

The Guam Board of Registration For Professional Engineers, Architects & Land Surveyors

Mission Statement:

Hafa Adai! The Guam Board of Registration for Professional Engineers, Architects and Land Surveyors (PEALS Board) mission is to safeguard the life, safety and welfare of the general public by ensuring that the professionals adhere to established law and promote their professionals within the guidelines of sound ethical practice.

STRATEGIC GOALS:

The PEALS Board has established the following goals which provide the framework for the results it wants to achieve in furtherance of its mission:

- **Professional Qualifications:** Ensure the professional qualifications of those entering the practice by meeting minimum requirements for education, experience and examination, and ethics;
- **Practice Standards:** Establish regulatory standards of practice to those licensed and registered as professional engineers, architects, land surveyors and landscape architects;
- **Public Awareness:** Increase public awareness of Professional Engineers, Architects and Land Surveyors, and Landscape Architects, board's mission, activities and services;
- **Organizational Relationships:** To improve effectiveness of relationships with local and federal agencies and other organizations in order to further PEALS Board mission and goals;
- **Customer Service:** Improve the quality of customer service in all programs.

FY 2015	\$291,050	\$325,434	\$270,048

FUTURE CHALLENGES AND ECONOMIC OUTLOOK:

1. *Enforcement of Provisions of the PEALS Law: Enforcement of the provisions of the registration law*
2. *Maintain working relationship with NCARB, and NCEES and other local professional organizations, and government agencies*
3. *Maximize involvement with NCARB, and NCEES and obtain appointments to committees and elected office positions.*
4. *Maintain membership with NCARB and NCEES*

PEALS Board members and staff are required to participate at national meetings in order to influence national and international decisions that affect Guam. To gain the opportunity to serve on national committees that develops the examination and identify exam and practice issues for consideration at the annual meeting.
