Members of the Guam Education Board
Guam Department of Education

We have performed an audit of the financial statements of the governmental activities and each major fund of the Guam Department of Education (GDOE), a line agency of the Government of Guam (GovGuam), as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise GDOE's basic financial statements, in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and have issued our report thereon dated November 6, 2024.

Provided below is a summary of required communications between the audit team and those charged with governance, as required by AICPA Clarified US Auditing Standard (AU-C) 260, "*The Auditor's Communication With Those Charged With Governance*", and other applicable auditing standards.

This communication is intended solely for the information and use of GDOE's management, the Guam Education Board, and the Office of Public Accountability of Guam, and is not intended to be, and should not be, used by anyone other than these specified parties. However, this report is also a matter of public record.

Very truly yours,

REQUIRED COMMUNICATIONS

Auditors' Responsibilities under GAAS, including our discussion of the type of auditor's report we are issuing and the circumstances that affect the form and content of our auditor's report, if applicable

Our responsibilities are included in our audit engagement agreement. A copy of such agreement has previously been provided to you.

We have issued unmodified opinions on GDOE's basic financial statements as of and for the year ended September 30, 2023.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we will express no such opinion.

An audit also includes the evaluation of the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the evaluation of the overall presentation of the financial statements.

Changes to the audit strategy, timing of the audit and significant risks identified

Our audit strategy is consistent with the plan communicated during the January 2024 meeting.

Matters relevant to our evaluation of the entity's ability to continue as a going concern

We did not identify any events or conditions that led us to believe there was substantial doubt about GDOE's ability to continue as a going concern.

Our views about the qualitative aspects of the entity's significant accounting practices, including:

- **Accounting policies**
- **Accounting estimates**

Management has not selected or changed any significant policies or changed the application of those policies in the current year. A discussion of significant accounting policies and sensitive accounting estimates have been included in footnote 1 of the financial statements.

We are not aware of any significant accounting policies used by GDOE in controversial or emerging areas or for which there is a lack of authoritative guidance.

We determined that those charged with governance are informed about management's process for formulating particularly sensitive estimates and about the basis to our conclusions regarding the reasonableness of those estimates.

Management's judgment is called upon in:

- Preparing budgets that are used to administer and monitor GDOE's operations. These budgets include determining how existing financial resources will be used in GDOE's operations.
- Determining the assumptions used in measuring significant accounting estimates for financial accounting purposes.

Related party relationships and transactions

We noted no significant matters regarding GDOE's relationships and transactions with related parties.

Changes to the terms of the audit with no reasonable justification for the change

We are not aware of any matters that require communication.

Significant unusual transactions

We are not aware of any significant unusual transactions executed by GDOE.

Difficult or contentious matters subject to consultation outside of the audit team

None.

Material corrected misstatements related to accounts and disclosures

Refer to "Management Representations Letter" in Appendix A.

Uncorrected misstatements related to accounts and disclosures, considered by management to be immaterial

Refer to "Management Representations Letter" in Appendix A.

Significant deficiencies and material weaknesses in internal control over financial reporting

We have identified material weaknesses and significant deficiencies in the internal control during the course of our audit which have been included in our separately issued report of GDOE's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, dated November 6, 2024.

Fraud and noncompliance with laws and regulations (illegal acts)

We are not aware of any matters that require communication.

Independence matters

We are not aware of any matters that in our professional judgment would impair our independence.

New accounting pronouncements

Management is still assessing the impact of adopting the following GASB Statements:

- GASB Statement No. 99
- GASB Statement No. 100
- GASB Statement No. 101
- GASB Statement No. 102

Significant issues discussed with management in connection with the auditor's initial appointment or recurring retention

We are not aware of any matters that require communication.

Disagreements with management and significant difficulties encountered in dealing with management when performing the audit

There were no material disagreements with GDOE's management on financial accounting and reporting matters during the audit.

Management's consultations with other accountants

We are not aware of any consultations made by management with other accountants or specialists.

Other material written communications with management

None.

Other matters

There are no other matters arising from the audit that are significant and relevant to those charged with governance regarding the oversight of the financial reporting process.

AICPA ethics ruling regarding third-party service providers

From time to time, and depending on the circumstances, (1) we may subcontract portions of the Audit Services to other EY firms, who may deal with GDOE or its affiliates directly, although EY alone will remain responsible to you for the Audit Services and (2) personnel (including non-certified public accountants) from an affiliate of EY or another EY firm or any of their respective affiliates, or from independent third-party service providers (including independent contractors), may participate in providing the Audit Services. In addition, third-party service providers may perform services for EY in connection with the Audit Services.

Representations from management

We have obtained from management a representations letter related to the audit and a copy of the management representations letter is included in Appendix A.

Engagement team's involvement with preparation of the financial statements

Under GAS 2018 Revisions, Chapter 3 General Standards, Paragraph 3.73 Requirements for Performing Non-audit Services explains that the audit team should make consideration of management's ability to effectively oversee the non-audit (or non-attest) services to be performed. The engagement team should determine that the audited entity has designated an individual(s) who possesses suitable skill, knowledge or experience and that the individuals understand the services to be performed sufficiently to oversee them. The engagement team should document consideration of management's ability to oversee non-audit services to be performed.

The engagement team believes that this significant threat is reduced to an acceptable level upon application of the following safeguards:

- An engagement quality review was performed by a qualified Ernst & Young Partner who was not otherwise involved in the audit.
- All adjusting journal entries that Ernst & Young posted to the trial balance have been approved by management of GDOE.
- The preparation of the financial statements is based on GDOE's trial balance with the understanding that underlying books and records are maintained by GDOE's accounting department and that the final trial balance prepared by GDOE is complete.
- GDOE's Acting Deputy Superintendent of Financial Affairs and Administrative Services and Controller have the skill set to oversee and review the completeness and accuracy of the financial statements and footnote disclosures.

In connection with your audit of the basic financial statements of the Guam Department of Education (GDOE) as of September 30, 2023 and for the year then ended, we recognize that obtaining representations from us concerning the information contained in this letter is a significant procedure in enabling you to form an opinion whether the financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of GDOE and the respective changes in financial position in conformity with US generally accepted accounting principles (US GAAP).

Certain representations in this letter are described as being limited to matters that are material. Accordingly, we make the following representations, which are true to the best of our knowledge and belief:

Management's responsibilities

We have fulfilled our responsibilities, as set forth in the terms of the audit engagement agreement dated February 17, 2023, for the preparation and fair presentation of the financial statements (including disclosures) in accordance with US GAAP applied on a basis consistent with that of the preceding years.

We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. We have provided you with:

We have no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

From October 1, 2022 through the date of this letter we have disclosed to you, to the extent that we are aware, any (1) unauthorized access to our information technology systems that either occurred or is reasonably likely to have occurred, including of reports submitted to us by third parties (including regulatory agencies, law enforcement agencies and security consultants), to the extent that such unauthorized access to our information technology systems is reasonably likely to have a material effect on the financial statements of any opinion unit that comprises the basic financial statements, in each case or in the aggregate, and (2) ransomware attacks when we paid or are contemplating paying a ransom, regardless of the amount.

Corrected misstatements

We are in agreement with the audit adjustments you have proposed (Appendix A) and have posted the adjusting journal entries to GDOE's books.

Uncorrected misstatements

We believe that the effects of any uncorrected misstatements (including those related to supplementary information), summarized in Appendix B, accumulated by you during the current and prior audit period presented are immaterial, both individually and in the aggregate, to the financial statements for each opinion unit. In addition, to the extent that uncorrected misstatements (including those related to supplementary information) have been subsequently identified in the current period that affect prior period financial statements, we have evaluated the effect of correcting prior period financial statements and believe that the effects of the uncorrected misstatements are immaterial, both individually and in the aggregate, to both the current and prior period financial statements for each opinion unit and supplementary information.

Internal control

There are no material transactions that have not been properly recorded in the accounting records underlying the financial statements.
