February 29, 2016

Mr. Darryl Taggerty
General Manager
Guam Educational Telecommunications Corporation
P.O. Box 21449
Hagatna, GU 96921

Dear Mr. Taggerty:

In planning and performing our audit of the financial statements of the Guam Educational Telecommunications Corporation (PBS Guam) as of and for the year ended September 30, 2015 (on which we have issued our report dated February 29, 2016), in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, we considered PBS Guam's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PBS Guam's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of PBS Guam's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting. However, in connection with our audit, we identified, and included in the attached Appendix I, deficiencies related to PBS Guam's internal control over financial reporting as of September 30, 2015, that we wish to bring to your attention.

We have also issued a separate report to the Board of Directors, also dated February 29, 2016, on our consideration of PBS Guam's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

The definition of a deficiency is also set forth in the attached Appendix I.

A description of the responsibility of management for establishing and maintaining internal control over financial reporting and of the objectives of and inherent limitations of internal control over financial reporting, is set forth in the attached Appendix II and should be read in conjunction with this report.

This report is intended solely for the information and use of the Office of the Public Accountability - Guam, management, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

We will be pleased to discuss the attached comments with you and, if desired, to assist you in implementing any of the suggestions.

We wish to thank the staff and management of PBS Guam for their cooperation and assistance during the course of this engagement.

Very truly yours,

SECTION I – CONTROL DEFICIENCIES

We identified, and have included below, deficiencies involving PBS Guam’s internal control over financial reporting as of September 30, 2015 that we wish to bring to your attention:

(1) Fixed Assets Monitoring

Of thirty-three fully-depreciated assets tested, the following were not in use or were non-existent.

<u>Date Acquired</u>	<u>Description</u>	<u>Original Cost</u>
9/30/1996	Grass Valley Group V-Switcher	\$ 6,500
9/30/1996	Sony - Betacam Player	21,300
9/30/1996	Sony Camera Control Unit	1,750
9/30/1996	Videotek	485
3/16/2001	Beta Cam Recorder	11,000
12/05/2001	Digital Video Camera	10,000
1/25/2002	Iomega 250MB Ext. Zip	180
6/05/2002	Betacam Recorder	10,400
6/05/2002	Editing Control System	18,500
6/05/2002	Upgrade from PVW-2600	14,900
	Non-Linear Editing System (Mac) Final Cut	
4/05/2004	Pro with Capture System	16,172
9/30/2004	Broad Cast Equipment	26,570
11/15/2004	4 Drawer Fire Resistant File Cabinet	1,695
9/30/2006	Capitalize DDF Expenditures	28,045
5/29/2007	Sony DXC D50H	31,200
5/29/2007	Leader Component Waveform Monitor	14,400
	Comprehensive-C Cable	
6/01/2007	#COC26M26F82Q/A26PA26J82	2,200
10/26/2007	Camera DSR 400	9,025

We recommend that PBS Guam conduct an annual fixed asset inventory.

SECTION II – DEFINITION

The definition of a deficiency is as follows:

A *deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when (a) a properly designed control does not operate as designed, or (b) the person performing the control does not possess the necessary authority or competence to perform the control effectively.

MANAGEMENT'S RESPONSIBILITY FOR, AND THE OBJECTIVES AND LIMITATIONS OF, INTERNAL CONTROL OVER FINANCIAL REPORTING

The following comments concerning management's responsibility for internal control over financial reporting and the objectives and inherent limitations of internal control over financial reporting are adapted from auditing standards generally accepted in the United States of America.

Management's Responsibility

PBS Guam's management is responsible for the overall accuracy of the financial statements and their conformity with generally accepted accounting principles. In this regard, management is also responsible for establishing and maintaining effective internal control over financial reporting.

Objectives of Internal Control over Financial Reporting

Internal control over financial reporting is a process affected by those charged with governance, management, and other personnel and designed to provide reasonable assurance about the achievement of the entity's objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations. Internal control over the safeguarding of assets against unauthorized acquisition, use, or disposition may include controls related to financial reporting and operations objectives. Generally, controls that are relevant to an audit of financial statements are those that pertain to the entity's objective of reliable financial reporting (i.e., the preparation of reliable financial statements that are fairly presented in conformity with generally accepted accounting principles).

Inherent Limitations of Internal Control over Financial Reporting

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
