The Board of Trustees
Guam Memorial Hospital Authority

Dear Members of the Board of Trustees:

We have performed an audit of the financial statements of the Guam Memorial Hospital Authority (the Authority) as of and for the year ended September 30, 2013, in accordance with auditing standards generally accepted in the United States of America (“generally accepted auditing standards”) and have issued our report thereon dated June 27, 2014.

We have prepared the following comments to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process for which management of the Authority is responsible.

OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS AND GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS

Our responsibility under generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, has been described in our engagement letter dated September 11, 2013. As described in that letter, the objective of a financial statement audit conducted in accordance with the aforementioned standards is:

- To express an opinion on the fairness of the Authority’s basic financial statements and the accompanying supplementary information, in relation to the basic financial statements as a whole, for the year ended September 30, 2013 (the “financial statements”), in accordance with accounting principles generally accepted in the United States of America (“generally accepted accounting principles”) in all material respects, and to perform specified procedures on the required supplementary information for the year ended September 30, 2013;
- To express an opinion on whether the supplementary information that accompanies the basic financial statements, including the schedule of expenditures of federal awards, is fairly stated, in all material respects, in relation to the financial statements taken as a whole;
- To report on the Authority’s internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the year ended September 30, 2013, based on an audit of financial statements performed in accordance with standards applicable to financial audits contained in generally accepted government auditing standards; and
- To report on the Authority’s compliance with requirements applicable to each major program and on internal control over compliance in accordance with the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* (“OMB Circular A-133”).

OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS AND GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS, CONTINUED

Our responsibilities under generally accepted auditing standards include forming and expressing an opinion about whether the financial statements that have been prepared with the oversight of management and the Board of Trustees are presented fairly, in all material respects, in conformity with generally accepted accounting principles. The audit of the financial statements does not relieve management or the Board of Trustees of their responsibilities.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether caused by fraud or error. In making those risk assessments, we considered internal control over financial reporting relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that were appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting. Our consideration of internal control over financial reporting was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses

We also considered the Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133. Our audit does not, however, provide a legal determination of the Authority's compliance with those requirements.

ACCOUNTING ESTIMATES

Accounting estimates are an integral part of the financial statements prepared with the oversight of management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and on assumptions about future events. Significant accounting estimates reflected in the Authority's 2013 financial statements include management's estimate of the allowance for uncollectible accounts, which is determined based on management's evaluation of the collectability of current accounts and historical trends, management's estimate of the provision for inventory obsolescence, which is determined based on known or estimated exposures, and management's estimate of depreciation expense, which is based on estimated useful lives of the respective capital assets. During the year ended September 30, 2013, we are not aware of any significant changes in accounting estimates or in management's judgments relating to such estimates.

UNCORRECTED MISSTATEMENTS

Our audit of the financial statements was designed to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. We have attached to this letter, as Appendices A and B to Attachment I, a summary of uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

SIGNIFICANT ACCOUNTING POLICIES

The Authority's significant accounting policies are set forth in Note 2 to the Authority's 2013 financial statements. During the year ended September 30, 2013, there were no significant changes in previously adopted accounting policies or their application, except for the following pronouncements adopted by the Authority:

SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

- GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, which addressed how to account for and report service concession arrangements (SCAs), a type of public-private or public-public partnership that state and local governments are increasingly entering into. The implementation of this statement did not have a material effect on the financial statements.
- GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, which improved financial reporting for governmental entities by amending the requirements of Statements No. 14, *The Financial Reporting Entity*, and No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, to better meet user needs and address reporting entity issues that have come to light since those Statements were issued in 1991 and 1999, respectively. The implementation of this statement did not have a material effect on the financial statements.
- GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which enhanced the usefulness of its Codification by incorporating guidance that previously could only be found in certain Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) pronouncements issued on or before November 30, 1989, which does not conflict or contradict GASB pronouncements. GASB Statement No. 62 superseded GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*. The implementation of this statement did not have a material effect on the financial statements.
- GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which established guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. These Statements amend the net asset reporting requirements in Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. With the implementation of GASB Statement No. 63 and Statement No. 65, the Statement of Net Assets was renamed the Statement of Net Position. In addition, the Statement of Net Position includes two new classifications separate from assets and liabilities. Amounts reported as deferred outflows of resources are reported in a separate section following assets. Likewise, amounts reported as deferred inflows of resources are reported in a separate section following liabilities.

The financial statements for September 30, 2013 and 2012 were amended to conform with the requirements of GASB Statement No. 63 and Statement No. 65.

In April 2012, GASB issued Statement No. 66, *Technical Corrections - 2012*, which enhances the usefulness of financial reports by resolving conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting. The provisions of this statement are effective for periods beginning after December 15, 2012. Management has not yet determined the effect of implementation of this statement on the financial statements of the Authority.

SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

In June 2012, GASB issued Statement No. 67, *Financial Reporting for Pension Plans*, which revises existing guidance for the financial reports of most pension plans, and Statement No. 68, *Accounting and Financial Reporting for Pensions*, which revises and establishes new financial reporting requirements for most governments that provide their employees with pension benefits. The provisions in Statement 67 are effective for financial statements for periods beginning after June 15, 2013. The provisions in Statement 68 are effective for fiscal years beginning after June 15, 2014. Management has not yet determined the effect of implementation of these statements on the financial statements of the Authority.

In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*, which improves accounting and financial reporting for state and local governments' combinations and disposals of government operations. Government combinations include mergers, acquisitions, and transfers of operations. A disposal of government operations can occur through a transfer to another government or a sale. The provisions in Statement 69 are effective for fiscal years beginning after December 15, 2013. Management has not yet determined the effect of implementation of this statement on the financial statements of the Authority.

In April 2013, GASB issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, which requires a state or local government guarantor that offers a nonexchange financial guarantee to another organization or government to recognize a liability on its financial statements when it is more likely than not that the guarantor will be required to make a payment to the obligation holders under the agreement. The provisions in Statement 70 are effective for fiscal years beginning after June 15, 2013. Management has not yet determined the effect of implementation of this statement on the financial statements of the Authority.

OTHER INFORMATION IN THE ANNUAL REPORTS OF THE AUTHORITY

When audited financial statements are included in documents containing other information, such as Annual Reports, we will read such other information and consider whether it, or the manner of its presentation, is materially inconsistent with the information, or the manner of its presentation, in the financial statements audited by us. In the event that the Authority issues an Annual Report or other documentation that includes the audited financial statements, we will be required to read the other information in the Authority's 2013 Annual Report and will inquire as to the methods of measurement and presentation of such information. If we note a material inconsistency or if we obtain any knowledge of a material misstatement of fact in the other information, we will discuss this matter with management and, if appropriate, with the Board of Trustees.

DISAGREEMENTS WITH MANAGEMENT

We have not had any disagreements with management related to matters that are material to the Authority's 2013 financial statements.

OUR VIEWS ABOUT SIGNIFICANT MATTERS THAT WERE THE SUBJECT OF CONSULTATION WITH OTHER ACCOUNTANTS

We are not aware of any consultations that management may have had with other accountants about auditing and accounting matters during 2013.

SIGNIFICANT FINDINGS OR ISSUES DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT PRIOR TO OUR RETENTION

Throughout the year, routine discussions were held, or were the subject of correspondence, with management regarding the application of accounting principles or auditing standards in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, such discussions or correspondence were not held in connection with our retention as auditors.

OTHER SIGNIFICANT FINDINGS OR ISSUES ARISING FROM THE AUDIT DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT

Throughout the year, routine discussions were held, or were the subject of correspondence, with management. In our judgment, such discussions or correspondence did not involve significant findings or issues requiring communication to the Board of Trustees.

MANAGEMENT'S REPRESENTATIONS

We have made specific inquiries of the Authority's management about the representations embodied in the financial statements. Additionally, we have requested that management provide to us the written representations the Authority is required to provide to its independent auditors under generally accepted auditing standards. We have attached to this letter, as Attachment I, a copy of the representation letter we obtained from management.

SIGNIFICANT DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

In our judgment, we received the full cooperation of the Authority's management and staff and had unrestricted access to the Authority's senior management in the performance of our audit.

CONTROL-RELATED MATTERS

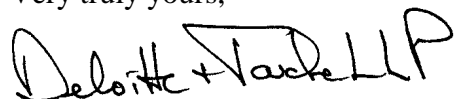

We have issued a separate report to you, dated June 27, 2014, on the Authority's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, which was based upon the audit performed in accordance with *Government Auditing Standards*. Within that reports, we noted a certain matter that was considered to be a significant deficiency under standards established by the American Institute of Certified Public Accountants. We have also issued a separate report to you, also dated June 27, 2014, involving the Authority's compliance with requirements applicable to each major program and on internal control over compliance in accordance with OMB Circular A-133.

We have communicated to management, in a separate letter also dated June 27, 2014, certain deficiencies and other matters related to the Authority's internal control over financial reporting and to the Authority's internal control over its information technology environment that we identified during our audit.

Although we have included management's written responses to our comments, such responses have not been subjected to the auditing procedures applied in our audit of the basic financial statements and, accordingly, we do not express an opinion or provide any form of assurance on the appropriateness of the responses or the effectiveness of any corrective actions described therein.

This report is intended solely for the information and use of the Board of Trustees, management, the Office of the Public Accountability of Guam and others within the organization and is not intended to be and should not be used by anyone other than these specified parties. However, this report is also a matter of public record.

Very truly yours,

A handwritten signature in black ink that reads "Deloitte + Touche LLP". The signature is written in a cursive, stylized font.

Tamuning, Guam 96913

Gentlemen:

We are providing this letter in connection with your audits of the statements of net position of the Guam Memorial Hospital Authority (GMHA), a component unit of the Government of Guam (GovGuam), as of September 30, 2013 and 2012, and the related statements of revenues, expenses and changes in net position and of cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise GMHA's basic financial statements for the purpose of expressing an opinion as to whether the financial statements present fairly, in all material respects, the financial position, results of operations or change in net position, and cash flows of GMHA in conformity with accounting principles generally accepted in the United States of America.

We confirm that we are responsible for the following:

- a. The fair presentation in the basic financial statements of financial position, results of operations, and cash flows, in conformity with accounting principles generally accepted in the United States of America (GAAP).
- b. The design, implementation, and maintenance of programs and controls to prevent and detect fraud, including fraud related to federal awards.
- c. Establishing and maintaining effective internal control over financial reporting.
- d. The review and approval of the financial statements, accompanying schedules and related notes and acknowledge your role in the preparation of this information. Specifically, we acknowledge that your role in the preparation of the financial statements was a matter of convenience rather than one of necessity. We have reviewed the financial statement preparation assistance provided by you and acknowledge that the financial statements are prepared in accordance with GAAP. Our review was based on the use of the stand-alone business-type activities checklist by the Government Finance Officers Association.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following representations made to you during your audits.

1. The basic financial statements referred to above are fairly presented in conformity with GAAP. In addition:
 - a. Net position components (net investment in capital assets; restricted; and unrestricted) are properly classified and, if applicable, approved.

Deloitte & Touche LLP

June 27, 2014

Page 2

- b. Deposits are properly classified in the category of custodial credit risk.
 - c. Capital assets are properly capitalized, reported, and, if applicable, depreciated.
 - d. Required supplementary information is measured and presented within prescribed guidelines.
 - e. Other supplementary information is measured and presented within prescribed guidelines.
 - f. Revenues and expenses are appropriately classified in the statements of revenues, expenses and changes in net position within operating revenues, non-operating revenues and expenses.
 - g. Federal award expenditures have been charged in accordance with applicable cost principles.
 - h. Applicable laws and regulations are followed in adopting, approving and amending budgets.
2. GMHA has provided to you all relevant information and access as agreed in the terms of the audit engagement letter.
 3. GMHA has provided you all:
 - a. Financial records and related data for all financial transactions of GMHA and for all funds administered by GMHA. The records, books, and accounts, as provided to you, record the financial and fiscal operations of all funds administered by GMHA and provide the audit trail to be used in a review of accountability. Information presented in financial reports is supported by the books and records from which the financial statements have been prepared.
 - b. Contracts and grant agreements (including amendments, if any) and any other correspondence that has taken place with federal agencies.
 - c. Third-party payor reports and information.
 - d. Summaries of actions of the GMHA Board of Trustees or summaries of actions of recent meetings for which minutes have not yet been prepared.
 - e. The following details the summary of minutes:
 - October 18, 2012
 - January 24, 2013
 - February 28, 2013
 - April 4, 2013
 - April 29, 2013
 - May 16, 2013
 - August 29, 2013
 - September 26, 2013
 - December 5, 2013
 - January 30, 2014
 - February 27, 2014
 - March 13, 2014
 - April 24, 2014
 4. There have been no:
 - a. Actions taken by GMHA management that contravene the provisions of federal laws and Guam laws and regulations, or of contracts and grants applicable to GMHA.

Deloitte & Touche LLP

June 27, 2014

Page 3

- b. Communications from regulatory agencies concerning noncompliance with laws or regulations (including those related to the Medicare and Medicaid antifraud and abuse statutes) or deficiencies in financial reporting practices or other matters that could have a material effect on the financial statements.
5. We believe the effects of any uncorrected financial statement misstatements aggregated by you during the current audit engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. A summary of such uncorrected misstatements has been attached as Appendix A.
6. We believe the effects of the uncorrected financial statement misstatements detected in the current year that relate to the prior year presented, when combined with those misstatements aggregated by you during the prior year audit engagement and pertaining to the prior year presented, are immaterial, both individually and in the aggregate, to the financial statements for the year ended September 30, 2012 taken as a whole. A summary of such uncorrected misstatements has been attached as Appendix B.
7. GMHA has not performed a formal risk assessment, including the assessment of the risk that the financial statements may be materially misstated as a result of fraud. However, management has made available to you its understanding about the risks of fraud in GMHA and does not believe that the financial statements are materially misstated as a result of fraud.
8. We have no knowledge of any fraud or suspected fraud affecting GMHA involving:
 - a. Management.
 - b. Employees who have significant roles in internal control over financial reporting.
 - c. Others if the fraud could have a material effect on the financial statements.
9. We have no knowledge of any allegations of fraud or suspected fraud affecting GMHA received in communications from employees, former employees, analysts, regulators, or others.
10. There are no unasserted claims or assessments that legal counsel has advised us are probable of assertion and must be disclosed in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards ("GASB Codification") Section C50, *Claims and Judgments*. Management is of the opinion, based on discussions with applicable legal counsel, that adequate provision has been made in the financial statements for unasserted claims or assessments and we do not believe that resolution of these matters will have a material impact on the financial statements.
11. Significant assumptions used by us in making accounting estimates are reasonable.
12. The Schedule of Expenditures of Federal Awards was prepared in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. We have identified in that schedule all awards provided by federal agencies in the form of grants, contracts, loans, loan guarantees, property, cooperative agreements, interest subsidies, insurance, or direct appropriations. There were no subrecipient expenditures. In addition, we have accurately completed the appropriate sections of the data collection form.

Deloitte & Touche LLP

June 27, 2014

Page 4

13. We are responsible for compliance with local, state, and federal laws, rules, and regulations, including compliance with the requirements of OMB Circular A-133, and provisions of grants and contracts relating to GMHA's operations. We are responsible for establishing and maintaining the components of internal control relating to our activities in order to achieve the objectives of providing reliable financial reports, effective and efficient operations, and compliance with laws and regulations. GMHA is responsible for maintaining accounting and administrative control over revenues, obligations, expenditures, assets, and liabilities.
14. We are responsible for establishing and maintaining, and have established and maintained, effective internal control over compliance for federal programs that provides reasonable assurance that we are managing federal awards in compliance with laws, regulations, and provisions of contracts or grant agreements that could have a material effect on its federal programs.
15. We have disclosed to you all deficiencies in the design or operation of internal control over financial reporting identified as part of our evaluation, including separately disclosing to you all such deficiencies that are significant deficiencies or material weaknesses in internal control over financial reporting.
16. We have:
 - a. Identified the requirements of laws, regulations, and the provisions of contracts and grant agreements that are considered to have a direct and material effect on each federal program as identified in Part 3 of the Compliance Supplements related to the period under audit.
 - b. Complied, in all material respects, with the requirements identified above in connection with federal awards except as disclosed in the Schedule of Findings and Questioned Costs.
 - c. Identified and disclosed interpretations of any compliance requirements that have varying interpretations.
 - d. Made available all information related to federal financial reports and claims for advances and reimbursements. Federal financial reports and claims for advances and reimbursements are supported by the books and records from which the financial statements have been prepared and are prepared on a basis consistent with that presented in the Schedule of Expenditures of Federal Awards. The copies of federal program financial reports provided are true copies of the reports submitted, or electronically transmitted, to the federal agency or pass-through entity, as applicable.
 - e. Identified and disclosed all amounts questioned and any known noncompliance with the requirements of federal awards, including the results of other audits or program reviews related to the objectives of the audit.
 - f. Identified previous financial audits, attestation engagements, performance audits, or other studies related to the objectives of the audit and the corrective actions taken to address significant findings and recommendations, including the status of follow-up on prior audit findings (and information about all management decisions) by federal awarding agencies and pass-through entities.
 - g. Provided to you our views on the reported findings, conclusions, and recommendations for your report.

Deloitte & Touche LLP

June 27, 2014

Page 5

17. We are responsible for follow-up on the prior-year findings. We have prepared a summary schedule of prior-year findings reporting the status of our efforts in implementation of the prior-year's corrective action plan.
18. We have included in the corrective action plan for current-year findings, the name of the person in our organization responsible for implementation of the actions, the best actions to be taken, and the estimate of a completion date. We have taken timely and appropriate steps to remedy fraud, illegal acts, violation of provisions of contracts or grant agreements, or abuse that you report.
19. Management has identified and disclosed to you all laws and regulations that have a direct and material effect on the determination of financial statement amounts.
20. No changes in internal control over financial reporting or other factors that might significantly affect internal control over financial reporting, including any corrective actions taken by management with regard to significant deficiencies and material weaknesses, have occurred subsequent to September 30, 2013.

Except where otherwise stated below, matters less than \$238,000 collectively are not considered to be exceptions that require disclosure for the purpose of the following representations. This amount is not necessarily indicative of amounts that would require adjustment to, or disclosure in, the basic financial statements.

21. Except as listed in Appendices A and B, there are no transactions that have not been properly recorded in the accounting records underlying the financial statements.
22. GMHA has no plans or intentions that may affect the carrying value or classification of assets and liabilities.
23. The following, to the extent applicable, have been appropriately identified, properly recorded, and disclosed in the financial statements:
 - a. Related party transactions and associated amounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements, and guarantees (written or oral).
 - b. Guarantees, whether written or oral, under which GMHA is contingently liable.
24. In preparing the financial statements in conformity with GAAP, management uses estimates. All estimates have been disclosed in the financial statements for which known information available prior to the issuance of the financial statements indicates that both of the following criteria are met:
 - a. It is at least reasonably possible that the estimate of the effect on the financial statements of a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future confirming events.
 - b. The effect of the change would be material to the financial statements.
25. Risks associated with concentrations, based on information known to management, that meet all of the following criteria have been disclosed in the financial statements:
 - a. The concentration exists at the date of the financial statements.
 - b. The concentration makes the enterprise vulnerable to the risk of a near-term severe impact.

Deloitte & Touche LLP

June 27, 2014

Page 6

- c. It is at least reasonably possible that the events that could cause the severe impact will occur in the near term.

26. There are no:

- a. Violations or possible violations of laws or regulations, such as those related to the Medicare and Medicaid antifraud and abuse statutes, including but not limited to the Anti-Kickback Act, Limitations on Certain Physician Referrals (commonly referred to as the "Stark law"), and the False Claims Act, in any jurisdiction, whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
- b. Known actual or possible litigation and claims whose effects should be considered and accounted for and disclosed in the financial statements and that have not been disclosed to the auditor.
- c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by GASB Codification Section C50, *Claims and Judgments*, except as disclosed in the notes to the financial statements.

27. During fiscal year 2013, GMHA implemented the following pronouncements:

- GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, which addressed how to account for and report service concession arrangements (SCAs), a type of public-private or public-public partnership that state and local governments are increasingly entering into. The implementation of this statement did not have a material effect on the financial statements.
- GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, which improved financial reporting for governmental entities by amending the requirements of Statements No. 14, *The Financial Reporting Entity*, and No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, to better meet user needs and address reporting entity issues that have come to light since those Statements were issued in 1991 and 1999, respectively. The implementation of this statement did not have a material effect on the financial statements.
- GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which enhanced the usefulness of its Codification by incorporating guidance that previously could only be found in certain Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) pronouncements issued on or before November 30, 1989, which does not conflict or contradict GASB pronouncements. GASB Statement No. 62 superseded GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*. The implementation of this statement did not have a material effect on the financial statements.

- GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which established guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. These Statements amend the net asset reporting requirements in Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. With the implementation of GASB Statement No. 63 and Statement No. 65, the Statement of Net Assets was renamed the Statement of Net Position. In addition, the Statement of Net Position includes two new classifications separate from assets and liabilities. Amounts reported as deferred outflows of resources are reported in a separate section following assets. Likewise, amounts reported as deferred inflows of resources are reported in a separate section following liabilities.
28. In April 2012, GASB issued Statement No. 66, *Technical Corrections - 2012*, which enhances the usefulness of financial reports by resolving conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting. The provisions of this statement are effective for periods beginning after December 15, 2012. Management has not yet determined the effect of implementation of this statement on the financial statements of GMHA.
29. In June 2012, GASB issued Statement No. 67, *Financial Reporting for Pension Plans*, which revises existing guidance for the financial reports of most pension plans, and Statement No. 68, *Accounting and Financial Reporting for Pensions*, which revises and establishes new financial reporting requirements for most governments that provide their employees with pension benefits. The provisions in Statement 67 are effective for financial statements for periods beginning after June 15, 2013. The provisions in Statement 68 are effective for fiscal years beginning after June 15, 2014. Management has not yet determined the effect of implementation of these statements on the financial statements of GMHA.
30. In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*, which improves accounting and financial reporting for state and local governments' combinations and disposals of government operations. Government combinations include mergers, acquisitions, and transfers of operations. A disposal of government operations can occur through a transfer to another government or a sale. The provisions in Statement 69 are effective for fiscal years beginning after December 15, 2013. Management has not yet determined the effect of implementation of this statement on the financial statements of GMHA.
31. In April 2013, GASB issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, which requires a state or local government guarantor that offers a nonexchange financial guarantee to another organization or government to recognize a liability on its financial statements when it is more likely than not that the guarantor will be required to make a payment to the obligation holders under the agreement. The provisions in Statement 70 are effective for fiscal years beginning after June 15, 2013. Management has not yet determined the effect of implementation of this statement on the financial statements of GMHA.
32. GMHA has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
33. GMHA has complied with all aspects of contractual agreements that would have an effect on the financial statements in the event of noncompliance, except for instances of noncompliance included in the Schedule of Findings and Questioned Costs.

Deloitte & Touche LLP

June 27, 2014

Page 8

34. No department or agency of the Federal Government or GovGuam has reported a material instance of noncompliance to us, except for instances of noncompliance included in the Schedule of Findings and Questioned Costs.
35. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances, line of credit, or similar arrangements have been properly disclosed in the financial statements.
36. Financial instruments with significant individual or group concentration of credit risk have been appropriately identified, properly recorded, and disclosed in the financial statements.
37. Receivables recorded in the financial statements represent valid claims against debtors for sales or other charges arising on or before the balance-sheet date and have been appropriately reduced to their estimated net realizable value.
38. GMHA is responsible for determining and maintaining the adequacy of the allowance for accounts receivable, as well as estimates used to determine such amounts. Management believes the allowances are adequate to absorb currently estimated bad debts in the account balances.
39. The recorded valuation allowances for accounts receivable and settlements with third parties are necessary, appropriate, and properly supported. Provision has been made for estimated retroactive adjustments by third-party payors under reimbursement agreements.
40. Provision has been made to reduce excess or obsolete inventories to their estimated net realizable value. All inventories are the property of GMHA and do not include any items consigned to it.
41. We believe that all expenditures that have been deferred to future periods are recoverable.
42. All additions to GMHA's property accounts consist of replacements or additions that are properly capitalizable.
43. There were no items of physical property contained in the property accounts of GMHA that were either (a) abandoned or (b) out of service and not regarded as either (i) standby property or equipment or (ii) property held for use only temporarily out of service.
44. We have no intention of terminating our participation in the GovGuam Retirement plans or taking any other action that could result in an effective termination or reportable event for any of the plans. We are not aware of any occurrences that could result in the termination of any of our pension plans to which we contribute. We believe that the actuarial assumptions and methods used to measure pension liabilities and costs for financial accounting purposes are appropriate in the circumstances.
45. Accruals for losses from malpractice, workers compensation, and other types of self-insured risk, including accruals for claims incurred but not reported have been properly recorded and disclosed in the financial statements.
46. No evidence of fraud or dishonesty in fiscal operations of programs administered by GMHA has been discovered.
47. In 1991, Public Law 21-59 was enacted to establish a bonus system for employees of GovGuam, autonomous and semi-autonomous agencies, public corporations and other public instrumentalities of GovGuam who earn a superior performances grade. The bonus is calculated at 3.5% of the employee's base salary beginning 1991. GMHA did not pay any bonuses pursuant to the law from 1991 through 2002. In 2003, GMHA adopted a merit system similar to the GovGuam merit system. GMHA has assessed the impact of the requirements of the law for fiscal years 1991 through 2013.

Deloitte & Touche LLP

Page 9

As of September 30, 2013, GMHA recorded merit payable of \$182,552 related to fiscal years 2011 to 2013.

48. The Hospital has incurred losses from operations of \$33,771,046 and \$17,878,633 and negative cash flows from operations of \$11,765,171 and \$4,314,333 for the years ended September 30, 2013 and 2012, respectively. At September 30, 2013 and 2012, the Hospital's deficiencies on delinquent and unpaid retirement contributions, including interest and penalties, with the GovGuam Retirement Fund were \$1,972,295 and \$2,577,793, respectively. The Hospital recorded contractual adjustments and provisions for uncollectible accounts of \$71,863,340 and \$64,223,700 for the fiscal years ended September 30, 2013 and 2012, respectively.

GMHA management has taken the following actions and measures to address the Hospital's losses from operations and negative cash flows from operations:

- Management is critically evaluating staffing patterns to ensure that quality and patient safety goals are met with "prudent" staffing.
- Management has asked the Government of Guam for financial assistance through the Department of Public Health and Social Services programs and for alternative funding of self-pay patients.
- Management is requesting "relief" from the contribution burden for the Retirement fund.
- Management plans to complete its negotiations with Guam insurers by August 1, 2014.
- Management is pursuing "re-basing" from CMS that will provide greater reimbursement for services to Medicare patients.
- Management is reviewing its fees for its clinical and professional services. Management has introduced fee increases to the community and to the Guam Legislature.

Management believes that the continuation of the Hospital's operations is dependent upon the future payment of medical services underwritten by the Government of Guam, continued compensation by the Government of Guam for the cost of services provided under the Medicaid and Medically Indigent Program, the collection of long outstanding patient receivables, and/or improvements in operations.

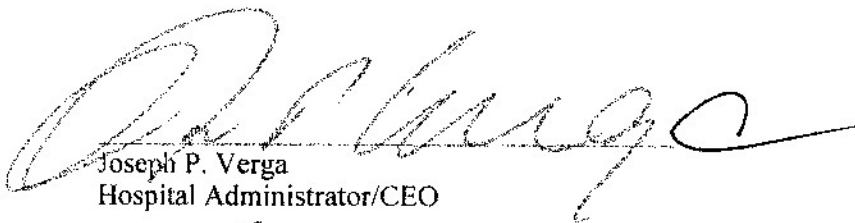

49. No events have occurred after September 30, 2013, but before June 27, 2014, the date the financial statements were available to be issued that require consideration as adjustments to, or disclosures in the financial statements, except as disclosed in the notes to the financial statements.
50. No events have occurred subsequent to September 30, 2013 that requires consideration as adjustments to or disclosures in the schedule of federal awards and related notes.
51. Regarding required supplementary information:
- a. We confirm that we are responsible for the required supplementary information.
 - b. The required supplementary information is measured and presented in accordance with GASB Codification Section 2200, *Comprehensive Annual Financial Report*.
 - c. The methods of measurement and presentation of the supplementary information have not changed from those used in the prior period.
