March 6, 2014

Board of Trustees
Guam Community College:

To the Board of Trustees:

We have performed an audit of the financial statements of the Guam Community College (the College) and its discretely presented component unit, collectively a component unit of the Government of Guam, as of and for the year ended September 30, 2013, in accordance with auditing standards generally accepted in the United States of America (“generally accepted auditing standards”) and have issued our report thereon dated March 6, 2014.

We have prepared the following comments to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process for which management of the College is responsible.

OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS AND GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS

Our responsibility under generally accepted auditing standards and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, have been described in our engagement letter dated September 25, 2013. As described in that letter, the objective of a financial statement audit conducted in accordance with the aforementioned standards is:

- To express an opinion on the whether the College’s basic financial statements and the accompanying supplementary information, in relation to the basic financial statements as a whole, for the year ended September 30, 2013, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and to perform specified procedures on the required supplementary information for the year ended September 30, 2013.
- To express an opinion on whether the supplementary information that accompanies the basic financial statements including the schedule of expenditures of federal awards, is presented fairly, in all material respects, in relation to the financial statements as a whole;
- To report on the College’s internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the year ended September 30, 2013 based on an audit of financial statements performed in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*.
- To report on the College’s compliance with requirements applicable to each major program and on internal control over compliance in accordance with the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* (“OMB Circular A-133”).

Our responsibilities under generally accepted auditing standards include forming and expressing an opinion about whether the financial statements that have been prepared with the oversight of management and the Board of Trustees are presented fairly, in all material respects, in conformity with generally accepted accounting principles. The audit of the financial statements does not relieve management or the Board of Trustees of their responsibilities.

We considered the College's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting. Our consideration of internal control over financial reporting would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

We also considered the College's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133. Our audit does not, however, provide a legal determination of the College's compliance with those requirements.

MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and on assumptions about future events. Significant accounting estimates reflected in the College's 2013 financial statements include management's estimate of the allowance for uncollectible accounts, which is determined based upon past collection experience and aging of the accounts, and management's estimate of depreciation expense, which is based on estimated useful lives of the respective capital assets. During the year ended September 30, 2013, we are not aware of any significant changes in accounting estimates or in management's judgments relating to such estimates.

AUDIT ADJUSTMENTS AND UNCORRECTED MISSTATEMENTS

As the result of our audit work, we identified matters that resulted in audit adjustments that we believe, either individually or in the aggregate, would have a significant effect on the College's financial reporting process. Such proposed adjustments, listed in Attachment I, have been recorded in the accounting records and are reflected in the 2013 financial statements. Those proposed adjustments that were not recorded by management are also included in the schedule described in the next paragraph.

In addition, we have attached to this letter, as Appendix A to Attachment II, a summary of uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period and prior period presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

SIGNIFICANT ACCOUNTING POLICIES

The College's significant accounting policies are set forth in Note 2 to the College's 2013 financial statements. During the year ended September 30, 2013, there were no significant changes in previously adopted accounting policies or their application, except for the following pronouncements adopted by the College:

- GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, which addressed how to account for and report service concession arrangements (SCAs), a type of public-private or public-public partnership that state and local governments are increasingly entering into. The implementation of this statement did not have a material effect on the accompanying financial statements.

- GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, which improved financial reporting for governmental entities by amending the requirements of Statements No. 14, *The Financial Reporting Entity*, and No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, to better meet user needs and address reporting entity issues that have come to light since those Statements were issued in 1991 and 1999, respectively. The implementation of this statement did not have a material effect on the accompanying financial statements.
- GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which enhanced the usefulness of its Codification by incorporating guidance that previously could only be found in certain Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) pronouncements issued on or before November 30, 1989, which do not conflict or contradict GASB pronouncements. GASB Statement No. 62 superseded GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*. The implementation of this statement did not have a material effect on the accompanying financial statements.
- GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which established guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. These Statements amend the net asset reporting requirements in Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. With the implementation of GASB Statement No. 63 and Statement No. 65, the Statement of Net Assets was renamed the Statement of Net Position.

In April 2012, GASB issued Statement No. 66, *Technical Corrections - 2012*, which enhances the usefulness of financial reports by resolving conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting. The provisions of this statement are effective for periods beginning after December 15, 2012. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.

In June 2012, GASB issued Statement No. 67, *Financial Reporting for Pension Plans*, which revises existing guidance for the financial reports of most pension plans, and Statement No. 68, *Accounting and Financial Reporting for Pensions*, which revises and establishes new financial reporting requirements for most governments that provide their employees with pension benefits. The provisions in Statement 67 are effective for financial statements for periods beginning after June 15, 2013. The provisions in Statement 68 are effective for fiscal years beginning after June 15, 2014. Management has not yet determined the effect of implementation of these statements but is of the opinion that Statement 68 will materially impact the College's financial statements.

In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*, which improves accounting and financial reporting for state and local governments' combinations and disposals of government operations. Government combinations include mergers, acquisitions, and transfers of operations. A disposal of government operations can occur through a transfer to another government or a sale. The provisions in Statement 69 are effective for fiscal years beginning after December 15, 2013. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.

In April 2013, GASB issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, which requires a state or local government guarantor that offers a nonexchange financial guarantee to another organization or government to recognize a liability on its financial statements when it is more likely than not that the guarantor will be required to make a payment to the obligation holders under the agreement. The provisions in Statement 70 are effective for fiscal years beginning after June 15, 2013. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.

OTHER INFORMATION IN THE ANNUAL REPORTS

When audited financial statements are included in documents containing other information such as the College's 2013 Annual Report, we will read such other information and consider whether it, or the manner of its presentation, is materially inconsistent with the information, or the manner of its presentation, in the financial statements audited by us. We will read the other information in the College's 2013 Annual Report and will inquire as to the methods of measurement and presentation of such information. If we note a material inconsistency or if we obtain any knowledge of a material misstatement of fact in the other information, we will discuss this matter with management and, if appropriate, with the Board.

DISAGREEMENTS WITH MANAGEMENT

We have not had any disagreements with management related to matters that are material to the College's 2013 financial statements.

CONSULTATION WITH OTHER ACCOUNTANTS

We are not aware of any consultations that management may have had with other accountants about auditing and accounting matters during 2013.

MANAGEMENT'S REPRESENTATIONS

We have made specific inquiries of the College's management about the representations embodied in the financial statements. Additionally, we have requested that management provide to us the written representations the College is required to provide to its independent auditors under generally accepted auditing standards. We have attached to this letter, as Attachment II, a copy of the representation letter we obtained from management.

MAJOR ISSUES DISCUSSED WITH MANAGEMENT PRIOR TO OUR RETENTION

Throughout the year, routine discussions were held or were the subject of correspondence with management regarding the application of accounting principles or auditing standards in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, such discussions or correspondence were not held in connection with our retention as auditors.

SIGNIFICANT DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

In our judgment, we received the full cooperation of the College's management and staff and had unrestricted access to the College's senior management in the performance of our audit.

CONTROL-RELATED MATTERS

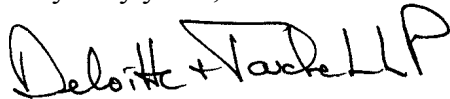

We have also issued a separate report to you, dated March 6, 2014, containing information regarding our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of law, regulations, contracts and grant agreements.

We have also issued a separate report to you, also dated March 6, 2014, regarding the College's compliance with requirements applicable to each major federal program and on internal control over compliance in accordance with OMB Circular A-133.

This report is intended solely for the information and use of management of the College, the Board of Trustees, and the Office of Public Accountability - Guam and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank the staff and management of the College for their cooperation and assistance during the course of this engagement.

Very truly yours,

A handwritten signature in black ink that reads "Deloitte + Tatchell LLP". The signature is written in a cursive, stylized font.

Guam Community College Summary of Corrected Misstatements September 30, 2013		
Name	Debit	Credit
Fund 11/12		
1 AJE To record unaccrued unpaid interest at year end		
Accrued Interest	-	11,962.00
Interest	11,962.00	-
	<u>11,962.00</u>	<u>11,962.00</u>

I have reviewed the adjustments above and authorized that they be recorded in the general ledger as of September 30, 2013. The adjustments are results of errors and not results of fraud or illegal acts.

Tamuning, GU 96913

We are providing this letter in connection with your audits of the financial statements of the Guam Community College (the College) as of September 30, 2013 and 2012, which collectively comprise the College's basic financial statements for the purpose of expressing an opinion as to whether the basic financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows of the College in conformity with accounting principles generally accepted in the United States of America.

We confirm that we are responsible for the following:

- a. The fair presentation in the basic financial statements of financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America (GAAP).
- b. The fair presentation of the required supplementary information including, Management's Discussion and Analysis, and additional information accompanying the basic financial statements that are presented for the purpose of additional analysis of the basic financial statements.
- c. The design, implementation, and maintenance of programs and controls to prevent and detect fraud.
- d. Establishing and maintaining effective internal control over financial reporting.
- e. The review and approval of the basic financial statements and related notes and acknowledge your role in the preparation of this information. Specifically, we acknowledge that your role in the preparation of the basic financial statements was a matter of convenience rather than one of necessity. We have reviewed the basic financial statement preparation assistance provided by you and acknowledge that the financial statements are prepared in accordance with GAAP. Our review was based on the use of the financial statement disclosure checklist for stand-alone business-type activities obtained from the Government Finance Officers Association.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following representations made to you during your audit.

1. The basic financial statements referred to above are fairly presented in conformity with GAAP. In addition:
 - a. The basic financial statements properly classify all funds and activities.
 - b. Net position components (net investment in capital assets, restricted, and unrestricted) and fund balance reserves and designations are properly classified and, if applicable, approved.
 - c. Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.
 - d. Revenues are appropriately classified in the statement of activities within program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
 - e. Interfund, internal, and intra-entity activity and balances have been appropriately classified and reported
 - f. Deposits and investment securities are properly classified in category of custodial credit risk.
 - g. Capital assets are properly capitalized, reported and, if applicable, depreciated.
 - h. Required supplementary information is measured and presented within prescribed guidelines.
 - i. Costs to federal awards have been charged in accordance with applicable cost principles
2. The College has provided to you all relevant information and access as agreed in the terms of the audit engagement letter.
3. The College has provided you:
 - a. Financial records and related data for all financial transactions of the College and for all funds administered by the College. The records, books, and accounts, as provided to you, record the financial and fiscal operations of all funds administered by the College and provide the audit trail to be used in a review of accountability. Information presented in the financial reports is supported by the books and records from which the basic financial statements have been prepared.
 - b. Minutes of the meetings of Board of Trustees or summaries of actions of recent meetings for which minutes have not yet been prepared as well as Public Laws enacted by the Government of Guam's Legislature.
 - c. Contracts and grant agreements (including amendments, if any).
4. There have been no:
 - a. Action taken by the College's management that contravenes the provision of federal laws and local laws and regulations or of contracts and grants applicable to the College.
 - b. Communications from regulatory agencies concerning noncompliance with or deficiencies in financial reporting practices or other matters that could have a material effect on the basic financial statements.

5. We believe the effects of any uncorrected financial statement misstatements aggregated by you during the current audit engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the basic financial statements taken as a whole. A summary of such uncorrected misstatements has been attached as Appendix A.
6. The College has not performed a risk assessment, including the assessment of the risk that the financial statements may be materially misstated as a result of fraud. However, management has made available to you their understanding about the risks of fraud in the College and do not believe that the basic financial statements are materially misstated as a result of fraud.
7. We have no knowledge of any fraud or suspected fraud affecting the College involving:
 - a. Management.
 - b. Employees who have significant roles in the College's internal control over financial reporting.
 - c. Others, if the fraud could have a material effect on the financial statements.
8. We have no knowledge of any allegations of fraud or suspected fraud affecting the College received in communications from employees, former employees, regulators, or others.
9. Significant assumptions used by us in making accounting estimates are reasonable.
10. We adopted the provisions of GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, which addressed how to account for and report service concession arrangements (SCAs), a type of public-private or public-public partnership that state and local governments are increasingly entering into. The implementation of this statement did not have a material effect on the accompanying financial statements.
11. We adopted the provisions of GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, which improved financial reporting for governmental entities by amending the requirements of Statements No. 14, *The Financial Reporting Entity*, and No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, to better meet user needs and address reporting entity issues that have come to light since those Statements were issued in 1991 and 1999, respectively. The implementation of this statement did not have a material effect on the accompanying financial statements.
12. We adopted the provisions of GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which enhanced the usefulness of its Codification by incorporating guidance that previously could only be found in certain Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) pronouncements issued on or before November 30, 1989, which do not conflict or contradict GASB pronouncements. GASB Statement No. 62 superseded GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*. The implementation of this statement did not have a material effect on the accompanying financial statements.
13. We adopted the provisions of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which established

guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. These Statements amend the net asset reporting requirements in Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. With the implementation of GASB Statement No. 63 and Statement No. 65, the Statement of Net Assets was renamed the Statement of Net Position. In addition, the Statement of Net Position includes two new classifications separate from assets and liabilities. Amounts reported as deferred outflows of resources are reported in a separate section following assets. Likewise, amounts reported as deferred inflows of resources are reported in a separate section following liabilities. The implementation of this statement did not have a material effect on the accompanying financial statements.

14. In April 2012, GASB issued Statement No. 66, *Technical Corrections - 2012*, which enhances the usefulness of financial reports by resolving conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting. The provisions of this statement are effective for periods beginning after December 15, 2012. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.
15. In June 2012, GASB issued Statement No. 67, *Financial Reporting for Pension Plans*, which revises existing guidance for the financial reports of most pension plans, and Statement No. 68, *Accounting and Financial Reporting for Pensions*, which revises and establishes new financial reporting requirements for most governments that provide their employees with pension benefits. The provisions in Statement 67 are effective for financial statements for periods beginning after June 15, 2013. The provisions in Statement 68 are effective for fiscal years beginning after June 15, 2014. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.
16. In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*, which improves accounting and financial reporting for state and local governments' combinations and disposals of government operations. Government combinations include mergers, acquisitions, and transfers of operations. A disposal of government operations can occur through a transfer to another government or a sale. The provisions in Statement 69 are effective for fiscal years beginning after December 15, 2013. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.
17. In April 2013, GASB issued Statement No. 70, *Accounting and Financial Reporting for Non-exchange Financial Guarantees*, which requires a state or local government guarantor that offers a non-exchange financial guarantee to another organization or government to recognize a liability on its financial statements when it is more likely than not that the guarantor will be required to make a payment to the obligation holders under the agreement. The provisions in Statement 70 are effective for fiscal years beginning after June 15, 2013. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.
18. Regarding required supplementary information:
 - a. We confirm that we are responsible for the required supplementary information

- b. The required supplementary information is measured and presented in accordance with the requirements of the Governmental Accounting Standards Board.
- c. The methods of measurement and presentation of the supplementary information have not changed from those used in the prior period

19. Regarding supplementary information

- a. We are responsible for the fair presentation of the supplementary information in accordance with GAAP
- b. We believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP
- c. The methods of measurement and presentation of the supplementary information have not changed from those in the prior period

20. The Schedule of Expenditures of Federal Awards was prepared in accordance with the requirements of OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." We have identified in that schedule all awards provided by federal agencies in the form of grants, contracts, loans, loan guarantees, property, cooperative agreements, interest subsidies, insurance, or direct appropriations. We did not incur any Research & Development costs within the fiscal year. In addition, we have accurately completed the appropriate sections of the data collection form.

21. We are responsible for compliance with local, state and federal laws, rules and regulations, including compliance with the requirements of OMB Circular A-133, and provisions of grants and contracts relating to the College's operations. We are responsible for establishing and maintaining the components of internal control relating to our activities in order to achieve the objectives of providing reliable financial reports, effective and efficient operations, and compliance with laws and regulations. The College is responsible for maintaining accounting and administrative control over revenues, obligations, expenditures, assets, and liabilities.

22. We are responsible for establishing and maintaining, and have established and maintained, effective internal control over compliance for federal programs that provides reasonable assurance that we are managing federal awards in compliance with laws, regulations, and provisions of contracts or grant agreements that could have a material effect on its federal programs.

23. We have:

- a. Identified the requirements of laws, regulations, and the provisions of contracts and grant agreements that are considered to have a direct and material effect on each federal program.
- b. Complied, in all material respects, with the requirements identified above in connection with federal awards.
- c. Identified and disclosed interpretations of any compliance requirements that have varying interpretations.
- d. Made available all information related to federal financial reports and claims for advances and reimbursements. Federal financial reports and claims for advances and

reimbursements are supported by the books and records from which the financial statements have been prepared and are prepared on a basis consistent with that presented in the Schedule of Expenditures of Federal Awards. The copies of federal program financial reports provided are true copies of the reports submitted, or electronically transmitted, to the federal agency or pass-through entity, as applicable.

- e. Identified and disclosed all amounts questioned and any known noncompliance with the requirements of federal awards, including the results of other audits or program reviews related to the objectives of the audit.

24. Management has identified and disclosed to you all laws and regulations that have a direct and material effect on the determination of financial statement amounts.

25. No evidence of fraud or dishonesty in fiscal operations of programs administered by the College has been discovered.

Except where otherwise stated below, immaterial matters less than \$105,600 collectively are not considered to be exceptions that require disclosure for the purpose of the following representations. This amount is not necessarily indicative of amounts that would require adjustment to, or disclosure in, the basic financial statements.

26. Except as listed in Appendix A, there are no transactions that have not been properly recorded in the accounting records underlying the basic financial statements.

27. The College has no plans or intentions that may affect the carrying value or classification of assets and liabilities.

28. Regarding related parties:

- a. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.

- b. To the extent applicable, related parties and all the related-party relationships and transactions, including sales, purchases, loans, transfers, leasing arrangements, and guarantees (written or oral) have been appropriately identified, properly accounted for, and disclosed in the financial statements.

29. In preparing the financial statements in conformity with GAAP, management uses estimates. All estimates have been disclosed in the financial statements for which known information available prior to the issuance of the financial statements indicates that both of the following criteria are met:

- a. It is at least reasonably possible that the estimate of the effect on the financial statements of a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future confirming events.

- b. The effect of the change would be material to the financial statements.

30. Risks associated with concentrations, based on information known to management, that meet all of the following criteria have been disclosed in the basic financial statements:

- a. The concentration exists at the date of the financial statements.

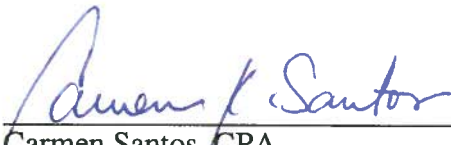

- b. The concentration makes the College vulnerable to the risk of a near-term severe impact.
 - c. It is at least reasonably possible that the events that could cause the severe impact will occur in the near term.
31. There are no:
- a. Violations or possible violations of laws or regulations whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
 - b. Known actual or possible litigation and claims whose effects should be considered and accounted for and disclosed in the financial statements and that have not been disclosed to you.
32. The College has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral except for the lien established by U.S. Department of Agriculture as disclosed in note 9 to the financial statements.
33. The College has complied with all aspects of contractual agreements that may have an effect on the financial statements in the event of noncompliance.
34. No department of Guam Community College has reported a material instance of noncompliance to us.
35. There are no known related party transactions, which should be recorded or disclosed in the financial statements.
36. The College is exposed to various risks of loss; theft of, damage to, and destruction of assets; operation liability; errors and omissions; employee injuries and illnesses; natural disasters and employee health, dental and accident benefits. Commercial coverage is provided for claims arising from most of these matters.
37. The College is responsible for determining and maintaining the adequacy of the allowance for doubtful accounts, interfund receivables, and accounts receivable, as well as estimates used to determine such amounts. Management believes the allowances are adequate to absorb currently estimated bad debts in the account balances.
38. Quantitative and qualitative information regarding the allowance for doubtful accounts has been properly disclosed in the financial statements.
39. Provision has been made to reduce excess or obsolete inventories to their estimated net realizable value. All inventories are the property of the College and do not include any items consigned to it, any items billed to customers, or any items for which the liability has not been recorded.
40. The College does not require collateralization of its cash deposits; therefore, deposit levels in excess of FDIC insurance coverage are uncollateralized. Accordingly, these deposits are exposed to custodial credit risk. The College has not experienced any losses on such accounts and management believes it is not exposed to credit risk on its deposits.
41. The College, using its best estimates based on reasonable and supportable assumptions and projections, reviews for impairment of long-lived assets in accordance with GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*. The financial statements referred to above reflect all adjustments required by GASB Statement 42.

ATTACHMENT II, CONTINUED

42. The Government of Guam and its component units, including the College began withholding and remitting funds to the U.S. Social Security system for the health insurance component of its salaries and wages effective October 1998. Prior to that date, the Government of Guam did not withhold or remit Medicare payments to the U.S. Social Security system. If the Government is found to be liable for Medicare payments on salaries and wages prior to October 1998, an indeterminate liability could result. It has been the practice of the College and all other component units of the Government of Guam that payment of this health insurance component is optional prior to October 1998. Therefore, no liability for any amount, which may ultimately arise from this matter, has been recorded in the financial statements.
43. The College is involved in various legal proceedings. Management believes that any losses arising from these actions will not materially affect the College's financial position.
44. No events have occurred after September 30, 2013, but before March 6, 2014, the date the financial statements were available to be issued that require consideration as adjustments to, or disclosures in, the financial statements.
