The Board of Directors Guam Waterworks Authority Ste 200, Gloria B. Nelson Public Service Building Tamuning, Guam, 96931

We have performed an audit of the financial statements of Guam Waterworks Authority (the Authority), a component unit of the Government of Guam, as of and for the year ended September 30, 2023, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and have issued our report thereon dated June 12, 2024.

This report summarizes our communications with those charged with governance as required by our professional standards to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process.

# **REQUIRED COMMUNICATIONS**

Professional standards require the auditor to provide the Board of Directors (the Board) with additional information regarding the scope and results of the audit that may assist the Board in overseeing the financial reporting and disclosure processes which the management of the Authority is responsible. We summarize these required communications as follows:

# Overview of the planned scope and timing of the audit

Our audit scope and timing is consistent with the plan communicated in our engagement letter dated August 30, 2022 and at our audit planning meeting with management.`

# Auditors' Responsibilities under Auditing Standards Generally Accepted in the United States (US GAAS) and Generally Accepted Government Auditing Standards (GAGAS)

The financial statements, required supplementary information and supplementary information are the responsibility of the Authority's management as prepared with the oversight of those charged with governance. Our audit was designed in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, to obtain reasonable, rather than absolute, assurance that the financial statements are free of material misstatement.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

Our responsibilities are included in our audit engagement letter.

# Changes to the audit strategy, timing of the audit and significant risks identified

Our audit strategy is consistent with the plan communicated during the October 2023 meeting.

# Matters relevant to our evaluation of the entity's ability to continue as a going concern

We did not identify any events or conditions that led us to believe there was substantial doubt about the Authority's ability to continue as a going concern.

# Our views about the qualitative aspects of the entity's significant accounting practices, including:

- Accounting policies
- Accounting estimates

Management has not selected or changed any significant policies or changed the application of those policies in the current year.

We have provided a discussion of significant accounting policies and our views regarding significant accounting estimates and financial statement disclosures and related matters in Note 1 of the basic financial statements.

We determined that those charged with governance are informed about management's process for formulating particularly sensitive estimates and about the basis to our conclusions regarding the reasonableness of those estimates.

# **Related party relationships and transactions**

We noted no significant matters regarding the Authority's relationships and transactions with related parties.

# Changes to the terms of the audit with no reasonable justification for the change

None.

# Significant unusual transactions

We are not aware of any significant unusual transactions executed by the Authority.

# Difficult or contentious matters subject to consultation outside of the audit team

There were no difficult or contentious matters that required consultation outside of the audit team.

# Material corrected misstatements related to accounts and disclosures

Refer to "Management Representations Letter" in Appendix A.

# Uncorrected misstatements related to accounts and disclosures, considered by management to be immaterial

Refer to "Management Representations Letter" in Appendix A.

# Significant deficiencies and material weaknesses in internal control over financial reporting

# Fraud and noncompliance with laws and regulations (illegal acts)

# **Obtain information relevant to the audit**

Inquiries regarding matters relevant to the audit were performed during the October 2023 meeting and in the update status meetings during the audit.

# **Independence** matters

We are not aware of any matters that in our professional judgment would impair our independence.

## New accounting pronouncements

Management is still assessing the impact of adopting the following GASB Statements:

• GASB Statement No. 102

# Significant issues discussed with management in connection with the auditor's initial appointment or recurring retention

We are not aware of any matters that require communication.

# Disagreements with management and significant difficulties encountered in dealing with management when performing the audit

There were no difficulties encountered in dealing with management in performing the audit.

# Management's consultations with other accountants

We are not aware of any consultations made by management with other accountants or specialists.

# Other material written communications with management

None.

# **Other matters**

There are no other matters arising from the audit that are significant and relevant to those charged with governance regarding the oversight of the financial reporting process.

# AICPA ethics ruling regarding third-party service providers

There are no significant matters arising from the audit that required us to subcontract portions of the Audit Services to other EY firms and that required participation of personnel from an affiliate of EY or another EY firm or any of their respective affiliates, of from independent third-party service providers.

# **Representations from management**

We have obtained from management a representations letter related to the audit and a copy of the management representations letter is included in Appendix A.

# **Engagement team's involvement with preparation of the financial statements**

Under GAS 2018 Revision, Chapter 3 Ethics, Independence and Professional Judgment, Paragraph 3.73-74 Provision of Nonaudited Services to Audited Entities explains that the audit team should make consideration of management's ability to effectively oversee the non-audit services to be provided. The engagement team should determine that the audited entity has designated an individual who possesses suitable skill, knowledge or experience and that the individual understands the services to be performed sufficiently to oversee them. The engagement team should document consideration of management's ability to oversee non-audit services to be performed.

The engagement team believes that this significant threat is reduced to an acceptable level upon application of the following safeguards:

- An engagement quality control review was performed by a qualified Ernst & Young Partner who was not otherwise involved in the audit.
- The preparation of the financial statements is based on the Authority's trial balance with our understanding that the Authority's underlying books and records are maintained by the Authority's accounting department and that the final trial balance prepared by the Authority is complete.
- All adjusting journal entries that Ernst & Young posted to the trial balance have been approved by management of the Authority.
- The Authority's Accounting Manager has the skill sets to oversee and review the completeness and accuracy of the financial statements and footnote disclosures.

In connection with your audit of the basic financial statements of Guam Waterworks Authority (the Authority), a component unit of the Government of Guam, as of September 30, 2023 and 2022 and for the years then ended, and the related notes to the financial statements, we recognize that obtaining representations from us concerning the information contained in this letter is a significant procedure in enabling you to form an opinion whether the financial statements present fairly, in all material respects, the respective financial position of the business-type activities of the Authority and the respective changes in financial position and cash flows of the Authority in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.
