Article, any contract to which this Article applies shall also contain provisions mandating health and similar benefits for employees covered by this Article, such benefits having a minimum value as detailed in the Wage Determination issued and promulgated by the U.S. Department of Labor, and shall contain provisions guaranteeing a minimum of ten (10) paid holidays per annum per employee.

(3) That the offeror is in full compliance with 5 GCA § 5801 and § 5802, as may be applicable to the procurement referenced herein.

(4) That I have attached the most recent wage determination applicable to Guam issued by the U.S. Department of Labor. [INSTRUCTIONS - Please attach!]

"REGISTER OF WAGE DETERMINATIONS UNDER THE SERVICE CONTRACT ACT By direction of the Secretary of Labor	U.S. DEPARTMENT OF LABOR EMPLOYMENT STANDARDS ADMINISTRATION WAGE AND HOUR DIVISION WASHINGTON D.C. 20210
--	--

Daniel W. Simms Director	Division of Wage Determinations	Wage Determination No.: 2015-5693 Revision No.: 19 Date Of Last Revision: 07/17/2023
-----------------------------	------------------------------------	--

Note: Contracts subject to the Service Contract Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026.

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	Executive Order 14026 generally applies to the contract. The contractor must pay all covered workers at least \$16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023.
---	--

The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the Executive Orders is available at www.dol.gov/whd/govcontracts.

States: Guam, Northern Marianas, Wake Island

Area: Guam Statewide
 Northern Marianas Statewide
 Wake Island Statewide

Joh

***Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$16.20 per hour). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to contracts or contract-like instruments entered into with the federal government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on federal lands.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.98 per hour, up to 40 hours per week, or \$199.20 per week or \$863.20 per month

HEALTH & WELFARE EO 13706: \$4.57 per hour, up to 40 hours per week, or \$182.80 per week, or \$792.13 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) **COMPUTER EMPLOYEES:** This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) **AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

AFFIDAVIT re CONTINGENT FEES

CITY OF Hagatna)

CERTIFICATION OF NON-EMPLOYMENT OF CONVICTED SEXUAL OFFENDERS

Pursuant to Guam Public Law 28-24, as amended by Guam Public Law 28-98, if a contract for services is awarded to an Offeror, then the service provider must warrant that no person in its employment who has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of the Guam Code Annotated or of an offense defined in Article 2 of Chapter 28 of Title 9 of the Guam Code Annotated, or who has been convicted in any other jurisdiction of an offense with the same elements as heretofore defined, or who is listed on the Sex Offender Registry, shall provide services on behalf of the service provider while on government of Guam property, with the exception of public highways. If any employee of a service provider is providing services on government property and is convicted subsequent to an award of a contract, then the service provider warrants that it will notify the GSWA of the conviction within twenty-four hours of the conviction and will immediately remove such convicted person from providing services on government of Guam property. If the service provider is found to be in violation of any of the provisions of this paragraph, then the GSWA will give notice to the service provider to take corrective action. The service provider shall take corrective action within twenty-four hours of notice from the GSWA, and the service provider shall notify the GSWA when action has been taken. If the service provider fails to take corrective steps within twenty-four hours of notice from the GSWA, then the GSWA in its sole discretion may suspend temporarily any contract for services.

I, John Alexius Limtiaco Jr. being a duly authorized representative of the Offeror,
(print name)

acknowledge the requirements described above, have ensured that the Proposal as submitted addresses these requirements, and certify that if awarded the contract, the Offeror will follow these mandates.

DIRECTOR OF REVENUE AND TAXATION

Dafne Mansapit-Shimizu

GOVERNMENT OF GUAM

GENERAL TERMS AND CONDITIONS

SEALED BID SOLICITATION AND AWARD

ONLY THOSE BOXES CHECKED BELOW ARE APPLICABLE TO THIS BID

1. **AUTHORITY:**

This solicitation is issued subject to all the provisions of the Guam Procurement Act (5GCA, Chapter 5) and the Guam Procurement Regulations (copies of both are available at the Office of the Comptroller of Laws, Department of Law, copies available for inspection at the Guam Solid Waste Authority). It requires all parties involved in the Preparation, negotiation, performance, or administration of contracts to act in good faith.

2. **GENERAL INTENTION:** Unless otherwise specified, these General Terms and conditions are intended for the bidder to provide the Government of Guam (Government) with specified services or with materials, supplies or equipment completely assembled and ready for use.

3. **TAXES:** Bidders are cautioned that they are subject to Guam Income Taxes as well as all other taxes on Guam transactions. Specific information on taxes may be obtained from the Director of Revenue and Taxation.

4. **LICENSING:** Bidders are cautioned that the Government will not consider for award any offer submitted by a bidder who has not complied with the Guam Licensing law. Specific information on licenses may be obtained from the Director of Revenue and Taxation.

5. **LOCAL PROCUREMENT PREFERENCE:** All procurement of supplies and services where possible, will be made from among businesses licensed to do business on Guam in accordance with section 5008 of the Guam Procurement Act (5GCA, Chapter 5) and Section 1104 of the Guam Procurement Regulations.

6. **COMPLIANCE WITH SPECIFICATIONS AND OTHER SOLICITATION REQUIREMENTS:** Bidders shall comply with all specifications and other requirements of the Solicitation.

7. **"ALL OR NONE" BIDS:** Unless otherwise allowed under this Solicitation, "all or none" bids may be deemed to be non-responsive. If the bid is so limited, the Government may reject part of such proposal and award on the remainder.

NOTE: By checking this item, The Government is requesting all of the bid items to be items to be bid or none at all. The Government will not award on an itemized basis. Reference 3-101.06 of the Guam Procurement Regulations.

8. **INDEPENDENT PRICE DETERMINATION:** The bidder, upon signing the Invitation for Bid, certifies that the prices in his bid were derived without collusion, and acknowledges that collusion and anti-competitive practices are prohibited by law. Violations will be subject to the provision of Section 5651 of that of the Guam Procurement Act. Other existing civil, criminal or administrative remedies are not impaired and may be in addition to the remedies in Section 5651 of the Government code. By submitting a bid, the bidder certifies that its price was independently arrived at without collusion.

9. **BIDDER'S PRICE:** The Government will consider not more than two (2) (basic and Alternate) item prices and the bidder shall explain fully each price if supplies, materials, equipment, and/or specified services offered comply with specifications and the products origin. Where basic or alternate bid meets the minimum required specification, cost and other factors will be considered. Failure to explain this requirement will result in rejection of the bid.

10. **BID ENVELOPE:** Envelope shall be sealed and marked with the Bidder's name, Bid number, time, date and place of Bid opening.

11. **BID GUARANTEE REQUIREMENT:** Bidder is required to submit a Bid Guarantee Bond or standby irrevocable Letter of Credit or Certified Check or Cashier's Check in the same bid envelope to be held by the Government pending delivery of items being procured. The Bid Guarantee Bond, Letter of Credit, Certified Check or cashier's check must be issued by any local surety or banking institution licensed to do business on Guam and made payable to the Guam Solid Waste Authority in the amount of fifteen percent (15%) of the total bid offer. The Bid Bond must be submitted on Government Standard Form BB-1 (copy enclosed). Personal Checks will not be accepted as Bid Guarantee. If a successful Bidder (contractor) withdraws from the bid or fails to enter into contract within the prescribed time, such Bid guarantee will be forfeited to the Government of Guam. Bids will be disqualified if not accompanied by Bid Bond, Letter of Credit, Certified Check or Cashier's Check. Bidder must include in his/her bid, valid copies of a Power of Attorney from the Surety and a Certificate of Authority from the Government of Guam to show proof that the surety company named on the bond instrument is authorized by the Government of Guam to be qualified to do business on Guam. For detailed information on bonding matters, contact the Department of Revenue and Taxation. Failure to submit a valid Power of Attorney and Certificate of Authority on the surety is cause for rejection of bid. (GPR Section 3109(c)(3)) Pursuant to 5 GCA Section 5212, all competitive sealed bidding for the procurement of supplies or services exceeding \$25,000 must be accompanied by bid security in the amount of 15% of the total bid price.

12. **PERFORMANCE GUARANTEE:** Bidders, who are awarded a contract under this solicitation, guarantee that goods will be delivered or required services performed within the time specified. Failure to perform the contract in a satisfactory manner may be cause for suspension or debarment from doing business with the Government and for enforcement of Section 23 of these General terms and Conditions. In addition, the Government will hold the Vendor liable and will enforce the requirements as set forth in Section 41 of these General Terms and Conditions.

13. **SURETY BONDS:** Bid and Performance Bonds coverage must be signed or countersigned in Guam by a foreign or alien surety's resident general agent. The Surety must be an Insurance Company, authorized by the Government of Guam and qualified to do business in Guam. Bids will be disqualified if the Surety Company does not have a valid Certificate of Authority from the Government of Guam to conduct business in Guam.

14. **COMPETENCY OF BIDDERS:** Bids will be considered only from the such bidders who, in the opinion of the Government, can show evidence of their ability, experience, equipment, and facilities to render satisfactory service.

15. **DETERMINATION OF RESPONSIBILITY OF BIDDERS:** The Guam Solid Waste Authority reserves the right for securing from bidders information to determine whether or not they are responsible and to inspect plant site, place of business, and supplies and services as necessary to determine their responsibility in accordance with Section 15 of these General Terms and Conditions (GPR Section 3-401).

16. **STANDARD FOR DETERMINATION OF LOWEST RESPONSIBLE BIDDER:** In determining the lowest responsible offer, the Guam Solid Waste Authority shall be guided by the following:

- a) Price of Items offered.
- b) The ability, capacity, and skill of the Bidder to perform.
- c) Whether the bidder can perform promptly within the specified time.
- d) The quality of performance of the Bidder with regards to awards previously made to him.
- e) The previous and existing compliance by the Bidder with laws and regulations relative to procurement.
- f) The sufficiency of the financial resources and ability of the Bidder to perform.
- g) The ability of the bidder to provide future maintenance and services for the subject of the award.
- h) The compliance with all of the conditions to the Solicitation.

17. **TIE BIDS:** If the bids are for the same unit price or total amount in the whole or in part, the Chief Procurement Officer will determine award based on 2 GAR, Div. 4, § 3109(o) (2) or to reject all such bids.

18. **BRAND NAMES:** Any reference in the Solicitation to manufacturer's Brand Names and number is due to lack of a satisfactory specification of commodity description. Such preference is intended to be descriptive, but not restrictive and for the sole purpose of indicating to prospective bidders a description of the article or services that will be satisfactory. Bids on comparable items will be considered provided the bidder clearly states in his bid the exact articles he is offering and how it differs from the original specification.

19. **CONTRACT AWARD:** In accordance with 5 GCA § 5211(g) and 2 GARR § 3109(n), after bids are publicly opened, an award will be made with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the Invitation for Bids. The award will be made by

- Purchase Order
- Standard Form Contract

20. **DESCRIPTIVE LITERATURE:** Descriptive literature(s) as specified in this solicitation must be furnished as a part of the bid and must be received at the date and time set for the opening Bids. The literature furnished must clearly identify the item(s) in the Bid. The descriptive literature is required to establish for the purpose of evaluation and award details of the product(s) the bidder proposes to furnish including design, materials, components, performance characteristics, methods of manufacture, construction, assembly or other characteristics which are considered appropriate. Rejection of the Bid will be required if the descriptive literature(s) do not show that the product(s) offered conform(s) to the specifications and other requirements of this solicitation. Failure to furnish the descriptive literature(s) by the time specified in the Solicitation will require rejection of the bid.

21. **SAMPLES:** Sample(s) of the item(s) specified in this solicitation must be furnished as a part of the bid and must be received at the date and time set for opening Bids. The sample(s) should represent exactly what the bidder proposes to furnish and will be used to determine if the item(s) offered complies with the specifications. Rejection of the Bid will be required if the sample(s) do not show that the product(s) offered conform(s) to the specifications and other requirements of this solicitation. Failure to furnish the sample(s) by the time specified in the Solicitation will require rejection of the Bid.

22. **LABORATORY TEST:** Successful bidder is required to accompany delivery of his good with a Laboratory Test Report indicating that the product he is furnishing the Government meets with the specifications. This report is on the bidder's account and must be from a certified Testing Association.

23. **AWARD, CANCELLATION, & REJECTION:** Award shall be made to the lowest responsible bidder, whose bid is determined to be the most advantageous to the Government, taking into consideration the evaluation factors set forth in this solicitation. No other factors or criteria shall be used in the evaluation. The right is reserved as the interest of the Government may require to waive any minor irregularity in bid received. The Guam Solid Waste Authority shall have the authority to award, cancel, or reject bids, in whole or in part for any one or more items if he determines it is in the public interest. In case of an error in the extension of prices, unit price will govern. It is the policy of the Government to award contracts to qualified local bidders. The Government reserves the right to increase or decrease the quantity of the items for award and make additional awards for the same type of items and the vendor agrees to such modifications and additional awards based on the bid prices for a period of thirty (30) days after original award. No award shall be made under this solicitation which shall require advance payment or irrevocable letter of credit from the government (GPR Section 3-202.14.1)

24. **MARKING:** Each outside container shall be marked with the Purchase Order number, item number, brief item description and quantity. Letter marking shall not be less than ¾" in height.

25. **SCHEDULE FOR DELIVERY:** Successful bidder shall notify the Guam Solid Waste Authority, Telephone No. 647-4312 at least twenty-four (24) hours before delivery of any item under this solicitation.

26. **BILL OF SALE:** Successful supplier shall render Bills of Sale for each item delivered under this contract. Failure to comply with this requirement will result in rejection of delivery. The Bill of Sale must accompany the items delivered but will not be considered as an invoice for payment. Supplier shall bill the Government in accordance with billing instructions as indicated on the Purchase Order.

27. **MANUFACTURER'S CERTIFICATE:** Successful bidder is required, upon delivery of any item under this solicitation, to furnish a certificate from the manufacturer indicating that the goods meet the specifications. Failure to comply with this request will result in rejection of delivery or payment. Supplier shall bill the Government in accordance with billing instructions as indicated on the Purchase Order.

28. **INSPECTION:** All supplies, materials, equipment, or services delivered under this contract shall be subject to the inspection and/or test conducted by the Government at destination. If in any case the supplies, materials, equipment, or services are found to be

defective in material, workmanship, performance, or otherwise do not conform with the specifications, the Government shall have the right to reject the items or require that they be corrected. The number of days required for correction will be determined by the Government.

29. **MOTOR VEHICLE SAFETY REQUIREMENTS:** The Government will only consider Bids on motor vehicles which comply with the requirements of the National Traffic and Motor Vehicle safety Act of 1966 (Public Law 89-563) and Clean Air Act as amended (Public Law 88-206), that are applicable to Guam. Bidders shall state if the equipment offered comply with these aforementioned Federal Laws.

30. **SAFETY INSPECTIONS:** All motor vehicles delivered under this contract must pass the Government of Guam Vehicle Inspection before delivery at destination.

31. **GUARANTEE:**

a) **Guarantee of Vehicle Type of Equipment**

The successful bidder shall guarantee vehicular type of equipment offered against defective parts, workmanship, and performance, for a period of not less than one (1) year after date of receipt of equipment. Bidder shall also provide service to the equipment for at least one (1) year. Service to be provided shall include, but will not be limited to tune ups (change of spark plugs, contact points and condensers) and lubrication (change of engine and transmission oil). All parts and labor shall be at the expense of the bidder. All parts found defective and not caused by misuse, negligence or accident within the guarantee period shall be repaired, replaced, or adjusted within six (6) working days after notice from the Government and without cost to the Government. Vehicular type of equipment as used in this context shall include equipment used for transportation as differentiated from tractors, backhoes, etc.

b) **Guarantee of Other Type of Equipment:**

The successful bidder shall guarantee all other types of equipment offered, except those mentioned in 31a, above, against defective parts, workmanship, and performance for a period of not less than three (3) months after date of receipt of equipment. Bidder shall also provide service to the equipment for at least three (3) months. All parts found within that period shall be repaired or replaced by the Contractor without cost to the Government. Repairs, adjustments or replacements of defective parts shall be completed by the contractor within six (6) working days after notice from the Government.

(c) **Compliance with this Section is a condition of this Bid.**

32. **REPRESENTATION REGARDING ETHICS IN PUBLIC PROCUREMENT:** The bidder or contractor represents that it has not knowingly influenced and promises that will not knowingly influence a Government employee to breach any of the ethical standards and represents that it has not violated, is not violating, and promises that it will not violate the prohibition against gratuities and kickbacks set forth on Chapter 11 (Ethics in Public Contracting) of the Guam Procurement Act and in Chapter 11 of the Guam Procurement Regulations.

33. **REPRESENTATION REGARDING CONTINGENT FEES:** The contractor represents that it has not retained a person to solicit or secure a Government contract upon and agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees of bona fide established commercial selling agencies for the purpose of securing business (GPR Section 11-207).

34. **EQUAL EMPLOYMENT OPPORTUNITY:** Contractors shall not discriminate against any employee or applicant of employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that employees are treated equally during employment without regards to their race, color, religion, sex, or national origin.

35. **COMPLIANCE WITH LAWS:** Bidders awarded a contract under this Solicitation shall comply with the applicable standard, provisions, and stipulations of all pertinent Federal and/or local laws, rules, and regulations relative to the performance of this contract and the furnishing of goods.

36. **CHANGE ORDER:** Any order issued relative to awards made under this solicitation will be subject to and in accordance with the provisions of Section 6-101-03.1 of the Guam Procurement Regulations.

37. **STOP WORK ORDER:** Any stop work order issued relative to awards made under this solicitation will be subject to and in accordance with the provisions of Section 6-101-04.1 of the Guam Procurement Regulations.

38. **CANCELLATION OF INVITATION FOR BIDS OR REQUEST FOR PROPOSALS:** Any Invitation for Bid may be cancelled, or any or all bids or proposals may be rejected in whole or in part as may be specified in the solicitation, when it is in the best interests of the Territory in accordance with regulations promulgated by the Policy Office. The reasons therefor shall be made part of the contract file.

39. **TIME FOR COMPLETION:** It is hereby understood and mutually agreed by and between the contractor and the Government that the time for delivery to final destination or the timely performance of certain services is an essential condition of this contract. If the contractor refuses or fails to perform any of the provisions of this contract within the time specified in the Purchase Order (from the date Purchase Order is acknowledged by the vendor), then the contractor is in default. Defaults will be treated subject to and in accordance with the provisions of Section 6-101-08 of the Guam Procurement Regulations.

40. **JUSTIFICATION OF DELAY:** Bidders who are awarded contracts under this Solicitation, guarantee that the goods will be delivered to their destination or required services rendered within the time specified. If the bidder is not able to meet the specified delivery date, he is required to notify the Guam Solid Waste Authority of such delay. Notification shall be in writing and shall be received by the Guam Solid Waste Authority at least twenty-four (24) hours before the specified delivery date. Notification of delay shall include an explanation of the causes and reasons for the delay including statement(s) from supplier or shipping company causing the delay. The Government reserves the right to reject delay justification if, in the opinion of the Chief Procurement Officer, such justification is not adequate.

41. **SERVICE-DISABLED VETERAN OWNED BUSINESS PREFERENCE:** Bidding is subject to the policy in favor of Service-Disabled Veteran Owned Business as defined in 5 GCA sections 5011 and 5012.

42. **LIQUIDATED DAMAGES:** When the contractor is given notice of delay or nonperformance as specified in Paragraph 1 (Default) of the Termination for Default Clause of this contract and fails to cure in the time specified, the contractor shall be liable for

damages for delay in the amount of one-fourth of one percent (1%) of outstanding order per calendar day from date set for cure until either the territory reasonable obtains similar supplies or services if the contractor is terminated for default, or until the contractor provides the supplies or services if the contractor is not terminated for default. To the extent that the contractor's delay or non-performance is excused under Paragraph 15 (Excuse for Nonperformance or Delayed Performance) of the Termination for Default Clause of this contract, liquidated damages shall not be due the territory. The contractor remains liable for damages caused other than by delay. 2 GAR, Div. 4 §6101(d)

[x] 43. **PHYSICAL LIABILITY:** If it becomes necessary for the Vendor, either as principal, agent or employee, to enter upon the premises or property of the Government of Guam in order to construct, erect, inspect, make delivery or remove property hereunder, the Vendor hereby covenants and agrees to take, use, provide and make all proper, necessary and sufficient precautions, safeguards and protections against occurrence of any accidents, injuries or damages to any person or property during the progress of the work herein covered, and to be responsible for, and to indemnify and save harmless the Government of Guam from the payment of all sums of money by reason of all or any such accidents, injuries, or damages that may occur upon or about such work, and fines, penalties and loss incurred for or by reasons of the violations of any territorial ordinance, regulations, or the laws of Guam or the United States, while the work is in progress. Contractor will carry insurance to indemnify the Government of Guam against any claim for loss, damage or injury to property or persons arising out of the performance of the Contractor or its employees and agents of the services covered by the contract and the use, misuse or failure of any equipment used by the contractor or his employees or agents, and shall provide certificates of such insurance to the Government of Guam when required.

[x] 44. Contract will be cancelled if funds not appropriated or insufficient, and that government will timely inform contractor. 2 GAR, Div.4 §3121(e) (1) (C) and 2 GAR, Div. 4 §3121 (e)(1)(D).

[x] 45. **CONTACT FOR CONTRACT ADMINISTRATION:** If your firm receives a contract as a result of this Solicitation, Please designate a person whom we may contact for prompt administration.

Name: John Alexius Limtiaco Jr.

Title: President

Address: P.O. Box 10838
Tamuning, GU 96931

Telephone: 671-888-6270

SEALED BID SOLICITATION INSTRUCTIONS

1. **BID FORMS:** Each bidder shall be provided with two (2) sets of Solicitation forms. Additional copies may be provided upon request. Bidders requesting additional copies of said forms will be charged per page in accordance with Section 6114 of the Government Code of Guam. All payments for this purpose shall be by cash, certified check or money order and shall be made payable to the Guam Solid Waste Authority.
2. **PREPARATIONS OF BIDS:**
 - a. Bidders are required to examine the drawings, specifications, schedule, and all instructions. Failure to do so will be at bidder's risk.
 - b. Each bidder shall furnish the information required by the Solicitation. The bidder shall sign the solicitation and print or type his name on the Schedule. Erasures or other changes must be initialed by the person signing the bid. Bids signed by an agent are to be accompanied by evidence of this authority unless such evidence has been previously furnished to the issuing office.
 - c. Unit price for each unit offered shall be shown and such price shall include packing unless otherwise specified. A total shall be entered in the amount column of the Schedule for each item offered. In case of discrepancies between a unit price and extended price, the unit price will be presumed to be correct.
 - d. Bids for supplies or services other than those specified will not be considered. Time, if stated as a number of days, means calendar days and will include Saturdays, Sundays, and holidays beginning the day after the issuance of a Notice to Proceed. Time stated ending on Saturday, Sunday or Government of Guam legal holiday will end at the close of the next business day.
 - e. No Entitlement to Preparation Costs – the bidder expressly waives any right it may have against the government for any expenses incurred in connection with the preparation of its bid.
3. **EXPLANATION TO BIDDERS:** Any explanation desired by a bidder regarding the meaning or interpretation of the Solicitation, drawings, specifications, etc., must be submitted in writing and with sufficient time allowed for a written reply to reach all bidders before the submission of their bids. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective bidder concerning a Solicitation will be furnished to all prospective bidders in writing as an amendment to the Solicitation if such information would be prejudicial to uninformed bidders.
4. **ACKNOWLEDGEMENT OF AMENDMENTS TO SOLICITATIONS:** Receipt of an amendment to a Solicitation by a bidder must be acknowledged by signing an acknowledgement of receipt of the amendment. Such acknowledgement must be received prior to the hour and date specified for receipt of bids.
5. **SUBMISSION OF BIDS:**
 - a. Bids and modifications thereof shall be enclosed in sealed envelopes and addressed to the office specified in the Solicitation. The bidder shall show the hour and date specified in the Solicitation for receipt, the Solicitation number, and the name and address of the bidder on the face of the envelope.
 - b. Electronic bids will not be considered unless authorized by the Solicitation. However, bids may be modified or withdrawn by written or electronic notice, provided such notice is received prior to the hour and date specified for receipt (see paragraph 6 of these instructions).
 - c. Samples of items, when required, must be submitted within the time specified, unless otherwise specified by the Government, at no expense to the Government. If not destroyed by testing, samples will be returned at bidder's request and expense, unless otherwise specified by the Solicitation.
 - d. Samples or descriptive literature should not be submitted unless it is required by this solicitation. Regardless of any attempt by a bidder to condition the bid, unsolicited samples or descriptive literature will not be examined or tested at the bidder's risk, and will not be deemed to vary any of the provisions of this Solicitation.
6. **FAILURE TO SUBMIT BID:** If no bid is to be submitted, do not return the solicitation documents unless otherwise specified. A letter or postcard shall be sent to the issuing office advising whether future Solicitations for the type of supplies or services covered by this Solicitation are desired.
7. **LATE BID, LATE WITHDRAWALS, AND LATE MODIFICATIONS:**
 - a. Definition: Any bid received after the time and date set for receipt of bids is late. Any withdrawal or modification of a bid received after the time and date set for opening of bids at the place designated for opening is late (Guam Procurement Regulations Section 3-202)
 - b. Treatment: No late bid, late modification, or late withdrawal will be considered unless received before contract award, and the bid, modification, or withdrawal would have been timely but for the action or inaction of territorial personnel directly serving the procurement activity.
9. **GOVERNMENT FURNISHED PROPERTY:** No material, labor or facilities will be furnished by the Government unless otherwise provided for in the Solicitation.
10. **CANCELLATION OR REVISION OF BID:** This IFB may be canceled, or any and all bids may be rejected in whole or in part as may be pursuant to GAR § 3115, when it is in the best interest of the Government. Additionally, in accordance with GAR § 9105, if prior to award it is determined that a solicitation or proposed award of a contract is in violation of the law, then the solicitation or proposed award shall be canceled or revised to comply with the law. The reasons therefore shall be made part of the contract file.
11. **REJECTION OF BIDS:** Any bidder submitted in response to this IFB may be rejected in whole or in part with it is in the best interest of the Government, in accordance with GAR § 3115(e). Reasons for rejecting bids include but are not limited to: (1) The business that submitted the bid is non-responsive as determined under GAR § 3116; (2) The bid ultimately fails to meet the announced requirements of the Government in some material respect; or (3) The bid price is clearly unreasonable. Upon request, successful bidders shall be advised of the reasons for rejection.

When bids are rejected, or a solicitation canceled after bids are received, the bids which have been opened shall be retained in the procurement file, or if unopened, returned to the bidders upon request, or otherwise disposed of pursuant to GAR § 3115(g).

- 12. TERMINATION OF CONTRACT: 1. TERMINATION OF CONVENIENCE PURSUANT TO GAR § 6101(10)**
- (a) **Termination:** The Government, when the interest of the Government so requires, may terminate this contract in whole or in part, for the Convenience of the Government. The Purchasing Agency shall give written notice of the termination to the contractor specifying the part of the contract terminated when termination becomes effective.
 - (b) **Contractor's Obligations:** The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified.
 - (c) **Condition of Termination:** Notwithstanding the foregoing, the cessation of services for people requiring services shall be contingent upon the Government obtaining a substitute provider for the services and the contractor shall cooperate by taking all reasonable and necessary steps to ensure that services are not interrupted and transferred to the succeeding provider. The contractor shall issue a written memorandum detailing the status of the contractor's ongoing services initiating termination or any fault of either party.
- 13. SELLER'S INVOICES:** Invoices shall be prepared and submitted in quadruplicate (one copy shall be marked "original") unless otherwise specified. Invoices shall be "certified true and correct" and shall contain the following information: Contract and order number (if any), item numbers, description of supplies or services, sizes, quantities, unit prices, and extended total. Bill of lading number and weight of shipment will be shown for shipments made on Government bills of lading.
- 14. RECEIPT, OPENING AND RECORDING OF BIDS:** Bids and modifications shall be publicly opened in the presence of one or more witnesses, at the time, date, and place designated in the Invitation for Bids. The name of each bidder, the bid price, and such other information as is deemed appropriate by the Procurement Officer, shall be read aloud and recorded, or otherwise made available. The names and addresses of required witnesses shall be recorded at the opening. The opened bids shall be available for public inspection except to the extent the bidder designates trade secrets or other proprietary data to be confidential as set forth in accordance with Section 12, below. Material so designated shall accompany the bid and shall be readily separable from the bid in order to facilitate public inspection of the non-confidential portion of the bid. Prices, makes and models or catalogue numbers of the items offered, deliveries, and terms of payment shall be publicly available at the time of bid opening regardless of any designation to the contrary (Guam Procurement Regulations Section 3-202.12.2).
- 15. CONFIDENTIAL DATA:** The Procurement Officer shall examine the bids to determine the validity of any requests for nondisclosure of trade secrets and other proprietary data.
- 16. PROHIBITION AGAINST GRATUITIES AND KICKBACKS:** With respect to this procurement and any other contract that bidder may have or wish to enter into with the Government, the bidder represents that he/she has not violated, is not violating, and promises that he will not violate the prohibition against gratuities and kickbacks set forth in the Guam Procurement Regulations – GAR § 11170(e)
- 17. STATEMENT OF QUALIFICATIONS** The ability capacity and skill of the Bidders to perform; Whether the bidder can perform promptly or within the specified time; The quality of performance of the Bidder with regards to awards previously made to him; The sufficiency of the financial resources and ability of the bidders to perform; And the compliance with all of the conditions to the solicitation.
- 18. WAGE AND BENEFIT COMPLIANCE-CONTRACTORS PROVIDING SERVICES:**
- (a) Contractor with regard to all person its employs whose purpose in whole or in part is the direct delivery of services contracted for with the Government of Guam in this procurement, shall pay such employees in accordance with the Wage Determination for Guam and the Northern Marianas Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct deliverance of deliverables to the government of Guam. 5 GCA § 5801 Contractor shall be responsible for flowing down this obligation to its subcontractors.
 - (b) The Wage Determination most recently issued by the U.S. Department of Labor at the time this Agreement was awarded to Contractor shall be used to determine wages and benefits which shall be paid to employees pursuant to this clause. 5 GCA § 5801
 - (c) Should any contract contain a renewal clause, then at the time of renewal adjustments there shall be stipulations contained in that contract for applying the Wage Determination, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply. 5 GCA § 5801
 - (d) In addition to the Wage Determination detailed above, health and similar benefits for employees having a minimum value as detailed in the wage Determination issued and promulgated by the U.S. Department of labor shall apply. Contractor shall pay a minimum of ten (10) paid holidays per annum per employee. 5 GCA § 5802
 - (e) Any violation of Contractor or its subcontractors obligations of this section shall be investigated by the Guam Department of Labor and may include a monetary penalty assessment by the Guam Department of Labor of no less that One Hundred Dollars (\$100.00) per day, and no more than One Thousand Dollars (\$1,000.00) per day, until such time as a violation has been corrected, as well as the payment of all black wages and benefits due. 5 GCA § 5803
 - (f) In addition to any and all other breach of contract actions the Government of Guam may have under this procurement, in the event there is a violation in the process set forth in subsection (e) above, Contractor may be placed on probationary status by the Chief Procurement Officer of the General Service Agency, or its successor, for a period of one (1) year.
During the probationary status, a Contractor shall not be awarded any contract by any instrumentality of the Government of Guam. A Contractor who has been on probationary status, or has been assessed a monetary

penalty pursuant to 5 GCA Article 13 Title 5 may appeal such penalty of probationary status to the Superior Court of Guam. 5 GCA § 5804

- (g) Contractor along with all proposed offerors and submitter under this procurement were required to submit a Declaration of Compliance with Wage Determination laws as part of this procurement with a copy of the most recent Wage Determination for Guam and the Northern Marianas Islands issued and promulgated by the U.S. Department of Labor. 5 GCA § 5805
 - (h) The applicable USDOL Wage Determination Rate Revision (as defined by subsections (b) and (c) is to this Agreement. Contractor agrees to provide upon written request by the Government of Guam written certification of its compliance with its obligations as part of each invoice, along with the names of any employees, their positions, and detailed wage and benefits paid in keeping with this section. Additionally upon request by Government of Guam the Contractor shall submit source documents as to those individuals provide direct services in part or whole under this Agreement and its payments to them of such wages and benefits.
19. **ETHICAL STANDARDS:** With respect to this procurement and any other contract that the Contractor may have, or wish to enter into, with any Government of Guam agency, the Contractor represents that it has not knowingly influenced, and promises that it will not knowingly influence, any government employee to breach any of the ethical standards set forth in the Guam Procurement Law and in any of the Guam Procurement Regulations. – GAR § 11103 (b).
20. **PROHIBITION AGAINST CONTINGENT FEES:** The Contractor represents that he has not retained any person or agency upon an Agreement or Understanding for a percentage, commission, brokerage, or other contingent arrangement, except for retention of bona fide employees or bona fide established commercial selling agencies, to solicit or secure this Agreement or any contract with the government of Guam or its agencies. GAR § 11108(f)
21. **CONTRACTOR'S WARRANTY AS TO EMPLOYEES AND SEX OFFENSES. Reference 5 GCA 5253(b):** : Contractor warrants that no person providing services on behalf of the Contractor has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of GCA or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry.
- Contractor warrants that if any person providing services on behalf of Contractor is convicted of a sex offense under the provisions of Chapter 25 of Title 9 GCA, or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry, that such person will be immediately removed from working at said agency and that the administrator of said agency be informed of such within twenty-four (24) hours of such conviction. Any contractor found in violation of this section, after notice from the Government of Guam, after notice from the contracting authority of such violation, shall within twenty-four (24) hours, take corrective action and shall report such action to the contracting authority. Failure to take corrective action with the stipulated period may result in the temporary suspension of the contract at the discretion of the Government of Guam.
22. **POLICY IN FAVOR OF SERVICE-DISABLED VETERAN OWNED BUSINESSES:** P.L. 31-115 (September 20, 2011) 5 GCA § 5011 and § 5012 In the procurement of any supply or service, (except for professional services), if such supply or service is offered by a Service Disabled Veteran Owned Business "SDVOB", as defined in 5 GCA § 5012, that is at least fifty one percent (51%) owned by service-disabled veteran(s), and if the supply or service is available within the period that is required for the procurement, and the price for the supply or service does not exceed one hundred five percent (105%) of the lowest bidder price, a preference shall be given to that SDVOB by the Government of Guam, and the supply or service shall be purchased from said SDVOB. This shall be in addition to any other procurement benefit the SDVOB may qualify for under Guam law. A business concern is a qualified SDVOB if: (a) the business concern is licensed to do business on 7Guam; (b) the business concern maintains its headquarters on Guam; (c) the business concern is at least fifty-one (51%) owned by a service-disabled veteran(s) who served in the active U.S. military service, was discharged or released under honorable conditions and whose disability is service-connected as demonstrated by a DD214, and certified by an award letter from the U.S. Department of Veterans Affairs; the DD214 and Disability award letter from U.S. Department of Veterans Affairs are submitted to the Government of Guam procuring agency for every service offered; and the service disabled veteran(s) owner(s) of the business concern has filed individual tax returns on Guam for a period of at least three (3) consecutive years.
23. **CERTIFICATION OF INDEPENDENT PRICE DETERMINATION:** The undersigned Bidder certifies that the bid price submitted was independently arrived at without collusion — GAR § 3126
24. **LICENSING OR CERTIFICATE(S) OF EXEMPTIONS:** Bidders are cautioned that the Government will not consider for award any offer submitted by a bidder who cannot comply with the Guam Licensing Law. Specific information on license or exemptions may be obtained from the Director of Revenue and Taxation.
25. **EQUAL EMPLOYMENT OPPORTUNITY:** Bidder shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that employees are treated equally during employment without regards to their race, color, religion, sex, or national origin.
26. **DISCLOSURES OF MAJOR SHAREHOLDERS:** (5 GCA § 5233) As a condition of submitted a bid, any partnership, sole proprietorship or corporation doing business with the Government of Guam shall submit an affidavit executed under oath that lists the name and address of any person who has held more than ten percent (10%) of the outstanding interest or shares in said month period immediately preceding submission of proposal.

One (1) additional 1.4 CY bucket with bolt on edge	Comply
One (1) Tink claw bucket model 520 or equal	Comply
One (1) 60-inch pick-up broom: 800 lb. minimum; 900 lb. max	Comply
One (1) Fork: 48 inches minimum	Comply
Equipment Warranty: The Bidder guarantees to the Purchaser that the equipment, upon delivery, will be brand new and will have been constructed using entirely new components. Furthermore, the Bidder assures that any new equipment provided shall be free from any defects in manufacturing workmanship and materials for a duration of 24 months or 2,000 hours, whichever occurs first, commencing from the date of equipment delivery. This warranty encompasses any necessary repairs or replacements without any additional cost to the Purchaser.	Comply
Miscellaneous Items: One (1) operator’s manual hardcopy	Comply
One (1) operator’s manual on CD	Comply
One (1) complete illustrated parts book	Comply
One (1) shop repair manual	Comply
One (1) warranty manual	Comply
Manufacturer’s training of GSWA crew (8 hours) & contracted mechanics (20 hours)	Comply
Online manual for parts, service & repair	Comply

GUAM SOLID WASTE AUTHORITY

LOURDES A. LEON GUERRERO
Governor of Guam

JOSHUA F. TENORIO
Lt. Governor of Guam

IRVIN L. SLIKE
General Manager

Delivered with a full tank of fuel

Comply

Note: The GSA Federal Contract will be considered along with its terms and conditions if offered.

Bidding On:

Manufacturer: John Deere

Year: 2024

Model: 244P

Place of Origin: USA

Date of Delivery: 200 Days ARO (Subject to force majeure)

Attachments:

- * Haugen HPB 60-Euro Broom
- * Rockland Multi-Purpose Bucket
- * Tink Claw Bucket C520

JOHN DEERE

Compact Wheel Loader

244 P-TIER COMPACT WHEEL LOADER

RUN SMALL, DREAM BIG

Your workday is usually long, your tasks can take you into tight places, and you need a multipurpose machine to get everything done. Smaller do-it-all equipment that combines head-turning maneuverability, sure-footed stability, and comfortable capability with productive power, responsive travel speed, and ease of serviceability. Meet the 244 P-Tier Compact Wheel Loader, designed to include a wide range of reliable standard features and proven options that help you imagine the big results this highly adaptable multitasker can deliver for your operation.

FEATURES

Turn things around

Industry-exclusive Articulation Plus™ steering system combines 30 degrees of articulation with 10 additional degrees of rear-wheel steer. Reduced articulation angle design delivers tighter turns that are more stable, especially with large loads, than comparably sized loaders without Articulation Plus.

On the level

Loader arm and coupler design improves the lifting path to near parallel — for better load-carrying capability than previous models. This keeps the load more level from ground to truck-bed height and helps the operator focus on the task instead of on making manual adjustments.

Fast getaway

With a standard top speed of over 23 mph, the 244 P-Tier can make some pretty quick moves on and between jobsites.

Smooth moves

Load-sensing AutoShift powertrain technology eliminates productivity-interrupting manual shifts between gear ranges while providing smooth direction changes.

Control and command

Low-effort joystick controls boom and bucket, forward-neutral-reverse (F-N-R), and differential lock. Standard mini-joystick controls auxiliary hydraulic functions including optional high-flow. Adjustable-height monitor lets operators keep close watch on vital machine functions.

Enjoy the ride

Standard ride control cushions the boom during travel over rough and uneven terrain, reducing material spillage from the bucket and minimizing site cleanup.

CAPABLE***

*Compared to leading competitive articulation loaders of the same size.

Lighten up

In-cab lighting activates when the door is opened to illuminate machine entrances and exits. Optional LED front and rear work-lights brilliantly brighten early morning or after-daylight tasks.

Quick-change artist

Equip your 244 P-Tier with an ISO coupler to quickly and easily go from bucket to forks, for maximum lift capacity. Opt for the available John Deere quick-coupler to utilize a wide array of skid-steer-compatible attachments. High-flow electro-hydraulic-controlled auxiliary hydraulics are also available.

It's a lock

Optional throttle lock and creep control let operators set a slow ground speed while maintaining full engine power to an attachment. Now even easier to activate and adjust on the fly, these functions are perfect for work with snow blowers, cold planers, or material scrapers.

Get a grip

Manual low-speed 100-percent differential lock delivers the ground-gripping tractive effort needed to dive deep into the pile and help heap the bucket. Rimpull control manages power to the wheels, allowing the operator to select the optimal setting to reduce tire and driveline wear.

Keep your cool

Redesigned engine compartment and cooling package improve airflow and reduce the amount of debris entering the system compared to previous models. Access to all daily service checks and cooler cores is from ground level.

Business booster

John Deere attachments are a great way to expand the flexibility of your operation. With more than 100 models, they'll help you broaden your abilities, work smarter, and accomplish even more.

Here to back you up

Parts and service are always available at over 1,400 John Deere dealer locations throughout North America.

244 P-TIER WHEEL LOADER SPECIFICATIONS

Engine		244 P-TIER	
Manufacturer and Model	Yanmar 4TNV98CT	Gross Rated Power at 2,400 rpm (ISO 14396)	54 kW (73 hp)
Non-Road Emission Standard	EPA Final Tier 4/EU Stage V	Peak Torque at 1,560 rpm	280 Nm (206 lb.-ft.)
Cylinders	4	Engine Bore and Stroke	98 x 110 mm (3.89 x 4.33 in.)
Valves per Cylinder	4	Lubrication	Pressure system with full-flow spin-on filter
Displacement	3.3 L (203 cu. in.)	Aspiration	Turbocharged
Net Peak Power at 2,400 rpm (SAE J1349 / ISO 9249)	52 kW (71 hp)	Air Cleaner	Dual safety element dry type
Cooling			
Fan	Hydraulically driven, proportionally controlled		
Engine Coolant Rating	-37 deg. C (-34 deg. F)		
Powertrain			
Type	Hydrostatic (HST) with infinitely variable speed control over full range of operating speeds; 2 speed ranges; joystick-mounted F-N-R; acceleration pedal; HST inching pedal, which allows infinitely reduced travel speeds while maintaining full engine rpm and hydraulic flow		
2 Travel Speeds in Forward and Reverse (equipped with 365/70R18 tires)			
Gear 1	18 km/h (11.0 mph)		
Gear 2	38 km/h (23.5 mph)		
Axes	Fixed, 100% differential, manually engaged front axle; fixed, conventional differential rear axle		
Rear Axle Oscillation Versus Front Axle	16 deg. total, stop to stop		
Differentials	Manual (push-button) 100% locking front, conventional rear		
Maximum Rise and Fall, Single Wheel	370 mm (14.5 in.)		
Steering	Hydraulic power steering (SAE J1511); 30-deg. articulation left and right with mechanical-actuated rear-wheel steering		
Steering Wheel Turns, Stop to Stop	4¼ (2 left / 2¼ right)		
Articulation Angle	60-deg. arc (30 deg. each direction)		
Final Drive	Heavy-duty outboard planetary		
Brakes (SAE J1473 / ISO 3450)			
Service Brakes	Hydraulically actuated, self-adjusting internal wet-disc brake and driveline drum brake		
Parking Brake	Automatically spring-applied, hydraulically released, internal wet disc		
Hydraulics			
Main Pump (loader and steering)	Fixed-displacement gear pump; open-center system		
Standard	70 L/m (18 gpm)		
Total With High-Flow Option	109 L/m (29 gpm)		
Maximum Pressure at Couplings	23 000 kPa (3,335 psi)		
System Relief Pressure			
Loader	23 000 kPa (3,335 psi)		
Steering	18 000 kPa (2,611 psi)		
Controls	Pilot-operated, 3-function valve with single-lever control for boom and bucket, standard pin disconnect and 3rd-function proportional electrohydraulic (EH) auxiliary hydraulics		
Cylinders			
Type	Heat-treated, chrome-plated, polished cylinder rods; hardened steel (replaceable bushings) pivot pins		
Electrical			
Type	Electrical load center with blade-type multi-fused circuits		
Voltage	12 volt		
Number of Batteries	1		
Battery Capacity	925 CCA		
Alternator Rating	80 amp		
Lights (SAE 99)	Driving/front working lights (2), turn signals, flashers, and stop- and taillights		
Operator Station			
Noise Level			
Operator Ear (ISO 6396)	70 dBA		
Bystander (ISO 6395)	101 dBA

Additional equipment

Key: ● Standard ▲ Optional or special
See your John Deere dealer for further information.

244 P Engine

- Antifreeze, -37 deg. C (-34 deg. F)
- Coolant recovery tank
- Fan safety guard
- Fan, suction type, hydraulically driven, proportional speed
- Environmentally friendly engine oil drain
- Spin-on engine oil and fuel filter
- Engine oil cooler
- Quick-release fuel filter and water separator
- Under-hood dual-element air cleaner with restriction indicator with dust-evacuator valve
- Prescreened air intake
- Automatic glow plugs for cold start
- ▲ Engine coolant heater, 110 volts

Electrical

- Starter switch with electric fuel cutoff
- 12-volt system
- Electrical load center with blade-type fuses behind operator's seat
- Standard 925-CCA battery
- Master electrical disconnect switch
- Alternator, 12 volts, 80 amps
- Horn (conforms to SAE J994 / J1446)
- Lights (conform to SAE 99): Driving / Front working (2) / Turn signals / Flashers / Stop / Taillights
- Worklights, rear (2)
- Reverse warning alarm (conforms to SAE J994 / J1446)
- Multifunction monitor with audible and visual warnings: Low engine oil pressure, engine coolant temperature, hydraulic oil temperature warning light, and parking brake indicator / Gauge and indicator: Engine coolant temperature gauge, fuel level gauge, speedometer, clock, and hour meter
- Indicator lights: Engine air filter / Parking brake actuated / Forward/reverse travel / 1st- or 2nd-speed range / Turn signal and hazard lights / High-beam driving lights indicator / Battery voltage
- Pre-wired for roof beacon

Powertrain/Brakes

- Smooth AutoShift technology up to 38 km/h (23 mph)

244 P Powertrain/Brakes (continued)

- Hydrostatic (HST) transmission: Electric shift control / Single-lever joystick F-N-R / HST oil cooler / Inching pedal / 2 speeds forward and reverse / Infinitely variable speed control
- Rimpull control
- Service brakes, hydraulically actuated, self-adjusting internal wet-disc brake and driveline drum brake
- Parking brake, spring applied, hydraulically released, switch operated
- Conventional-type rear differentials, 100% locking front differential

Hydraulic System

- Hydraulic fan for demand-based cooling
- Hydraulic system oil cooler
- Automatic bucket return-to-dig control
- Boom float detent
- Reservoir sight gauge for hydraulic/HST oil
- Fine-micron hydraulic filters, vertical mounting
- Hydraulic function lockout
- 3-function hydraulic valve with pilot joystick control including auxiliary electrohydraulic (EH) proportional control for 3rd function
- ▲ 109-L/m (29 gpm) high-flow option
- Quick-coupler diagnostic ports: Priority pressure / Hydraulic pump pressure / Control valve pressure / HST pressure

Operator's Station

- Cab (conforms to SAE J1040, SAE J231, ISO 3471, and ISO 3449): ROPS/FOPS / Heater/defroster / Rubber-plane isolation mounted for noise/vibration reduction / Intermittent front and rear windshield wipers and washers / Tinted safety glass / Adjustable sun visor / Mid-back cloth seat with mechanical suspension / 51-mm (2 in.) retractable seat belt / Full swing-out left and right doors with sliding window in left door
- ▲ Premium air-ride high-back heated seat with headrest and dual lumbar control
- Radio-ready cab, fused 12-volt radio electrical lead and speakers, and power port
- ▲ AM/FM/Weather-Band (WB) radio

244 P Operator's Station (continued)

- Air conditioning
- Storage compartment for operator's manual and other items located under operator seat and 2 options left of operator seat
- Rubber floor mat
- Dual tilt and telescoping steering column
- Rearview mirrors, outside (2) and inside (1) (conform to SAE J985)
- Handholds and steps, ergonomically located and slip resistant (conform to SAE J185)
- ▲ 76-mm (3 in.) retractable seat belt

Loader Linkage

- Z-Bar loader linkage provides high bucket breakout
- Loader boom service locking bar (conforms to SAE J38)

Buckets and Attachments

- ▲ Full line of buckets with bolt-on cutting edges
- ▲ ISO-style quick-coupler
- ▲ Quik-Tatch™ coupler
- ▲ Full line of construction utility forks, pallet forks, and other John Deere attachments*

Tires

- 365/70R18 Mitas EM-01
- ▲ 405/70R18 Firestone Duraforce
- ▲ 400/70R20 Michelin XMCL
- ▲ 400/70R20 Michelin Bibload
- ▲ 400/70R20 Nokian Hakkapeliitta

Other

- ▲ LED worklights (spot or flood)
- ▲ Hydraulic reversing fan
- ▲ Front window guard
- Fenders, front and rear
- Articulation locking bar (conforms to SAE J276)
- Vandal protection, includes lockable engine enclosure and fuel fill
- Cast rear counterweight
- Drawbar, with locking pin
- Life eyes
- Tie-downs
- Ride control
- ▲ Creep control/throttle lock
- ▲ Fire extinguisher

*See your John Deere dealer for further information.

While general information, pictures, and descriptions are provided, some illustrations and text may include product options and accessories NOT AVAILABLE in all regions, and in some countries products and accessories may require modifications or additions to ensure compliance with the local regulations of those countries.

Net engine power is with standard equipment including air cleaner, exhaust system, alternator, and cooling fan, at standard conditions per SAE J1349 and DIN 70 020, using No. 2-D fuel at 35 API gravity. No derating is required up to 1500-m (5,000 ft.) altitude. Gross power is without cooling fan. Specifications and design subject to change without notice. Wherever applicable, specifications are in accordance with SAE standards. Except where otherwise noted, these specifications are based on a unit with all standard equipment, ROPS cab, 365/70R18 Mitas EM-01 tires, full fuel tank, air conditioning off, and 79-kg (175 lb.) operator.

MW244PAU (23-05)

JOHN DEERE

STANDARD WARRANTY FOR NEW JOHN DEERE CONSTRUCTION, COMPACT CONSTRUCTION (CCE) FORESTRY, AND UTILITY PRODUCTS – US & CANADA

- **Construction & Forestry Products:** 12 months/unlimited hours (whichever occurs first) Full Machine Standard Warranty
- **Compact Construction Equipment (CCE) Products:** 24 months or 2000 hours (whichever occurs first) Full Machine Standard Warranty
- **C&E Series Pull-Type Scrapers:** 6 months Full Machine Standard Warranty
- **DC & DE Pull-Type Scrapers:** 12 months Full Machine Standard Warranty
- **Scraper Tractors:** 24 Months or 2000 Hours (whichever occurs first) Full Machine Standard Warranty
- **Forestry Attachments:** 12 Months or 2000 Hours (whichever occurs first) Full Machine Standard Warranty

The "Standard Warranty" is part of the warranty protection package available from John Deere Construction & Forestry Company (John Deere Limited in Canada) ("John Deere") to purchasers of new John Deere products ("product"):

STANDARD Warranty is John Deere's standard new product warranty, described in this document, provided at no additional charge to the purchaser.

EXTENDED Warranty is a separate repair contract made available by John Deere for purchasers who wish to complement their Standard Warranty coverage. Complete Extended Warranty details, including coverage options and limitations, are set forth in the Application for Extended Warranty, which is available from authorized John Deere dealers.

STRUCTURALL Warranty applies to certain structural components as listed below and as described in this document.

FACTORY-INSTALLED UNDERCARRIAGE Warranty applies to certain undercarriage components as listed below and as described in this document.

A. STANDARD WARRANTY - GENERAL PROVISIONS

John Deere will repair or replace, at its option, any parts (except those specified below) of a new John Deere product that, as delivered to the original retail purchaser(s), are defective in material or workmanship. Performance of this warranty will be free of charge for parts and labor, except as otherwise stated below. Standard Warranty applies only to purchases from John Deere and authorized John Deere dealers and, except as otherwise provided in the next sentence and section L below, is extended only to the original retail purchaser of the product. Remaining Standard Warranty applicable to a used John Deere product is transferred to a subsequent purchaser of the product only if the subsequent purchaser requests a transfer from an authorized John Deere dealer before the product's Standard Warranty expires. Coverage begins on the date of delivery of the product to the original retail purchaser. For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. Warranty statements required by law covering engine emissions-related parts and components are found on a separate written warranty certificate provided to the purchaser at the time of the original retail purchase.

B. WHAT IS COVERED BY STANDARD WARRANTY

All parts of a new John Deere product (except those noted in Sections D and E below) are covered during the Standard Warranty period set out above.

C. EXCLUSIVE REMEDY

The repair or replacement of covered parts or components that are defective, as provided in Sections A, B, D.2 and D.3 herein, shall be the purchaser's exclusive remedy for any defect in the product. However, if after repeated attempts such repair or replacement fails to correct the performance problem caused by the defect, the purchaser's sole remedy shall be a refund of the amount paid for the product (in exchange for a return of the product), excluding any transportation charges, license fees, taxes and insurance premiums, and less a reasonable allowance for use of the product prior to its return. In no event will the dealer, John Deere or any company affiliated with John Deere be liable for any incidental or consequential damages, including but not limited to loss of profits, rental of substitute equipment or other commercial loss. Correction of defects in the manner provided above shall constitute fulfillment of

all liabilities of the Dealer, John Deere, or any company affiliated with John Deere to the purchaser or any other person, whether based upon contract, tort, strict liability, or otherwise. This limitation does not apply to claims for personal injury.

D. ITEMS COVERED SEPARATELY -

1. **Standard Warranty** does not apply to batteries, radios, tires, cameras, or to Cummins, MTU or Detroit Diesel Engines installed in John Deere products, which are covered by separate written warranties.
2. **Factory-Installed Undercarriage Warranty** covers all non-rubberized factory-installed undercarriage wear components for 3 years or 4,000 hours from the date of delivery to the original retail purchaser, whichever occurs first (unless terminated earlier under Section F, below). For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. In addition to the items listed in section E below, **Factory-Installed Undercarriage Warranty** does not cover: failures due to wear, machine application, maintenance practices, or improper machine configuration; removal and installation labor; transportation or hauling costs; unapproved parts; non-wear items; and rubberized undercarriage components such as rubber tracks. Warranty claims will be pro-rated based upon wear of the failed component and whether track shoe width is approved by John Deere. **Factory-Installed Undercarriage Warranty** does not apply to Scraper Tractors.
3. **StructurALL Warranty** for new John Deere Products (except Compact Excavators & Loaders, Skid-Steer Loaders, Compact Track Loaders, Scraper Tractors, Pull-Type Scrapers, and Forestry Attachments, which are not eligible for **StructurALL Warranty**) begins at the date of delivery to the original retail purchaser and ends (unless terminated earlier under Section F, below) after three (3) years, or 10,000 hours (whichever occurs first). For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. **StructurALL Warranty applies only to the following structural components listed below as installed on the product at the time of original manufacture.** If a particular component is not listed below it is not covered by **StructurALL Warranty**.

Arm; Articulation Joint (incl. pins & bushings); Bin Frame; Boom; Carbody; C-Frame*; Circle Frame; Coupler (John Deere built ONLY); Dipperstick; Draft Frame; Engine Frame; Equipment Frame; Grapple Arch and Grapple Boom; Loader Arm; Loader Frame; Mainframe; Moldboard Lift Arm; Pushbeam, NeverGrease™ Pin Joints [Includes steering pin and bushing joints (standard equipment), roller elements (roller bearings) in bucket to boom joints and sliding elements (bushing) for boom and linkage joints (optional equipment)]; Rollover Protection Structure (ROPS); Side Frame; Swing Frame; Track Frame; Undercarriage Frame; X-Frame; Z-bar loader linkage (including bell crank and bucket driver link); Specialty booms and arms marketed as "heavy duty" by John Deere.

Items Covered by StructurALL for Cut-to-Length Forestry Machines: Front frame (welded assembly); Rear frame (welded assembly); Crane king post with basement; Middle joint frame; Cabin swing frame; Main Boom

StructurALL Warranty does not apply to:

1. Any product used primarily in extreme duty or severe duty applications such as but not limited to: demolition and wrecking, chemical plant (including fertilizer plants), salt mines, steel mill, land fill and transfer stations, scrap handling, scarifying and other applications that are similarly destructive or similarly heavy duty except specialty booms and arms as stated in Section D.3 above.
2. C-Frames on Crawlers equipped with root rakes or used in forestry applications unless equipped with an "extreme duty" reinforcement package.
3. Cut-to-Length Forestry Heads and Slash Bundler Units.
4. Crawlers equipped with optional side booms.
5. Cut-to-Length Forestry, Excavator, and Log Loader swing bearings.
6. Motor Graders equipped with front- or rear-mounted snow wings.

E. ITEMS NOT COVERED -

John Deere is NOT responsible for the following:

1. Freight.
2. Adjustments to compensate for wear, for periodic maintenance or adjustments that result from normal wear and tear.
3. Damage caused by unapproved adjustments (electronic or mechanical) to machine or machine components outside of published specifications including but not limited to engine, hydraulic components and relief valves.
4. Program updates, calibrations, and pressure adjustments.
5. Additional Labor Time - Above Dealer Labor Rate.
6. Additional Cleaning - Above Dealer Labor Rate.
7. Rental Fees.
8. Depreciation or damage caused by normal wear or application, lack of reasonable and proper maintenance, failure to follow operating instructions, misuse, lack of proper protection during storage, vandalism, negligence, collision, expenses to seek reinstatement of warranty following theft or loss of Product, or other accidents.
9. Premiums charged for Overtime Labor.
10. Transportation to and from the dealership.
11. Travel time, mileage, or service calls by the dealer.
12. Non-John Deere components or modifications, Rotobec grapples, and attachments installed aftermarket.
13. Shop supplies and maintenance items such as, but not limited to: filters, fuels, oil, hydraulic fluid, lubricants, coolants, conditioners, shop towels, cleaners and degreasers.
14. Torn, cut, or worn hoses.
15. Wear items, such as, but not limited to: body liner, belts, blades, bulbs, lubricated joints (including pins and bushings), dry brakes, brake linings, dry clutch linings, saw blades, chains, skidder grapple shocks, color marking nozzles, and articulation bumpers.
16. Items such as cutting-edge parts, delimiting knives, bucket teeth and rubber track are not warranted for depreciation or damage caused by normal wear, lack of proper maintenance, misuse, failure to follow operating instructions, the elements or accident.
17. Any defect in a non-covered component, or damage to or failure of a covered component caused by a defect in a non-covered component.
18. Secondary damage which occurs from continued operation of a product after recognition of the occurrence of a failure.
19. Parts supplied by or repairs, maintenance or modifications performed by someone other than an authorized John Deere dealer, including any damage caused by such use of parts, repairs, maintenance, or modifications not performed by an authorized John Deere dealer.
20. The use of "track type" tire chains on Feller Bunchers and Skidders is an unapproved modification. Warranty will be void on these machines using "track type" tire chains.
21. Topping off fluids when fluid levels fall in the range between low and full
22. Parts/Kits not ordered on machine and installed aftermarket. These parts will be covered by any applicable parts warranty.
23. Attachments installed aftermarket – i.e., Winch not installed at factory.
24. Custom options installed outside the factory – i.e., G.R. Manufacturing option packages.
25. Used Products (except as otherwise provided in section L below).
26. Lost or stolen Products.

F. TERMINATION OF WARRANTY-

John Deere is relieved of its obligations under Standard Warranty, StructurALL Warranty, Factory-Installed Undercarriage Warranty and/or Extended Warranty if:

1. The product is modified or altered in ways not approved by John Deere; or
2. Any unapproved or improperly sized attachment is installed on the product. Approval and attachment size shall be at John Deere's sole discretion. (Consult dealer prior to installing attachments or product modification).
3. The product is moved outside the US and/or Canada.

G. PARTS REPLACED UNDER WARRANTY -

Only new or remanufactured parts or components furnished or approved by John Deere, will be used if John Deere elects to repair the product. If any such part or component is defective in material or workmanship when installed in the product, John Deere will repair or replace, as it elects, such defective part or component, provided the defect is reported to an authorized John Deere dealer within 90 days of installation or before expiration of the applicable Standard Warranty, Factory-Installed Undercarriage Warranty and/or StructurALL Warranty whichever is later.

H. TELEMATICS

NOTICE: Products may be equipped with telematics hardware and software ("Telematics") that transmit data to John Deere/ Dealer. Purchaser may deactivate Telematics at www.jdlink.com.

Notwithstanding Purchaser's right, title or interest in the Products, Purchaser agrees that John Deere and Dealer (their affiliates, successors and assigns), without further notice to Purchaser have the right to:

1. Access, use, collect and disclose any data generated by, collected by, or stored in, Products or any hardware or devices interfacing with Products ("Machine Data");
2. Access Machine Data directly through data reporting devices integrated within, or attached to, Products, including Telematics ("Data Reporting Systems"); and
3. Update the Data Reporting Systems software from time to time. Machine Data will only be used in accordance with John Deere's Machine Data Policy, located at www.JohnDeere.com/MachineDataPolicy.

I. OBTAINING WARRANTY SERVICE -

To obtain warranty service, the purchaser must request warranty service from a John Deere dealer authorized to sell the product to be serviced. When making such a request, the purchaser must present evidence of the product's delivery date, make the product available at the dealer's place of business, and inform the dealer in what way the purchaser believes the product to be defective. Standard Warranty, Factory-Installed Undercarriage Warranty and/or StructurALL Warranty repairs may be made in the field if the purchaser and servicing dealer so desire. However, John Deere will not be responsible for any charges (such as dealer travel time, mileage or extra labor) that would not have been incurred had the product been repaired at the dealer's place of business.

J. NO IMPLIED WARRANTY, CONDITIONS OR OTHER REPRESENTATION -

Where permitted by law, neither John Deere nor any company affiliated with it makes any warranties, representations, conditions or promises, express or implied, as to the quality, performance, or freedom from defect of its products, other than those set forth in this document and **NO IMPLIED WARRANTY OF MERCHANTABILITY, CONDITIONS OR FITNESS IS MADE.**

K. NO DEALER WARRANTY -

The selling dealer makes no warranty of its own on any item covered by this warranty and makes no warranty on other items unless the dealer delivers to the purchaser a separate written warranty certificate specifically warranting the item. **The dealer has no authority to make any representation or promise on behalf of John Deere, or to modify the terms or limitations of this warranty in any way.**

L. USED JOHN DEERE PRODUCTS ONLY -

John Deere will transfer remaining Standard Warranty, Factory-Installed Undercarriage Warranty and/or StructurALL Warranty to the purchaser of a used John Deere construction and/or forestry product that has been used for less than the full warranty period provided at the product's original retail purchase. This transfer is not effective until change of ownership is registered by a John Deere dealer. **ALL THE TERMS, INCLUDING LIMITATIONS AND EXCLUSIONS, OF THE JOHN DEERE STANDARD WARRANTY, FACTORY-INSTALLED UNDERCARRIAGE WARRANTY, AND/OR STRUCTURALL WARRANTY ORIGINALLY PROVIDED FOR THE PRODUCT REMAIN IN EFFECT AND APPLICABLE.**

TINK BUCKETS

Load An
Open Top Truck

Efficient Collection
Of Leaves & Brush

TINK, INC.
TITLE 520 Claw

DESIGN FEATURES

Tink 520 Claw

A special loader bucket that scoops leaves and loose garden waste out of the gutter and into disposal trucks at lower costs. The Claw can be mounted on most $\frac{3}{4}$ to $1\frac{1}{2}$ yard wheel loaders.

The **Pincer Jaw Assembly** is constructed of structural steel tubing welded together to form rigid rectangular frames. The framework is covered and strengthened with steel side panels. The serrated front edges assist in grasping and pinching materials.

Wear Provisions The underside of the Claw, which makes frequent contact with asphalt and other hard surfaces, is equipped with replaceable tungsten carbide wear shoes and hard steel blades that absorb a majority of the abrasion and wear. Tungsten carbide is an extremely hard material that is incorporated into the wear shoes to combine the highest wear and abrasion resistance possible with strength and impact resistance.

Piano-Hinge Construction The pincer jaw assembly is attached to the main frame with a 3 inch diameter piano-hinge that features a $1\frac{1}{2}$ inch pin that won't shear on impact. More importantly the large diameter provides a vast amount of wear surface to promote long lasting life. The hinges include greaseable hardened bushing inserts.

Hydraulic System The rebuildable twin cylinders that open and close the Claw are capable of developing pinch force necessary to grasp and hold materials too long or bulky to fit within the pincer bucket. The cylinders have a 3 inch bore, an 8 inch stroke and a $1\frac{1}{4}$ inch chrome hardened rod. Mechanical stops prevent cylinder damage by not allowing the cylinders to over extend during the Claw's duty cycle.

When the pincer jaws make contact with an immovable object the hydraulic cross over relief valve senses the obstruction a diverts the fluid away from the cylinders. This automatic action minimizes cylinder damage and premature hydraulic system failure.

The flow divider distributes an equal amount of hydraulic fluid to each cylinder ensuring that the pincer jaws operate evenly and simultaneously.

The 520 Claw hydraulic system is designed for machines having 8 to 50 gpm and 1500 to 3800 psi.

Prices and specifications are subject to change without notice.

MULTI-PURPOSE BUCKETS

TWO MODELS FOR EVERY APPLICATION

VERSATILE

Need to be able to grip, grab, pull and lift? Need to grade, doze, or dig and load? If so, your machine deserves a Rockland Multi-Purpose Bucket. These buckets are designed to perform and built to last. They deliver true versatility without changing attachments.

The MP is ideal for utility work and general contractors.

TWO MODELS FOR EVERY APPLICATION

It excavates, loads, and clears land—virtually whatever the job may require.

The MP-L was designed specifically for trash transfer stations. Its ability to crush, pick, sort, and doze really increases trash handling efficiency.

BUILT TO LAST

Both models are built to last in the Rockland tradition. Heavy-duty clams, oversize pivots, and hard alloy wear strips guarantee years of dependable service. Hydraulics are the heart of any multi-purpose bucket and Rockland hydraulics are first-class. High pressure cylinders with special heat-treated, hard chrome-plated rods deliver dependability—year after year. All moldboards are reinforced with box sections and equipped with bolt-on cutting edges and replaceable end bits. Clams can be equipped with bolt-on cutting edges or the teeth of your choice.

This all adds up to versatility, productivity, and dependability. If you are thinking Multi-Purpose buckets, specify Rockland. You will be glad you did!

MP MULTI-PURPOSE

Rockland MP Buckets are ideal for utility work and general contractors.

MP-L TRASH HANDLING

Transfer station operators appreciate the versatility of the Rockland MP-L because of the way it really speeds trash handling.

INSTALLATION INFORMATION

Rockland MP buckets mount in place of the standard bucket using factory pins or specified coupler brackets. The loader must be equipped with a three-spool valve and boom arm piping. MP buckets come complete with jumper hoses to connect to standard boom arm piping.

WARRANTY

Rockland Multi-Purpose Buckets are guaranteed against failure due to defective design, workmanship or materials for a period of two years or 4000 hours.

ITEM NO.	DESCRIPTION	QTY	UOM	UNIT PRICE	PRICE EXTENSION
1.0	Compact Wheel Loader w/ Attachments	1	EA	\$ _____	\$ _____

SPECIFICATIONS:

Indicate on each line of the technical specifications whether or not each item complies with the specification or an exception is being taken. If additional space is required to fully explain bid exceptions, attach additional typed page(s) to the bid submittal indicating the section number and subsection that has the exception, and provide explanation.

COMPLY / NON-COMPLY

Engine:

Gross HP at 2400 RPM: 73 HP minimum

Peak Torque at 1560 RPM: 206 foot lbs. minimum

Emissions: Compliant with EPA Final Tier 4/EU Stage V

Four cylinders

Powertrain:

Hydrostatic with infinitely variable speed control over full range of operating speeds. 2 speed ranges, joystick mounted F-N-R, acceleration pedal.

Axes: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle or oscillating rear axle

Max rise and fall single wheel: 15 inches maximum, 14 inch minimum

Hydraulically activated, self-adjusting internal wet disc brakes and driveline drum brake

Cooling:

Hydraulically driven, proportionally controlled fan or belt-driven fan

Articulation Angle: 30 degrees each direction

Cylinders: Heat treated chrome plated polished cylinder rods, hardened steel, replaceable bushings and pivot pins

Hydraulics:

Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option.

Quick Coupling: Conforms with ISO 16028 quick coupling for all attachments

Electrical:

Voltage: 12-volt or 24-volt electrical system

Battery: One (1) 24-volt or two (2) 12-volt

Battery capacity: One (1) 925 CCA or Two (2) 900 CCA

Cab:

Seat: Air ride high back with head rest and dual lumbar support or mechanical suspension seat

Noise: Operator ear 70 dBA, Bystander 101 dBA

GUAM SOLID WASTE AUTHORITY

COMPLY / NON-COMPLI

Air conditioning

Steering: Dual tilt and telescoping steering column

Performance: Conforms with SAE J1040, SAE J231, ISO 3471 and ISO 3449 ROPS/FOPS

Operating Weight:

ISO quick coupler and 1CY general purpose bucket / bolt on edge 12,250 lbs. minimum

1.4 CY multi-purpose bucket: 12,800 lbs. maximum

Wheelbase: 7 feet minimum

Dump clearance: 40-degree full height – 8 feet 3 inches

Reach: 40-degree full height – 32 inches

Fork height fully raised: 10 feet minimum

Fork tipping load straight: 7000 lb. maximum

Attachments:

ISO quick coupling mechanism: Conforms with ISO 16028

One (1) additional 1.4 CY bucket with bolt on edge

One (1) Tink claw bucket model 520 or equal

One (1) 60-inch pick-up broom: 800 lb. minimum; 900 lb. max

One (1) Fork: 48 inches minimum

Equipment Warranty:

The Bidder guarantees to the Purchaser that the equipment, upon delivery, will be brand new and will have been constructed using entirely new components. Furthermore, the Bidder assures that any new equipment provided shall be free from any defects in manufacturing workmanship and materials for a duration of 24 months or 2,000 hours, whichever occurs first, commencing from the date of equipment delivery. This warranty encompasses any necessary repairs or replacements without any additional cost to the Purchaser.

Miscellaneous Items:

One (1) operator's manual hardcopy

One (1) operator's manual on CD

One (1) complete illustrated parts book

One (1) shop repair manual

One (1) warranty manual

Manufacturer's training of GSWA crew (8 hours) & contracted mechanics (20 hours)

Online manual for parts, service & repair

**INVITATION FOR BID
GSWA-004-24
COMPACT WHEEL LOADER W/ ATTACHMENTS**

Questions and Concerns received from Morrigo Equipment on November 15, 2023

1. Axles: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle. Is an oscillating rear axle acceptable?

Response: Yes, refer to Amendment No. 2.

2. Max rise and fall single wheel: 15 inches maximum, 14 inches minimum. Please clarify what is required by the term listed above.

Response: The term "Max rise and fall single wheel: 15 inches maximum, 14 inches minimum" pertains to the vertical movement capability of a single wheel on the compact wheel loader. Here's a breakdown of the requirement:

- **Max Rise:** This refers to the maximum vertical distance the center of a single wheel is allowed to move upward from its resting position. In this context, the specified maximum rise is 15 inches.
- **Min Fall:** Conversely, the minimum fall denotes the minimum vertical distance the center of a single wheel is permitted to move downward from its resting position. For this specification, the minimum fall is 14 inches.

These parameters are crucial for ensuring that the compact wheel loader can effectively navigate varied terrains, accommodate different load sizes, and maintain stability during operation.

3. Hydraulically Driven, proportionally controlled fan. Will a belt driven fan be acceptable?

Response: Yes, refer to Amendment No. 2.

4. Voltage: 12-volt. Will a 24 Volt Electrical System be acceptable?

Response: Yes, refer to Amendment No. 2.

5. One (1) Battery. Will two 12-volt batteries be acceptable?

Response: Yes, refer to Amendment No. 2.

6. Battery Capacity: 925 CCA. Will two batteries with 900 CCA be acceptable?

Response: Yes, refer to Amendment No. 2.

7. Seat: Air Ride high back with head rest and dual lumbar support. Will a mechanical suspension seat be acceptable?

Response: Yes, refer to Amendment No. 2.

8. 1.4 CY Bucket: 12,800 lbs. Maximum. Please confirm if this bucket request is for a multipurpose bucket.

Response: Refer to Amendment No. 2.

9. One (1) 1.4 CY Bucket with Bolt on Cutting Edge. Please confirm if this bucket request is for a Multipurpose Bucket. Please confirm if this is bucket request is additional to Question 8 bucket request or the same request.

Response: Refer to Amendment No. 2.

Questions and Concerns received from Far East Equipment Co. on November 17, 2023

10. The manufacturer of the Tink Claw bucket does not recommend the C720 (2.7CYD) model for this size machine. They recommend the C520 (1.2CYD) model for a machine of this size. With this information, does GSWA want to proceed with a C720 model bucket though it may pose a tipping hazard?

Response: No, refer to Amendment No. 2.

Irvin L. Slike,
General Manager

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Far East Equipment Co. On November 13, 2023

1. In regards to the high-flow hydraulics requirement for the broom attachment, John Deere's broom attachment does "NOT" require high-flow. Will high-flow still be required?

Response: The hydraulic flow range is typical for brooms.

2. What make and model machine was used to form the specs of this bid?

Response: John Deere model 244P.

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Far East Equipment Co. On November 9, 2023

1. In the specs under Powertrain, the spec reads "Max rise and fall single wheel: 15 inch maximum, 14 inch minimum." Will 10 inches be acceptable?

Response: No, specs remain the same.

2. In the specs under Cooling, the spec reads "Hydraulically driven, proportionally controlled fan." Will direct driven be acceptable?

Response: No, specs remain the same.

3. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Will a max rated flow 21.13 GPM @ 1,000 PSI be acceptable?

Response: No, specs remain the same.

4. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Can you clarify why there is a request for high flow option when the requested documents do not require high flow hydraulics?

Response: The pick-up broom specified requires the flow specified.

5. In the specs under Electrical, the spec reads "Battery capacity: 925 CCA." Will 830 CCA be acceptable?

Response: No, specs remain the same.

Lt. Governor of Guam

IRVIN L. SLIKE
General Manager

December 12, 2023

MEMORANDUM

To: Irvin L. Slike, General Manager
From: Alicia Fejeran, Chief of Administration
Subject: Invitation for bid GSWA004-24, Compact Wheel Loader with Attachments

The bid opening took place as scheduled on December 5, 2023, at 1:00 PM, and there were a total of four registered prospective bidders who acquired the bid documents. Only two bids were submitted, which was Far East Equipment and Morrigo Equipment.

ITEM NO.	DESCRIPTION	QTY	UOM	FAR EAST EQUIP 2024 JOHN DEERE 244P		MORRICO 2024 CASE/PALADIN/WERK BRAU/TINK INC. 221F/QB961L/WBLH92125/C520/21560	
				UNIT PRICE	PRICE EXT.	UNIT PRICE	PRICE EXT.
1	Compact Wheel Loader with Attachments	1	EA	\$227,261.18	\$227,261	\$180,557.00	\$180,557.00

While Morrigo Equipment submitted the lower bid, a detailed analysis reveals significant deviations from the specifications outlined in the Invitation for Bid (IFB). The IFB requires specific equipment specifications, and Morrigo Equipment's proposal deviates in the following key areas:

1. IFB Requirements: Max rise and fall single wheel: 15 inch max, 14 inch min.
 - a. Morrigo offers a Rise and Fall single wheel of 11.8 inches.
 - b. GSWA clarified that this specification would not be changed in Q&C dated 11/13/23.
2. IFB Requirements: Hydraulically driven, proportionatly controlled fan or belt-driven fan
 - a. Morrigo Deviation: Fan directly connected to the engine.
 - b. GSWA clarified that direct driven will no tbe acceptable in Q&C dated 11/13/23
3. IFB Requirements: 1.4CY multipurpose bucket. 12,800 lbs maximum
 - a. Morrigo Deviation: 1.38 CY Multipurpose bucket
4. IFB Requirements: One (1) 60-inch pick up broom: 800lbs min, 900 lbs max.
 - a. Morrigo Deviation: 946lbs pick up sweeper

Additionally, the bid offer was provided to the Superintendent and he confirmed that specification deviations were not acceptable.

The Morrigo Bid, although lower in price, does not meet specifications required. Therefore, it is recommended that award be made to Far East Equipment due to meeting all requirements and price is within GSWA budget.

RE: NOTICE OF INTENT OF POSSIBLE AWARD
GSWA-004-24: COMPACT WHEEL LOADER W/ ATTACHMENTS

Håfa Adai, Mr. Limtiaco,

As a result of our bid analysis on the above referenced bid number, your bid submission for Compact Wheel Loader w/ Attachments is being considered for award.

Barring any formal protest lodged, a purchase order will be issued 14 days from the date of this notice. Should there be any formal protest received, Guam Solid Waste Authority will accompany with the Stay of Procurement and there will be no further action until the protest is resolved.

Thank you for your participation with this bid. If you have any questions, please contact Alicia Fejeran at (671) 647-4312 or email AliciaFejeran@gswa.guam.gov.

Sincerely,

Irvin L. Slike,
General Manager

Cam,

When you get a chance could you format this into a Guam spec sheet?

Roman and Dennis look these over and add any features you may want

Håfa Adai!

Please be advised that there are still documents in your Outgoing Bin that require review & signatures. The documents are as follows:

- Compact Wheel Loader Spec Sheet
- Memorandum for Hydraulic Oil

There is also a Purchase Order for Island Equipment for the gas tanks. PO has already been sent to the vendor & added to the drive. Please see attached for reference.

Thank you!

Hi, Mark.

Sorry for the delay. Per our GM, the size we are looking for is similar to John Deere 244/P or equal horsepower & weight. The specs are as follows:

- Net Power: 52 kW (71 hp) at 2,400 rpm
- Operating Weight: 5560 kg (12,258 lb.)
- Bucket Capacity: 0.8–1.1 m³ (1.0–1.4 cu. yd.)

Best Regards,
Camaryn

Hi Alicia,

Where you given a username and password for the e-edition by my office or are you trying to access on the postguam.com website?

I've copied my webmaster in this email for assistance. Thank you!

Hi Sedrick,

Just a heads up for Ms. Alcia's reply regarding e-edition access. Thank you!

Miriam Rupley | *Account Executive*

Hafa Adai GSWA Procurement:

Please see below questions for the bid in subject.

1. In the specs under **Powertrain** the spec reads "Max rise and fall single wheel: 15 inch maximum, 14 inch minimum."
- Will 10 inches be acceptable?

2. In the specs under **Cooling** the spec reads "Hydraulically driven, proportionally controlled fan".
- Will direct driven be acceptable?

3. In the specs under **Hydraulics** the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option".
- Will a max rated flow 21.13 GPM @ 1,000 PSI be acceptable?
- Can you clarify why there is a request for high flow option when the requested attachments do not require high flow hydraulics?

4. In the specs under **Electrical** the spec reads "Battery capacity: 925 CCA"
- Will 830 CCA be acceptable?

--Best regards,

Hafa Adai GSWA Procurement:

Please see attached signed and acknowledged Q&A Response. Please see additional inquiries below.

1. In regards to the high-flow hydraulics requirement for the broom attachment, John Deere's broom attachment does "NOT" require high-flow. Will high-flow still be required?
2. What Make and Model machine was used to form the specs of this bid?

Best regards,
Ryne

Tink Claw Bucket - GSWA-004-24

7 messages

Ryne Santos <rsantos@fareastequipment.com>
 To: GSWA Procurement <procurement@gswa.guam.gov>
 Cc: John Limtiaco <jlimtiaco@fareastequipment.com>

17 November 2023 at 12:46

Hafa Adai GSWA Procurement:

The manufacturer of the Tink Claw bucket does not recommend the C720 (2.7CYD) model for this size machine. They recommend the C520 (1.2 CYD) model for a machine of this size. With this information, does GSWA want to proceed with a C720 model bucket though it may pose a tipping hazard?

November 20, 2023

INVITATION FOR BID GWSA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Morrico Equipment on November 15, 2023

1. Axles: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle. Is an oscillating rear axle acceptable?

Response: Yes, refer to Amendment No. 2.

2. Max rise and fall single wheel: 15 inches maximum, 14 inches minimum. Please clarify what is required by the term listed above.

Response: The term "Max rise and fall single wheel: 15 inches maximum, 14 inches minimum" pertains to the vertical movement capability of a single wheel on the compact wheel loader. Here's a breakdown of the requirement:

- **Max Rise:** This refers to the maximum vertical distance the center of a single wheel is allowed to move upward from its resting position. In this context, the specified maximum rise is 15 inches.
- **Min Fall:** Conversely, the minimum fall denotes the minimum vertical distance the center of a single wheel is permitted to move downward from its resting position. For this specification, the minimum fall is 14 inches.

These parameters are crucial for ensuring that the compact wheel loader can effectively navigate varied terrains, accommodate different load sizes, and maintain stability during operation.

3. Hydraulically Driven, proportionally controlled fan. Will a belt driven fan be acceptable?

Response: Yes, refer to Amendment No. 2.

4. Voltage: 12-volt. Will a 24 Volt Electrical System be acceptable?

Response: Yes, refer to Amendment No. 2.

5. One (1) Battery. Will two 12-volt batteries be acceptable?

Response: Yes, refer to Amendment No. 2.

6. Battery Capacity: 925 CCA. Will two batteries with 900 CCA be acceptable?

Response: Yes, refer to Amendment No. 2.

GUAM SOLID WASTE AUTHORITY

LOURDES A. LEON GUERRERO
Governor of Guam

JOSHUA F. TENORIO
1st Governor of Guam

IRVIN L. SLIKE
General Manager

7. Seat: Air Ride high back with head rest and dual lumbar support. Will a mechanical suspension seat be acceptable?

Response: Yes, refer to Amendment No. 2.

8. 1.4 CY Bucket: 12,800 lbs. Maximum. Please confirm if this bucket request is for a multipurpose bucket.

Response: Refer to Amendment No. 2.

9. One (1) 1.4 CY Bucket with Bolt on Cutting Edge. Please confirm if this bucket request is for a Multipurpose Bucket. Please confirm if this is bucket request is additional to Question 8 bucket request or the same request.

Response: Refer to Amendment No. 2.

Questions and Concerns received from Far East Equipment Co. on November 17, 2023

10. The manufacturer of the Tink Claw bucket does not recommend the C720 (2.7CYD) model for this size machine. They recommend the C520 (1.2CYD) model for a machine of this size. With this information, does GSWA want to proceed with a C720 model bucket though it may pose a tipping hazard?

Response: No, refer to Amendment No. 2.

Irvin L. Slike,
General Manager

RE: GSWA-004-24: 24 Compact Wheel Loader with Attachments

Dear Mr. Slike,

This office represents Morrico Equipment, LLC ("Morrico"), 197 Ypao Road, Tamuning, Guam 96913, with respect to GSWA-004-24, a procurement solicitation for a Compact Wheel Loader with Attachments (the "IFB"). Morrico hereby files its protest with respect to the IFB. The reasons for this protest are as follows.

The Guam Solid Waste Authority ("GSWA"), let the subject IFB on November 3, 2023. Morrico submitted its bid on the IFB offering a Case 221F Loader. However, in a "Bid Status" received by Morrico on December 13, 2023, the GSWA rejected the Morrico bid due to "Non-conformance with the specifications." The GSWA did not note which specification Morrico failed to meet. Morrico submitted a Deviation Letter with its bid. The GSWA specifications and Morrico's deviations thereto are as follows:

1) GSWA Specification:

Powertrain: Max rise and fall single wheel: 15 inches maximum, 14 inch minimum.

Morrico Deviation:

Morrico has a rise and fall single wheel of 11.8 inches for Case 221F Loader.

2) GSWA Specification:

Cooling: Hydraulically activated, self-adjusting internal wet disc brakes and driveline drum brake.

Morrigo Deviation:

Has a fan directly connected to the engine for Case 221F Loader.

3) GSWA Specification:

Operating Weight: 1.4 CY multi-purpose bucket: 12,800 lbs. maximum.

Morrigo Deviation:

Has 1.38 CY multi-purpose bucket.

4) GSWA Specification:

One (1) additional 1.4 CY bucket with bolt on edge.

Morrigo Deviation:

Werk Brau supplies a 1.25 CY General Purpose Bucket.

5) GSWA Specification:

One (1) 60-inch pick-up broom: 800lb. minimum; 900 lb. max.

Morrigo Deviation:

Smallest pick-up sweeper has a weight of 946 pounds.

6) GSWA Specification:

One (1) operator's manual on CD.

Morrigo Deviation:

Will supply a copy of the Operator's Manual on a USB Drive.

7) GSWA Specification:

One (1) Warranty Manual.

Morrigo Deviation:

Case does not provide a warranty manual.

8) GSWA Specification:

Online manual for parts, service & repair.

Morrigo Deviation:

This is a dealer only item. Only dealers are permitted to access the dealer portals. A digital copy of the parts, service, and repair manual will be supplied.

As noted above, GSWA did not advise Morrigo which of the foregoing deviations it relied on to reject Morrigo's bid.

However, Morrigo was not able to offer a product that met all specifications of the IFB, which is understandable since it cannot offer the John Deere 244P make and model on which GSWA based its specifications. In response to a question from Far East Equipment Company, LLC, GSWA advised that it based its specifications on a particular make and model of a compact loader, the "John Deere model 244P." But GSWA cannot restrictively apply the specifications of a particular manufacturer's product. Paragraph 19 of the IFB's General Terms and Conditions, provides as follows:

BRAND NAMES: Any reference in the Solicitation to manufacturer's Brand Names and number is due to lack of a satisfactory specification of commodity description. Such preference is intended to be descriptive, but not restrictive and for the sole purpose of indicating to prospective bidders a description of the article or services that will be satisfactory. Bids on comparable items will be considered provided the bidder clearly states in his bid the exact articles he is offering and how it differs from the original specification.

This "Brand Names" clause of the IFB's General Terms and Conditions, is an implementation of the provisions of 2 GAR § 4103(b)(2)(b), governing the use of brand names in specification development. But these regulations do not allow the application of brand name specifications in a restrictive manner. Instead, the specifications must be construed as descriptive only and must allow for the consideration for award of any substantially equivalent product. 2 GAR § 4103(b)(2)(b)(iii). The use of brand name specifications cannot be allowed to restrict competition. 2 GAR § 4103(b)(2)(b)(v).

5 GCA § 5265 provides that: "All specifications shall seek to promote overall economy for the purposes intended and encourage competition in satisfying the Territory's needs, and shall not be unduly restrictive." In addition, 5 GCA § 5268(a) provides that: "Specifications shall not include requirements, such as but not limited to restrictive dimensions, weights or materials, which unnecessarily restrict competition, and shall include only the essential physical characteristics and functions required to meet the Territory's minimum needs." An agency should avoid specifications

peculiar to one manufacturer and, instead, should develop specifications that "describe the salient technical requirements or desired performance characteristics of supplies or services to be procured without including restrictions which do not significantly affect the technical requirements or performance characteristics." 5 GCA § 5268(b) and (c).

The GSWA's application of the John Deere 244P specifications in a restrictive manner is in violation of the foregoing regulations and statutes. Restrictive application of the John Deere 244P specifications here has reduced competition, and will result in a tremendous increase in costs to the Territory. This is because the product that Morrigo bid was \$47,000 less expensive than the John Deere 244P offered by Far East Equipment. The minimum needs to be met by the GSWA are those that any loader would fulfill, and the loader offered by Morrigo meets those basic needs.

Accordingly, based on the foregoing, Morrigo respectfully requests that the GSWA accept the lesser priced loader offered by Morrigo. Please be advised that pursuant to 5 G.C.A. § 5425, you are not to proceed further with the procurement or award of a procurement contract prior to resolution of this bid protest.

Sincerely,

ROBERTS FOWLER & VISOSKY, LLP

Kevin J. Fowler

27 December 2023 at 23:29

To: GWSA Procurement <procurement@gswa.guam.gov>

We responded or equal correct? the rise and fall of wheels is a measurement...the Case, Volvo, Caterpillar all have wheels that can meet the specification, just not on smaller models. The wheel deflection is imortane to get curb clearance in urban environment or in off road applications.
this loader may be tasked with illegal dump clean-up.

The reversible hydraulic fan was specified again for illegal dump clean-up, dust, paper plastic can clog radiator and you need fan to reverse flow to maintain engine coolant temp. In addition GSWA may be tasked with processing green waste (brush, leaves, branches) and that waste when ground up is extrremely dusty and fine particles can clog radiators.

can be installed after market as well.

Dear GSWA Procurement,

Far East Equipment would like to state for the record that the products we offered are not all supplied by John Deere and several products had to be sourced by other suppliers and custom made to meet the GSWA bid specifications. Moricco's suggestion that GSWA has to accept the minimum or base specification that Case or its other suppliers has to offer is nonsense. Moricco had the opportunity just like Far East Equipment to find suppliers who would custom make the attachments per the GSWA requirement and not deviate from the requested specifications.

Morocco also had the opportunity to request and have their deviations approved by GSWA which they did not. Moricco should not be allowed to offer whatever they have and expect it to be acceptable simply because they cost less. Allowing this would prejudice Far East from their effort to meet the specification requested by GSWA without deviation.

Sincerely,

John A. Limtiaco

We haven't heard back. I sent an email to Assistant AG David Rivera who told me that we would need to write a letter of request to the AG.

Delivered the letter of request hard copy to the OAG on January 2nd, and also emailed a copy to Attorney Botha on January 4th.

On Thu, Jan 25, 2024, 1:49 PM Irvin Slike <irvin.slike@gswa.guam.gov> wrote:

Has there been any progress on this protest? Should I send another email to AG's office?

**Re: Protest by Morrico Equipment LLC to GSWA Invitation to Bid
No. GSWA-004-24 for Compact Wheel Loader with Attachments**

Dear Mr. Fowler:

This is in response to your letter dated December 27, 2023, protesting the procurement of a Compact Wheel Loader published in IFB GSWA-004-24. The protest alleges that (1) Morrico's bid was rejected due to "non-conformance with the specifications" without advising which specification Morrico failed to meet and (2) GSWA restrictively applied the specifications of a particular manufacturer's product.

For the reasons set forth below, GSWA denies Morrico's protest.

Morrigo's protest is untimely.

Morrigo submitted its protest after the statutory deadline. Guam's procurement law requires a written protest be submitted within fourteen (14) days after the aggrieved bidder knows or should have known the facts giving rise to the protest. 5 GCA § 5425.

On November 14, 2023, GSWA informed all bidders, including Morrico, that the John Deere model 244P was the make/model machine GSWA used to form the basis for some IFB specifications. Morrico did not submit its written protest until Jan 2, 2024, more than 14 days from the date it was made aware that GSWA cited John Deere model 244P as its source for some of the IFB's specifications. Therefore, Morrico's protest is untimely and denied.

GSWA's IFB did not solicit a brand name product and was not unduly restrictive.

Even though Morrico's protest is denied for being untimely, GSWA also denies Morrico's allegation that the IFB solicited a brand name product. First, the IFB did not use any brand

IRVIN L. SLIKE
General Manager

names in the specifications. Furthermore, as noted in your protest, the IFB provided that any reference to a manufacturer's brand name is intended to be descriptive but not restrictive.

The procurement record shows that GSWA sought a Compact Wheel Loader with horsepower and weight similar to a John Deere 244/P. Other manufacturers such as Case, Ford, and Volvo make units of similar size that perform similarly.

Furthermore, GSWA developed these specifications to meet the agency's needs in the best interests of Guam. The rise and fall of wheels is a measurement spec that other manufacturers such as Case, Volvo, and Caterpillar can meet. The wheel deflection is needed to get curb clearance in Guam's terrain. Based on experience, the type of waste GSWA would handle to clean up illegal dump sites and green waste such as dust, paper, and plastic can clog a radiator. Green waste such as brush, leaves, and branches is extremely dusty when ground up, and fine particles can clog radiators. Therefore, the specifications also requested a loader with a reversible hydraulic fan to reverse flow to maintain engine coolant temperature. Again, there are several manufacturers that offer products that could have met the IFB specifications.

The specifications are not restrictive and seek a machine that meets GSWA's needs. The specifications do not refer to a brand name and can be met by different vendors. Therefore, the IFB did not restrictively procure a specific manufacturer's product and would deny the protest on that basis too.

Morrico's bid failed to meet the IFB requirements.

Instead of submitting a bid that met the IFB specifications, Morrico submitted a bid that included several "deviations". An IFB is awarded "to the lowest responsible and responsive bidder" whose bid meets the requirements and criteria set forth in the IFB. 5 GCA § 5211(g) and 2 GAR Div 4 § 3109(n)(1). A responsive bidder is a bid that conforms in all material respects to the IFB. 5 GCA § 5201(g) and 2 GAR Div 4 § 3109(n)(2). Any offer that does not meet the acceptability requirements must be rejected as nonresponsive. 2 GAR Div 4 §§ 3109(n)(3), 3115(3)(3)(A)(ii). Morrico admitted in its bid that the product offered failed to meet the IFB requirements. This resulted in Morrico offering a product smaller than what is needed to perform the necessary functions and unable to perform well in the anticipated environment of use. Because Morrico's bid failed to meet the IFB's requirements, GSWA appropriately rejected the bid as nonresponsive.

Morrigo did not request a reason for rejection, but Morrico also submitted a bid that it conceded failed to meet the specifications. Morrico knew or should have known that its failure to offer a product that met the IFB specifications was grounds for rejection.

Kevin J. Fowler, Esq.

IRVIN L. SILKE
General Manager

Conclusion.

GSWA denies Morrico's protest for untimeliness but also denies Morrico's claim that the IFB improperly used a brand name in favor of a particular vendor. Morrico has the right to administrative and judicial review of this decision, denying the protest.

Good morning, John!

Do you have an estimated timeframe of when we will be receiving the Compact Wheel Loader? Please advise.

Thank you!

Best Regards,
Camaryn

Hafa Adai Camaryn,

We just submitted the order for wheel loader and specialized attachment. We should know in about 30 days the estimated delivery time. Our bid shows 209 days ARO but will do our best to have factories improve this time.

John

CONFLICTS OF INTEREST**

(Required by 5 GCA § 5233 as amended by P.L. 36-13 (4/9/2021))

CITY OF Hagatna)
) ss.
 ISLAND OF GUAM)

Preface. As a condition of submitting a Bid/Offer/Proposal or responding to any method of source selection under Guam’s Procurement Law for the purpose of entering into a contract with the government of Guam, this Affidavit requires all Bidders/Offerors/Prospective Contractors to make disclosures of ownership, influence, commissions, gratuities, kickbacks, and conflicts of interest occurring **during the 365 calendar days preceding the publication of this solicitation and until award of a contract**. This includes the duty to disclose **any changes** to the facts disclosed herein throughout the solicitation process; and if the entity submitting this Affidavit is awarded a contract, the duty to disclose **any changes** to the facts disclosed herein **continues throughout the life of the contract, including any extensions or renewals**.

A. I, the undersigned, being first duly sworn, depose and say that I am an authorized representative of the Bidder/Offeror/Prospective Contractor and that (please check and fill out all that apply):

The Bidder/Offeror/Prospective Contractor is an individual with a business license, and all decisions are by, and all profit is for, that same individual, with principal place of business street address being: _____

The Bidder/Offeror/Prospective Contractor is a business or artificial person (as defined in 1 GCA § 715 or 5 GCA §§ 5030(n) or 5233(b)), and is a sole proprietorship owned entirely (100%) by _____, with principal place of business street address being: _____

The Bidder/Offeror/Prospective Contractor is a business or artificial person (as defined in 1 GCA § 715 or 5 GCA §§ 5030(n) or 5233(b)), and is owned by the following multiple individuals. Note: owners of more than 10% are statutorily required to be listed below, but other owners of smaller percentage are encouraged to be listed as well.

Name of Owner	Principal Place of Business Street Address	% of Interest
<u>Pacific Unlimited Inc.</u>	<u>P.O. Box 10838 Tamuning, GU 96931</u>	<u>100%</u>
_____	_____	_____
_____	_____	_____
_____	_____	_____

Affidavit Disclosing Ownership, Influence,
Commissions and Conflicts of Interest
AG Procurement Form 002 (Rev. 11/17/2021)

One or more of the more-than-10% owners listed above is a business or artificial person. Any more-than-25% owners of such a business or artificial person are listed below per 5 GCA § 5233. Note: any less-than-25% owners of such a business or artificial person is encouraged to also be listed below.

Name of >10% Owner Business or Artificial Person:

Pacific Unlimited Inc.	100%
------------------------	------

Names of owners of the >10% Owner Business or Artificial Person ("Second Tier Owner")	Owner's Principal Place of Business Street Address	% of Interest
John A. Limtiaco	P.O. Box 10838 Tamuning, GU 96931	52%
Lawrence V. Limtiaco	P.O. Box 10838 Tamuning, GU 96931	22.5%
Selita L. Limtiaco	P.O. Box 10838 Tamuning, GU 96931	15.5%
Michael T. Limtiaco	P.O. Box 10838 Tamuning, GU 96931	10%

Name of other >10% Owner Business or Artificial Person:

--

Names of owners of the >10% Owner Business or Artificial Person ("Second Tier Owner")	Owner's Principal Place of Business Street Address	% of Interest

B. If any Second Tier Owner identified above is an artificial person, the natural or artificial owners of such Second Tier Owner who have held more than 49% of the shares or interest in the Bidder/Offeror/Prospective Contractor (Third Tier Owners) are as follows [if none, please so state]:

Second Tier Owner Name _____

Name of Third Tier Owner	Principal Place of Business Street Address	% of Interest
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

Affidavit Disclosing Ownership, Influence,
Commissions and Conflicts of Interest
AG Procurement Form 002 (Rev. 11/17/2021)

- C. If the name of no natural person has been identified as an owner, or a Second or Third Tier Owner of the Bidder/Offeror/Prospective Contractor, please identify the name, position, address, and contact information of the natural person having the authority and responsibility for the Bid/Offer/Proposal/Prospective Contract, and the name of any natural person who has the authority and power to remove and replace the designated responsible person:

Name of Natural Person	Position	Street Address of Principal Place of Business	Phone Number, Email Address, and other Contact Information
John Alexius Limtiaco Jr.	President	P.O. Box 10838 Tamuning, GU 96931	671-888-6270

- D. Further, I say that the persons who have received or are entitled to receive a commission, gratuity, contingent fee or other compensation to solicit, secure, or assist in obtaining business related to the Bid/Offer/Proposal/Prospective Contract for which this Affidavit is submitted are as follows (if none, please so state):

Name	Principal Place of Business Street Address	Amount of Compensation
N/A	N/A	N/A

- E. Further, I say that the persons who have directly or indirectly participated in this solicitation and who are also employees of the government of Guam or the government of the United States, if federal funds are to be used in the payment of the contract related to the Bid/Offer/Proposal/Prospective Contract for which this Affidavit is submitted, are as follows (if none, please so state):

Name	Principal Place of Business Street Address
N/A	N/A

- F. Regardless of any ownership interest, the following individuals have the power to control the performance of the contract or to control the Bidder/Offeror/Prospective Contractor, directly or indirectly:

Name	Principal Place of Business Street Address
N/A	N/A

DECLARATION RE COMPLIANCE WITH U.S. DOI WAGE DETERMINATION

Procurement No.: GSWA-004-24

Name of Offeror Company Far East Equipment Company, LLC

I, John Alexius Limtiaco Jr. hereby certify under penalty of perjury:

(1) That I am President [please select one: the offeror, a partner of the offeror, an officer of the offeror] making the bid or proposal in the foregoing identified procurement;

(2) That I have read and understand the provisions of 5 GCA § 5801 and § 5802 which read:

§ 5801. Wage Determination Established.

In such cases where the government of Guam enters into contractual arrangements with a sole proprietorship, a partnership or a corporation ("contractor") for the provision of a service to the government of Guam, and in such cases where the contractor employs a person(s) whose purpose, in whole or in part, is the direct delivery of service contracted by the government of Guam, then the contractor shall pay such employee(s) in accordance with the Wage Determination for Guam and the Northern Mariana Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct delivery of contract deliverables to the government of Guam.

The Wage Determination most recently issued by the U.S. Department of Labor at the time a contract is awarded to a contractor by the government of Guam shall be used to determine wages, which shall be paid to employees pursuant to this Article. Should any contract contain a renewal clause, then at the time of renewal adjustments, there shall be made stipulations contained in that contract for applying the Wage Determination, as required by this Article, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply.

§ 5802. Benefits.

In addition to the Wage Determination detailed in this Article, any contract to which this Article applies shall also contain provisions mandating health and similar benefits for employees covered by this Article, such benefits having a minimum value as detailed in the Wage Determination issued and promulgated by the U.S. Department of Labor, and shall contain provisions guaranteeing a minimum of ten (10) paid holidays per annum per employee.

(3) That the offeror is in full compliance with 5 GCA § 5801 and § 5802, as may be applicable to the procurement referenced herein.

(4) That I have attached the most recent wage determination applicable to Guam issued by the U.S. Department of Labor. [INSTRUCTIONS - Please attach!]

Joh

***Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$16.20 per hour). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to contracts or contract-like instruments entered into with the federal government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on federal lands.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.98 per hour, up to 40 hours per week, or \$199.20 per week or \$863.20 per month

HEALTH & WELFARE EO 13706: \$4.57 per hour, up to 40 hours per week, or \$182.80 per week, or \$792.13 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) **COMPUTER EMPLOYEES:** This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) **AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

AFFIDAVIT re CONTINGENT FEES

CITY OF Hagatna)
) ss.
ISLAND OF GUAM)

John Alexius Lintiaco Jr. [state name of affiant signing below], being first duly sworn, deposes and says that:

1. The name of the offering company or individual is [state name of company] Far East Equipment Company, LLC

2. As a part of the offering company's bid or proposal, to the best of my knowledge, the offering company has not retained any person or agency on a percentage, commission, or other contingent arrangement to secure this contract. This statement is made pursuant to 2 GAR Division 4 11108(f).

3. As a part of the offering company's bid or proposal, to the best of my knowledge, the offering company has not retained a person to solicit or secure a contract with the government of Guam upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies for the purpose of securing business. This statement is made pursuant to 2 GAR Division 4 11108(h).

4. I make these statements on behalf of myself as a representative of the offeror, and on behalf of the offeror's officers, representatives, agents, subcontractors, and employees.

Signature of one of the following:
Offeror, if the offeror is an individual.
Partner, if the offeror is a partnership.
Officer, if the offeror is a corporation.

CERTIFICATION OF NON-EMPLOYMENT OF CONVICTED SEXUAL OFFENDERS

Pursuant to Guam Public Law 28-24, as amended by Guam Public Law 28-98, if a contract for services is awarded to an Offeror, then the service provider must warrant that no person in its employment who has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of the Guam Code Annotated or of an offense defined in Article 2 of Chapter 28 of Title 9 of the Guam Code Annotated, or who has been convicted in any other jurisdiction of an offense with the same elements as heretofore defined, or who is listed on the Sex Offender Registry, shall provide services on behalf of the service provider while on government of Guam property, with the exception of public highways. If any employee of a service provider is providing services on government property and is convicted subsequent to an award of a contract, then the service provider warrants that it will notify the GSWA of the conviction within twenty-four hours of the conviction and will immediately remove such convicted person from providing services on government of Guam property. If the service provider is found to be in violation of any of the provisions of this paragraph, then the GSWA will give notice to the service provider to take corrective action. The service provider shall take corrective action within twenty-four hours of notice from the GSWA, and the service provider shall notify the GSWA when action has been taken. If the service provider fails to take corrective steps within twenty-four hours of notice from the GSWA, then the GSWA in its sole discretion may suspend temporarily any contract for services.

I, John Alexius Limtiaco Jr. being a duly authorized representative of the Offeror,
(print name)

acknowledge the requirements described above, have ensured that the Proposal as submitted addresses these requirements, and certify that if awarded the contract, the Offeror will follow these mandates.

DIRECTOR OF REVENUE AND TAXATION

GOVERNMENT OF GUAM

GENERAL TERMS AND CONDITIONS

SEALED BID SOLICITATION AND AWARD

ONLY THOSE BOXES CHECKED BELOW ARE APPLICABLE TO THIS BID

1. **AUTHORITY:**

This solicitation is issued subject to all the provisions of the Guam Procurement Act (5GCA, Chapter 5) and the Guam Procurement Regulations (copies of both are available at the Office of the Comptroller of Laws, Department of Law, copies available for inspection at the Guam Solid Waste Authority). It requires all parties involved in the Preparation, negotiation, performance, or administration of contracts to act in good faith.

2. **GENERAL INTENTION:** Unless otherwise specified, these General Terms and conditions are intended for the bidder to provide the Government of Guam (Government) with specified services or with materials, supplies or equipment completely assembled and ready for use.

3. **TAXES:** Bidders are cautioned that they are subject to Guam Income Taxes as well as all other taxes on Guam transactions. Specific information on taxes may be obtained from the Director of Revenue and Taxation.

4. **LICENSING:** Bidders are cautioned that the Government will not consider for award any offer submitted by a bidder who has not complied with the Guam Licensing law. Specific information on licenses may be obtained from the Director of Revenue and Taxation.

5. **LOCAL PROCUREMENT PREFERENCE:** All procurement of supplies and services where possible, will be made from among businesses licensed to do business on Guam in accordance with section 5008 of the Guam Procurement Act (5GCA, Chapter 5) and Section 1104 of the Guam Procurement Regulations.

6. **COMPLIANCE WITH SPECIFICATIONS AND OTHER SOLICITATION REQUIREMENTS:** Bidders shall comply with all specifications and other requirements of the Solicitation.

7. **"ALL OR NONE" BIDS:** Unless otherwise allowed under this Solicitation, "all or none" bids may be deemed to be non-responsive. If the bid is so limited, the Government may reject part of such proposal and award on the remainder.

NOTE: By checking this item, The Government is requesting all of the bid items to be items to be bid or none at all. The Government will not award on an itemized basis. Reference 3-101.06 of the Guam Procurement Regulations.

8. **INDEPENDENT PRICE DETERMINATION:** The bidder, upon signing the Invitation for Bid, certifies that the prices in his bid were derived without collusion, and acknowledges that collusion and anti-competitive practices are prohibited by law. Violations will be subject to the provision of Section 5651 of that of the Guam Procurement Act. Other existing civil, criminal or administrative remedies are not impaired and may be in addition to the remedies in Section 5651 of the Government code. By submitting a bid, the bidder certifies that its price was independently arrived at without collusion.

9. **BIDDER'S PRICE:** The Government will consider not more than two (2) (basic and Alternate) item prices and the bidder shall explain fully each price if supplies, materials, equipment, and/or specified services offered comply with specifications and the products origin. Where basic or alternate bid meets the minimum required specification, cost and other factors will be considered. Failure to explain this requirement will result in rejection of the bid.

10. **BID ENVELOPE:** Envelope shall be sealed and marked with the Bidder's name, Bid number, time, date and place of Bid opening.

11. **BID GUARANTEE REQUIREMENT:** Bidder is required to submit a Bid Guarantee Bond or standby irrevocable Letter of Credit or Certified Check or Cashier's Check in the same bid envelope to be held by the Government pending delivery of items being procured. The Bid Guarantee Bond, Letter of Credit, Certified Check or cashier's check must be issued by any local surety or banking institution licensed to do business on Guam and made payable to the Guam Solid Waste Authority in the amount of fifteen percent (15%) of the total bid offer. The Bid Bond must be submitted on Government Standard Form BB-1 (copy enclosed). Personal Checks will not be accepted as Bid Guarantee. If a successful Bidder (contractor) withdraws from the bid or fails to enter into contract within the prescribed time, such Bid guarantee will be forfeited to the Government of Guam. Bids will be disqualified if not accompanied by Bid Bond, Letter of Credit, Certified Check or Cashier's Check. Bidder must include in his/her bid, valid copies of a Power of Attorney from the Surety and a Certificate of Authority from the Government of Guam to show proof that the surety company named on the bond instrument is authorized by the Government of Guam to be qualified to do business on Guam. For detailed information on bonding matters, contact the Department of Revenue and Taxation. Failure to submit a valid Power of Attorney and Certificate of Authority on the surety is cause for rejection of bid. (GPR Section 3109(c)(3)) Pursuant to 5 GCA Section 5212, all competitive sealed bidding for the procurement of supplies or services exceeding \$25,000 must be accompanied by bid security in the amount of 15% of the total bid price.

12. **PERFORMANCE GUARANTEE:** Bidders, who are awarded a contract under this solicitation, guarantee that goods will be delivered or required services performed within the time specified. Failure to perform the contract in a satisfactory manner may be cause for suspension or debarment from doing business with the Government and for enforcement of Section 23 of these General terms and Conditions. In addition, the Government will hold the Vendor liable and will enforce the requirements as set forth in Section 41 of these General Terms and Conditions.

13. **SURETY BONDS:** Bid and Performance Bonds coverage must be signed or countersigned in Guam by a foreign or alien surety's resident general agent. The Surety must be an Insurance Company, authorized by the Government of Guam and qualified to do business in Guam. Bids will be disqualified if the Surety Company does not have a valid Certificate of Authority from the Government of Guam to conduct business in Guam.

14. **COMPETENCY OF BIDDERS:** Bids will be considered only from the such bidders who, in the opinion of the Government, can show evidence of their ability, experience, equipment, and facilities to render satisfactory service.

15. **DETERMINATION OF RESPONSIBILITY OF BIDDERS:** The Guam Solid Waste Authority reserves the right for securing from bidders information to determine whether or not they are responsible and to inspect plant site, place of business, and supplies and services as necessary to determine their responsibility in accordance with Section 15 of these General Terms and Conditions (GPR Section 3-401).

16. **STANDARD FOR DETERMINATION OF LOWEST RESPONSIBLE BIDDER:** In determining the lowest responsible offer, the Guam Solid Waste Authority shall be guided by the following:

- a) Price of Items offered.
- b) The ability, capacity, and skill of the Bidder to perform.
- c) Whether the bidder can perform promptly within the specified time.
- d) The quality of performance of the Bidder with regards to awards previously made to him.
- e) The previous and existing compliance by the Bidder with laws and regulations relative to procurement.
- f) The sufficiency of the financial resources and ability of the Bidder to perform.
- g) The ability of the bidder to provide future maintenance and services for the subject of the award.
- h) The compliance with all of the conditions to the Solicitation.

17. **TIE BIDS:** If the bids are for the same unit price or total amount in the whole or in part, the Chief Procurement Officer will determine award based on 2 GAR, Div. 4, § 3109(o) (2) or to reject all such bids.

18. **BRAND NAMES:** Any reference in the Solicitation to manufacturer's Brand Names and number is due to lack of a satisfactory specification of commodity description. Such preference is intended to be descriptive, but not restrictive and for the sole purpose of indicating to prospective bidders a description of the article or services that will be satisfactory. Bids on comparable items will be considered provided the bidder clearly states in his bid the exact articles he is offering and how it differs from the original specification.

19. **CONTRACT AWARD:** In accordance with 5 GCA § 5211(g) and 2 GARR § 3109(n), after bids are publicly opened, an award will be made with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the Invitation for Bids. The award will be made by

- Purchase Order
- Standard Form Contract

20. **DESCRIPTIVE LITERATURE:** Descriptive literature(s) as specified in this solicitation must be furnished as a part of the bid and must be received at the date and time set for the opening Bids. The literature furnished must clearly identify the item(s) in the Bid. The descriptive literature is required to establish for the purpose of evaluation and award details of the product(s) the bidder proposes to furnish including design, materials, components, performance characteristics, methods of manufacture, construction, assembly or other characteristics which are considered appropriate. Rejection of the Bid will be required if the descriptive literature(s) do not show that the product(s) offered conform(s) to the specifications and other requirements of this solicitation. Failure to furnish the descriptive literature(s) by the time specified in the Solicitation will require rejection of the bid.

21. **SAMPLES:** Sample(s) of the item(s) specified in this solicitation must be furnished as a part of the bid and must be received at the date and time set for opening Bids. The sample(s) should represent exactly what the bidder proposes to furnish and will be used to determine if the item(s) offered complies with the specifications. Rejection of the Bid will be required if the sample(s) do not show that the product(s) offered conform(s) to the specifications and other requirements of this solicitation. Failure to furnish the sample(s) by the time specified in the Solicitation will require rejection of the Bid.

22. **LABORATORY TEST:** Successful bidder is required to accompany delivery of his good with a Laboratory Test Report indicating that the product he is furnishing the Government meets with the specifications. This report is on the bidder's account and must be from a certified Testing Association.

23. **AWARD, CANCELLATION, & REJECTION:** Award shall be made to the lowest responsible bidder, whose bid is determined to be the most advantageous to the Government, taking into consideration the evaluation factors set forth in this solicitation. No other factors or criteria shall be used in the evaluation. The right is reserved as the interest of the Government may require to waive any minor irregularity in bid received. The Guam Solid Waste Authority shall have the authority to award, cancel, or reject bids, in whole or in part for any one or more items if he determines it is in the public interest. In case of an error in the extension of prices, unit price will govern. It is the policy of the Government to award contracts to qualified local bidders. The Government reserves the right to increase or decrease the quantity of the items for award and make additional awards for the same type of items and the vendor agrees to such modifications and additional awards based on the bid prices for a period of thirty (30) days after original award. No award shall be made under this solicitation which shall require advance payment or irrevocable letter of credit from the government (GPR Section 3-202.14.1)

24. **MARKING:** Each outside container shall be marked with the Purchase Order number, item number, brief item description and quantity. Letter marking shall not be less than ¾" in height.

25. **SCHEDULE FOR DELIVERY:** Successful bidder shall notify the Guam Solid Waste Authority, Telephone No. 647-4312 at least twenty-four (24) hours before delivery of any item under this solicitation.

26. **BILL OF SALE:** Successful supplier shall render Bills of Sale for each item delivered under this contract. Failure to comply with this requirement will result in rejection of delivery. The Bill of Sale must accompany the items delivered but will not be considered as an invoice for payment. Supplier shall bill the Government in accordance with billing instructions as indicated on the Purchase Order.

27. **MANUFACTURER'S CERTIFICATE:** Successful bidder is required, upon delivery of any item under this solicitation, to furnish a certificate from the manufacturer indicating that the goods meet the specifications. Failure to comply with this request will result in rejection of delivery or payment. Supplier shall bill the Government in accordance with billing instructions as indicated on the Purchase Order.

28. **INSPECTION:** All supplies, materials, equipment, or services delivered under this contract shall be subject to the inspection and/or test conducted by the Government at destination. If in any case the supplies, materials, equipment, or services are found to be

defective in material, workmanship, performance, or otherwise do not conform with the specifications, the Government shall have the right to reject the items or require that they be corrected. The number of days required for correction will be determined by the Government.

29. **MOTOR VEHICLE SAFETY REQUIREMENTS:** The Government will only consider Bids on motor vehicles which comply with the requirements of the National Traffic and Motor Vehicle safety Act of 1966 (Public Law 89-563) and Clean Air Act as amended (Public Law 88-206), that are applicable to Guam. Bidders shall state if the equipment offered comply with these aforementioned Federal Laws.

30. **SAFETY INSPECTIONS:** All motor vehicles delivered under this contract must pass the Government of Guam Vehicle Inspection before delivery at destination.

31. **GUARANTEE:**

a) **Guarantee of Vehicle Type of Equipment**

The successful bidder shall guarantee vehicular type of equipment offered against defective parts, workmanship, and performance, for a period of not less than one (1) year after date of receipt of equipment. Bidder shall also provide service to the equipment for at least one (1) year. Service to be provided shall include, but will not be limited to tune ups (change of spark plugs, contact points and condensers) and lubrication (change of engine and transmission oil). All parts and labor shall be at the expense of the bidder. All parts found defective and not caused by misuse, negligence or accident within the guarantee period shall be repaired, replaced, or adjusted within six (6) working days after notice from the Government and without cost to the Government. Vehicular type of equipment as used in this context shall include equipment used for transportation as differentiated from tractors, backhoes, etc.

b) **Guarantee of Other Type of Equipment:**

The successful bidder shall guarantee all other types of equipment offered, except those mentioned in 31a, above, against defective parts, workmanship, and performance for a period of not less than three (3) months after date of receipt of equipment. Bidder shall also provide service to the equipment for at least three (3) months. All parts found within that period shall be repaired or replaced by the Contractor without cost to the Government. Repairs, adjustments or replacements of defective parts shall be completed by the contractor within six (6) working days after notice from the Government.

(c) **Compliance with this Section is a condition of this Bid.**

32. **REPRESENTATION REGARDING ETHICS IN PUBLIC PROCUREMENT:** The bidder or contractor represents that it has not knowingly influenced and promises that will not knowingly influence a Government employee to breach any of the ethical standards and represents that it has not violated, is not violating, and promises that it will not violate the prohibition against gratuities and kickbacks set forth on Chapter 11 (Ethics in Public Contracting) of the Guam Procurement Act and in Chapter 11 of the Guam Procurement Regulations.

33. **REPRESENTATION REGARDING CONTINGENT FEES:** The contractor represents that it has not retained a person to solicit or secure a Government contract upon and agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees of bona fide established commercial selling agencies for the purpose of securing business (GPR Section 11-207).

34. **EQUAL EMPLOYMENT OPPORTUNITY:** Contractors shall not discriminate against any employee or applicant of employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that employees are treated equally during employment without regards to their race, color, religion, sex, or national origin.

35. **COMPLIANCE WITH LAWS:** Bidders awarded a contract under this Solicitation shall comply with the applicable standard, provisions, and stipulations of all pertinent Federal and/or local laws, rules, and regulations relative to the performance of this contract and the furnishing of goods.

36. **CHANGE ORDER:** Any order issued relative to awards made under this solicitation will be subject to and in accordance with the provisions of Section 6-101-03.1 of the Guam Procurement Regulations.

37. **STOP WORK ORDER:** Any stop work order issued relative to awards made under this solicitation will be subject to and in accordance with the provisions of Section 6-101-04.1 of the Guam Procurement Regulations.

38. **CANCELLATION OF INVITATION FOR BIDS OR REQUEST FOR PROPOSALS:** Any Invitation for Bid may be cancelled, or any or all bids or proposals may be rejected in whole or in part as may be specified in the solicitation, when it is in the best interests of the Territory in accordance with regulations promulgated by the Policy Office. The reasons therefor shall be made part of the contract file.

39. **TIME FOR COMPLETION:** It is hereby understood and mutually agreed by and between the contractor and the Government that the time for delivery to final destination or the timely performance of certain services is an essential condition of this contract. If the contractor refuses or fails to perform any of the provisions of this contract within the time specified in the Purchase Order (from the date Purchase Order is acknowledged by the vendor), then the contractor is in default. Defaults will be treated subject to and in accordance with the provisions of Section 6-101-08 of the Guam Procurement Regulations.

40. **JUSTIFICATION OF DELAY:** Bidders who are awarded contracts under this Solicitation, guarantee that the goods will be delivered to their destination or required services rendered within the time specified. If the bidder is not able to meet the specified delivery date, he is required to notify the Guam Solid Waste Authority of such delay. Notification shall be in writing and shall be received by the Guam Solid Waste Authority at least twenty-four (24) hours before the specified delivery date. Notification of delay shall include an explanation of the causes and reasons for the delay including statement(s) from supplier or shipping company causing the delay. The Government reserves the right to reject delay justification if, in the opinion of the Chief Procurement Officer, such justification is not adequate.

41. **SERVICE-DISABLED VETERAN OWNED BUSINESS PREFERENCE:** Bidding is subject to the policy in favor of Service-Disabled Veteran Owned Business as defined in 5 GCA sections 5011 and 5012.

42. **LIQUIDATED DAMAGES:** When the contractor is given notice of delay or nonperformance as specified in Paragraph 1 (Default) of the Termination for Default Clause of this contract and fails to cure in the time specified, the contractor shall be liable for

damages for delay in the amount of one-fourth of one percent (1%) of outstanding order per calendar day from date set for cure until either the territory reasonable obtains similar supplies or services if the contractor is terminated for default, or until the contractor provides the supplies or services if the contractor is not terminated for default. To the extent that the contractor's delay or non-performance is excused under Paragraph 15 (Excuse for Nonperformance or Delayed Performance) of the Termination for Default Clause of this contract, liquidated damages shall not be due the territory. The contractor remains liable for damages caused other than by delay. 2 GAR, Div. 4 §6101(d)

[x] 43. **PHYSICAL LIABILITY:** If it becomes necessary for the Vendor, either as principal, agent or employee, to enter upon the premises or property of the Government of Guam in order to construct, erect, inspect, make delivery or remove property hereunder, the Vendor hereby covenants and agrees to take, use, provide and make all proper, necessary and sufficient precautions, safeguards and protections against occurrence of any accidents, injuries or damages to any person or property during the progress of the work herein covered, and to be responsible for, and to indemnify and save harmless the Government of Guam from the payment of all sums of money by reason of all or any such accidents, injuries, or damages that may occur upon or about such work, and fines, penalties and loss incurred for or by reasons of the violations of any territorial ordinance, regulations, or the laws of Guam or the United States, while the work is in progress. Contractor will carry insurance to indemnify the Government of Guam against any claim for loss, damage or injury to property or persons arising out of the performance of the Contractor or its employees and agents of the services covered by the contract and the use, misuse or failure of any equipment used by the contractor or his employees or agents, and shall provide certificates of such insurance to the Government of Guam when required.

[x] 44. Contract will be cancelled if funds not appropriated or insufficient, and that government will timely inform contractor. 2 GAR, Div.4 §3121(e) (1) (C) and 2 GAR, Div. 4 §3121 (e)(1)(D).

[x] 45. **CONTACT FOR CONTRACT ADMINISTRATION:** If your firm receives a contract as a result of this Solicitation, Please designate a person whom we may contact for prompt administration.

SEALED BID SOLICITATION INSTRUCTIONS

1. **BID FORMS:** Each bidder shall be provided with two (2) sets of Solicitation forms. Additional copies may be provided upon request. Bidders requesting additional copies of said forms will be charged per page in accordance with Section 6114 of the Government Code of Guam. All payments for this purpose shall be by cash, certified check or money order and shall be made payable to the Guam Solid Waste Authority.
2. **PREPARATIONS OF BIDS:**
 - a. Bidders are required to examine the drawings, specifications, schedule, and all instructions. Failure to do so will be at bidder's risk.
 - b. Each bidder shall furnish the information required by the Solicitation. The bidder shall sign the solicitation and print or type his name on the Schedule. Erasures or other changes must be initialed by the person signing the bid. Bids signed by an agent are to be accompanied by evidence of this authority unless such evidence has been previously furnished to the issuing office.
 - c. Unit price for each unit offered shall be shown and such price shall include packing unless otherwise specified. A total shall be entered in the amount column of the Schedule for each item offered. In case of discrepancies between a unit price and extended price, the unit price will be presumed to be correct.
 - d. Bids for supplies or services other than those specified will not be considered. Time, if stated as a number of days, means calendar days and will include Saturdays, Sundays, and holidays beginning the day after the issuance of a Notice to Proceed. Time stated ending on Saturday, Sunday or Government of Guam legal holiday will end at the close of the next business day.
 - e. No Entitlement to Preparation Costs – the bidder expressly waives any right it may have against the government for any expenses incurred in connection with the preparation of its bid.
3. **EXPLANATION TO BIDDERS:** Any explanation desired by a bidder regarding the meaning or interpretation of the Solicitation, drawings, specifications, etc., must be submitted in writing and with sufficient time allowed for a written reply to reach all bidders before the submission of their bids. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective bidder concerning a Solicitation will be furnished to all prospective bidders in writing as an amendment to the Solicitation if such information would be prejudicial to uninformed bidders.
4. **ACKNOWLEDGEMENT OF AMENDMENTS TO SOLICITATIONS:** Receipt of an amendment to a Solicitation by a bidder must be acknowledged by signing an acknowledgement of receipt of the amendment. Such acknowledgement must be received prior to the hour and date specified for receipt of bids.
5. **SUBMISSION OF BIDS:**
 - a. Bids and modifications thereof shall be enclosed in sealed envelopes and addressed to the office specified in the Solicitation. The bidder shall show the hour and date specified in the Solicitation for receipt, the Solicitation number, and the name and address of the bidder on the face of the envelope.
 - b. Electronic bids will not be considered unless authorized by the Solicitation. However, bids may be modified or withdrawn by written or electronic notice, provided such notice is received prior to the hour and date specified for receipt (see paragraph 6 of these instructions).
 - c. Samples of items, when required, must be submitted within the time specified, unless otherwise specified by the Government, at no expense to the Government. If not destroyed by testing, samples will be returned at bidder's request and expense, unless otherwise specified by the Solicitation.
 - d. Samples or descriptive literature should not be submitted unless it is required by this solicitation. Regardless of any attempt by a bidder to condition the bid, unsolicited samples or descriptive literature will not be examined or tested at the bidder's risk, and will not be deemed to vary any of the provisions of this Solicitation.
6. **FAILURE TO SUBMIT BID:** If no bid is to be submitted, do not return the solicitation documents unless otherwise specified. A letter or postcard shall be sent to the issuing office advising whether future Solicitations for the type of supplies or services covered by this Solicitation are desired.
7. **LATE BID, LATE WITHDRAWALS, AND LATE MODIFICATIONS:**
 - a. Definition: Any bid received after the time and date set for receipt of bids is late. Any withdrawal or modification of a bid received after the time and date set for opening of bids at the place designated for opening is late (Guam Procurement Regulations Section 3-202)
 - b. Treatment: No late bid, late modification, or late withdrawal will be considered unless received before contract award, and the bid, modification, or withdrawal would have been timely but for the action or inaction of territorial personnel directly serving the procurement activity.
9. **GOVERNMENT FURNISHED PROPERTY:** No material, labor or facilities will be furnished by the Government unless otherwise provided for in the Solicitation.
10. **CANCELLATION OR REVISION OF BID:** This IFB may be canceled, or any and all bids may be rejected in whole or in part as may be pursuant to GAR § 3115, when it is in the best interest of the Government. Additionally, in accordance with GAR § 9105, if prior to award it is determined that a solicitation or proposed award of a contract is in violation of the law, then the solicitation or proposed award shall be canceled or revised to comply with the law. The reasons therefore shall be made part of the contract file.
11. **REJECTION OF BIDS:** Any bidder submitted in response to this IFB may be rejected in whole or in part with it is in the best interest of the Government, in accordance with GAR § 3115(e). Reasons for rejecting bids include but are not limited to: (1) The business that submitted the bid is non-responsive as determined under GAR § 3116; (2) The bid ultimately fails to meet the announced requirements of the Government in some material respect; or (3) The bid price is clearly unreasonable. Upon request, successful bidders shall be advised of the reasons for rejection.

When bids are rejected, or a solicitation canceled after bids are received, the bids which have been opened shall be retained in the procurement file, or if unopened, returned to the bidders upon request, or otherwise disposed of pursuant to GAR § 3115(g).

- 12. TERMINATION OF CONTRACT: 1. TERMINATION OF CONVENIENCE PURSUANT TO GAR § 6101(10)**
- (a) **Termination:** The Government, when the interest of the Government so requires, may terminate this contract in whole or in part, for the Convenience of the Government. The Purchasing Agency shall give written notice of the termination to the contractor specifying the part of the contract terminated when termination becomes effective.
 - (b) **Contractor's Obligations:** The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified.
 - (c) **Condition of Termination:** Notwithstanding the foregoing, the cessation of services for people requiring services shall be contingent upon the Government obtaining a substitute provider for the services and the contractor shall cooperate by taking all reasonable and necessary steps to ensure that services are not interrupted and transferred to the succeeding provider. The contractor shall issue a written memorandum detailing the status of the contractor's ongoing services initiating termination or any fault of either party.
- 13. SELLER'S INVOICES:** Invoices shall be prepared and submitted in quadruplicate (one copy shall be marked "original") unless otherwise specified. Invoices shall be "certified true and correct" and shall contain the following information: Contract and order number (if any), item numbers, description of supplies or services, sizes, quantities, unit prices, and extended total. Bill of lading number and weight of shipment will be shown for shipments made on Government bills of lading.
- 14. RECEIPT, OPENING AND RECORDING OF BIDS:** Bids and modifications shall be publicly opened in the presence of one or more witnesses, at the time, date, and place designated in the Invitation for Bids. The name of each bidder, the bid price, and such other information as is deemed appropriate by the Procurement Officer, shall be read aloud and recorded, or otherwise made available. The names and addresses of required witnesses shall be recorded at the opening. The opened bids shall be available for public inspection except to the extent the bidder designates trade secrets or other proprietary data to be confidential as set forth in accordance with Section 12, below. Material so designated shall accompany the bid and shall be readily separable from the bid in order to facilitate public inspection of the non-confidential portion of the bid. Prices, makes and models or catalogue numbers of the items offered, deliveries, and terms of payment shall be publicly available at the time of bid opening regardless of any designation to the contrary (Guam Procurement Regulations Section 3-202.12.2).
- 15. CONFIDENTIAL DATA:** The Procurement Officer shall examine the bids to determine the validity of any requests for nondisclosure of trade secrets and other proprietary data.
- 16. PROHIBITION AGAINST GRATUITIES AND KICKBACKS:** With respect to this procurement and any other contract that bidder may have or wish to enter into with the Government, the bidder represents that he/she has not violated, is not violating, and promises that he will not violate the prohibition against gratuities and kickbacks set forth in the Guam Procurement Regulations – GAR § 11170(e)
- 17. STATEMENT OF QUALIFICATIONS** The ability capacity and skill of the Bidders to perform; Whether the bidder can perform promptly or within the specified time; The quality of performance of the Bidder with regards to awards previously made to him; The sufficiency of the financial resources and ability of the bidders to perform; And the compliance with all of the conditions to the solicitation.
- 18. WAGE AND BENEFIT COMPLIANCE-CONTRACTORS PROVIDING SERVICES:**
- (a) Contractor with regard to all person its employs whose purpose in whole or in part is the direct delivery of services contracted for with the Government of Guam in this procurement, shall pay such employees in accordance with the Wage Determination for Guam and the Northern Marianas Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct deliverance of deliverables to the government of Guam. 5 GCA § 5801 Contractor shall be responsible for flowing down this obligation to its subcontractors.
 - (b) The Wage Determination most recently issued by the U.S. Department of Labor at the time this Agreement was awarded to Contractor shall be used to determine wages and benefits which shall be paid to employees pursuant to this clause. 5 GCA § 5801
 - (c) Should any contract contain a renewal clause, then at the time of renewal adjustments there shall be stipulations contained in that contract for applying the Wage Determination, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply. 5 GCA § 5801
 - (d) In addition to the Wage Determination detailed above, health and similar benefits for employees having a minimum value as detailed in the wage Determination issued and promulgated by the U.S. Department of labor shall apply. Contractor shall pay a minimum of ten (10) paid holidays per annum per employee. 5 GCA § 5802
 - (e) Any violation of Contractor or its subcontractors obligations of this section shall be investigated by the Guam Department of Labor and may include a monetary penalty assessment by the Guam Department of Labor of no less that One Hundred Dollars (\$100.00) per day, and no more than One Thousand Dollars (\$1,000.00) per day, until such time as a violation has been corrected, as well as the payment of all black wages and benefits due. 5 GCA § 5803
 - (f) In addition to any and all other breach of contract actions the Government of Guam may have under this procurement, in the event there is a violation in the process set forth in subsection (e) above, Contractor may be placed on probationary status by the Chief Procurement Officer of the General Service Agency, or its successor, for a period of one (1) year.
During the probationary status, a Contractor shall not be awarded any contract by any instrumentality of the Government of Guam. A Contractor who has been on probationary status, or has been assessed a monetary

penalty pursuant to 5 GCA Article 13 Title 5 may appeal such penalty of probationary status to the Superior Court of Guam. 5 GCA § 5804

- (g) Contractor along with all proposed offerors and submitter under this procurement were required to submit a Declaration of Compliance with Wage Determination laws as part of this procurement with a copy of the most recent Wage Determination for Guam and the Northern Marianas Islands issued and promulgated by the U.S. Department of Labor. 5 GCA § 5805
 - (h) The applicable USDOL Wage Determination Rate Revision (as defined by subsections (b) and (c) is to this Agreement. Contractor agrees to provide upon written request by the Government of Guam written certification of its compliance with its obligations as part of each invoice, along with the names of any employees, their positions, and detailed wage and benefits paid in keeping with this section. Additionally upon request by Government of Guam the Contractor shall submit source documents as to those individuals provide direct services in part or whole under this Agreement and its payments to them of such wages and benefits.
19. **ETHICAL STANDARDS:** With respect to this procurement and any other contract that the Contractor may have, or wish to enter into, with any Government of Guam agency, the Contractor represents that it has not knowingly influenced, and promises that it will not knowingly influence, any government employee to breach any of the ethical standards set forth in the Guam Procurement Law and in any of the Guam Procurement Regulations. – GAR § 11103 (b).
20. **PROHIBITION AGAINST CONTINGENT FEES:** The Contractor represents that he has not retained any person or agency upon an Agreement or Understanding for a percentage, commission, brokerage, or other contingent arrangement, except for retention of bona fide employees or bona fide established commercial selling agencies, to solicit or secure this Agreement or any contract with the government of Guam or its agencies. GAR § 11108(f)
21. **CONTRACTOR'S WARRANTY AS TO EMPLOYEES AND SEX OFFENSES. Reference 5 GCA 5253(b):** : Contractor warrants that no person providing services on behalf of the Contractor has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of GCA or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry.
- Contractor warrants that if any person providing services on behalf of Contractor is convicted of a sex offense under the provisions of Chapter 25 of Title 9 GCA, or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry, that such person will be immediately removed from working at said agency and that the administrator of said agency be informed of such within twenty-four (24) hours of such conviction. Any contractor found in violation of this section, after notice from the Government of Guam, after notice from the contracting authority of such violation, shall within twenty-four (24) hours, take corrective action and shall report such action to the contracting authority. Failure to take corrective action with the stipulated period may result in the temporary suspension of the contract at the discretion of the Government of Guam.
22. **POLICY IN FAVOR OF SERVICE-DISABLED VETERAN OWNED BUSINESSES:** P.L. 31-115 (September 20, 2011) 5 GCA § 5011 and § 5012 In the procurement of any supply or service, (except for professional services), if such supply or service is offered by a Service Disabled Veteran Owned Business "SDVOB", as defined in 5 GCA § 5012, that is at least fifty one percent (51%) owned by service-disabled veteran(s), and if the supply or service is available within the period that is required for the procurement, and the price for the supply or service does not exceed one hundred five percent (105%) of the lowest bidder price, a preference shall be given to that SDVOB by the Government of Guam, and the supply or service shall be purchased from said SDVOB. This shall be in addition to any other procurement benefit the SDVOB may qualify for under Guam law. A business concern is a qualified SDVOB if: (a) the business concern is licensed to do business on 7Guam; (b) the business concern maintains its headquarters on Guam; (c) the business concern is at least fifty-one (51%) owned by a service-disabled veteran(s) who served in the active U.S. military service, was discharged or released under honorable conditions and whose disability is service-connected as demonstrated by a DD214, and certified by an award letter from the U.S. Department of Veterans Affairs; the DD214 and Disability award letter from U.S. Department of Veterans Affairs are submitted to the Government of Guam procuring agency for every service offered; and the service disabled veteran(s) owner(s) of the business concern has filed individual tax returns on Guam for a period of at least three (3) consecutive years.
23. **CERTIFICATION OF INDEPENDENT PRICE DETERMINATION:** The undersigned Bidder certifies that the bid price submitted was independently arrived at without collusion — GAR § 3126
24. **LICENSING OR CERTIFICATE(S) OF EXEMPTIONS:** Bidders are cautioned that the Government will not consider for award any offer submitted by a bidder who cannot comply with the Guam Licensing Law. Specific information on license or exemptions may be obtained from the Director of Revenue and Taxation.
25. **EQUAL EMPLOYMENT OPPORTUNITY:** Bidder shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that employees are treated equally during employment without regards to their race, color, religion, sex, or national origin.
26. **DISCLOSURES OF MAJOR SHAREHOLDERS:** (5 GCA § 5233) As a condition of submitted a bid, any partnership, sole proprietorship or corporation doing business with the Government of Guam shall submit an affidavit executed under oath that lists the name and address of any person who has held more than ten percent (10%) of the outstanding interest or shares in said month period immediately preceding submission of proposal.

ITEM NO.	DESCRIPTION	QTY	UOM	UNIT PRICE	PRICE EXTENSION
1.0	Compact Wheel Loader w/ Attachments	1	EA	\$ 227,261.18	\$ 227,261.18

SPECIFICATIONS:

Indicate on each line of the technical specifications whether or not each item complies with the specification or an exception is being taken. If additional space is required to fully explain bid exceptions, attach additional typed page(s) to the bid submittal indicating the section number and subsection that has the exception, and provide explanation.

	COMPLY / NON-COMPLIANCE
Engine: Gross HP at 2400 RPM: 73 HP minimum	Comply
Peak Torque at 1560 RPM: 206 foot lbs. minimum	Comply
Emissions: Compliant with EPA Final Tier 4/EU Stage V	Comply
Four cylinders	Comply
Powertrain: Hydrostatic with infinitely variable speed control over full range of operating speeds. 2 speed ranges, joystick mounted F-N-R, acceleration pedal.	Comply
Axes: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle or oscillating rear axle	Comply
Max rise and fall single wheel: 15 inches maximum, 14 inch minimum	Comply
Hydraulically activated, self-adjusting internal wet disc brakes and driveline drum brake	Comply
Cooling: Hydraulically driven, proportionally controlled fan or belt-driven fan	Comply
Articulation Angle: 30 degrees each direction	Comply
Cylinders: Heat treated chrome plated polished cylinder rods, hardened steel, replaceable bushings and pivot pins	Comply
Hydraulics: Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option.	Comply
Quick Coupling: Conforms with ISO 16028 quick coupling for all attachments	Comply
Electrical: Voltage: 12-volt or 24-volt electrical system	Comply
Battery: One (1) 24-volt or two (2) 12-volt	Comply
Battery capacity: One (1) 925 CCA or Two (2) 900 CCA	Comply
Cab: Seat: Air ride high back with head rest and dual lumbar support or mechanical suspension seat	Comply
Noise: Operator ear 70 dBA, Bystander 101 dBA

JOHN DEERE

Compact Wheel Loader

244 P-TIER COMPACT WHEEL LOADER

RUN SMALL, DREAM BIG

Your workday is usually long, your tasks can take you into tight places, and you need a multipurpose machine to get everything done. Smaller do-it-all equipment that combines head-turning maneuverability, sure-footed stability, and comfortable capability with productive power, responsive travel speed, and ease of serviceability. Meet the 244 P-Tier Compact Wheel Loader, designed to include a wide range of reliable standard features and proven options that help you imagine the big results this highly adaptable multitasker can deliver for your operation.

FEATURES

Turn things around

Industry-exclusive Articulation Plus™ steering system combines 30 degrees of articulation with 10 additional degrees of rear-wheel steer. Reduced articulation angle design delivers tighter turns that are more stable, especially with large loads, than comparably sized loaders without Articulation Plus.

On the level

Loader arm and coupler design improves the lifting path to near parallel — for better load-carrying capability than previous models. This keeps the load more level from ground to truck-bed height and helps the operator focus on the task instead of on making manual adjustments.

Fast getaway

With a standard top speed of over 23 mph, the 244 P-Tier can make some pretty quick moves on and between jobsites.

Smooth moves

Load-sensing AutoShift powertrain technology eliminates productivity-interrupting manual shifts between gear ranges while providing smooth direction changes.

Control and command

Low-effort joystick controls boom and bucket, forward-neutral-reverse (F-N-R), and differential lock. Standard mini-joystick controls auxiliary hydraulic functions including optional high-flow. Adjustable-height monitor lets operators keep close watch on vital machine functions.

Enjoy the ride

Standard ride control cushions the boom during travel over rough and uneven terrain, reducing material spillage from the bucket and minimizing site cleanup.

**MORE
CAPABLE***

*Compared to leading competitive articulation loaders of the same size.

Lighten up

In-cab lighting activates when the door is opened to illuminate machine entrances and exits. Optional LED front and rear work-lights brilliantly brighten early morning or after-daylight tasks.

Quick-change artist

Equip your 244 P-Tier with an ISO coupler to quickly and easily go from bucket to forks, for maximum lift capacity. Opt for the available John Deere quick-coupler to utilize a wide array of skid-steer-compatible attachments. High-flow electro-hydraulic-controlled auxiliary hydraulics are also available.

It's a lock

Optional throttle lock and creep control let operators set a slow ground speed while maintaining full engine power to an attachment. Now even easier to activate and adjust on the fly, these functions are perfect for work with snow blowers, cold planers, or material scrapers.

Get a grip

Manual low-speed 100-percent differential lock delivers the ground-gripping tractive effort needed to dive deep into the pile and help heap the bucket. Rimpull control manages power to the wheels, allowing the operator to select the optimal setting to reduce tire and driveline wear.

Keep your cool

Redesigned engine compartment and cooling package improve airflow and reduce the amount of debris entering the system compared to previous models. Access to all daily service checks and cooler cores is from ground level.

Engine		244 P-TIER	
Manufacturer and Model	Yanmar 4TNV98CT	Gross Rated Power at 2,400 rpm (ISO 14396)	54 kW (73 hp)
Non-Road Emission Standard	EPA Final Tier 4/EU Stage V	Peak Torque at 1,560 rpm	280 Nm (206 lb.-ft.)
Cylinders	4	Engine Bore and Stroke	98 x 110 mm (3.89 x 4.33 in.)
Valves per Cylinder	4	Lubrication	Pressure system with full-flow spin-on filter
Displacement	3.3 L (203 cu. in.)	Aspiration	Turbocharged
Net Peak Power at 2,400 rpm (SAE J1349 / ISO 9249)	52 kW (71 hp)	Air Cleaner	Dual safety element dry type
Cooling			
Fan	Hydraulically driven, proportionally controlled		
Engine Coolant Rating	-37 deg. C (-34 deg. F)		
Powertrain			
Type	Hydrostatic (HST) with infinitely variable speed control over full range of operating speeds; 2 speed ranges; joystick-mounted F-N-R; acceleration pedal; HST inching pedal, which allows infinitely reduced travel speeds while maintaining full engine rpm and hydraulic flow		
2 Travel Speeds in Forward and Reverse (equipped with 365/70R18 tires)			
Gear 1	18 km/h (11.0 mph)		
Gear 2	38 km/h (23.5 mph)		
Axles	Fixed, 100% differential, manually engaged front axle; fixed, conventional differential rear axle		
Rear Axle Oscillation Versus Front Axle	16 deg. total, stop to stop		
Differentials	Manual (push-button) 100% locking front, conventional rear		
Maximum Rise and Fall, Single Wheel	370 mm (14.5 in.)		
Steering	Hydraulic power steering (SAE J1511); 30-deg. articulation left and right with mechanical-actuated rear-wheel steering		
Steering Wheel Turns, Stop to Stop	4¼ (2 left / 2¼ right)		
Articulation Angle	60-deg. arc (30 deg. each direction)		
Final Drive	Heavy-duty outboard planetary		
Brakes (SAE J1473 / ISO 3450)			
Service Brakes	Hydraulically actuated, self-adjusting internal wet-disc brake and driveline drum brake		
Parking Brake	Automatically spring-applied, hydraulically released, internal wet disc		
Hydraulics			
Main Pump (loader and steering)	Fixed-displacement gear pump; open-center system		
Standard	70 L/m (18 gpm)		
Total With High-Flow Option	109 L/m (29 gpm)		
Maximum Pressure at Couplings	23 000 kPa (3,335 psi)		
System Relief Pressure			
Loader	23 000 kPa (3,335 psi)		
Steering	18 000 kPa (2,611 psi)		
Controls	Pilot-operated, 3-function valve with single-lever control for boom and bucket, standard pin disconnect and 3rd-function proportional electrohydraulic (EH) auxiliary hydraulics		
Cylinders			
Type	Heat-treated, chrome-plated, polished cylinder rods; hardened steel (replaceable bushings) pivot pins		
Electrical			
Type	Electrical load center with blade-type multi-fused circuits		
Voltage	12 volt

P

While general information, pictures, and descriptions are provided, some illustrations and text may include product options and accessories NOT AVAILABLE in all regions, and in some countries products and accessories may require modifications or additions to ensure compliance with the local regulations of those countries

Operating Weights

244 P-TIER

With standard equipment, 365/70R18 tires, standard counterweight, cab, 79-kg (175 lb.) operator, and full fuel tank

ISO Quick-Coupler	
With 0.8-m ³ (1.0 cu. yd.) General-Purpose (GP) Bucket With Bolt-On Edge	5560 kg (12,258 lb.)
With 1.1-m ³ (1.4 cu. yd.) GP Bucket With Bolt-On Edge	5680 kg (12,522 lb.)
With Fork	5455 kg (12,026 lb.)
Quik-Tatch™ Quick-Coupler	
With 0.8-m ³ (1.0 cu. yd.) GP Bucket With Bolt-On Edge	5690 kg (12,544 lb.)
With 1.1-m ³ (1.4 cu. yd.) GP Bucket With Bolt-On Edge	5800 kg (12,787 lb.)

Quik-Tatch Quick-Coupler (continued)	
With Fork	5500 kg (12,125 lb.)
Optional Components	
ISO Quick-Coupler	
0.8-m ³ (1.0 cu. yd.) Bucket With Bolt-On Edge	337 kg (743 lb.)
1.1-m ³ (1.4 cu. yd.) Bucket With Bolt-On Edge	457 kg (1,008 lb.)
Fork and Tines	232 kg (511 lb.)
Quik-Tatch Quick-Coupler	
0.8-m ³ (1.0 cu. yd.) Bucket With Bolt-On Edge	467 kg (1,030 lb.)
1.1-m ³ (1.4 cu. yd.) Bucket With Bolt-On Edge	577 kg (1,272 lb.)
Fork and Tines	277 kg (611 lb.)

Dimensions and Specifications With ISO Quick-Coupler and Bucket

244 P-TIER Z-BAR LOADER WITH ISO QUICK-COUPLER AND BUCKET
Standard Linkage

Dimensions With ISO Quick-Coupler and General-Purpose (GP) Bucket With Bolt-On Edge

- A Height to Top of Cab
- B Height to Top of Exhaust
- C Ground Clearance
- D Length From Centerline to Front Axle
- E Wheelbase
- F Overall Length, Bucket on Ground
- G Height to Hinge Pin, Fully Raised
- H Dump Clearance, 40-deg. Full Height
- I Reach, 40-deg. Dump, Full Height
- J Maximum Dump Reach, 42-deg. Dump
- K Maximum Digging Depth
- L Maximum Rollback at Ground Level
- M Maximum Rollback at Full Height
- N Bucket Dump at Full Height
- O Turning Circle Radius Over Outside of Bucket Edge
- P Bucket Width
- Q Tread Width (standard)⁶
- R Width Over Tires (standard)⁶

Additional equipment

Key: ● Standard ▲ Optional or special
See your John Deere dealer for further information.

244 P Engine

- Antifreeze, -37 deg. C (-34 deg. F)
- Coolant recovery tank
- Fan safety guard
- Fan, suction type, hydraulically driven, proportional speed
- Environmentally friendly engine oil drain
- Spin-on engine oil and fuel filter
- Engine oil cooler
- Quick-release fuel filter and water separator
- Under-hood dual-element air cleaner with restriction indicator with dust-evacuator valve
- Prescreened air intake
- Automatic glow plugs for cold start
- ▲ Engine coolant heater, 110 volts

Electrical

- Starter switch with electric fuel cutoff
- 12-volt system
- Electrical load center with blade-type fuses behind operator's seat
- Standard 925-CCA battery
- Master electrical disconnect switch
- Alternator, 12 volts, 80 amps
- Horn (conforms to SAE J994 / J1446)
- Lights (conform to SAE 99): Driving / Front working (2) / Turn signals / Flashers / Stop / Taillights
- Worklights, rear (2)
- Reverse warning alarm (conforms to SAE J994 / J1446)
- Multifunction monitor with audible and visual warnings: Low engine oil pressure, engine coolant temperature, hydraulic oil temperature warning light, and parking brake indicator / Gauge and indicator: Engine coolant temperature gauge, fuel level gauge, speedometer, clock, and hour meter
- Indicator lights: Engine air filter / Parking brake actuated / Forward/reverse travel / 1st- or 2nd-speed range / Turn signal and hazard lights / High-beam driving lights indicator / Battery voltage
- Pre-wired for roof beacon

Powertrain/Brakes

- Smooth AutoShift technology up to 38 km/h (23 mph)

244 P Powertrain/Brakes (continued)

- Hydrostatic (HST) transmission: Electric shift control / Single-lever joystick F-N-R / HST oil cooler / Inching pedal / 2 speeds forward and reverse / Infinitely variable speed control
- Rimpull control
- Service brakes, hydraulically actuated, self-adjusting internal wet-disc brake and driveline drum brake
- Parking brake, spring applied, hydraulically released, switch operated
- Conventional-type rear differentials, 100% locking front differential

Hydraulic System

- Hydraulic fan for demand-based cooling
- Hydraulic system oil cooler
- Automatic bucket return-to-dig control
- Boom float detent
- Reservoir sight gauge for hydraulic/HST oil
- Fine-micron hydraulic filters, vertical mounting
- Hydraulic function lockout
- 3-function hydraulic valve with pilot joystick control including auxiliary electrohydraulic (EH) proportional control for 3rd function
- ▲ 109-L/m (29 gpm) high-flow option
- Quick-coupler diagnostic ports: Priority pressure / Hydraulic pump pressure / Control valve pressure / HST pressure

Operator's Station

- Cab (conforms to SAE J1040, SAE J231, ISO 3471, and ISO 3449): ROPS/FOPS / Heater/defroster / Rubber-plane isolation mounted for noise/vibration reduction / Intermittent front and rear windshield wipers and washers / Tinted safety glass / Adjustable sun visor / Mid-back cloth seat with mechanical suspension / 51-mm (2 in.) retractable seat belt / Full swing-out left and right doors with sliding window in left door
- ▲ Premium air-ride high-back heated seat with headrest and dual lumbar control
- Radio-ready cab, fused 12-volt radio electrical lead and speakers, and power port
- ▲ AM/FM/Weather-Band (WB) radio

244 P Operator's Station (continued)

- Air conditioning
- Storage compartment for operator's manual and other items located under operator seat and 2 options left of operator seat
- Rubber floor mat
- Dual tilt and telescoping steering column
- Rearview mirrors, outside (2) and inside (1) (conform to SAE J985)
- Handholds and steps, ergonomically located and slip resistant (conform to SAE J185)
- ▲ 76-mm (3 in.) retractable seat belt

Loader Linkage

- Z-Bar loader linkage provides high bucket breakout
- Loader boom service locking bar (conforms to SAE J38)

Buckets and Attachments

- ▲ Full line of buckets with bolt-on cutting edges
- ▲ ISO-style quick-coupler
- ▲ Quik-Tatch™ coupler
- ▲ Full line of construction utility forks, pallet forks, and other John Deere attachments*

Tires

- 365/70R18 Mitas EM-01
- ▲ 405/70R18 Firestone Duraforce
- ▲ 400/70R20 Michelin XMCL
- ▲ 400/70R20 Michelin Bibload
- ▲ 400/70R20 Nokian Hakkapeliitta

Other

- ▲ LED worklights (spot or flood)
- ▲ Hydraulic reversing fan
- ▲ Front window guard
- Fenders, front and rear
- Articulation locking bar (conforms to SAE J276)
- Vandal protection, includes lockable engine enclosure and fuel fill
- Cast rear counterweight
- Drawbar, with locking pin
- Life eyes
- Tie-downs
- Ride control
- ▲ Creep control/throttle lock
- ▲ Fire extinguisher

*See your John Deere dealer for further information.

While general information, pictures, and descriptions are provided, some illustrations and text may include product options and accessories NOT AVAILABLE in all regions, and in some countries products and accessories may require modifications or additions to ensure compliance with the local regulations of those countries.

Net engine power is with standard equipment including air cleaner, exhaust system, alternator, and cooling fan, at standard conditions per SAE J1349 and DIN 70 020, using No. 2-D fuel at 35 API gravity. No derating is required up to 1500-m (5,000 ft.) altitude. Gross power is without cooling fan. Specifications and design subject to change without notice. Wherever applicable, specifications are in accordance with SAE standards. Except where otherwise noted, these specifications are based on a unit with all standard equipment, ROPS cab, 365/70R18 Mitas EM-01 tires, full fuel tank, air conditioning off, and 79-kg (175 lb.) operator.

MW244PAU (23-05)

JOHN DEERE

STANDARD WARRANTY FOR NEW JOHN DEERE CONSTRUCTION, COMPACT CONSTRUCTION (CCE) FORESTRY, AND UTILITY PRODUCTS – US & CANADA

- **Construction & Forestry Products:** 12 months/unlimited hours (whichever occurs first) Full Machine Standard Warranty
- **Compact Construction Equipment (CCE) Products:** 24 months or 2000 hours (whichever occurs first) Full Machine Standard Warranty
- **C&E Series Pull-Type Scrapers:** 6 months Full Machine Standard Warranty
- **DC & DE Pull-Type Scrapers:** 12 months Full Machine Standard Warranty
- **Scraper Tractors:** 24 Months or 2000 Hours (whichever occurs first) Full Machine Standard Warranty
- **Forestry Attachments:** 12 Months or 2000 Hours (whichever occurs first) Full Machine Standard Warranty

The "Standard Warranty" is part of the warranty protection package available from John Deere Construction & Forestry Company (John Deere Limited in Canada) ("John Deere") to purchasers of new John Deere products ("product"):

STANDARD Warranty is John Deere's standard new product warranty, described in this document, provided at no additional charge to the purchaser.

EXTENDED Warranty is a separate repair contract made available by John Deere for purchasers who wish to complement their Standard Warranty coverage. Complete Extended Warranty details, including coverage options and limitations, are set forth in the Application for Extended Warranty, which is available from authorized John Deere dealers.

STRUCTURALL Warranty applies to certain structural components as listed below and as described in this document.

FACTORY-INSTALLED UNDERCARRIAGE Warranty applies to certain undercarriage components as listed below and as described in this document.

A. STANDARD WARRANTY - GENERAL PROVISIONS

John Deere will repair or replace, at its option, any parts (except those specified below) of a new John Deere product that, as delivered to the original retail purchaser(s), are defective in material or workmanship. Performance of this warranty will be free of charge for parts and labor, except as otherwise stated below. Standard Warranty applies only to purchases from John Deere and authorized John Deere dealers and, except as otherwise provided in the next sentence and section L below, is extended only to the original retail purchaser of the product. Remaining Standard Warranty applicable to a used John Deere product is transferred to a subsequent purchaser of the product only if the subsequent purchaser requests a transfer from an authorized John Deere dealer before the product's Standard Warranty expires. Coverage begins on the date of delivery of the product to the original retail purchaser. For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. Warranty statements required by law covering engine emissions-related parts and components are found on a separate written warranty certificate provided to the purchaser at the time of the original retail purchase.

B. WHAT IS COVERED BY STANDARD WARRANTY

All parts of a new John Deere product (except those noted in Sections D and E below) are covered during the Standard Warranty period set out above.

C. EXCLUSIVE REMEDY

The repair or replacement of covered parts or components that are defective, as provided in Sections A, B, D.2 and D.3 herein, shall be the purchaser's exclusive remedy for any defect in the product. However, if after repeated attempts such repair or replacement fails to correct the performance problem caused by the defect, the purchaser's sole remedy shall be a refund of the amount paid for the product (in exchange for a return of the product), excluding any transportation charges, license fees, taxes and insurance premiums, and less a reasonable allowance for use of the product prior to its return. In no event will the dealer, John Deere or any company affiliated with John Deere be liable for any incidental or consequential damages, including but not limited to loss of profits, rental of substitute equipment or other commercial loss. Correction of defects in the manner provided above shall constitute fulfillment of

all liabilities of the Dealer, John Deere, or any company affiliated with John Deere to the purchaser or any other person, whether based upon contract, tort, strict liability, or otherwise. This limitation does not apply to claims for personal injury.

D. ITEMS COVERED SEPARATELY -

1. **Standard Warranty** does not apply to batteries, radios, tires, cameras, or to Cummins, MTU or Detroit Diesel Engines installed in John Deere products, which are covered by separate written warranties.
2. **Factory-Installed Undercarriage Warranty** covers all non-rubberized factory-installed undercarriage wear components for 3 years or 4,000 hours from the date of delivery to the original retail purchaser, whichever occurs first (unless terminated earlier under Section F, below). For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. In addition to the items listed in section E below, **Factory-Installed Undercarriage Warranty** does not cover: failures due to wear, machine application, maintenance practices, or improper machine configuration; removal and installation labor; transportation or hauling costs; unapproved parts; non-wear items; and rubberized undercarriage components such as rubber tracks. Warranty claims will be pro-rated based upon wear of the failed component and whether track shoe width is approved by John Deere. **Factory-Installed Undercarriage Warranty** does not apply to Scraper Tractors.
3. **StructurALL Warranty** for new John Deere Products (except Compact Excavators & Loaders, Skid-Steer Loaders, Compact Track Loaders, Scraper Tractors, Pull-Type Scrapers, and Forestry Attachments, which are not eligible for **StructurALL Warranty**) begins at the date of delivery to the original retail purchaser and ends (unless terminated earlier under Section F, below) after three (3) years, or 10,000 hours (whichever occurs first). For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. **StructurALL Warranty applies only to the following structural components listed below as installed on the product at the time of original manufacture.** If a particular component is not listed below it is not covered by **StructurALL Warranty**.

Arm; Articulation Joint (incl. pins & bushings); Bin Frame; Boom; Carbody; C-Frame*; Circle Frame; Coupler (John Deere built ONLY); Dipperstick; Draft Frame; Engine Frame; Equipment Frame; Grapple Arch and Grapple Boom; Loader Arm; Loader Frame; Mainframe; Moldboard Lift Arm; Pushbeam, NeverGrease™ Pin Joints [Includes steering pin and bushing joints (standard equipment), roller elements (roller bearings) in bucket to boom joints and sliding elements (bushing) for boom and linkage joints (optional equipment)]; Rollover Protection Structure (ROPS); Side Frame; Swing Frame; Track Frame; Undercarriage Frame; X-Frame; Z-bar loader linkage (including bell crank and bucket driver link); Specialty booms and arms marketed as "heavy duty" by John Deere.

Items Covered by StructurALL for Cut-to-Length Forestry Machines: Front frame (welded assembly); Rear frame (welded assembly); Crane king post with basement; Middle joint frame; Cabin swing frame; Main Boom

StructurALL Warranty does not apply to:

1. Any product used primarily in extreme duty or severe duty applications such as but not limited to: demolition and wrecking, chemical plant (including fertilizer plants), salt mines, steel mill, land fill and transfer stations, scrap handling, scarifying and other applications that are similarly destructive or similarly heavy duty except specialty booms and arms as stated in Section D.3 above.
2. C-Frames on Crawlers equipped with root rakes or used in forestry applications unless equipped with an "extreme duty" reinforcement package.
3. Cut-to-Length Forestry Heads and Slash Bundler Units.
4. Crawlers equipped with optional side booms.
5. Cut-to-Length Forestry, Excavator, and Log Loader swing bearings.
6. Motor Graders equipped with front- or rear-mounted snow wings.

E. ITEMS NOT COVERED -

John Deere is NOT responsible for the following:

1. Freight.
2. Adjustments to compensate for wear, for periodic maintenance or adjustments that result from normal wear and tear.
3. Damage caused by unapproved adjustments (electronic or mechanical) to machine or machine components outside of published specifications including but not limited to engine, hydraulic components and relief valves.
4. Program updates, calibrations, and pressure adjustments.
5. Additional Labor Time - Above Dealer Labor Rate.
6. Additional Cleaning - Above Dealer Labor Rate.
7. Rental Fees.
8. Depreciation or damage caused by normal wear or application, lack of reasonable and proper maintenance, failure to follow operating instructions, misuse, lack of proper protection during storage, vandalism, negligence, collision, expenses to seek reinstatement of warranty following theft or loss of Product, or other accidents.
9. Premiums charged for Overtime Labor.
10. Transportation to and from the dealership.
11. Travel time, mileage, or service calls by the dealer.
12. Non-John Deere components or modifications, Rotobec grapples, and attachments installed aftermarket.
13. Shop supplies and maintenance items such as, but not limited to: filters, fuels, oil, hydraulic fluid, lubricants, coolants, conditioners, shop towels, cleaners and degreasers.
14. Torn, cut, or worn hoses.
15. Wear items, such as, but not limited to: body liner, belts, blades, bulbs, lubricated joints (including pins and bushings), dry brakes, brake linings, dry clutch linings, saw blades, chains, skidder grapple shocks, color marking nozzles, and articulation bumpers.
16. Items such as cutting-edge parts, delimiting knives, bucket teeth and rubber track are not warranted for depreciation or damage caused by normal wear, lack of proper maintenance, misuse, failure to follow operating instructions, the elements or accident.
17. Any defect in a non-covered component, or damage to or failure of a covered component caused by a defect in a non-covered component.
18. Secondary damage which occurs from continued operation of a product after recognition of the occurrence of a failure.
19. Parts supplied by or repairs, maintenance or modifications performed by someone other than an authorized John Deere dealer, including any damage caused by such use of parts, repairs, maintenance, or modifications not performed by an authorized John Deere dealer.
20. The use of "track type" tire chains on Feller Bunchers and Skidders is an unapproved modification. Warranty will be void on these machines using "track type" tire chains.
21. Topping off fluids when fluid levels fall in the range between low and full
22. Parts/Kits not ordered on machine and installed aftermarket. These parts will be covered by any applicable parts warranty.
23. Attachments installed aftermarket – i.e., Winch not installed at factory.
24. Custom options installed outside the factory – i.e., G.R. Manufacturing option packages.
25. Used Products (except as otherwise provided in section L below).
26. Lost or stolen Products.

F. TERMINATION OF WARRANTY-

John Deere is relieved of its obligations under Standard Warranty, StructurALL Warranty, Factory-Installed Undercarriage Warranty and/or Extended Warranty if:

1. The product is modified or altered in ways not approved by John Deere; or
2. Any unapproved or improperly sized attachment is installed on the product. Approval and attachment size shall be at John Deere's sole discretion. (Consult dealer prior to installing attachments or product modification).
3. The product is moved outside the US and/or Canada.

G. PARTS REPLACED UNDER WARRANTY -

Only new or remanufactured parts or components furnished or approved by John Deere, will be used if John Deere elects to repair the product. If any such part or component is defective in material or workmanship when installed in the product, John Deere will repair or replace, as it elects, such defective part or component, provided the defect is reported to an authorized John Deere dealer within 90 days of installation or before expiration of the applicable Standard Warranty, Factory-Installed Undercarriage Warranty and/or StructurALL Warranty whichever is later.

H. TELEMATICS

NOTICE: Products may be equipped with telematics hardware and software ("Telematics") that transmit data to John Deere/ Dealer. Purchaser may deactivate Telematics at www.jdlink.com.

Notwithstanding Purchaser's right, title or interest in the Products, Purchaser agrees that John Deere and Dealer (their affiliates, successors and assigns), without further notice to Purchaser have the right to:

1. Access, use, collect and disclose any data generated by, collected by, or stored in, Products or any hardware or devices interfacing with Products ("Machine Data");
2. Access Machine Data directly through data reporting devices integrated within, or attached to, Products, including Telematics ("Data Reporting Systems"); and
3. Update the Data Reporting Systems software from time to time. Machine Data will only be used in accordance with John Deere's Machine Data Policy, located at www.JohnDeere.com/MachineDataPolicy.

I. OBTAINING WARRANTY SERVICE -

To obtain warranty service, the purchaser must request warranty service from a John Deere dealer authorized to sell the product to be serviced. When making such a request, the purchaser must present evidence of the product's delivery date, make the product available at the dealer's place of business, and inform the dealer in what way the purchaser believes the product to be defective. Standard Warranty, Factory-Installed Undercarriage Warranty and/or StructurALL Warranty repairs may be made in the field if the purchaser and servicing dealer so desire. However, John Deere will not be responsible for any charges (such as dealer travel time, mileage or extra labor) that would not have been incurred had the product been repaired at the dealer's place of business.

J. NO IMPLIED WARRANTY, CONDITIONS OR OTHER REPRESENTATION -

Where permitted by law, neither John Deere nor any company affiliated with it makes any warranties, representations, conditions or promises, express or implied, as to the quality, performance, or freedom from defect of its products, other than those set forth in this document and **NO IMPLIED WARRANTY OF MERCHANTABILITY, CONDITIONS OR FITNESS IS MADE.**

K. NO DEALER WARRANTY -

The selling dealer makes no warranty of its own on any item covered by this warranty and makes no warranty on other items unless the dealer delivers to the purchaser a separate written warranty certificate specifically warranting the item. **The dealer has no authority to make any representation or promise on behalf of John Deere, or to modify the terms or limitations of this warranty in any way.**

L. USED JOHN DEERE PRODUCTS ONLY -

John Deere will transfer remaining Standard Warranty, Factory-Installed Undercarriage Warranty and/or StructurALL Warranty to the purchaser of a used John Deere construction and/or forestry product that has been used for less than the full warranty period provided at the product's original retail purchase. This transfer is not effective until change of ownership is registered by a John Deere dealer. **ALL THE TERMS, INCLUDING LIMITATIONS AND EXCLUSIONS, OF THE JOHN DEERE STANDARD WARRANTY, FACTORY-INSTALLED UNDERCARRIAGE WARRANTY, AND/OR STRUCTURALL WARRANTY ORIGINALLY PROVIDED FOR THE PRODUCT REMAIN IN EFFECT AND APPLICABLE.**

TINK BUCKETS

Load A
Compactor Truck

Load An
Open Top Truck

Efficient Collection
Of Leaves & Brush

TINK, INC.
TITLE 520 Claw

DESIGN FEATURES

Tink 520 Claw

A special loader bucket that scoops leaves and loose garden waste out of the gutter and into disposal trucks at lower costs. The Claw can be mounted on most $\frac{3}{4}$ to $1\frac{1}{2}$ yard wheel loaders.

The **Pincer Jaw Assembly** is constructed of structural steel tubing welded together to form rigid rectangular frames. The framework is covered and strengthened with steel side panels. The serrated front edges assist in grasping and pinching materials.

Wear Provisions The underside of the Claw, which makes frequent contact with asphalt and other hard surfaces, is equipped with replaceable tungsten carbide wear shoes and hard steel blades that absorb a majority of the abrasion and wear. Tungsten carbide is an extremely hard material that is incorporated into the wear shoes to combine the highest wear and abrasion resistance possible with strength and impact resistance.

Piano-Hinge Construction The pincer jaw assembly is attached to the main frame with a 3 inch diameter piano-hinge that features a $1\frac{1}{2}$ inch pin that won't shear on impact. More importantly the large diameter provides a vast amount of wear surface to promote long lasting life. The hinges include greaseable hardened bushing inserts.

Hydraulic System The rebuildable twin cylinders that open and close the Claw are capable of developing pinch force necessary to grasp and hold materials too long or bulky to fit within the pincer bucket. The cylinders have a 3 inch bore, an 8 inch stroke and a $1\frac{1}{4}$ inch chrome hardened rod. Mechanical stops prevent cylinder damage by not allowing the cylinders to over extend during the Claw's duty cycle.

When the pincer jaws make contact with an immovable object the hydraulic cross over relief valve senses the obstruction a diverts the fluid away from the cylinders. This automatic action minimizes cylinder damage and premature hydraulic system failure.

The flow divider distributes an equal amount of hydraulic fluid to each cylinder ensuring that the pincer jaws operate evenly and simultaneously.

The 520 Claw hydraulic system is designed for machines having 8 to 50 gpm and 1500 to 3800 psi.

MULTI-PURPOSE BUCKETS

TWO MODELS FOR EVERY APPLICATION

VERSATILE

Need to be able to grip, grab, pull and lift? Need to grade, doze, or dig and load? If so, your machine deserves a Rockland Multi-Purpose Bucket. These buckets are designed to perform and built to last. They deliver true versatility without changing attachments.

The MP is ideal for utility work and general contractors.

TWO MODELS FOR EVERY APPLICATION

It excavates, loads, and clears land—virtually whatever the job may require.

The MP-L was designed specifically for trash transfer stations. Its ability to crush, pick, sort, and doze really increases trash handling efficiency.

BUILT TO LAST

Both models are built to last in the Rockland tradition. Heavy-duty clams, oversize pivots, and hard alloy wear strips guarantee years of dependable service. Hydraulics are the heart of any multi-purpose bucket and Rockland hydraulics are first-class. High pressure cylinders with special heat-treated, hard chrome-plated rods deliver dependability—year after year. All moldboards are reinforced with box sections and equipped with bolt-on cutting edges and replaceable end bits. Clams can be equipped with bolt-on cutting edges or the teeth of your choice.

This all adds up to versatility, productivity, and dependability. If you are thinking Multi-Purpose buckets, specify Rockland. You will be glad you did!

MP MULTI-PURPOSE

Rockland MP Buckets are ideal for utility work and general contractors.

MP-L TRASH HANDLING

Transfer station operators appreciate the versatility of the Rockland MP-L because of the way it really speeds trash handling.

INSTALLATION INFORMATION

Rockland MP buckets mount in place of the standard bucket using factory pins or specified coupler brackets. The loader must be equipped with a three-spool valve and boom arm piping. MP buckets come complete with jumper hoses to connect to standard boom arm piping.

WARRANTY

Rockland Multi-Purpose Buckets are guaranteed against failure due to defective design, workmanship or materials for a period of two years or 4000 hours.

SPECIFICATIONS:

Indicate on each line of the technical specifications whether or not each item complies with the specification or an exception is being taken. If additional space is required to fully explain bid exceptions, attach additional typed page(s) to the bid submittal indicating the section number and subsection that has the exception, and provide explanation.

COMPLY / NON-COMPLY

Engine:

Gross HP at 2400 RPM: 73 HP minimum

Peak Torque at 1560 RPM: 206 foot lbs. minimum

Emissions: Compliant with EPA Final Tier 4/EU Stage V

Four cylinders

Powertrain:

Hydrostatic with infinitely variable speed control over full range of operating speeds. 2 speed ranges, joystick mounted F-N-R, acceleration pedal.

Axes: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle or oscillating rear axle

Max rise and fall single wheel: 15 inches maximum, 14 inch minimum

Hydraulically activated, self-adjusting internal wet disc brakes and driveline drum brake

Cooling:

Hydraulically driven, proportionally controlled fan or belt-driven fan

Articulation Angle: 30 degrees each direction

Cylinders: Heat treated chrome plated polished cylinder rods, hardened steel, replaceable bushings and pivot pins

Hydraulics:

Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option.

Quick Coupling: Conforms with ISO 16028 quick coupling for all attachments

Electrical:

Voltage: 12-volt or 24-volt electrical system

Battery: One (1) 24-volt or two (2) 12-volt

Battery capacity: One (1) 925 CCA or Two (2) 900 CCA

Cab:

Seat: Air ride high back with head rest and dual lumbar support or mechanical suspension seat

Noise: Operator ear 70 dBA, Bystander 101 dBA

COMPLY / NON-COMPLI

Air conditioning

Steering: Dual tilt and telescoping steering column

Performance: Conforms with SAE J1040, SAE J231, ISO 3471 and ISO 3449 ROPS/FOPS

Operating Weight:

ISO quick coupler and 1CY general purpose bucket / bolt on edge 12,250 lbs. minimum

1.4 CY multi-purpose bucket: 12,800 lbs. maximum

Wheelbase: 7 feet minimum

Dump clearance: 40-degree full height – 8 feet 3 inches

Reach: 40-degree full height – 32 inches

Fork height fully raised: 10 feet minimum

Fork tipping load straight: 7000 lb. maximum

Attachments:

ISO quick coupling mechanism: Conforms with ISO 16028

One (1) additional 1.4 CY bucket with bolt on edge

One (1) Tink claw bucket model 520 or equal

One (1) 60-inch pick-up broom: 800 lb. minimum; 900 lb. max

One (1) Fork: 48 inches minimum

Equipment Warranty:

The Bidder guarantees to the Purchaser that the equipment, upon delivery, will be brand new and will have been constructed using entirely new components. Furthermore, the Bidder assures that any new equipment provided shall be free from any defects in manufacturing workmanship and materials for a duration of 24 months or 2,000 hours, whichever occurs first, commencing from the date of equipment delivery. This warranty encompasses any necessary repairs or replacements without any additional cost to the Purchaser.

Miscellaneous Items:

One (1) operator's manual hardcopy

One (1) operator's manual on CD

One (1) complete illustrated parts book

One (1) shop repair manual

One (1) warranty manual

Manufacturer's training of GSWA crew (8 hours) & contracted mechanics (20 hours)

Online manual for parts, service & repair

**INVITATION FOR BID
GSWA-004-24
COMPACT WHEEL LOADER W/ ATTACHMENTS**

Questions and Concerns received from Morrico Equipment on November 15, 2023

1. Axles: Fixed, 100% differential, manually engaged front axle, fixed conventional differential rear axle. Is an oscillating rear axle acceptable?

Response: Yes, refer to Amendment No. 2.

2. Max rise and fall single wheel: 15 inches maximum, 14 inches minimum. Please clarify what is required by the term listed above.

Response: The term "Max rise and fall single wheel: 15 inches maximum, 14 inches minimum" pertains to the vertical movement capability of a single wheel on the compact wheel loader. Here's a breakdown of the requirement:

- **Max Rise:** This refers to the maximum vertical distance the center of a single wheel is allowed to move upward from its resting position. In this context, the specified maximum rise is 15 inches.
- **Min Fall:** Conversely, the minimum fall denotes the minimum vertical distance the center of a single wheel is permitted to move downward from its resting position. For this specification, the minimum fall is 14 inches.

These parameters are crucial for ensuring that the compact wheel loader can effectively navigate varied terrains, accommodate different load sizes, and maintain stability during operation.

3. Hydraulically Driven, proportionally controlled fan. Will a belt driven fan be acceptable?

Response: Yes, refer to Amendment No. 2.

4. Voltage: 12-volt. Will a 24 Volt Electrical System be acceptable?

Response: Yes, refer to Amendment No. 2.

5. One (1) Battery. Will two 12-volt batteries be acceptable?

Response: Yes, refer to Amendment No. 2.

6. Battery Capacity: 925 CCA. Will two batteries with 900 CCA be acceptable?

Response: Yes, refer to Amendment No. 2.

7. Seat: Air Ride high back with head rest and dual lumbar support. Will a mechanical suspension seat be acceptable?

Response: Yes, refer to Amendment No. 2.

8. 1.4 CY Bucket: 12,800 lbs. Maximum. Please confirm if this bucket request is for a multipurpose bucket.

Response: Refer to Amendment No. 2.

9. One (1) 1.4 CY Bucket with Bolt on Cutting Edge. Please confirm if this bucket request is for a Multipurpose Bucket. Please confirm if this is bucket request is additional to Question 8 bucket request or the same request.

Response: Refer to Amendment No. 2.

Questions and Concerns received from Far East Equipment Co. on November 17, 2023

10. The manufacturer of the Tink Claw bucket does not recommend the C720 (2.7CYD) model for this size machine. They recommend the C520 (1.2CYD) model for a machine of this size. With this information, does GSWA want to proceed with a C720 model bucket though it may pose a tipping hazard?

Response: No, refer to Amendment No. 2.

Irvin L. Slike,
General Manager

INVITATION FOR BID GSWA-004-24 COMPACT WHEEL LOADER W/ ATTACHMENTS

Questions and Concerns received from Far East Equipment Co. On November 9, 2023

1. In the specs under Powertrain, the spec reads "Max rise and fall single wheel: 15 inch maximum, 14 inch minimum." Will 10 inches be acceptable?

Response: No, specs remain the same.

2. In the specs under Cooling, the spec reads "Hydraulically driven, proportionally controlled fan." Will direct driven be acceptable?

Response: No, specs remain the same.

3. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Will a max rated flow 21.13 GPM @ 1,000 PSI be acceptable?

Response: No, specs remain the same.

4. In the specs under Hydraulics, the spec reads "Main pump (loader and steering): 18 GPM standard, 29 GPM with high flow option." Can you clarify why there is a request for high flow option when the requested documents do not require high flow hydraulics?

Response: The pick-up broom specified requires the flow specified.

5. In the specs under Electrical, the spec reads "Battery capacity: 925 CCA." Will 830 CCA be acceptable?

Response: No, specs remain the same.

RE: GSWA-004-24: 24 Compact Wheel Loader with Attachments

Dear Mr. Slike,

This office represents Morrico Equipment, LLC ("Morrico"), 197 Ypao Road, Tamuning, Guam 96913, with respect to GSWA-004-24, a procurement solicitation for a Compact Wheel Loader with Attachments (the "IFB"). Morrico hereby files its protest with respect to the IFB. The reasons for this protest are as follows.

The Guam Solid Waste Authority ("GSWA"), let the subject IFB on November 3, 2023. Morrico submitted its bid on the IFB offering a Case 221F Loader. However, in a "Bid Status" received by Morrico on December 13, 2023, the GSWA rejected the Morrico bid due to "Non-conformance with the specifications." The GSWA did not note which specification Morrico failed to meet. Morrico submitted a Deviation Letter with its bid. The GSWA specifications and Morrico's deviations thereto are as follows:

1) GSWA Specification:

Powertrain: Max rise and fall single wheel: 15 inches maximum, 14 inch minimum.

Morrico Deviation:

Morrico has a rise and fall single wheel of 11.8 inches for Case 221F Loader.

2) GSWA Specification:

Cooling: Hydraulically activated, self-adjusting internal wet disc brakes and driveline drum brake.

Morrice Deviation:

Has a fan directly connected to the engine for Case 221F Loader.

3) GSWA Specification:

Operating Weight: 1.4 CY multi-purpose bucket: 12,800 lbs. maximum.

Morrice Deviation:

Has 1.38 CY multi-purpose bucket.

4) GSWA Specification:

One (1) additional 1.4 CY bucket with bolt on edge.

Morrice Deviation:

Werk Brau supplies a 1.25 CY General Purpose Bucket.

5) GSWA Specification:

One (1) 60-inch pick-up broom: 800lb. minimum; 900 lb. max.

Morrice Deviation:

Smallest pick-up sweeper has a weight of 946 pounds.

6) GSWA Specification:

One (1) operator's manual on CD.

Morrice Deviation:

Will supply a copy of the Operator's Manual on a USB Drive.

7) GSWA Specification:

One (1) Warranty Manual.

Morrice Deviation:

Case does not provide a warranty manual.

8) GSWA Specification:

Online manual for parts, service & repair.

Morrigo Deviation:

This is a dealer only item. Only dealers are permitted to access the dealer portals. A digital copy of the parts, service, and repair manual will be supplied.

As noted above, GSWA did not advise Morrigo which of the foregoing deviations it relied on to reject Morrigo's bid.

However, Morrigo was not able to offer a product that met all specifications of the IFB, which is understandable since it cannot offer the John Deere 244P make and model on which GSWA based its specifications. In response to a question from Far East Equipment Company, LLC, GSWA advised that it based its specifications on a particular make and model of a compact loader, the "John Deere model 244P." But GSWA cannot restrictively apply the specifications of a particular manufacturer's product. Paragraph 19 of the IFB's General Terms and Conditions, provides as follows:

BRAND NAMES: Any reference in the Solicitation to manufacturer's Brand Names and number is due to lack of a satisfactory specification of commodity description. Such preference is intended to be descriptive, but not restrictive and for the sole purpose of indicating to prospective bidders a description of the article or services that will be satisfactory. Bids on comparable items will be considered provided the bidder clearly states in his bid the exact articles he is offering and how it differs from the original specification.

This "Brand Names" clause of the IFB's General Terms and Conditions, is an implementation of the provisions of 2 GAR § 4103(b)(2)(b), governing the use of brand names in specification development. But these regulations do not allow the application of brand name specifications in a restrictive manner. Instead, the specifications must be construed as descriptive only and must allow for the consideration for award of any substantially equivalent product. 2 GAR § 4103(b)(2)(b)(iii). The use of brand name specifications cannot be allowed to restrict competition. 2 GAR § 4103(b)(2)(b)(v).

5 GCA § 5265 provides that: "All specifications shall seek to promote overall economy for the purposes intended and encourage competition in satisfying the Territory's needs, and shall not be unduly restrictive." In addition, 5 GCA § 5268(a) provides that: "Specifications shall not include requirements, such as but not limited to restrictive dimensions, weights or materials, which unnecessarily restrict competition, and shall include only the essential physical characteristics and functions required to meet the Territory's minimum needs." An agency should avoid specifications

peculiar to one manufacturer and, instead, should develop specifications that "describe the salient technical requirements or desired performance characteristics of supplies or services to be procured without including restrictions which do not significantly affect the technical requirements or performance characteristics." 5 GCA § 5268(b) and (c).

The GSWA's application of the John Deere 244P specifications in a restrictive manner is in violation of the foregoing regulations and statutes. Restrictive application of the John Deere 244P specifications here has reduced competition, and will result in a tremendous increase in costs to the Territory. This is because the product that Morrico bid was \$47,000 less expensive than the John Deere 244P offered by Far East Equipment. The minimum needs to be met by the GSWA are those that any loader would fulfill, and the loader offered by Morrico meets those basic needs.

Accordingly, based on the foregoing, Morrico respectfully requests that the GSWA accept the lesser priced loader offered by Morrico. Please be advised that pursuant to 5 G.C.A. § 5425, ~~you are not to proceed further with the procurement or award of a procurement contract prior to resolution of this bid protest.~~

Sincerely,

ROBERTS FOWLER & VISOSKY, LLP

**Re: Protest by Morrico Equipment LLC to GSWA Invitation to Bid
No. GSWA-004-24 for Compact Wheel Loader with Attachments**

Dear Mr. Fowler:

This is in response to your letter dated December 27, 2023, protesting the procurement of a Compact Wheel Loader published in IFB GSWA-004-24. The protest alleges that (1) Morrico's bid was rejected due to "non-conformance with the specifications" without advising which specification Morrico failed to meet and (2) GSWA restrictively applied the specifications of a particular manufacturer's product.

For the reasons set forth below, GSWA denies Morrico's protest.

Morrico's protest is untimely.

Morrico submitted its protest after the statutory deadline. Guam's procurement law requires a written protest be submitted within fourteen (14) days after the aggrieved bidder knows or should have known the facts giving rise to the protest. 5 GCA § 5425.

On November 14, 2023, GSWA informed all bidders, including Morrico, that the John Deere model 244P was the make/model machine GSWA used to form the basis for some IFB specifications. Morrico did not submit its written protest until Jan 2, 2024, more than 14 days from the date it was made aware that GSWA cited John Deere model 244P as its source for some of the IFB's specifications. Therefore, Morrico's protest is untimely and denied.

GSWA's IFB did not solicit a brand name product and was not unduly restrictive.

Even though Morrico's protest is denied for being untimely, GSWA also denies Morrico's allegation that the IFB solicited a brand name product. First, the IFB did not use any brand

GUAM SOLID WASTE AUTHORITY

LOURDES A. LEON GUERRERO
Governor of Guam

JOSHUA F. TENORIO
Lt. Governor of Guam

IRVIN L. SLIKE
General Manager

names in the specifications. Furthermore, as noted in your protest, the IFB provided that any reference to a manufacturer's brand name is intended to be descriptive but not restrictive.

The procurement record shows that GSWA sought a Compact Wheel Loader with horsepower and weight similar to a John Deere 244/P. Other manufacturers such as Case, Ford, and Volvo make units of similar size that perform similarly.

Furthermore, GSWA developed these specifications to meet the agency's needs in the best interests of Guam. The rise and fall of wheels is a measurement spec that other manufacturers such as Case, Volvo, and Caterpillar can meet. The wheel deflection is needed to get curb clearance in Guam's terrain. Based on experience, the type of waste GSWA would handle to ~~clean up illegal dump sites and green waste such as dust, paper, and plastic can clog a radiator.~~ Green waste such as brush, leaves, and branches is extremely dusty when ground up, and fine particles can clog radiators. Therefore, the specifications also requested a loader with a reversible hydraulic fan to reverse flow to maintain engine coolant temperature. Again, there are several manufacturers that offer products that could have met the IFB specifications.

The specifications are not restrictive and seek a machine that meets GSWA's needs. The specifications do not refer to a brand name and can be met by different vendors. Therefore, the IFB did not restrictively procure a specific manufacturer's product and would deny the protest on that basis too.

Morrigo's bid failed to meet the IFB requirements.

Instead of submitting a bid that met the IFB specifications, Morrigo submitted a bid that included several "deviations". An IFB is awarded "to the lowest responsible and responsive bidder" whose bid meets the requirements and criteria set forth in the IFB. 5 GCA § 5211(g) and 2 GAR Div 4 § 3109(n)(1). A responsive bidder is a bid that conforms in all material respects to the IFB. 5 GCA § 5201(g) and 2 GAR Div 4 § 3109(n)(2). Any offer that does not meet the acceptability requirements must be rejected as nonresponsive. 2 GAR Div 4 §§ 3109(n)(3), 3115(3)(3)(A)(ii). Morrigo admitted in its bid that the product offered failed to meet the IFB requirements. This resulted in Morrigo offering a product smaller than what is needed to perform the necessary functions and unable to perform well in the anticipated environment of use. Because Morrigo's bid failed to meet the IFB's requirements, GSWA appropriately rejected the bid as nonresponsive.

Morrigo did not request a reason for rejection, but Morrigo also submitted a bid that it conceded failed to meet the specifications. Morrigo knew or should have known that its failure to offer a product that met the IFB specifications was grounds for rejection.

Conclusion.

GSWA denies Morrico's protest for untimeliness but also denies Morrico's claim that the IFB improperly used a brand name in favor of a particular vendor. Morrico has the right to administrative and judicial review of this decision, denying the protest.

A handwritten signature in black ink, appearing to read 'I. Silke', is positioned above the printed name of the General Manager.

October 18, 2023

MEMORANDUM

To: Irvin Slike, General Manager
CC: Procurement File
From: Alicia Fejeran, Chief of Administration
Subject: **Determination of Need Re: Compact Wheel Loader**

This Determination of Need is issued pursuant to 5 GCA § 5249 (e) and 2 GAR, Div. 4, §3114(c), which require a written determination of need justifying the use of competitive selection procedures.

Under 10 GCA Chapter 51A, Guam Solid Waste Authority (GSWA) shall organize, plan for, and secure and manage resources and promote the implementation of the Solid Waste Management Plan and evaluate and promote capital improvements and maintenance programs to the solid waste management system.

Guam Solid Waste Authority (GSWA) intends to release an invitation for bid for the procurement of a compact wheel loader with attachments, thus eliminating the need to continually rent such equipment from external rental companies. Several reasons for purchasing a compact wheel loader include cost efficiency, operational efficacy, and the fulfillment of our core responsibilities in managing solid waste services on the island.

GSWA would utilize this equipment for offloading trash carts from shipment containers, loading and offloading 55-gallon drums in Operations and the HHW Facility, cleaning debris around the compound and transfer stations, and eventually assisting DPW in cleaning up illegal dump sites.

An inquiry was submitted to the local General Services Agency on October 18, 2023 to confirm that the item was not available in the Government of Guam's inventory.

Irvin L. Slike, General Manager
